Indian music makes use of hundreds of ragas, many more than the church modes in Western music. It becomes difficult to write Carnatic music using the staff notation without the use of too many accidentals. Furthermore, the staff notation requires that the song be played in a certain key.

Raga | Indian musical genre | Britannica

"Ragas" (the word Raga means "colour" or "mood" in Sanskrit) refer to the melodious modes used in Classical Indian music. Each raga rests on five or more notes upon which a melody is built. Ragas can also denote specific melodies as well. The tradition of Classical Indian music believes that ragas awaken different emotions or "moods" in people.

Effect of Indian Classical Music (Raga Therapy) on ...

A raga or raag (IAST: rāga; also raaga or ragam; literally "coloring, tingeing, dyeing") is a melodic framework for improvisation akin to a melodic mode in Indian classical music. While the rāga is a remarkable and central feature of the classical Indian music tradition, it has no direct translation to concepts in the classical European music tradition.
