BATES ALANNAH

The Nickel Boys W. W. Norton & Company

"At once a film book, a history book, and a civil rights book ... without a doubt, not only the very best film book ... but it is also one of the best books of the year in any genre. An absolutely essential read." —Shondaland This unprecedented history of Black cinema examines 100 years of Black movies—from *Gone with the Wind* to Blaxploitation films to *Black Panther*—using the struggles and triumphs of the artists, and the films themselves, as a prism to explore Black culture, civil rights, and racism in America. From the acclaimed author of *The Butler* and *Showdown*. Beginning in 1915 with D. W. Griffith's *The Birth of a Nation*—which glorified the Ku Klux Klan and became Hollywood's first blockbuster—Wil Haygood gives us an incisive, fascinating, little-known history, spanning more than a century, of Black artists in the film business, on-screen and behind the scenes. He makes clear the effects of changing social realities and events on the business of making movies and on what was represented on the screen: from Jim Crow and segregation to white flight and interracial relationships, from the assassination of Malcolm X, to the O. J. Simpson trial, to the Black Lives Matter movement. He considers the films themselves—including *Imitation of Life*, *Gone with the Wind*, *Porgy and Bess*, the Blaxploitation films of the seventies, *Do the Right Thing*, *12 Years a Slave*, and *Black Panther*. And he brings to new light the careers and significance of a wide range of historic and contemporary figures: Hattie McDaniel, Sidney Poitier, Berry Gordy, Alex Haley, Spike Lee, Billy Dee Williams, Richard Pryor, Halle Berry, Ava DuVernay, and Jordan Peele, among many others. An important, timely book, *Colorization* gives us both an unprecedented history of Black cinema and a groundbreaking perspective on racism in modern America.

John Henry Days Univ. Press of Mississippi

From the two-time Pulitzer Prize-winning author of *The Underground Railroad* and *The Nickel Boys* A pandemic has devastated the planet, sorting humanity into two types: the

uninfected and the infected, the living and the living dead. After the worst of the plague is over, armed forces stationed in Chinatown's Fort Wonton have successfully reclaimed the island south of Canal Street—aka Zone One. Mark Spitz is a member of one of the three-person civilian sweeper units tasked with clearing lower Manhattan of the remaining feral zombies. Zone One unfolds over three surreal days in which Spitz is occupied with the mundane mission of straggler removal, the rigors of Post-Apocalyptic Stress Disorder (PASD), and the impossible task of coming to terms with a fallen world. And then things start to go terribly wrong... At once a chilling horror story and a literary novel by a contemporary master, *Zone One* is a dazzling portrait of modern civilization in all its wretched, shambling glory. Look for Colson Whitehead's bestselling new novel, *Harlem Shuffle!*
The Given Day Anchor

In 2011, Grantland magazine gave novelist Colson Whitehead \$10,000 to play at the World Series of Poker in Las Vegas. Whitehead brilliantly details his progress, both literal and existential, through the event's antes and turns, through its gritty moments of calculation, hope, and spectacle. -- back cover.
Modernity beyond Salvage One World

"Terror, disaster, memory, selfhood, happiness . . . leave it to a poet to tackle the unthinkable so wisely and so wittily."* A literary guide to life in the pre-apocalypse, *The Unreality of Memory* collects profound and prophetic essays on the Internet age's media-saturated disaster coverage and our addiction to viewing and discussing the world's ills. We stare at our phones. We keep multiple tabs open. Our chats and conversations are full of the phrase "Did you see?" The feeling that we're living in the worst of times seems to be intensifying, alongside a desire to know precisely how bad things have gotten—and each new catastrophe distracts us from the last. *The Unreality of Memory* collects provocative, searching essays on disaster culture, climate anxiety, and our mounting collective sense of doom. In this new collection, acclaimed poet and essayist Elisa Gabbert explores our obsessions with disasters past and future, from the sinking of the Titanic to Chernobyl, from witch hunts to the plague. These deeply researched, prophetic meditations question how the world will end—if indeed it will—and why we can't stop fantasizing

about it. Can we avoid repeating history? Can we understand our moment from inside the moment? With *The Unreality of Memory*, Gabbert offers a hauntingly perceptive analysis of our new ways of being and a means of reconciling ourselves to this unreal new world. "A work of sheer brilliance, beauty and bravery."

*—Andrew Sean Greer, author of *Less*

One Hundred Years of Black Films in a White World Anchor

"Gut-wrenching force...A majestic, fiery epic. *The Given Day* is a huge, impassioned, intensively researched book that brings history alive." - The New York Times
Dennis Lehane, the New York Times bestselling author of *Live by Night*—now a Warner Bros. movie starring Ben Affleck—offers an unflinching family epic that captures the political unrest of a nation caught between a well-patterned past and an unpredictable future. This beautifully written novel of American history tells the story of two families—one black, one white—swept up in a maelstrom of revolutionaries and anarchists, immigrants and ward bosses, Brahmins and ordinary citizens, all engaged in a battle for survival and power at the end of World War I.

Reading the Zombie in Contemporary Literature Anchor

Even if you've never seen a zombie movie or television show, you could identify an undead ghoul if you saw one. With their endless wandering, lumbering gait, insatiable hunger, antisocial behavior, and apparently memory-less existence, zombies are the walking nightmares of our deepest fears. What do these characteristic behaviors reveal about the inner workings of the zombie mind? Could we diagnose zombism as a neurological condition by studying their behavior? In *Do Zombies Dream of Undead Sheep?*, neuroscientists and zombie enthusiasts Timothy Verstynen and Bradley Voytek apply their neuro-know-how to dissect the puzzle of what has happened to the zombie brain to make the undead act differently than their human prey. Combining tongue-in-cheek analysis with modern neuroscientific principles, Verstynen and Voytek show how zombism can be understood in terms of current knowledge regarding how the brain works. In each chapter, the authors draw on zombie popular culture and identify a characteristic zombie behavior that can be explained using neuroanatomy, neurophysiology, and brain-behavior relationships. Through this exploration they shed light on

fundamental neuroscientific questions such as: How does the brain function during sleeping and waking? What neural systems control movement? What is the nature of sensory perception? Walking an ingenious line between seriousness and satire, *Do Zombies Dream of Undead Sheep?* leverages the popularity of zombie culture in order to give readers a solid foundation in neuroscience.

A Novel Princeton University Press

Book 7 of the much-loved *My Life* series that has the irrepressible Derek Fallon starting his own Youtube web series! Derek Fallon finally found something to get excited about at school—an extracurricular class on making videos! Together with his friends Carly, Matt, and Umberto, Derek can't wait to create his own Youtube web series. But he soon realizes Youtube stardom is a lot of work. On top of that, it's time for his foster monkey Frank to go to monkey college so Derek must scramble to find a reason for Frank to stay with his family—if only a little while longer. Can Derek solve both problems at once? What if Frank became a part of Derek's Youtube videos? Here's another funny and thoughtful novel in the series that centers around most every tween today's pastime—Youtube! Christy Ottaviano Books

#1 New York Times Bestseller - Winner of the Pulitzer Prize - Winner of the National Book Award - Winner of the Andrew Carnegie Medal for Excellence in Fiction - Longlisted for the Man Booker Prize One of the Best books of the Year: The New York Times, The Washington Post, NPR, The Boston Globe, The Seattle Times, HuffPost, Esquire, Minneapolis Star Tribune Look for Whitehead's acclaimed new novel, *The Nickel Boys*, available now Cora is a young slave on a cotton plantation in Georgia. An outcast even among her fellow Africans, she is on the cusp of womanhood--where greater pain awaits. And so when Caesar, a slave who has recently arrived from Virginia, urges her to join him on the Underground Railroad, she seizes the opportunity and escapes with him. In Colson Whitehead's ingenious conception, the Underground Railroad is no mere metaphor: engineers and conductors operate a secret network of actual tracks and tunnels beneath the Southern soil. Cora embarks on a harrowing flight from one state to the next, encountering, like Gulliver, strange yet familiar iterations of her own world at each stop. As

Whitehead brilliantly re-creates the terrors of the antebellum era, he weaves in the saga of our nation, from the brutal abduction of Africans to the unfulfilled promises of the present day. The Underground Railroad is both the gripping tale of one woman's will to escape the horrors of bondage--and a powerful meditation on the history we all share.

[Big Machine](#) Anchor Books

From the two-time Pulitzer Prize-winning author of *The Underground Railroad* and *The Nickel Boys*: a hilarious and supremely original novel set in the Hamptons in the 1980s, "a tenderhearted coming-of-age story fused with a sharp look at the intersections of race and class" (The New York Times). Benji Cooper is one of the few Black students at an elite prep school in Manhattan. But every summer, Benji escapes to the Hamptons, to Sag Harbor, where a small community of Black professionals have built a world of their own. The summer of '85 won't be without its usual trials and tribulations, of course. There will be complicated new handshakes to fumble through and state-of-the-art profanity to master. Benji will be tested by contests big and small, by his misshapen haircut (which seems to have a will of its own), by the New Coke Tragedy, and by his secret Lite FM addiction. But maybe, just maybe, this summer might be one for the ages. Look for Colson Whitehead's bestselling new novel, *Harlem Shuffle!*

Essays on the Living Dead in Modern Culture Simon and Schuster

What to read next is every book lover's greatest dilemma. Nancy Pearl comes to the rescue with this wide-ranging and fun guide to the best reading new and old. Pearl, who inspired legions of litterateurs with "What If All (name the city) Read the Same Book," has devised reading lists that cater to every mood, occasion, and personality. These annotated lists cover such topics as mother-daughter relationships, science for nonscientists, mysteries of all stripes, African-American fiction from a female point of view, must-reads for kids, books on bicycling, "chick-lit," and many more. Pearl's enthusiasm and taste shine throughout.

[Apex Hides the Hurt](#) Anchor

Ricky Rice is a middling hustler with a lingering junk habit, a bum knee, and a haunted mind. A survivor of a suicide cult, he scrapes by as a porter at a bus depot in Utica, New York, until one day a mysterious letter arrives, summoning him to enlist in a band of paranormal investigators comprised of former addicts and petty

criminals, all of whom had at some point in their wasted lives heard what may have been the voice of God. Infused with the wonder of a disquieting dream and laced with Victor LaValle's fiendish comic sensibility, *Big Machine* is a mind-rattling mystery about doubt, faith, and the monsters we carry within us.

Zone One McFarland

The zombie has cropped up in many forms--in film, in television, and as a cultural phenomenon in zombie walks and zombie awareness months--but few books have looked at what the zombie means in fiction. Tim Lanzendörfer fills this gap by looking at a number of zombie novels, short stories, and comics, and probing what the zombie represents in contemporary literature. Lanzendörfer brings together the most recent critical discussion of zombies and applies it to a selection of key texts including Max Brooks's *World War Z*, Colson Whitehead's *Zone One*, Junot Díaz's short story "Monstro," Robert Kirkman's comic series *The Walking Dead*, and Seth Grahame-Smith's *Pride and Prejudice and Zombies*. Within the context of broader literary culture, Lanzendörfer makes the case for reading these texts with care and openness in their own right. Lanzendörfer contends that what zombies do is less important than what becomes possible when they are around. Indeed, they seem less interesting as metaphors for the various ways the world could end than they do as vehicles for how the world might exist in a different and often better form.

Poker, Beef Jerky and Death Simon and Schuster

From his first novel, *The Intuitionist*, in 1999, Colson Whitehead has produced fiction that brilliantly blurs genre and cultural lines to demonstrate the universal angst and integral bonds shared by all Americans. By neglecting to mention a character's racial heritage, Whitehead challenges the cultural assumptions of his readers. His African American protagonists are well educated and upwardly mobile and thus lack some of the social angst that is imposed by racial stratification. Despite the critical acclaim and literary awards Whitehead has received, there have been few in-depth examinations of his work. In *Colson Whitehead: The Postracial Voice of Contemporary Literature*, Kimberly Fain explores the work of this literary trailblazer, discussing how his novels reconstruct the American identity to be inclusive rather than exclusive and thus broaden the scope of who is considered an American. Whitehead attempts this feat by including African Americans among the class of people who may achieve the

American Dream, assuming they are educated and economically mobile. While the conflicts faced by his characters are symptoms of the universal human condition, they assimilate at the expense of cultural alienation and emotional emptiness. In addition to *The Intuitionist*, Fain also examines *John Henry Days*, *Apex Hides the Hurt*, *The Colossus of New York*, *Sag Harbor*, and *Zone One*, demonstrating how they bend genre tropes and approach literary motifs from a postracial perspective. Comparing the author to his African American and American literary forebears, as well as examining his literary ambivalence between post-blackness and postracialism, Colson Whitehead offers readers a unique insight to one of the most important authors of the twenty-first century. As such, this book will be of interest to scholars of African American literature, American literature, African American studies, American studies, multicultural studies, gender studies, and literary theory.

[Do Zombies Dream of Undead Sheep?](#) Electric Literature

From the two-time Pulitzer Prize-winning author of *The Underground Railroad* and *The Nickel Boys* Colson Whitehead's triumphant novel is on one level a multifaceted retelling of the story of John Henry, the black steel-driver who died outracing a machine designed to replace him. On another level it's the story of a disaffected, middle-aged black journalist on a mission to set a record for junketeering who attends the annual John Henry Days festival. It is also a high-velocity thrill ride through the tunnel where American legend gives way to American pop culture, replete with p. r. flacks, stamp collectors, blues men, and turn-of-the-century song pluggers. *John Henry Days* is an acrobatic, intellectually dazzling, and laugh-out-loud funny book that will be read and talked about for years to come. All over the tri-state area, something strange is happening.

Teenagers who die aren't staying dead. They are coming back to life, but they come back different - they stutter and their reactions to everything are slower. Termed 'living impaired' or 'differently biotic', there are lots of conspiracy theories to explain this new phenomenon. But as their numbers keep on growing, so does the discomfort of the living people in the community. When Phoebe falls for Tommy Williams, her best friend and star of the football team, Adam, has conflicting emotions. And when Tommy decides to try out for the football team, it sets off a chain of events that escalates into deadly violence.

[A Questionable Shape](#) Ballantine Books

This New York Times Notable Book from the two-time Pulitzer Prize-winning author of *The Underground Railroad* and *The Nickel Boys* is a brisk, comic tour de force about identity, history, and the adhesive bandage industry. The town of Winthrop has decided it needs a new name. The resident software millionaire wants to call it New Prospera; the mayor wants to return to the original choice of the founding black settlers; and the town's aristocracy sees no reason to change the name at all. What they need, they realize, is a nomenclature consultant. And, it turns out, the consultant needs them. But in a culture overwhelmed by marketing, the name is everything and our hero's efforts may result in not just a new name for the town but a new and subtler truth about it as well.
