Mettiamo da parte le colonne sonore diventate oggetto di culto. Tralasciamo i western di Sergio Leone, capolavori come *Blade Runner* e Momenti di gloria o le magiche atmosfere felliniane con l'inconfondibile tocco di Nino Rota. Più che un'analisi sugli intricati rapporti tra cinema e musica, questo volume propone una rassegna di film che mettono al centro della narrazione chi ha fatto della

musica la propria ragione di vita. Al fianco dei biopic sui giganti della musica (Beethoven, Mozart, Cajkovskij, Schubert, Rossini, Mascagni, Mahler, Gershwin, Liszt) non potevano mancare quelli dedicati alle leggende del rock (Elvis Presley, Jerry Lee Lewis...), del jazz (Cole Porter, Benny Goodman, Charlie Parker, Bix...), del country (Johnny Cash, Woody Guthrie...), del folk (Dave Van Ronk...), del blues (Billie Holliday...) e a icone della musica come Violeta Parra, Edith Piaf, Rocco Granata, Ritchie Valens e Ray Charles. Scorrono sullo schermo anche le vicende legate a mitiche rock band come i Doors, i Joy Division, i Sex Pistols, i Four Seasons e fanno

capolino, in veste di attori, Frank Sinatra, Dean Martin, Marc Anthony, Jennifer Lopez, Prince, Diana Ross, i Beatles e i nostrani Celentano, Morandi, Little Tony, Bobby Solo, Al Bano, Romina Power, Tony Renis, Dino e Lucio Dalla. Ma al di là della cifra stilistica legata a ogni singolo film, il filo conduttore che lega i cento titoli schedati in questo volume sono le esibizioni di brani che non solo hanno segnato la storia della musica (leggera e non) e lasciato un segno indelebile nella memoria collettiva, ma hanno contribuito a cambiare gusti e costumi di una società in continua evoluzione. Why do we say we

have zero tolerance for bullying, but adult society is rife with it and it is an epidemic among children? Because the injuries that all forms of bullying and abuse do to brains are invisible. We ignore them, fail to heal them, and they become cyclical and systemic. Bullying and abuse are at the source of much misery in our lives. Because we are not taught about our brains, let alone how much they are impacted by bullying and abuse, we do not have a way to avoid this misery, heal our scars, or restore our health. In *The Bullied Brain* readers learn about the evidence doctors, psychiatrists, neuropsychologists and neuroscientists have gathered, that shows

the harm done by bullying and abuse to your brain, and how you can be empowered to protect yourself and all others. Not only is it critically important to discover how much your mental health is contingent on what has sculpted and shaped the world inside your head, it is also the first step in learning ways to recover. While your brain is vulnerable to bullying and abuse, it is at the same time remarkably adept at repairing all kinds of traumas and injuries. The first part of *The Bullied Brain* outlines what the research shows bullying and abuse do to your brain. The second part of the book, "The Stronger Brain" provides case studies of adults and children who have undergone focused

training to heal their neurological scars and restore their health. These accessible and practical lessons can be integrated into your life. Strengthening your brain acts as an effective antidote to the bullying and abuse that are rampant in society. Foreword by Dr. Michael Merzenich, "the father of neuroplasticity," and he also contributes his knowledge, insights, and research in *The Bullied Brain* to help show you how to empower your brain to fulfill its power and potential.

A not-quite epic science fiction adventure about a down-on-his luck galactic pilot caught in a cross-galaxy struggle for survival! Space travel just isn't what it used to be. With the invention of Quantum Teleportation, space heroes aren't needed anymore. When one particularly unlucky ex-adventurer masquerades as

famous pilot and hate figure Jacques McKeown, he's sucked into an ever-deepening corporate and political intrigue. Between space pirates, adorable deadly creatures, and a missing fortune in royalties, saving the universe was never this difficult! From the creator of *Mogworld* and *Jam!* Benjamin Richard "Yahtzee" Croshaw is a British-Australian comedic writer, video game journalist, author, and video game developer. He is perhaps best known for his acerbic video game review series, *Zero Punctuation*, for *The Escapist*.

Partiendo de la premisa de que "El cine ya no narra, delira relatos", pues la invención formal extrema ha quedado por encima de la anécdota, la urdimbre dramática, el tema y el discurso, Ayala Blanco configura una compleja clasificación de delirios que no por subjetiva deja de captar la esencia de cada película, para situarla en la mesa de disección y dar cuenta de su singularidad y sus rasgos

compartidos. En palabras de su autor: "sin duda alguna, en el siglo XXI el cine ha dejado de ser una máquina para narrar historias y se ha convertido en un ultrasofisticado dispositivo para fabricar delirios". Como en los volúmenes anteriores, para esta entrega se han tomado más de 300 artículos publicados entre 2014 y 2017, así como algunos rigurosamente inéditos.

Financial collapses—whether of the junk bond market, the Internet bubble, or the highly leveraged housing market—are often explained as the inevitable result of market cycles: What goes up must come down. In Liquidated,

Karen Ho punctures the aura of the abstract, all-powerful market to show how financial markets, and particularly booms and busts, are constructed. Through an in-depth investigation into the everyday experiences and ideologies of Wall Street investment bankers, Ho describes how a financially dominant but highly unstable market system is understood, justified, and produced through the restructuring of corporations and the larger economy. Ho, who worked at an investment bank herself, argues that bankers' approaches to financial markets and corporate America are inseparable from the structures and strategies of their workplaces. Her

ethnographic analysis of those workplaces is filled with the voices of stressed first-year associates, overworked and alienated analysts, undergraduates eager to be hired, and seasoned managing directors. Recruited from elite universities as "the best and the brightest," investment bankers are socialized into a world of high risk and high reward. They are paid handsomely, with the understanding that they may be let go at any time. Their workplace culture and networks of privilege create the perception that job insecurity builds character, and employee liquidity results in smart, efficient business. Based on this culture of liquidity and compensation practices tied to

profligate deal-making, Wall Street investment bankers reshape corporate America in their own image. Their mission is the creation of shareholder value, but Ho demonstrates that their practices and assumptions often produce crises instead. By connecting the values and actions of investment bankers to the construction of markets and the restructuring of U.S. corporations, *Liquidated* reveals the particular culture of Wall Street often obscured by triumphalist readings of capitalist globalization.

The special 5th Anniversary Edition of SLIMED! An

Entertainment Weekly “Best Tell-All” Book One of Parade Magazine’s “Best Books About Movies/TV” Included in Publishers Weekly’s “Top Ten Social Science Books” Before the recent reboots, reunions, and renaissance of classic Nickelodeon nostalgia swept through the popular imagination, there was SLIMED!, the book that started it all. With hundreds of exclusive interviews and have-to-read-‘em-to-believe-‘em stories you won’t find anywhere else, SLIMED! is the first-ever full chronicle of classic Nick...told by those who made it all happen! Nickelodeon nostalgia has become a cottage industry unto itself: countless podcasts, blogs,

documentaries, social media communities, conventions, and beyond. But a little less than a decade ago, the best a dyed-in-the-wool Nick Kid could hope for when it came to coverage of the so-called Golden Age (1983–1995) of the Nickelodeon network was the infrequent listicle, op-ed, or even rarer interview with an actual old-school Nick denizen. Pop culture historian Mathew Klickstein changed all of that when he forged ahead to track down and interview more than 250 classic Nick VIP’s to at long last piece together the full wacky story of how Nickelodeon became “the Only Network for You!” Celebrate the fortieth anniversary of Nickelodeon with this special edition of

SLIMED! that includes a new introduction by Nick Arcade's Phil Moore in addition to a foreword by Double Dare's Marc Summers and an afterword by none other than Artie, the Strongest Man in the World himself (aka Toby Huss). After you get SLIMED!, you'll never look at Nickelodeon the same way again. "Mathew Klickstein might be the geek guru of the 21st century."—Mark Mothersbaugh

Now back in print, this bestseller by Mel Torme is a brilliant biography of his friend of forty years, Buddy Rich, who was one of the most famous drummers of the Swing Era, having starred in the Artie Shaw and

Tommy Dorsey bands. His career started when he was two years old in his parents' Vaudeville act, and by the time he was four he was the highest paid child performer in the world. The Buddy Rich story is a fascinating one, as much for what it says about the world of American music and entertainment as for the remarkable life it portrays. Drawing from interviews and many personal reminiscences, Torme packs this biography with vivid, often funny, anecdotes. His personal touch and his in-depth knowledge of jazz make for a moving, insightful, and often hilarious biography. 233 pages, 6-1/2 inch. x 9-1/2 inch. Softcover

How to Survive Our

Two sisters, one long-ago murder, and a web of terrifying secrets collide in a gripping standalone thriller from acclaimed author Edwin Hill . . . At first glance, Natalie Cavanaugh and Glenn Abbott hardly look like sisters. Even off-duty, Natalie dresses like a Boston cop, preferring practical clothes and unfussy, pinned-up hair. Her younger sister, Glenn, seems tailor-made for the spotlight, from her signature red mane to her camera-ready smile. Glenn has spent years cultivating her brand through her

baking blog, and with the publication of her new book, that hard work seems about to pay off. But her fans have no idea about the nightmare in Glenn and Natalie's past. Twenty years ago, their father's body was discovered in the woods behind their house. A trauma like that doesn't fit with Glenn's public image. Yet, maybe someone reading her blog does know something. There have been anonymous online messages, vague yet ominous, hinting that she's being watched. And with unsettling coincidences hitting ever closer to home, both Glenn and Natalie soon have more pressing matters to worry about, especially when a dead body is found in an abandoned building . . .

Natalie is starting to wonder how much Glenn really knows about the people closest to her. But are there also secrets Natalie has yet to uncover about those she herself trusts? For two decades, she's believed their father was murdered by their neighbor, with whom he was having an affair. But if those events are connected to what's happening now, maybe there's much more that Natalie doesn't know. About their father. About their neighbors. About her friends. Maybe even about herself. But there are no secrets between sisters . . . are there? "This suspenseful story will have readers careening from one erroneous conclusion to the next." —Library

 Jazz stories have been
 entwined with cinema
 since the inception of
 jazz film genre in the

 tales and biopics,

 comedies, musicals,

 stories of improvisers

 jazz critic Kevin
 Whitehead offers a

 to these films and

 perspective of the

 93 years of film
 history, the book looks
 closely at movies,

 and common story
 points. Examining the
 ways historical films
 have painted a clear

picture of the past or overtly distorted history, *Play the Way You Feel* serves up capsule discussions of sundry topics including Duke Ellington's social life at the Cotton Club, avant-garde musical practices in 1930s vaudeville, and Martin Scorsese's improvisatory method on the set of *New York, New York*. Throughout the book, Whitehead brings the same analytical bent and concise, witty language listeners know from his jazz segments on NPR's *Fresh Air* with Terry Gross. He investigates well-known songs, traces the development of the stock jazz film ending, and offers fresh, often revisionist takes on works by such directors as Howard Hawks, John Cassavetes, Shirley

Clarke, Francis Ford Coppola, Clint Eastwood, Spike Lee, Robert Altman, Woody Allen and Damien Chazelle. In all, *Play the Way You Feel* is a feast for film-genre fanatics and movie-watching jazz enthusiasts.

Hailed by many as the world's greatest harmonica player, John Popper has redefined the instrument. As the lead singer and principal songwriter of

Blues Traveler, Popper has performed for more than 30 million people over 2,000 live dates and composed such radio staples as "Hook," "But Anyway," and "Run-Around," the longest-charting single in Billboard history. He has appeared with Eric Clapton and B. B. King at the White House, welcomed the Hungarian ambassador to the stage, and inducted Carlos Santana into the Rock and Roll Hall of Fame. In *Suck and Blow*, Popper shares a candid, spirited account of his life and career. A straight-F student at Princeton High School, Popper's life changed with one serendipitous harmonica solo that captured the attention of his mercurial band teacher (the same

teacher whose life was later fictionalized in the Academy Award-winning film *Whiplash*). After befriending three fellow musicians with whom he would form Blues Traveler, Popper's academic career nearly ended in twelfth grade, until a meeting with the Dean of the New School for Social Research in which Popper pulled out his trusty harp and played his way into college. Popper and Blues Traveler soon became enmeshed in the lower Manhattan music scene of the late 1980s, eventually becoming the house band at the fabled Wetlands Preserve and embarking on a journey that would one day land the group at Madison Square Garden on New Year's Eve. Along the way,

Popper and his cohorts commanded the attention of fans and bands alike, through inspired performances and riotous debauchery. Popper's unique perspective on the music business began under the tutelage of Blues Traveler's mentor and manager Bill Graham. After the rock impresario's untimely passing, Popper applied many of Graham's lessons to the formation of the H.O.R.D.E. tour, which John co-owned and hosted over eight years, welcoming such artists as Neil Young, the Allman Brothers Band, Phish, Dave Matthews Band, Ziggy Marley, and his longtime friends the Spin Doctors. Popper also shares a forthright assessment of his

longstanding battle with obesity. Plagued by weight problems since childhood, a motorcycle accident a few years into his career confined him to a wheelchair for two years while his weight ballooned to 436 pounds. Angioplasty, gastric bypass surgery, and a tattoo on his chest that reads "I Want to Be Brave" when viewed in the mirror are products of Popper's struggle, compounded by codependency issues and the untimely death of founding Blues Traveler bassist Bobby Sheehan. Popper's personal identity is entwined with his political passions. A staunch supporter of gun rights, he has performed at the National Republican Convention, yet he also

maintains liberal positions on social issues. He will reconcile these views and share his encounters with the Bush family, the Clintons, the Gores, and other politicians. The iconoclastic, self-described Johnny Appleharp also dishes on cutting contests, Twitter trolls, party fouls, and prostitutes. In *Suck and Blow*, John Popper does it all with his signature honesty, humility, and humor.

"I share the country's admiration for the bravery of Captain Phillips and his selfless concern for his crew. His courage is a model for all Americans." -- President Barack Obama
It was just another day on the job

for fifty-three-year-old Richard Phillips, captain of the Maersk Alabama, the United States-flagged cargo ship which was carrying, among other things, food and agricultural materials for the World Food Program. That all changed when armed Somali pirates boarded the ship. The pirates didn't expect the crew to fight back, nor did they expect Captain Phillips to offer himself as hostage in exchange for the safety of his crew. Thus began the tense five-day stand-off, which ended in a daring high-seas rescue when U.S. Navy SEALs opened fire and picked off three of the captors. "It never ends like this," Captain Phillips said. And he's right. A Captain's Duty tells the

life-and-death drama of the Vermont native who was held captive on a tiny lifeboat off Somalia's anarchic, gun-plagued shores. A story of adventure and courage, it provides the intimate details of this high-seas hostage-taking--the unbearable heat, the death threats, the mock executions, and the escape attempt. When the pirates boarded his ship, Captain Phillips put his experience into

action, doing everything he could to safeguard his crew. And when he was held captive by the pirates, he marshaled all his resources to ensure his own survival, withstanding intense physical hardship and an escalating battle of wills with the pirates. This was it: the moment where training meets instinct and where character is everything. Richard Phillips was ready.
