Siamo di fronte a una prospettiva apocalittica: l'estinzione degli italiani, la loro sparizione dalla storia a causa di un crollo demografico che sta diventando irrimediabile. Intanto i nostri politici fischiettano con noncuranza, assorbiti dalla contesa delle poltrone, mentre lasciano che un fiume di migranti, di diversa cultura e religione, sbarchi e si insedi nella penisola e mentre, da tempo, hanno deliberato una cessione di poteri che fa venir meno l'indipendenza nazionale e la sovranità popolare. Con la sudditanza ai mercati finanziari, con la perdita di sovranità monetaria (per l'euro) e di sovranità politica (per l'Unione europea dopo Maastricht) si è assestato un durissimo colpo allo stato sociale e all'economia italiana e si riduce progressivamente lo stato nazionale a un fantasma. Nel quale infatti gli elettori e i cittadini percepiscono di contare sempre meno. Antonio Socci compie un affascinante viaggio nella storia d'Italia mostrando che il tradimento delle élite e la "chiamata dello straniero" hanno "ferito" per molti secoli la nostra storia nazionale. Il popolo italiano ha sempre reagito esprimendo la sua straordinaria genialità, che ha illuminato il mondo in tutti i campi del sapere, della vita e dell'arte (e anche con i suoi santi). Soprattutto la nostra grande letteratura ha tenuto vivi l'identità nazionale e il grido di protesta per i tanti eserciti stranieri che hanno trasformato il "Bel Paese" nel loro campo di battaglia. In particolare ha tenuto desto il senso di appartenenza a una storia millenaria e a un'identità che affonda le sue radici nei popoli italici preromani e nella Roma classica e cristiana. Radici culturali e identità nazionale che oggi una pervasiva ideologia tenta di delegittimare, di offuscare o addirittura di negare. Questo libro è anche un'accorata dichiarazione d'amore all'Italia e un'esortazione a non accettare la sua liquidazione e il tramonto dell'Occidente. *Creating East and West* Penguin Books

"Utterly sublime . . . Aduatells a gripping story of war, migration and family, exposing us to the pain and hope that reside in each encounter" (Maaza Mengiste, author of *The Shadow King*). Adua, an immigrant from Somalia, has lived in Italy nearly forty years. She came seeking freedom from a strict father and an oppressive regime, but her dreams of becoming a film star ended in shame. A searing novel about a young immigrant woman's dream of finding freedom in Rome and the bittersweet legacies of her African past. "Lovely prose and memorable characters make this novel a thought-provoking and moving consideration of the wreckage of European oppression." —Publishers Weekly (starred review) "Igiaba Scego is an original voice who connects Italy's present with its colonial past. Adua is an important novel that obliges the country to confront both memory and truth." —Amara Lakhous, author of *Dispute over a Very Italian Piglet* "This book depicts the soul and the body of a daughter and a father, illuminating words that are used every day and swiftly emptied

of meaning: migrants, diaspora, refugees, separation, hope, humiliation, death." —Panorama "A memorable, affecting tale . . . Brings the decolonialization of Africa to life . . . All the more affecting for being told without sentimentality or self-pity." —ForeWord Reviews "Deeply and thoroughly researched . . . Also a captivating read: the novel is sweeping in its geographical and temporal scope, yet Scego nonetheless renders her complex protagonists richly and lovingly." —Africa Is a Country

Ioannis Antiocheni fragmenta quae supersunt omnia Rizzoli

Data in hand, this volume offers an accurate analysis of the economic situation of the Kingdom of the Two Sicilies from its establishment to its dissolution by the Savoyard army. A must-read for anyone who wants to deepen the historical context in which the economy of the Bourbon kingdom developed, and the numerous economic and industrial achievements it managed to achieve before its annexation to the Kingdom of Italy.

Literature and the Gods Traditi, sottomessi, invas. L'estinzione di un popolo senza figli, senza lavoro, senza futuro

The central concern of these eight studies and essays is the understanding and critique of culture at the shifty boundaries between the Modern and the Postmodern epochs. The author contends that what needs to be addressed is the very abyss, the "spacetime" between the Modern and the Postmodern worldviews, as well as the tension between aesthetics and ethics, critical discourse and the creative arts, in an effort to rethink multireferential processes of signification. The keystone of the book is Carravetta's notion of Diaphoristics, a theory of interpretation as dialogue. Diaphora, or difference, refers to the ancient quarrel between poetry and philosophy and signifies the movement between asymmetrical or heterogeneous forms of discourse that have, both historically and speculatively, borne the transfer of meaning from one semantic/hermeneutic field to another. The author focuses on the necessary risk and duplicity of criticism and develops nonagonistic models based on figuration and rhetorical dynamics. In two other chapters, the author steps back to reassess, in terms of the diaphora, the diverging notions of Postmodernity by the continental philosophers Lyotard and Vattimo. The collection ends with an essay on the long-overdue conversation between Vico and Heidegger.

Shakespeare Beyond Doubt Peter Owen Limited

Come si vive oggi in Italia? Dove sta andando il Paese, e perch? Una riflessione sui vizi e sulle virt? degli Italiani nei giorni della globalizzazione. Vizi che stanno portando la Penisola sempre pi? indietro rispetto agli altri Paesi. E virt? dimenticate e sbeffeggiate. La sociobiologia insegna che se ? vero che all'interno di un gruppo l'egoismo batte l'altruismo, i gruppi altruistici battono i gruppi egoistici. Un Paese di "fessi" va meglio di un Paese di furbi. Per tornare a crescere occorre riscoprire le virt? dimenticate. Dare di nuovo importanza all'etica, e smettere di premiare i comportamenti amorali. Dare di nuovo importanza all'istruzione, e premiare il merito. Ascoltare le donne e dare loro quello

che chiedono - lavoro e servizi - per risolvere il problema demografico e accrescere il Pil e il benessere. L'Italia di sempre ? la versione aggiornata di alcuni capitoli di Che cosa si dice dell'Italia.

The Spirituality of the Medieval West Routledge

Questions keep arising about what really happened in 2013 with the surprising "resignation" of Benedict XVI, his decision to remain on as "pope emeritus," and thus the presence of two popes living side-by-side. In this compelling work, Socci investigates the mysterious mission to which Benedict XVI has felt called in service of the Church.

The Fourth Secret of Fatima Aeterna Press

The Safavid World brings together thirty chapters on many aspects of the complex Safavid state, 1501-1722. With the latest insights and arguments, some offer overviews of the period or topic at hand, and others present new interpretations of old questions based on newly found sources. In addition to political history and religious life, the chapters in this volume cover economic conditions, commercial links and activities, social relations, and artistic expressions. They do so in ways that stretch both the temporal and geographical perimeters of the subject, and contributors also examine Safavid Iran with an eye to both its Mongol and Timurid antecedents and its long afterlife following the fall of the dynasty. Unlike traditional scholarship which tended to view the country as unique, sui generis, and barely affected by the outside world, The Safavid World situates Iran in a wider, regional or global context. Examining the Safavids from their foundations in the fourteenth century to their relations with the rest of the world in the eighteenth century, this study is essential reading for undergraduates, postgraduates, and scholars of the Safavid world and the history and culture of Iran and the Middle East.

Medieval Callings Saggi italiani

Shakespeare and the Italian Renaissance investigates the works of Shakespeare and his fellow dramatists from within the context of the European Renaissance and, more specifically, from within the context of Italian cultural, dramatic, and literary traditions, with reference to the impact and influence of classical, coeval, and contemporary culture. In contrast to previous studies, the critical perspectives pursued in this volume's tripartite organization take into account a wider European intertextual dimension and, above all, an ideological interpretation of the 'aesthetics' or 'politics' of intertextuality. Contributors perceive the presence of the Italian world in early modern England not as a traditional treasure trove of influence and imitation, but as a potential cultural force, consonant with complex processes of appropriation, transformation, and ideological opposition through a continuous dialectical interchange of compliance and subversion.

Paths to Hope and Recovery in a Violent World G Giappichelli Editore

THE family from which I am derived is not an ignoble one, but hath descended all along from the priests; and as nobility among several people is of a different origin, so with us to be of the sacerdotal dignity, is an indication of the splendor of a family. Now, I am not only sprung from a sacerdotal family in general, but from the first of the twenty-four courses; and as among us there is not only a considerable difference between one family of each course and another, I am of the chief

family of that first course also; nay, further, by my mother I am of the royal blood; for the children of Asamoneus, from whom that family was derived, had both the office of the high priesthood, and the dignity of a king, for a long time together. I will accordingly set down my progenitors in order.

Aeterna Press

A Shortened History of England Cambridge University Press

This is the extended and annotated edition including * an extensive annotation of almost 10.000 words about the oracles in religion * an interactive table-of-contents * perfect formatting for electronic reading devices THE Sibyls occupy a conspicuous place in the traditions and history of ancient Greece and Rome. Their fame was spread abroad long before the beginning of the Christian era. Heraclitus of Ephesus, five centuries before Christ, compared himself to the Sibyl "who, speaking with inspired mouth, without a smile, without ornament, and without perfume, penetrates through centuries by the power of the gods." The ancient traditions vary in reporting the number and the names of these weird prophetesses, and much of what has been handed down to us is legendary. But whatever opinion one may hold respecting the various legends, there can be little doubt that a collection of Sibylline Oracles was at one time preserved at Rome. There are, moreover, various oracles, purporting to have been written by ancient Sibyls, found in the writings of Pausanias, Plutarch, Livy, and in other Greek and Latin authors. Whether any of these citations formed a portion of the Sibylline books once kept in Rome we cannot now determine; but the Roman capitol was destroyed by fire in the time of Sulla (B. C. 84), and again in the time of Vespasian (A. D. 69), and whatever books were at those dates kept therein doubtless perished in the flames. It is said by some of the ancients that a subsequent collection of oracles was made, but, if so, there is now no certainty that any fragments of them remain.

Job and the Excess of Evil Baylor University Press

Did Shakespeare write Shakespeare? This authoritative collection of essays brings fresh perspectives to bear on an intriguing cultural phenomenon.

Place, "Race," Politics Walter de Gruyter

These essays by eleven internationally renowned historians present nuanced profiles of the major social and professional groups—the callings-of the Middle Ages. The contributors focus on attitudes of medieval men and women toward their own society. Through a variety of techniques, from a reading of the Song of Roland to a reading of administrative records, they identify characteristic viewpoints of members of the fighting class, the clergy, and the peasantry. Along with vivid descriptions of what life was like for warrior knights, monks, high churchmen, criminals, lepers, shepherds, and prostitutes, this innovative approach offers a valuable new perspective on the complex social dynamics of feudal Europe. "Very useful discussions of texts, both learned and literary."—Christopher Dyer, Times Literary Supplement Contributors: Mariateresa Fumagalli Beonio Brocchieri, Franco Cardini, Enrico Castelnuovo, Giovanni Cherubini, Bronislaw Geremek, Aron Ja. Gurevich, Christiane Klapisch-Zuber, Jacques Le Goff, Giovanni Miccoli, Jacques Rossiaud, and André Vauchez.

Sainthood in the Later Middle Ages University of Chicago Press

The fundamental question of political theory, one that precedes all other questions about the nature of political life, is why there is a state at all. This book describes the foundations of stateless

societies, why and how states emerge, and the basis of political obligation.

Healing Invisible Wounds Oxford University Press, USA

There is no more fundamental resource than water. The basis of all life, water is fast becoming a key issue in today's world, as well as a source of conflict. This fascinating book, which sets out many of the ingenious methods by which ancient societies gathered, transported and stored water, is a timely publication as overextraction and profligacy threaten the existence of aquifers and watercourses that have supplied our needs for millennia. It provides an overview of the water technologies developed by a number of ancient civilizations, from those of Mesopotamia and the Indus valley to later societies such as the Mycenaeans, Minoans, Persians, and the ancient Egyptians. Of course, no book on ancient water technologies would be complete without discussing the engineering feats of the Romans and Greeks, yet as well as covering these key civilizations, it also examines how ancient American societies from the Hohokams to the Mayans and Incas husbanded their water supplies. This unusually wide-ranging text could offer today's parched world some solutions to the impending crisis in our water supply. "This book provides valuable insights into the water technologies developed in ancient civilizations which are the underpinning of modern achievements in water engineering and management practices. It is the best proof that "the past is the key for the future." Andreas N. Angelakis, Hellenic Water Supply and Sewerage Systems Association, Greece "This book makes a fundamental contribution to what will become the most important challenge of our civilization facing the global crisis: the problem of water. Ancient Water Technologies provides a complete panorama of how ancient societies confronted themselves with the management of water. The role of this volume is to provide, for the first time on this issue, an extensive historical and scientific reconstruction and an indication of how traditional knowledge may be employed to ensure a sustainable future for all." Pietro Laureano, UNESCO expert for ecosystems at risk, Director of IPOGEA-Institute of Traditional Knowledge, Italy

Methodologies and Practices Lulu.com

The Genius of Shakespeare is a new kind of biography: a biography of Shakespeare's talent and reputation, beyond the limits of his actual life. Part One explores the origins and development of his works, Part Two traces their effects on succeeding generations, and demonstrates how Shakespeare came to be regarded as the supreme dramatist.

Ancient Water Technologies Cambridge University Press

This is the book that has been electrifying Rome and the rest of Europe for three years! This

fascinating inquiry into the theories and the truths of the most disconcerting mystery of the 20th Century was a huge best-seller in Europe. On June 26, 2000, Vatican officials (including Cardinal Bertone) released what they claim was the Third Secret of Fatima. They further said that it was a prediction of the attempted assassination of Pope John Paul II in 1981. Antonio Socci, an acclaimed Italian journalist and television personality, originally sided with the Vatican's interpretation of the Third Secret. Upon closer investigation of this matter, the evidence led him to the conclusion that there is another document of the Third Secret containing the actual words of Our Lady. So far, the Vatican is still hiding this text while claiming that all is released. Antonio Socci, for the first time, in this book produces the testimony of a still-living witness from the inner circle of Pope John XXIII, to prove his point. This book has caused a public sensation and debate. Far from being a "dead issue" the urgent message of Our Lady to the shepherd children of Fatima is now being more critically discussed and examined than ever before.

Bagheria Jazzybee Verlag

This is a standard work of reference for the study of the religious history of western Christianity in the later middle ages which, since its original publication in French in 1981, has come to be regarded as one of the great contributions to medieval studies of recent times. Hagiographical texts and reports of the processes of canonisation - a mode of investigation into saints' lives and their miracles implemented by the popes from the end of the twelfth century - are here used for the first time as major source materials. The book illuminates the main features of the medieval religious mind, and highlights the popes' attempts to gain firmer control over the wide variety of expressions of faith towards the saints in order to promote a higher pattern of devotion and moral behaviour among Christians.

Appropriation, Transformation, Opposition Vintage

In this seminal and provocative work, Nemo returns to the Old Testament and the Book of Job to examine a variety of themes, including personal suffering, the problem of evil and the phenomenology of anxiety. A book filled with biblical insights and remarkable conclusions.

The Safavid World Ali Ribelli Edizioni

Fernando Pessoa is Portugal's most important contemporary poet. He wrote under several identities, which he called heteronyms: Albet Caeiro, Alvaro de Campos, Ricardo Reis, and Bernardo Soares. He wrote fine poetry under his own name as well, and each of his "voices" is completely different in subject, temperament, and style. This volume brings back into print the comprehensive collection of his work published by Ecco Press in 1986.
