PAMELA DEANNA

[America's History](#) W.W. Norton & Company

When her owner dies at the start of the Revolution, a greedy nephew keeps Isabel and her younger sister enslaved and sells them to Loyalists in New York, where Isabel is offered the chance to spy for the Patriots.

[Invasion of the Body Snatchers](#) Three Rivers Press (CA)

Criticizes the way history is presented in current textbooks, and suggests a more accurate approach to teaching American history.

A Novel America's HistoryFor the AP CourseModel Rules of Professional Conduct

The best-selling storytelling approach with tools that develop history skills

Give Me Liberty! An American History Crown Forum

Celebrate one of the earliest science fiction novels by rediscovering Jack Finney's internationally acclaimed *Invasion of the Body Snatchers*—which Stephen King calls a story “to be read and savored for its own satisfactions,” now repackaged with a foreword by #1 New York Times bestselling author, Dean Koontz. On a quiet fall evening in the peaceful town of Mill Valley, California, Dr. Miles Bennell discovers an insidious, horrifying plot. Subtly, almost imperceptibly, alien life-forms are taking over the bodies and minds of his neighbors, friends, family, the woman he loves, and the

entire world as he knows it. First published in 1955, this classic science fiction thriller about the ultimate alien invasion and the triumph of the human spirit over an invisible enemy has inspired multiple film adaptations and entertained readers for decades. This repackaged edition features a new cover by Hugo award-winning illustrator, John Picacio and a foreword by New York Times bestselling author, Dean Koontz.

Brief Eleventh Edition 1 Volume John Wiley & Sons

Originally published in the midst of the cold war, *Is This Tomorrow* is a classic example of red scare propaganda. The story envisions a scenario in which the Soviet Union orders American communists to overthrow the US Government. Charles Schulz contributed to the artwork throughout the issue. Reprinted here for the first time in 70 years.

33 Questions About American History You're Not Supposed to Ask Simon and Schuster

Brinkley's American History, a comprehensive U.S. History program, transforms the learning experience through proven, adaptive technology helping students better grasp the issues of the past while providing instructors greater insight on student performance. Known for its clear, single voice and balanced scholarship, Brinkley asks students to think historically about the many forces shaping and re-shaping our dynamic history. Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need it, and how they need it, so that your class time is more engaging and effective.

[The American Pageant](#) Simon and Schuster

An introduction to the art of rhetoric explains how persuasion can profoundly influence personal and professional successes and reveals an array of

techniques employed by such personalities as Aristotle and Winston Churchill.

A Novel about the Navajo Marines of World War Two Simon and Schuster

This book takes an extensive look at the many different types of users and cultures that comprise the popular social media platform Tumblr. Though it does not receive nearly as much attention as other social media such as Twitter or Facebook, Tumblr and its users have been hugely influential in creating and shifting popular culture, especially progressive youth culture, with the New York Times referring to 2014 as the dawning of the “age of Tumblr activism.” Perfect for those unfamiliar with the platform as well as those who grew up on it, this volume contains essays and artwork that span many different topics: fandom; platform structure and design; race, gender and sexuality, including queer and trans identities; aesthetics; disability and mental health; and social media privacy and ethics. An entire generation of young people that is now beginning to influence mass culture and politics came of age on Tumblr, and this volume is an indispensable guide to the many ways this platform works.

The Third Door McGraw-Hill Education

The Companion to Latin American History collects the work of leading experts in the field to create a single-source overview of the diverse history and current trends in the study of Latin America. Analyzes the major sources and the most influential books and articles in the field Includes discussions of globalization, region, migration, gender, class and social forces that make up the broad cultural fabric of African American history

American Academy of Pediatrics Textbook of Pediatric Care Harper Collins

Offers a broad view of American culture during the 1920s, discussing the changing values that ended the repressive Victorian era, the growing importance of pluralism in America’s heterogeneous society, and the expansion of federal bureaucracy

A Companion to Latin American History University of Michigan Press

In a period characterized by expanding markets, national consolidation, and social upheaval, print culture picked up momentum as the nineteenth century turned into the twentieth. Books, magazines, and newspapers were produced more quickly and more cheaply, reaching ever-increasing numbers of readers. Volume 4 of A History of the Book in America traces the complex, even contradictory consequences of these changes in the production, circulation, and use of print. Contributors to this volume explain that although mass production encouraged consolidation and standardization, readers increasingly adapted print to serve their own purposes, allowing for increased diversity in the midst of concentration and

integration. Considering the book in larger social and cultural networks, essays address the rise of consumer culture, the extension of literacy and reading through schooling, the expansion of secondary and postsecondary education and the growth of the textbook industry, the growing influence of the professions and their dependence on print culture, and the history of relevant technology. As the essays here attest, the expansion of print culture between 1880 and 1940 enabled it to become part of Americans’ everyday business, social, political, and religious lives. Steve Jobs The New Press

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

The Significance of the Frontier in American History Penguin UK

Master storyteller Stephen King presents the classic “wondrously frightening” (Publishers Weekly) #1 New York Times bestseller about a writer’s horrific and haunting pseudonym. “I’m back...I’m back from the dead and you don’t seem glad to see me at all, you ungrateful son of a bitch.” After thirteen years of international bestseller stardom with his works of violent crime fiction, author George Stark is officially declared dead—revealed by a national magazine to have been killed at the hands of the man who created him: the once well-regarded but now obscure writer Thad Beaumont. Thad’s even gone so far as to stage a mock burial of his wildly successful pseudonym, complete with tombstone and the epitaph “Not a Very Nice Guy.” Although on the surface, it seems that Thad can finally concentrate on his own novels, there’s a certain unease at the prospect of leaving George Stark behind. But that’s nothing compared to the horror about to descend upon Thad’s new life. There are the vicious, out-of-control nightmares, for starters. And how is he able to explain the fact that everyone connected to George Stark’s untimely demise is now meeting a brutal end of their own in a pattern of homicidal savagery...and why each blood-soaked crime scene has Thad’s fingerprints all over it? Thad Beaumont may have once believed that George Stark was running out of things to say, but he’s going to find out just how wrong he is...

Intelligent Internationalization W. W. Norton & Company

Draws on more than forty interviews with Steve Jobs, as well as interviews with family members, friends, competitors, and colleagues to offer a look at the co-founder and leading creative force behind the Apple computer company.

A Thousand Splendid Suns Academic Press
