Students preparing for the Advanced Placement U.S. History exam will welcome this revised and updated set of flash cards. The cards encompass the entire AP course and offer students

the flexibility to study American history in ways not available with textbooks and study guides. The 500 cards run chronologically from the Colonial era of the early 1600s to the present day, and are divided into seven general categories: Arts and Sciences, Domestic Policies, Presidential Matters, Wars and Foreign Relations, Economy and Business, Legal Issues, and Society and Culture. They are numbered and labeled so that students can arrange them within a chronological time frame

or according to any of the above-noted categories. Students can use the enclosed metal ring to rearrange the cards in any order that fits their study needs. Each card has a small corner punch hole to accommodate the ring.

### **The Impending Crisis of the South** Ingram

Before the 99% occupied Wall Street... Before the concept of social justice had impinged on the social conscience... Before the social safety net had even been conceived... By the turn of the 20th Century, the era of the robber barons, Andrew

Carnegie (1835-1919) had already accumulated a staggeringly large fortune; he was one of the wealthiest people on the globe. He guaranteed his position as one of the wealthiest men ever when he sold his steel business to create the United States Steel Corporation. Following that sale, he spent his last 18 years, he gave away nearly 90% of his fortune to charities, foundations, and universities. His charitable efforts actually started far earlier. At the age of 33, he wrote a memo to

himself, noting ..".The amassing of wealth is one of the worse species of idolatry. No idol more debasing than the worship of money." In 1881, he gave a library to his hometown of Dunfermline, Scotland. In 1889, he spelled out his belief that the rich should use their wealth to help enrich society, in an article called "The Gospel of Wealth" this book. Carnegie writes that the best way of dealing with wealth inequality is for the wealthy to redistribute their surplus means in a

responsible and thoughtful manner, arguing that surplus wealth produces the greatest net benefit to society when it is administered carefully by the wealthy. He also argues against extravagance, irresponsible spending, or self-indulgence, instead promoting the administration of capital during one's lifetime toward the cause of reducing the stratification between the rich and poor. Though written more than a century ago,

Carnegie's words still ring true today, urging a better, more equitable world through greater social consciousness.

June 6, 1944: Nineteen boys from Bedford, Virginia -- population just 3,000 in 1944 -- died in the first bloody minutes of D-Day. They were part of

Company A of the 116th Regiment of the 29th Division, and the first wave of American soldiers to hit the beaches in Normandy. Later in the campaign, three more boys from this small Virginia town died of gunshot wounds. Twenty-two sons of Bedford lost-- it is a story one cannot easily forget and one that the families of Bedford will never forget. The Bedford Boys is the true and intimate story of these men and the friends and families they left behind. Based on

extensive interviews with survivors and relatives, as well as diaries and letters, Kershaw's book focuses on several remarkable individuals and families to tell one of the most poignant stories of World War II--the story of one small American town that went to war and died on Omaha Beach.

Phillis Wheatley (c. 1753–1784) was an American freed slave and poet who wrote the first book of poetry by an African-American. Sold into a slavery in West Africa at the age of around seven, she was taken to North America where she served the Wheatley family of Boston. Phillis was tutored in reading and writing by Mary, the Wheatleys' 18-year-old daughter, and was reading Latin and Greek classics from the age of twelve. Encouraged by the

progressive Wheatleys who recognised her incredible literary talent, she wrote "To the University of Cambridge" when she was 14 and by 20 had found patronage in the form of Selina Hastings, Countess of Huntingdon. Her works garnered acclaim in both England and the colonies and she became the first African American to make a living as a poet. This volume contains a collection of Wheatley's best poetry, including the titular poem "Being Brought from Africa to

America". Contents include: "Phillis Wheatley", "Phillis Wheatley by Benjamin Brawley", "To Maecenas", "On Virtue", "To the University of Cambridge", "To the King's Most Excellent Majesty", "On Being Brought from Africa to America", "On the Death of the Rev. Dr. Sewell", "On the Death of the Rev. Mr. George Whitefield", etc. Ragged Hand is proudly publishing this brand new collection of classic poetry with a specially-commissioned biography of the author.

"I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp over the roofs of the world."—Walt Whitman, "Song of Myself," *Leaves of Grass* The American Yawp is a free, online, collaboratively built American history

textbook. Over 300 historians joined together to create the book they wanted for their own students—an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The Yawp highlights the dynamism and conflict inherent in

the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, The American Yawp incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between

maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of *The American Yawp* will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans. *The American Yawp* traces the development of colonial society in the context of the larger Atlantic World and investigates the

origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, *The American Yawp* gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we confront today. *The American Pageant* Perfection Learning Biology for AP® courses covers the scope and

sequence requirements of a typical two-semester Advanced Placement® biology course. The text provides comprehensive coverage of foundational research and core biology concepts through an evolutionary lens. Biology for AP® Courses was designed to meet and exceed the requirements of the College Board's AP® Biology framework while allowing significant flexibility for instructors. Each section of the book includes an introduction based on the AP® curriculum and includes

rich features that engage students in scientific practice and AP® test preparation; it also highlights careers and research opportunities in biological sciences.
