Marketing Research provides comprehensive information on both the quantitative methods used in marketing research and the many considerations a manager faces when interpreting and using market research findings. Marketing research hot topics are featured, including competitive intelligence, published secondary data and the Internet, and marketing research suppliers and users. Each chapter helps you explore ethical dilemmas related to the topics discussed, the uses and needs for marketing research across business functions, and how to use the Internet to gather marketing research data in an efficient, cost-effective manner. By focusing on the managerial aspects of marketing research, this book provides you with both the tools to conduct marketing research, as well as those to interpret the results and use them effectively as a manager.

With a strong empirical and market segmentation approach, this book focuses on how the Internet has changed the way people obtain information about potential purchases, giving readers the most up-to-date material on how technology is changing their lives as consumers. The Thirty-two mini-cases help readers learn by applying the theory, drawing on current business news to demonstrate specific consumer behavior concepts. This edition now includes thirty-two Active Learning mini-cases. A clear consumer decision making model is set out in each chapter to facilitate learning presented in the first chapter, this model serves as a structural framework for the concepts the building blocks examined in the following chapters. The book's final chapter ties all of these concepts together so readers see the interrelationships and relevance of individual concepts to consumer decision-making. For those studying consumer behavior and/or marketing.

Consumer Behaviour focuses not only on what consumers buy, but also why they buy, when they buy, where they buy and how they evaluate their purchase, and how they ultimately dispose of it. The second edition has been thoroughly adapted and revised to reflect European conditions, and to focus attention on critical concepts in consumer behaviour. In doing so the authors illuminate the ways in which marketers apply the principles of consumer behaviour to the development and implementation of marketing strategies. The new 'Innovation In Action feature' will give practical examples to help you student link Consumer Behaviour with how it is practised in the workplace.
