produced the system-wide crisis that now engulfs the world. Beginning in the 1970s, profitability pressures led the capitalist class in advanced countries to shift away from investment in industrial production at home toward the higher returns that financial products promised. The Enigma of Capital: and the Crises of Capitalism ... Dr David Harvey's book, The Enigma of

Capital and the Crises of Capitalism, published by Oxford UP in 2010, discusses the flaw in our current economic understanding of capitalism and seems to suggest that a refinement in our understanding of the nature of capitalism can lead to a more egalitarian flow of capital in our global economy.
