A Strategic Emphasis Cengage Learning Hansen/Mowen's CORNERSTONES OF COST ACCOUNTING demonstrates the dynamic, exciting nature of cost accounting in today's changing business environment. The text first covers functional-based cost and control and then activity-based cost systems, giving students the understanding and skills to manage any cost management system. Cornerstones examples throughout each chapter provide students with step-by-step coverage of the How, Why, and What Ifs of solving and mastering basic cost management concepts, while also getting at the conceptual understanding that students often struggle to grasp. This

edition's expansive coverage and consistent attention to technical detail provide a thorough, well-researched foundation for learning. It addresses the most recent influential topics and emerging processes affecting the discipline, including a chapter on productivity measurement and lean accounting and a focus on technology tools that positively impact internal costing practices. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Cost Management South-Western Pub For undergraduate and MBA Cost or Management Accounting courses The text that defined the cost accounting market. Horngren's Cost Accounting, defined the cost accounting market and continues to innovate today by consistently integrating the most current practice and theory into

the text. This acclaimed, market-leading text emphasizes the basic theme of "different costs for different purposes," and reaches beyond cost accounting procedures to consider concepts, analyses, and management. This edition incorporates the latest research and most up-to-date thinking into all relevant chapters and more MyAccountingLab® coverage! MyAccountingLab is web-based tutorial and assessment software for accounting that not only gives students more "I Get It" moments, but gives instructors the flexibility to make technology an integral part of their course, or a supplementary resource for students. Please note that the product you are purchasing does not include MyAccountingLab. MyAccountingLab Join over 11 million students benefiting from Pearson MyLabs. This title can be supported by MyAccountingLab, an online

homework and tutorial system designed to test and build your understanding. Would you like to use the power of MyAccountingLab to accelerate your learning? You need both an access card and a course ID to access MyAccountingLab. These are the steps you need to take: 1. Make sure that your lecturer is already using the system Ask your lecturer before purchasing a MyLab product as you will need a course ID from them before you can gain access to the system. 2. Check whether an access card has been included with the book at a reduced cost If it has, it will be on the inside back cover of the book. 3. If you have a course ID but no access code, you can benefit from MyAccountingLab at a reduced price by purchasing a pack containing a copy of the book and an access code for MyAccountingLab (ISBN : 9781292079080) 4. If your lecturer is using the MyLab and you would like to purchase the product... Go to www.myaccountinglab.com to buy access to this interactive study programme. Introduction to Business Pearson Education India

Get where you need to be with **CORNERSTONES OF FINANCIAL ACCOUNTING**. Cornerstones delivers a truly unique learning system that is integrated through the entire introductory managerial accounting journey — ensuring students will leave the course with the knowledge they need to be future business leaders. Students are guided through: **Building A Strong Foundation:** Students need to build a strong foundation of the fundamentals before they can move forward in this course. The unique Cornerstones approach gets them through the fundamentals **FASTER** so that they can transition to analyzing and applying concepts. **Understanding Relationships:** Rather than focusing on concepts in isolation, students should understand accounting as a system and recognize how the end result changes based on how the numbers affect each other. **CORNERSTONES** aids students in this step as an important part in training them to be good decision makers. **Making Decisions:** Armed with the knowledge they have gained from working through the other aspects of the Cornerstones approach, students are now given the tools to bring their knowledge full-circle and practice making good business decisions. Students love this approach because it presents materials the way they learn. Instructors

love it because it gets students to master the foundations more quickly and allows more time to learn and apply the analysis and decision making of accounting. Get There with Cornerstones! Available with InfoTrac Student Collections <http://gocengage.com/infotrac>. An accessible guide to the essential issues of corporate finance While you can find numerous books focused on the topic of corporate finance, few offer the type of information managers need to help them make important decisions day in and day out. Value explores the core of corporate finance without getting bogged down in numbers and is intended to give managers an accessible guide to both the foundations and applications of corporate finance. Filled with in-depth insights from experts at McKinsey & Company, this reliable resource takes a much more qualitative approach to what the authors consider a lost art. Discusses the four foundational principles of corporate finance Effectively applies the theory of value creation to our economy Examines ways to maintain and grow value through mergers, acquisitions, and portfolio management Addresses how to ensure your company has the right governance, performance measurement, and internal discussions to encourage value-creating decisions A perfect companion to the Fifth Edition of *Valuation*, this book will put the various issues associated with corporate finance in perspective.

The unique Cornerstones pedagogy, carefully crafted from the ground up, is at the heart of this text, providing consistent step-by-step examples to help students solve fundamental calculations. There is a ?Cornerstone? for every major calculation in the book, serving as a ?How To? guide. When students are able to master the foundations of management accounting, they are better able to understand the interrelated nature of accounting concepts and their impact on business. Students are often more comfortable learning the detailed concepts on their own and the Cornerstones provide the opportunity for them to work through every concept at their own pace. Get your students where they need to be with Cornerstones.

Value Wiley Global Education

Braun, *Managerial Accounting* builds a solid foundation in managerial accounting concepts, within a less intimidating and more student-friendly context by making information easier to find, making topics easier to understand, and providing numerous engaging examples for students. **KEY TOPICS:** Introduction to Managerial Accounting; Building Blocks of Managerial Accounting; Cost Behaviour (formerly chapter 6); Cost-Volume-Profit Analysis (formerly chapter 7); Job Costing (formerly chapter 3); Process Costing (formerly chapter 5); Activity Based Costing (formerly chapter 4); Short-Term

Business Decisions; The Master Budget and Responsibility Accounting; Flexible Budgets and Standard Costs; Performance Evaluation and the Balanced Scorecard; Capital Investment Decisions and the Time Value of Money MARKET: Appropriate for the Introduction to Management Accounting course.

COST ACCOUNTING emphasizes that changing conditions often require a change in cost management systems. Emphasizing this point stresses the dynamic and exciting nature of the field. By taking a systems approach -- one that first covers functional-based cost and control and then activity-based cost systems -- students understand how to understand and manage any cost management system.

Accounting and Control Cornerstones of Cost Management

Designed to augment managerial and cost accounting study, Cases in Cost Management develops the ability to apply cost analysis to decision-making

situations. Thoroughly tested and proven highly effective, the cases provide challenging and fun problems that help build skills with managerial and cost accounting techniques. Based on real-life scenarios, the cases give the opportunity to analyze the situation, decide which accounting concept is most appropriate, and apply the concept as the manager of a firm.

The most practical, real-world presentation of cost accounting on the market, this book blends a traditional and proven method of teaching cost accounting with the integration of innovative topics. Cost topics are covered in the context of organizational strategy and operational tactics, as cost management decisions are sensitive to strategies driven by quality, cost, and innovation. Kinney, Prather-Kinney, and Raiborn reinforce the material with real-world examples and visual illustrations that bring cost management techniques into the student's sphere of understanding. A flexible organization appropriate for either a one- or two-semester course--coupled with clear and abundant visual presentations--allows students to clearly understand difficult

topics. The text's revised organizational structure streamlines chapter materials as well as reduces redundancy between cost accounting and other business courses.

Fundamentals of Cost Accounting

Pearson Higher Ed

Gain an understanding of the principles behind cost accounting and its importance in organizational decision making and business today with the unique, reader-friendly approach in

Hansen/Mowen/Heitger's COST

MANAGEMENT, 5E. This edition addresses functional-based cost and control and, then, activity-based cost systems - giving you the skills to navigate any cost management system. Updates address

emerging developments, including the role of data analytics in cost management today. An entire new chapter also examines global issues, such as virtual currency and blockchain. This edition's approach is tailored to the way you learn. Structured examples from familiar companies emphasize the real-world applications and relevance of what you are learning. Clear explanations review the concepts behind each equation or topic, detailing the "hows," "whys" and "what-ifs." Integrated CengageNOWv2 resources provide additional computerized exercises and problems for practice and review. [Cost Management](#) Cengage Learning

Cornerstones of Financial Accounting, Second Canadian Edition, presents an exciting new approach to teaching and learning accounting. Carefully crafted in response to studies on student reading behaviour, the innovative Cornerstones approach has been shown to increase students' engagement and preparedness while improving their grades. In the Cornerstones approach, each major concept is illustrated in a Cornerstone that supports accounting concepts with a compelling example. Step-by-step calculations demonstrate how to solve a business problem, and a brief video segment reinforces and summarizes key concepts and procedures.
