Don't Quit in the Dip Abrams

Kate and Michael are roommates living in the Oakland hills, working at the same Trader Joes supermarket. A night of drunken revelry changes their lives forever, but not in the way that anyone would expect. A slow-spreading plague of zombie-ism breaks out at their house party, spreading amongst their circle of friends, and simultaneously through the Bay Area. This zombie plague — an STD of sorts — is spread through sex and kissing, turning its victims into mindless, horny, voracious killers. Thrust into extremes by this slow-motion tragedy, Kate and Michael are forced to confront the choices they've made in their lives, and

their fears of commitment, while trying to stay alive and reunite in the one place in the Bay Area that's likely to be safe and secure from the zombie hoards: Alcatraz.

"A powerfully doomy debut" (The Guardian), Shaun Prescott's *The Town* is a novel of a rural Australian community besieged by modern day anxieties and threatened by a supernatural force seeking to consume the dying town. This is Australia, an unnamed, dead-end town in the heart of the outback—a desolate

place of gas stations, fast-food franchises, and labyrinthine streets: flat and nearly abandoned. When a young writer arrives to research just such depressing middles-of-nowhere as they are choked into oblivion, he finds something more sinister than economic depression: the ghost towns of Australia appear to be literally disappearing. An epidemic of mysterious holes is threatening his new home's very existence, and this discovery plunges the researcher into an abyss of weirdness from which he may never escape. Dark, slippery and unsettling, Shaun Prescott's debut resurrects the existential novel for the age of sprawl and blight, excavates a nation's buried history of colonial genocide, and tells a love story that asks if outsiders can ever truly belong anywhere. The result is a disquieting classic that vibrates with an occult power.

The Town Simon and Schuster

The unique life story of one of the most talented and inventive comedians, star of Shaun of the Dead, Hot Fuzz, Paul, Spaced, and Star Trek. Zombies in North London, death cults in the West Country, the engineering deck of the Enterprise -- actor, comedian, writer, and supergeek Simon Pegg has been ploughing some bizarre furrows. Having landed on the U.S. movie scene in the surprise cult hit Shaun of the Dead, his enduring appeal and rise to movie stardom has been mercurial, meteoric, megatronic, but mostly just plain great. From his childhood (and subsequently adult) obsession with science fiction, his enduring friendship with Nick Frost, and his forays into stand-up comedy, which began with his regular Monday-morning slot in front of his twelve-year-old classmates, Simon has always had a severe and dangerous case of the funnies. Whether recounting his experience working

as a lifeguard at the city pool, going to Comic-Con for the first time and confessing to Carrie Fisher that he used to kiss her picture every night before he went to sleep, or meeting and working with heroes that include Peter Jackson, Kevin Smith, and Quentin Tarantino, Pegg offers a hilarious look at the journey to becoming an international superstar.

Thinking Dead Simon and Schuster

The work of writing closed captions for television and DVD is not simply transcribing dialogue, as one might assume at first, but consists largely of making rhetorical choices. For Sean Zdenek, when captioners describe a sound they are interpreting and creating contexts, they are assigning significance, they are creating meaning that doesn't necessarily exist in the soundtrack or the script. And in nine chapters he analyzes the numerous complex rhetorical choices captioners make, from abbreviating dialogue so it will fit on the screen and keep pace with the editing, to whether and how to describe background sounds, accents, or slurred speech, to nonlinguistic forms of sound communication such as sighing, screaming, or laughing, to describing music, captioned silences (as when a continuous noise suddenly stops), and sarcasm, surprise, and other forms of meaning associated with vocal tone. Throughout, he also looks at closed captioning style manuals and draws on interviews with

professional captioners and hearing-impaired viewers. Threading through all this is the novel argument that closed captions can be viewed as texts worthy of rhetorical analysis and that this analysis can lead the entertainment industry to better standards and practices for closed captioning, thereby better serve the needs of hearing-impaired viewers. The author also looks ahead to the work yet to be done in bringing better captioning practices to videos on the Internet, where captioning can take on additional functions such as enhancing searchability. While scholarly work has been done on captioning from a legal perspective, from a historical perspective, and from a technical perspective, no one has ever done what Zdenek does here, and the original analytical models he offers are richly interdisciplinary, drawing on work from the fields of technical communication, rhetoric, media studies, and disability studies."

Undead Shaun O. Smith

"A horror landmark and a work of gory genius."—Joe Hill, New York Times bestselling author of *The Fireman* New York Times bestselling author Daniel Kraus completes George A. Romero's brand-new masterpiece of zombie horror, the massive novel left unfinished at Romero's death! George A. Romero invented the modern zombie with *Night of the Living Dead*, creating a monster that has become a key part of pop culture. Romero often felt hemmed in by the constraints of film-making. To tell the story of the rise of the zombies and the fall of humanity the way it should be told, Romero turned to fiction. Unfortunately, when he died, the story was incomplete. Enter Daniel Kraus, co-author, with Guillermo del Toro, of the New York Times bestseller *The Shape of Water* (based on the Academy Award-winning movie) and *Trollhunters* (which became an Emmy Award-winning series), and author of *The Death and Life of Zebulon Finch* (an Entertainment Weekly Top 10 Book of the Year). A lifelong Romero fan, Kraus was honored to be asked, by Romero's widow, to complete *The Living Dead*. Set in the present day, *The Living Dead* is an entirely new tale, the story of the zombie plague as George A. Romero wanted to tell it. It begins with one body. A pair of medical examiners find themselves battling a dead man who won't stay dead. It spreads quickly. In a Midwestern trailer park, a Black teenage girl and a Muslim immigrant battle newly-risen friends and family. On a US aircraft carrier, living sailors hide

from dead ones while a fanatic makes a new religion out of death. At a cable news station, a surviving anchor keeps broadcasting while his undead colleagues try to devour him. In DC, an autistic federal employee charts the outbreak, preserving data for a future that may never come. Everywhere, people are targeted by both the living and the dead. We think we know how this story ends. We. Are. Wrong. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Darren Shan, New York Times bestselling author of the Cirque du Freak and Demonata series, makes his adult fiction debut with this first book in a dark and twisted new series, The City.

PROCESSION OF THE DEAD What had I done before coming to the City? I couldn't remember. It sounded crazy but my past was a blank. I could recall every step since alighting from the train, but not a single one before. Young, quick-witted, and cocksure, Capac Raimi arrives in the City determined to make his mark in a world of sweet, sinister sin. He finds the City is a place of exotic dangers: a legendary assassin with snakes tattooed on his face who moves like smoke, blind Incan priests whom no one seems to see, a kingpin who plays with puppets, and friends who mysteriously disappear as though they never existed. Then Capac crosses paths with The Cardinal, and his life changes forever. The Cardinal is the City, and the City is The Cardinal. They are joined at the soul. Nothing moves on the streets, or below them, without The Cardinal's knowledge. His rule is absolute. When Capac discovers how deeply The Cardinal has influenced his life, he is faced with hard choices that conflict with his soaring ambition. To find his way, Capac must know himself and what he is capable of. But how can you trust yourself when you can't remember your past?

Act One Tor Books

A funny memoir of a year in the life of a Scottish used bookseller as he stays afloat while managing staff, customers, and life in the village of Wigtown. Inside a Georgian townhouse on the Wigtown highroad, jammed with more than 100,000 books and a portly cat named Captain, Shaun Bythell manages the daily ups and downs of running Scotland's largest used bookshop with a sharp eye and even sharper wit. His account of one year behind the counter is something no book lover should miss. Shaun drives to distant houses to buy private libraries, meditates on the nature of independent bookstores ("There really does seem to be a serendipity about bookshops, not just with finding books you

never knew existed, or that you've been searching for, but with people too."), and, of course, finds books for himself because he's a reader, too. The next best thing to visiting your favorite bookstore (shop cat not included), *Confessions of a Bookseller* is a warm and welcome memoir of a life in books. It's for any reader looking for the kind of friend you meet in a bookstore. Praise for Shaun Bythell and *Confessions of a Bookseller* "Something of Bythell's curmudgeonly charm may be glimpsed in the slogan he scribbles on his shop's blackboard: "Avoid social interaction: always carry a book." —The Washington Post "Bythell's wicked pen and keen eye for the absurd recall what comic Ricky Gervais might say if he ran a bookshop." —The Wall Street Journal "Irascibly droll and sometimes elegiac, this is an engaging account of bookstore life from the vanishing front lines of the brick-and-mortar retail industry. Bighearted, sobering, and humane." —Kirkus Reviews "Amusing and often cantankerous stories [that] bibliophiles will delight in, and occasionally wince at." —Publishers Weekly

The Language of the Dead: A World War II Mystery Penguin

Why has the zombie become such a pervasive figure in twenty-first-century popular culture? John Vervaeke, Christopher Mastropietro and Filip Miscevic seek to answer this question by arguing that particular aspects of the zombie, common to a variety of media forms, reflect a crisis in modern Western culture. The authors examine the essential features of the zombie, including mindlessness, ugliness and homelessness, and argue that these reflect the outlook of the contemporary West and its attendant zeitgeists of anxiety, alienation, disconnection and disenfranchisement. They trace the relationship between zombies

and the theme of secular apocalypse, demonstrating that the zombie draws its power from being a perversion of the Christian mythos of death and resurrection. Symbolic of a lost Christian worldview, the zombie represents a world that can no longer explain itself, nor provide us with instructions for how to live within it. The concept of 'domicide' or the destruction of home is developed to describe the modern crisis of meaning that the zombie both represents and reflects. This is illustrated using case studies including the relocation of the Anishinaabe of the Grassy Narrows First Nation, and the upheaval of population displacement in the Hellenistic period. Finally, the authors invoke and reformulate symbols of the four horseman of the apocalypse as rhetorical analogues to frame those aspects of contemporary collapse that elucidate the horror of the zombie. *Zombies in Western Culture: A Twenty-First Century Crisis* is required reading for anyone interested in the phenomenon of zombies in contemporary culture. It will also be of interest to an interdisciplinary audience including students and scholars of culture studies, semiotics, philosophy, religious studies, eschatology, anthropology, Jungian studies, and sociology.
