SAVANAH GREGORY

Politics Cambridge University Press

This widely-used and highly-acclaimed text provides a comprehensive and balanced introduction to the main theoretical perspectives on nationalism. The 3rd edition has been revised and updated throughout and includes a new chapter on the practical outworking of theory in the contemporary politics of nationalism.

Dogmas and Dreams Cambridge University Press

An accessible and comprehensive guide to the major concepts encountered in political analysis. Each is defined clearly and fully, and its significance for political argument and practice is explored. The introduction explains how political concepts are used and why they are so often abused.

Political Ideologies in the Modern World Macmillan International Higher Education

Stimulating, succinct, and accessible, this highly successful text offers a truly comprehensive introduction to the study of politics, written from an international perspective. This third edition of *Politics* has a new chapter on the mass media and political communication and contains substantial new material on developments such as the "War on Terror," identity politics and multiculturalism, and state transformation. It also takes into account throughout of the increasing importance of the global dimension of politics, and features new boxed material on major thinkers and key concepts.

Political Theory: An Introduction Palgrave Macmillan

This text provides a broad-ranging thematic introduction to the Western tradition of political thought. Following a chronological introductory chapter illustrated with charts of key thinkers and works for each period, the core chapters focus on central issues in political theory: the ends of politics; the location of political power; the exercise of political authority and challenges to it. The thematic organization of the book combines detailed coverage of such "great names" as Plato, Aristotle, Aquinas, Machiavelli, Hobbes, Locke, Rousseau, Marx and Mill with assessments of the contributions of an exceptionally wide range of other theorists. The ideas of various thinkers are clearly related to one another and to the different contexts in which they were produced.

Key Concepts in Politics and International Relations Bloomsbury Publishing

The 5th edition of this best-selling textbook provides a systematic and comprehensive introduction to the main theoretical approaches in the study of international relations. While maintaining focus on the core theories and assessing the importance of theory in the study of International Relations, this

edition has been updated throughout to take account of major events and developments, such as the Arab Spring and to reflect the developments in the field, including new material on neo-realism and neo-liberalism, post-colonialism and cosmopolitanism. Each chapter is written by a leading expert on the theory, elucidating the concepts and its application to field coverage whilst maintaining an objective perspective in their evaluations. This text can be used as reference work for particular theories, or as a tool to learn the use and importance of theory, as well as the particulars of each school of thought. This text is accessible to students on courses across the world, and it assumes no prior knowledge of any of the theories, making it the ideal companion as students begin studying theories of International Relations, whether at undergraduate or Master's level.

The Oxford Handbook of Political Ideologies Routledge

Providing a comprehensive introduction to political philosophy, this 2006 book combines discussion of historical and contemporary figures, together with numerous real-life examples. It ranges over an unusually broad range of topics in the field, including the just distribution of wealth, both within countries and globally; the nature and justification of political authority; the meaning and significance of freedom; arguments for and against democratic rule; the problem of war; and the grounds for toleration in public life. It also offers an accessible, non-technical discussion of perfectionism, utilitarianism, theories of the social contract, and of recently popular forms of critical theory. Throughout, the book challenges readers to think critically about political arguments and institutions that they might otherwise take for granted. It will be a provocative text for any student of philosophy or political science.

An Introduction Palgrave MacMillan

Latest update of this internationally popular anthology from George Ritzer.

An Introduction to Political Philosophy Macmillan International Higher Education

The new third edition of the highly successful text has been revised and updated throughout to take account of new issues such as identity and difference, globalization and multiculturalism. The book provides a clear and accessible introduction to political theory and key concepts in political analysis. Each chapter discusses a cluster of interrelated terms, examines how they have been used by different thinkers and in the various political traditions, and explores related debates and controversies.

Political Ideologies Chatham House Pub

"This book provides an engaging and intellectually challenging introduction to political ideologies, while at the same time giving an accessible route into the subject for those new to politics. Supported by an outstanding companion website, it has strong

claims to be the best undergraduate textbook on ideologies on the market." Dr. Mike Gough, University of East Anglia
Introduction to Political Theory is a text for the 21st century. It shows students why an understanding of theory is crucial to an understanding of issues and events in a rapidly shifting global political landscape. Bringing together classic and contemporary political concepts and ideologies into one book, this new text introduces the major approaches to political issues that have shaped the modern world, and the ideas that form the currency of political debate. *Introduction to Political Theory* relates political ideas to political realities through effective use of examples and cases studies making theory lively, contentious and relevant. This thoroughly revised and updated second edition contains new chapters on global justice and political violence, as well as an expanded treatment of globalisation and the state. A wide range of pedagogical features helps to clarify, extend and apply students' understanding of the fundamental ideologies and concepts. This is comprised of:

- Case studies demonstrate how political ideas, concepts and issues manifest in the real world
- 'Focus' boxes encourage students to appreciate alternative viewpoints
- A range of thought provoking photographs challenge students to examine concepts from a different angle
- Suggestions for further reading and weblinks are also provided to help students to further their understanding

Introduction to Political Theory is accompanied by an innovative website with multiple choice questions, biographies of key figures in political theory, further case studies and an innovative 'how to read' feature which helps students get to grips with difficult primary texts.

Democracies of the Modern World Routledge

Thoroughly revised and updated, this third edition provides a comprehensive account of the major political ideologies of the past two centuries. Provides an expanded and thoroughly updated account of the major political ideologies of the past two centuries, including liberalism, conservatism, socialism, anarchism, fascism, feminism, environmentalism, and nationalism. Features a brand new chapter on fundamentalism, along with greater emphasis on the global impact of ideologies in general. Examines the complex overlap and interplay of ideas that exist both within and between ideologies. Incorporates the newest developments and scholarship in the field, and includes a helpful new glossary of key terms.
An Introduction Macmillan International Higher Education
 The new third edition of the highly successful text has been revised and updated throughout to take account of new issues such as identity and difference, globalization and multiculturalism. The book provides a clear and accessible introduction to political theory and key concepts in political analysis. Each chapter discusses a cluster of interrelated terms, examines how they have been used by different thinkers and in

the various political traditions, and explores related debates and controversies.

A Reader in Modern Political Ideologies Macmillan International Higher Education

This new textbook from best-selling politics author Andrew Heywood investigates the ideas that have dominated political thinking across the globe, and examines the different ways in which they have been interpreted and reinterpreted. Written in an accessible and engaging style, it covers the key ideological traditions, offering an exposition of their history and development, their core themes and internal divisions and their impact on contemporary political behaviour, movements, parties and governments. This new introduction is written specifically for the new A Level syllabus in Political Ideas and covers all the issues and topics in the Edexcel and AQA specifications. It includes a range of useful features to help students develop and apply their understanding of ideas, ideologies and thinkers.

Modern Political Ideologies Routledge

This third edition has been comprehensively updated to reflect the large changes in scientific knowledge and policy debates on climate change since the previous edition in 2009. It provides a concise but thorough overview of the science, technology, economics, policy, and politics of climate change in a single volume. It explains how scientific and policy debates work, outlines the scientific evidence for the reality and seriousness of climate change and the basic atmospheric science that supports it, and discusses policy options and the current state of the policy debate. By pulling these elements together, the book explains why the issue can be so confusing and provides guidance on practical routes forward. Anyone interested in climate change, the global environment, or how science is used in policy debates should read this book. It is the ideal textbook for undergraduate or graduate courses in environmental policy and climate change.

Political Ideologies Macmillan International Higher Education

This is a textbook for the AS level in government and politics covering all topics in the Edexcel and AQA syllabi and the core requirements of other boards. It is packed with features to aid learning and revision.

Political Ideas and Concepts Palgrave Macmillan Limited

Fully revised and updated third edition of a popular, established textbook, providing a definitive introduction to Britain's politics, political institutions and processes. Comprehensively re-worked

and re-structured to better align with courses, this new edition places great emphasis on the changing context of British politics while addressing key themes such as the ongoing importance of gender and ethnicity to political and social life in Britain.

Furthermore, the book's familiar authoritative style has been retained with a fresh look and revitalized pedagogical features to provide a complete learning package. The book is designed for courses on or related to British Politics. Its accessible style and context-setting Part 1 will make it ideal for students new to the field (particularly those who haven't studied the subject at school level or international students), but its rigour will stimulate and engage more experienced students.

Global Politics Bloomsbury Publishing

The new third edition of the highly successful text has been revised and updated throughout to take account of new issues such as identity and difference, globalization and multiculturalism. The book provides a clear and accessible introduction to political theory and key concepts in political analysis. Each chapter discusses a cluster of interrelated terms, examines how they have been used by different thinkers and in the various political traditions, and explores related debates and controversies.

Global Politics Routledge

The new edition of this leading overview of comparative politics once again blends theory and evidence across democratic systems to provide unparalleled coverage. The student-friendly structure and clear, concise writing ensure that complex issues are clearly explained and students engage with the key theories. The third edition is updated throughout, with a new chapter, 'Public Spending and Public Policies', increased coverage of defective democracies, and revised coverage of e-democracy and the power of the media. The pedagogy is simplified with a focus on 'Briefings' and 'Controversies' that feature examples from across the globe, alongside clear key terms, 'What We Have Learned' and 'Lessons of Comparison' sections, and a wealth of online materials to complete a rich teaching and learning package.

An Introduction Palgrave

The 2nd edition of *Global Politics: A New Introduction* continues to provide a completely original way of teaching and learning about world politics. The book engages directly with the issues in global

politics that students are most interested in, helping them to understand the key questions and theories and also to develop a critical and inquiring perspective. Completely revised and updated throughout, the 2nd edition also offers additional chapters on key issues such as environmental politics, nationalism, the internet, democratization, colonialism, the financial crisis, political violence and human rights. *Global Politics: Examines the most significant issues in global politics – from war, peacebuilding, terrorism, security, violence, nationalism and authority to poverty, development, postcolonialism, human rights, gender, inequality, ethnicity and what we can do to change the world* Offers chapters written to a common structure which is ideal for teaching and learning and features a key question, an illustrative example, general responses and broader issues Integrates theory and practice throughout the text, by presenting theoretical ideas and concepts in conjunction with a global range of historical and contemporary case studies Drawing on theoretical perspectives from a broad range of disciplines including international relations, political theory, postcolonial studies, sociology, geography, peace studies and development this innovative textbook is essential reading for all students of global politics and international relations.

Theories of Nationalism Pearson Education India

This informative and widely-used text is now available in a third edition. Building on the success of previous editions, it continues to provide a clear and accessible introduction to the complexities of political ideologies. The latest edition of *Political Ideologies: introduces and considers the future of all the most widely studied ideologies: liberalism; conservatism; socialism; democracy; nationalism; fascism; ecologism and feminism sets each ideology clearly within its historical and political context includes a new final chapter that examines the impact of recent theoretical developments of ideologies and charts the challenges that they face in the twenty-first century has been fully revised and updated and provides an annotated guide for further reading.*

A Critical Introduction Palgrave

Updated to cover the period up to and including the 2015 General Election, the new edition of this best-selling AS-level text covers all topics in the Edexcel and AQA syllabi and the core requirements of other boards. Written by a top textbook author and chief examiner, it is packed with features to aid learning and revision.
