“Surprising no one, Molly has written a book as smart, stylish, and entertaining as she is.”—Carla Lalli Music, author of *Where Cooking Begins*

But this is not your average cookbook. More than a collection of recipes, *Cook This Book* teaches you the invaluable superpower of improvisation through visually compelling lessons on such topics as the importance of salt and how to balance flavor, giving you all the tools necessary to make food taste great every time. Throughout, you’ll encounter dozens of QR codes, accessed through the camera app on your smartphone, that link to short technique-driven videos hosted by Molly to help illuminate some of the trickier skills. As Molly says, “Cooking is really fun, I swear. You simply need to set yourself up for success to truly enjoy it.” *Cook This Book* will help you do just that, inspiring a new generation to find joy in the kitchen and take pride in putting a home-cooked meal on the table, all with the unbridled fun and

spirit that only Molly could inspire.

The revised and expanded edition of the bestseller that changed millions of lives The science is clear. The results are unmistakable. You can dramatically reduce your risk of cancer, heart disease, and diabetes just by changing your diet. More than 30 years ago, nutrition researcher T. Colin Campbell and his team at Cornell, in partnership with teams in China and England, embarked upon the China Study, the most comprehensive study ever undertaken of the relationship between diet and the risk of developing disease. What they found when combined with findings in Colin's laboratory, opened their eyes to the dangers of a diet high in animal protein and the unparalleled health benefits of a whole foods, plant-based diet. In 2005, Colin and his son Tom, now a physician, shared those findings with the world in *The China Study*, hailed as one of the most important books about diet and health ever written. Featuring brand new content, this heavily expanded edition of Colin and Tom's groundbreaking book includes the latest undeniable evidence of the power of a plant-based diet, plus updated information about the changing medical system and how patients stand to benefit from a surging interest in plant-based nutrition. *The China Study—Revised and Expanded Edition* presents a clear and concise message of hope as it dispels a multitude of health myths and misinformation. The basic

message is clear. The key to a long, healthy life lies in three things: breakfast, lunch, and dinner.

Winner of the Restless Books Prize for New Immigrant Writing, Priyanka Champaneri's transcendent debut novel brings us inside India's holy city of Banaras, where the manager of a death hostel shepherds the dying who seek the release of a good death, while his own past refuses to let him go. Banaras, Varanasi, Kashi: India's holy city on the banks of the Ganges has many names but holds one ultimate promise for Hindus. It is the place where pilgrims come for a good death, to be released from the cycle of reincarnation by purifying fire. As the dutiful manager of a death hostel in Kashi, Pramesh welcomes the dying and assists families bound for the funeral pyres that burn constantly on the ghats. The soul is gone, the body is burnt, the time is past, he tells them. Detach. After ten years in the timeless city, Pramesh can nearly persuade himself that here, there is no past or future. He lives contentedly at the death hostel with his wife, Shobha, their young daughter, Rani, the hostel priests, his hapless but winning assistant, and the constant flow of families with their dying. But one day the past arrives in the lifeless form of a man pulled from the river—a man with an uncanny resemblance to Pramesh. Called "twins" in their childhood village, he and his cousin Sagar are inseparable until Pramesh leaves to see the outside world and Sagar stays to tend the land. After Pramesh marries Shobha, defying his family's wishes, a rift opens up between the cousins that he has long since tried to forget. Do not look back. Detach. But for Shobha, Sagar's reemergence casts a shadow over the life she's built for her family. Soon, an unwelcome guest takes up residence in the death hostel, the dying mysteriously continue to live, and Pramesh is forced to confront his own ideas about death, rebirth, and redemption. Told in lush, vivid detail and with an unforgettable cast of characters, *The City of Good Death* is a remarkable debut novel of family and love, memory and ritual, and the ways in which we honor the living and the dead. PRAISE FOR THE CITY OF GOOD DEATH "In Champaneri's ambitious, vivid debut, the dying come to the holy city of Kashi to die a good death that frees them from the burden of reincarnation.... In

sharp prose, Champaneri explores the power of stories—those the characters tell themselves, those told about them, and those they believe. . . . This epic, magical story of death teems with life." —Publishers Weekly "Brimming with characters whose lives overlap and whose stories interweave, Champaneri's exquisite debut delves into the consequences of the past, and how stories that are told can become reality even when they contain barely a shred of truth. As Pramesh discovers, the bitterness of past wounds can bring hope for redemption and life." —Bridget Thoreson, Booklist "Lush prose evokes the thick, close atmosphere of Kashi and the intricate religious practices upon which life and death depend. Rumor and superstition hold sway over even the most level-headed people, twisting what's explainable into something extraordinary—with tragic consequences. . . . The City of Good Death is a breathtaking, unforgettable novel about how remembering the past is just as important as moving on." —Eileen Gonzalez, Foreword Reviews, Starred Review "Champaneri's Kashi is teeming and vivid . . . the book frequently charms, and it's as full of humor, warmth, and mystery as Kashi's own marketplace." —Kirkus Reviews "The City of Good Death is the debut novel of Priyanka Champaneri but it has the confidence of a master storyteller. Drawing on the rich literary traditions of Salman Rushdie and Arundhati Roy, Champaneri's epic saga will satisfy armchair travelers thirsty for adventure, and sick of looking out their windows." —Chicago Review of Books "In intricate detail and with remarkable skill, Champaneri writes a powerful tale about the pull of the past and our aching need to understand the mysteries and misunderstandings that thwart our relationships. An atmospheric and immersive debut with a rich cast of characters you won't soon forget." —Marjan Kamali, author of *The Stationery Shop*

This collection of essays grew out of the "Reading Stephen King Conference" held at the University of Maine in 1996. Stephen King's books have become a lightning rod for the tensions around issues of including "mass market" popular literature in middle and high school English classes and of who chooses what students read. King's fiction is among the most popular of "pop" literature, and among the most controversial. These essays spotlight the ways in which King's work intersects with the themes of the literary canon and its construction and maintenance, censorship

in public schools, and the need for adolescent readers to be able to choose books in school reading programs. The essays and their authors are: (1) "Reading Stephen King: An Ethnography of an Event" (Brenda Miller Power); (2) "I Want to Be Typhoid Stevie" (Stephen King); (3) "King and Controversy in Classrooms: A Conversation between Teachers and Students" (Kelly Chandler and others); (4) "Of Cornflakes, Hot Dogs, Cabbages, and King" (Jeffrey D. Wilhelm); (5) "The 'Wanna Read' Workshop: Reading for Love" (Kimberly Hill Campbell); (6) "When 'IT' Comes to the Classroom" (Ruth Shagoury Hubbard); (7) "If Students Own Their Learning, What Do Teachers Do?" (Curt Dudley-Marling); (8) "Disrupting Stephen King: Engaging in Alternative Reading Practices" (James Albright and Roberta F. Hammett); (9) "Because Stories Matter: Authorial Reading and the Threat of Censorship" (Michael W. Smith); (10) "Canon Construction Ahead" (Kelly Chandler); (11) "King in the Classroom" (Michael R. Collings); (12) "King's Works and the At-Risk Student: The Broad-Based Appeal of a Canon Basher" (John Skretta); (13) "Reading the Cool Stuff: Students Respond to 'Pet Sematary'" (Mark A. Fabrizi); (14) "When Reading Horror Subliterature Isn't So Horrible" (Janice V. Kristo and Rosemary A. Bamford); (15) "One Book Can Hurt You...But a Thousand Never Will" (Janet S. Allen); (16) "In the Case of King: What May Follow" (Anne E. Pooler and Constance M. Perry); and (17) "Be Prepared: Developing a Censorship Policy for the Electronic Age" (Abigail C. Garthwait). Appended are a joint manifesto by National Council of Teachers of English (NCTE) and International Reading Association (IRA) concerning intellectual freedom; an excerpt from a teacher's guide to selected horror short stories of Stephen King; and the conference program. Contains a 152-item reference list of literary works.(NKA)

NATIONAL BEST SELLER • From the best-selling, award-winning author of *The Buddha in the Attic* and *When the Emperor Was Divine* comes a novel about what happens to a group of obsessed

recreational swimmers when a crack appears at the bottom of their local pool. This searing, intimate story of mothers and daughters—and the sorrows of implacable loss—is the most commanding and unforgettable work yet from a modern master. The swimmers are unknown to one another except through their private routines (slow lane, medium lane, fast lane) and the solace each takes in their morning or afternoon laps. But when a crack appears at the bottom of the pool, they are cast out into an unforgiving world without comfort or relief. One of these swimmers is Alice, who is slowly losing her memory. For Alice, the pool was a final stand against the darkness of her encroaching dementia. Without the fellowship of other swimmers and the routine of her daily laps she is plunged into dislocation and chaos, swept into memories of her childhood and the Japanese American incarceration camp in which she spent the war. Alice's estranged daughter, reentering her mother's life too late, witnesses her stark and devastating decline.

They may shave their heads, don simple robes, and renounce materialism and worldly desires. But the women seeking enlightenment in a Buddhist nunnery high in the folds of Himalayan Kashmir invariably find themselves subject to the tyrannies of subsistence, subordination, and sexuality. Ultimately, Buddhist monasticism reflects the very world it is supposed to renounce. Butter and barley prove to be as critical to monastic life as merit and meditation. Kim Gutschow lived for more than three years among these women, collecting their stories, observing their ways, studying their lives. Her book offers the first ethnography of Tibetan Buddhist society from the perspective of its nuns. Gutschow depicts a gender hierarchy where nuns serve and monks direct, where monks bless the fields and kitchens while nuns toil in them. Monasteries may retain historical endowments and significant political and social power, yet global flows of capitalism, tourism, and feminism have begun to erode the balance of power between monks and nuns. Despite the obstacles of being considered impure and inferior, nuns engage in everyday forms of resistance to pursue their ascetic and personal goals. A richly textured picture of the little known culture of a Buddhist nunnery, the book offers moving narratives of nuns struggling with the Buddhist discipline of detachment. Its analysis of the way in which gender and sexuality construct ritual and social power provides valuable insight into the relationship between women and religion in South Asia today.
