The Art of Decluttering and Organizing BookSummaryGr
The modern world can get messy. Fortunately, Swiss artist Ursus Wehrli is a man of obsessive order, as he demonstrates with eye-catching surprise in *The Art of Clean Up*. Already a bestseller in Germany, this compulsive title has sold more than 100,000 copies in less than a year, and the fastidiously arranged images have garnered blog love from NPR, Brain Pickings, swissmiss, and more. Tapping into the desire for organization and the insanity of über-order, Wehrli humorously categorizes everyday objects and situations by color, size, and shape. He arranges alphabet soup into alphabetical order, sorts the night sky by star size, and aligns sunbathers' accoutrements—all captured in bright photographs sure to astonish even the pickiest of neat freaks.

New in paperback: Millennial blogger recounts her yearlong shopping ban in a memoir that inspires readers to radically simplify their own lives and redefine what it means to have, and be, "enough." In her late twenties, Cait Flanders found herself stuck in the consumerism cycle that grips so many of us: earn more, buy more, want more, rinse, repeat. Even after she worked her way out of nearly \$30,000 of consumer debt, her old habits took hold again. When she realized that nothing she was doing or buying was making her happy--only keeping her from meeting her goals--she decided to set herself a challenge: she would not shop for an entire year. Now available for the first time in paperback, *The Year of Less* documents Cait's life for twelve months during which she bought only consumables: groceries, toiletries, gas for her car. Along the way, she challenged herself to consume less of many other things besides shopping. She decluttered her apartment and got rid of 70 percent of her belongings; learned how to fix things rather than throw them away; researched the zero waste movement; and completed a television ban. At every stage, she learned that the less she consumed, the more fulfilled she felt. The challenge became a lifeline when, in the course of the year, Cait found herself in situations that turned her life upside down. In the face of hardship, she realized why she had always turned to shopping, alcohol, and food--and what it had cost her. Unable to reach for any of her usual vices, she changed habits she'd spent years perfecting and discovered what truly mattered to her. Blending Cait's compelling story with inspiring insight and practical guidance, *The Year of Less* will leave you questioning what you're holding on to in your own life--and, quite possibly, lead you to find your own path of less.

"Some families are created in different ways but are still, in every way, a family." Writer and star of *My Big Fat Greek Wedding*, Nia Vardalos firmly believed she was supposed to be a mom, but Mother Nature and modern medicine had put her in a headlock. So she made a choice that shocked friends, family, and even herself: with only fourteen hours' notice, she adopted a preschooler. Instant Mom is Vardalos's poignant and hilarious true chronicle of trying to become a mother while fielding nosy "frenemies" and Hollywood reporters asking, "Any baby news?" With genuine and frank honesty, she describes how she and husband Ian Gomez eventually found their daughter . . . and what happened next. Vardalos explores innovative ways to conquer the challenges all new moms face, from sleep to personal grooming, and learns that whether via biology, relationship, or adoption—motherhood comes in many forms. The book includes laugh-out-loud behind the scenes Hollywood anecdotes, plus an Appendix on how to adopt worldwide. Vardalos will donate proceeds from the book sales to charities. Vardalos candidly shares her instant motherhood story that is relatable for all new moms (and dads!)
