Understanding the Dalai Lama

Harvard University Press
Nineteenth-century Tibetan mystic Tertön Sogyal was a visionary, whose mastery of meditation led him to be a revered teacher to the Thirteenth Dalai Lama. Known for his deep spiritual insights and service to the nation of Tibet, Tertön Sogyal's ability to harness the power of the mind was born of both his profound understanding of the Buddha's teachings and the unique experiences he had while striving for peace against tremendous odds. His life is an example of courage and diligence appreciated by spiritual practitioners of all traditions; and his practical instructions on meditation and opening one's heart—amid conflict, uncertainty, and change—are as relevant today as they were during his lifetime. Fearless in Tibet, the first comprehensive work in English on Tertön Sogyal, captures the essence of his teachings, visions, and spiritual realizations, as well as the challenges he faced during his early yogic training and his efforts to promote harmony between Tibet and China. Combining riveting storytelling and Tertön Sogyal's profound instructions, Matteo Pistono takes you on a journey through a mystical past that reveals practical inner guidance for today's challenges. You will see the power of transforming negativity into opportunity, letting go of attachments, becoming mindfully present, and embracing impermanence. This intricate tapestry of intrigue and spirituality will infuse your path with timeless wisdom and inspiration.

Danzan Ravjaa (1803-1856), officially known as the Fifth Noyon Incarnate Lama of the Gobi Desert, is perhaps Mongolia's most beloved saint. The Fourth had caused so many scandals that the Manchu Emperor banned his reincarnation. Consequently, when the young child was enthroned as the Fifth, the Emperor issued an edict of execution on the boy and all associated with the event. The child was only saved by the personal intervention of the Fourth Panchen Lama and a letter of appeal from the young Ninth Dalai Lama, Luntok Gyatso. Their efforts proved well worthwhile, for the boy went on to become one of the greatest mystics and creative geniuses of 19th-century Mongolia. Lama of the Gobi is an investigative account of the life and times of this extraordinary man. It takes the reader on a journey through Mongolian history, Tibetan Buddhism and the traditions of nomadic culture to generate an appreciation of both the

man and the many legends that surround him. This revealing story winds its way from Danzan Ravjaa's mythic past until the present day - as the people of the Gobi Desert still faithfully maintain his cult-like status. Book jacket.

The Wisdom Of Forgiveness Penguin
From humble beginnings to world leader, a new biography focuses on the childhood of the Dalai Lama, as his country remains at the center of the world stage. On a quiet winter morning in 1937, several men on horseback rode into the tiny Tibetan village of Taktser. Disguised as peasants, the high lamas were on a secret mission--soon they would identify 3-year-old Lhamo Thondup as the 14th reincarnation of the Dalai Lama. With a foreword by the Dalai Lama himself, this dramatic narrative follows his remarkable childhood, illuminating the story of Tibet and introducing a remarkable world figure to a new generation.

The 14th Dalai Lama, Tenzin Gyatzo defines himself as a

In the ancient books and old Buddhist writings, Bodhisattvas are believed to be an enlightened being who've postponed their own Nirvana and opt to take rebirth to serve humanity. His Holiness always states that his mantra in life is greatly guided by 3 major commitments, which are: the promotion of human values (secular ethics) for the interest of human fulfillment and happiness; the fostering of interreligious harmony; and the preservation of Buddhist culture in Tibet where there is no violence but pure peace. His message and teachings was not just focused on good karma and personal happiness, he is also giving much more focus about respecting earth's resources, recognizing equality of mankind, and sharing/ giving little and less fortunate individuals. He's been the model for innovation, spirituality, kindness and adaptation. Dalai Lama was a perfect exemplification of excellent teacher, as well as a great promoter of peace, morality and humanity. His Holiness gives teachings to various countries and to many places throughout each year, and most of the time, he prefers to have a public talk, wherein he gives a number of initiations and empowerment in his teachings. This book outlines the life of spiritual diplomacy of the 14th Dalai Lama and his emergence as a global peace icon. It traces his evolution as a Tibetan Buddhist monk rooted in the Geluk tradition, as a Nobel laureate, and as an internationally recognized peacemaker. The volume brings to the fore the Dalai Lama's monastic life grounded in the compassion and ethical responsibility of a bodhisattva, somebody who is willing to renounce samsara for the benefit of others, as well as that of a political leader of Tibet. It examines the deep impact of his ideas of peacekeeping and universal responsibility on world politics, which draw on acceptance, inclusion, and respect as their central pillars. Further, this book highlights his departure from the practices of the earlier Dalai Lamas, and how the Chinese invasion and his exile in India transformed him into a universal figure of peace, rather than solely being the leader of Tibet. An introspective read, this book will be of much interest to readers interested in spiritual diplomacy and political philosophy. It will also be of interest to scholars and researchers of peace and conflict studies, international relations, politics, and religion, especially Buddhism.

Dalai Lama Harmony

The Chinese Communist government has twice invoked large-scale military might to crush popular uprisings in capital cities. The second incident—the notorious massacre in Tiananmen Square in 1989—is well known. The first,

thirty years earlier in Tibet, remains little understood today. Yet in wages of destruction, bloodshed, and trampling of human rights, the tragic toll of March 1959 surpassed Tiananmen. Tibet in Agony provides the first clear historical account of the Chinese crackdown in Lhasa. Sifting facts from the distortions of propaganda and partisan politics, Jianglin Li reconstructs a chronology of events that lays to rest lingering questions about what happened in those fate-filled days and why. Her story begins with throngs of Tibetan demonstrators who—fearful that Chinese authorities were planning to abduct the Dalai Lama, their beloved leader—formed a protective ring around his palace. On the night of March 17, he fled in disguise, only to reemerge in India weeks later to set up a government in exile. But no peaceful resolution awaited Tibet. The Chinese army soon began shelling Lhasa, inflicting thousands of casualties and ravaging heritage sites in the bombardment and the infantry onslaught that followed. Unable to resist this show of force, the Tibetans capitulated, putting Mao Zedong in a position to fulfill his long-cherished dream of bringing Tibet under the Communist yoke. Li's extensive investigation, including eyewitness interviews and examination of classified government records, tells a gripping story of a crisis whose aftershocks continue to rattle the region today.

His Holiness the Dalai Lama describes himself as "a simple Buddhist monk." However, to millions of people around the world, he embodies the highest human aspiration: to be happy. His messages of compassion, altruism, and peace are articulated in a unique secular ethic for our times and supported with

techniques and practices that can help us achieve these ideals. He is the Dalai Lama - or simply, His Holiness - the epitome of the Buddhist model of loving-kindness and an incarnation of Avalokitesvara, the bodhisattva of infinite compassion and mercy. Evoking global respect and admiration, he is both a prophet and a statesman for our troubled times, yet hes intensely human and accessible. Hes an inspiration to millions, yet many feel as if he touches and speaks to them personally. He is a Buddhist but belongs to all humanity. His Holiness is one of the most recognizable - and recognized - faces in the free world. This remarkable book is an edited compilation of mostly personal conversations spanning nearly 20 years between the Dalai Lama and Rajiv Mehrotra, one of his early disciples whos now the trustee and secretary of the Foundation for Universal Responsibility, which was established with the funds from the Nobel Peace Prize. Here, the Dalai Lama is a teacher to a spiritual aspirant; a divine master and a temporal leader; an ambassador for Tibet and a lovable guru-philosopher to the whole world; a practitioner of the 2,500-year-old teachings of Buddhism; a Tibetan Buddhist and an interfaith ambassador; and an intense practitioner of mind-training and an inveterate optimist. His multiple hats may appear contradictory at times, but he balances them all, living his life with ease and happiness. Within these pages, the Dalai Lamas disarming candor, his deep empathy for his students quest, and his wisdom - garnered not just from texts and scriptures, but also from an active engagement with life - offer invaluable insights to us all on how we may find true happiness in our lives.

His Holiness the Dalai Lama is renowned the world over for an unswerving dedication to non-violence in his efforts to achieve justice for Tibet. In the twenty years he has known and worked with him, Alexander Norman has seen at first hand this extraordinary man's courage, compassion and honesty. But the current Dalai Lama is fourteenth in a lineage whose history is every bit as bloody and intrigue-laden as that of the Papacy. The 'first' Dalai Lama was in fact the third; the second described himself as 'a mad beggar monk'; the fourth was not Tibetan at all but a direct descendant of Genghis Khan. The sixth was a notorious womaniser, while four successive Dalai Lamas were almost certainly murdered. The present Dalai Lama has himself been the target of attacks that resulted in the brutal murder of a close colleague. He readily admits that Tibet never was Shangri La. **HOLDER OF THE WHITE LOTUS** gives a fast-paced and absorbing insight into the real story of Tibetan culture, politics and spirituality
