 The Politics Of Virtue Future Perhaps what is most shocking and most thrilling about this book is that the authors fully expect their proposals to be taken seriously! The Politics of Virtue: Post-Liberalism and the Human ... The Politics of Virtue is going to be a vital contribution to that issue [what kind of thing humanity might and should be], as well as a crucial intervention in current political debate. It will infuriate as many as it will delight; but it is a monumental and un-ignorable diagnosis of a critical moment in our culture.--Rowan Williams, New Statesman
