The updated second edition of Historical Dictionary of Slovakia offers cross-referenced dictionary entries on Slovak political, social, and economic development since the creation of the second Slovak Republic in 1993 and its admission into the European Union in 2004. Entries describe presidents, prime ministers, and party leaders, and many leading academics and cultural personalities, including those from the national minorities. The dictionary also contains entries on the various institutions of the Slovak Republic, such as the judiciary system, armed forces, media, and parliamentary committees and explains Slovakia's position and role in international organizations like NATO and the European Union. The historical survey explains how Slovakia, in its post-Communist transformation, was almost excluded from these institutions, but eventually became a full-member. This second edition adds fresh personalities, concepts, and events that marked this nation's struggle for survival over the centuries. The bibliography is expanded, containing the most

recent works in Western languages and seminal publications in the Slovak language on various aspects of Slovakia's history. It enables the scholar and the researcher access to the background and the role of most of the institutions and figures of contemporary Slovakia.

New Trends in Process Control and Production Management Macmillan

The leading reference in the field of geriatric care, Brocklehurst's Textbook of Geriatric Medicine and Gerontology, 8th Edition, provides a contemporary, global perspective on topics of importance to today's gerontologists, internal medicine physicians, and family doctors. An increased focus on frailty, along with coverage of key issues in gerontology, disease-specific geriatrics, and complex syndromes specific to the elderly, makes this 8th Edition the reference you'll turn to in order to meet the unique challenges posed by this growing patient population. Consistent discussions of clinical manifestations, diagnosis, prevention, treatment, and more make reference quick and easy. More than 250 figures, including algorithms, photographs, and tables, complement the text and help you find what you need on a given condition. Clinical relevance of the latest scientific findings helps you easily apply the material to everyday practice.

A new chapter on frailty, plus an emphasis on frailty throughout the book, addresses the complex medical and social issues that affect care, and the specific knowledge and skills essential for meeting your patients' complex needs. New content brings you up to date with information on gerontechnology, emergency and pre-hospital care, HIV and aging, intensive treatment of older adults, telemedicine, the built environment, and transcultural geriatrics. New editor Professor John Young brings a fresh perspective and unique expertise to this edition.

Tenancy Law and Housing Policy in Europe Central Intelligence Agency

In this stunning biography, Josette Baer re-traces the eventful life of the Slovak politician Vavro Srobár, the principal figure in the implementation of Czechoslovak democracy in Slovakia.

Spanning from his student days and his fight for Slovak civil rights in Upper Hungary via his ministerial positions during the First Czechoslovak Republic to his active resistance against German fascism, Baer's research paints a most comprehensive picture. Based on rich archive material available to the English-reading public for the first time, Baer shows how Srobár's political thought and activities shaped the turbulent history of Czechoslovakia in the first half of the 20th century. Offering unique insights into the political past of a country whose history remains largely under-researched, this book is a must-read for anyone interested in the region.

Conflict with Russia Rowman & Littlefield

The UK Independence Party (Ukip) is the most significant new force in British politics for a generation. Under the leadership of Nigel Farage, the party has enjoyed a remarkable rise, winning the 2014 European Parliament elections as well as two parliamentary by-elections, and attracting mainstream defectors to achieve major party status. By the time of the 2015 general election, Farage and Ukip stood on the threshold of becoming a major force at Westminster. This account is a must-read for anyone interested in the inside story of Ukip's quest to change British politics during one of the most unpredictable and dramatic elections in recent history. Based on unprecedented access to the party and its key players, the book pulls back the curtain on one of the most intriguing campaigns in living memory. It includes behind the scenes observations from the campaign trail and more than one hundred interviews - with leading Ukip insiders such as Nigel Farage, Douglas Carswell, and Mark Reckless, as well as major donors, strategists, and figures from across the political landscape as they grappled with Ukip's rise. Matthew Goodwin and Caitlin Milazzo reveal what really happened during the 2015 election campaign and in the by-elections and defections which preceded it, providing detailed accounts of the critical moments that shaped both the election itself and British politics more widely. The book also makes extensive use of British Election Study data from over five decades to answer important questions about the rise of Ukip and what it signifies. Who voted for Ukip and why? How are political loyalties in Britain changing over time? What are the deeper currents that have made Ukip's rise possible and will continue to shape its future? And what does the party's campaign for power reveal about the current evolution of British politics and society? UKIP takes readers inside the campaign, telling for the first time the exciting inside story of a new party attempting to redraw the map of British politics.

The World of Lore: Wicked Mortals Xlibris Corporation
Analyzes the causes, process, and consequences of Czechoslovakia's 1993 separation into the new independent states of Czech and Slovakia.

A Most Wanted Man Cambridge Scholars Publishing

This book provides a comprehensive analysis of the Chinese-Russian bilateral relationship, grounded in a historical

perspective, and discusses the implications of the burgeoning 'strategic partnership' between these two major powers for world order and global geopolitics. The volume compares the national worldviews, priorities, and strategic visions for the Chinese and Russian leadership, examining several aspects of the relationship in detail. The energy trade is the most important component of economic ties, although both sides desire to broaden trade and investments. In the military realm, Russia sells advanced arms to China, and the two countries engage in regular joint exercises. Diplomatically, these two Eurasian powers take similar approaches to conflicts in Ukraine and Syria, and also cooperate on non-traditional security issues including preventing coloured revolutions, cyber management, and terrorism. These issue areas illustrate four themes. Russia and China have common interests that cement their partnership, including security, protecting authoritarian institutions, and re-shaping aspects of the global order. They are key players not only influencing regional issues, but also international norms and institutions. The Sino-Russian partnership presents a potential counterbalance to the United States and democratic nations in shaping the contemporary and emerging geopolitical landscape. Nevertheless, the West is still an important partner for China and Russia. Both seek better relations with the West, but on the basis of 'mutual respect' and 'equality'. Lastly, Russia and China have frictions in their relationship, and not all of their interests overlap. The Sino-Russian relationship has gained considerable momentum, particularly since 2014 as Moscow turned to Beijing attempting to offset tensions with the West in the aftermath of Russia's annexation of Crimea and intervention in Ukraine. However, so far, China and Russia describe their relationship as a comprehensive 'strategic partnership', but they are not 'allies'.

Twenty Years of Independence, 1993-2013 McFarland

Tenancy law has developed in all EU member states for decades, or even centuries, but constitutes a widely blank space in comparative and European law. This book fills an important gap in the literature by considering the diverse and complex panorama of housing policies, markets and their legal regulation across Europe. Expert contributors argue that while unification is neither politically desired nor opportune, a European recommendation of best practices including draft rules and default contracts implementing a regulatory equilibrium would be a rewarding step forward.

The Czecho-Slovak Struggle for Independence, 1914-1920 McFarland

How could it happen that continental Europe became a "Europe of the Dictatorships" in the twentieth century? It requires some effort to understand such processes. It is insufficient to observe merely the dictatorships and their mechanisms, one must also incorporate the seemingly harmless history leading up to that time and, above all, the transitions that took place. The book begins with a description of the historical situation after the First World War. Europe's brutalization through colonial wars and inter-European conflicts, carried out using means of mass extermination, led to fractures in civilized cultures. What follows in the second section is another state-by-state organized design of the transition from countries that were fascist (and countries that were made fascist) into communist states established in accordance with the Soviet model. The third part of the book is devoted to the history of the "Eastern Bloc" states from 1953 to 2013.

Slovakia Oxford University Press

The demise of state Socialisms caused radical social, cultural and economic changes in Eastern Europe. Since then, young people have been confronted with fundamental disruptions and transformations to their daily environment, while an unsettling,

globalized world substantially reshapes local belongings and conventional values. In times of multiple instabilities and uncertainties, this volume argues, young people prefer to try to adjust to given circumstances than to adopt the behaviour of potential rebellious, adolescent role models, dissident counter-cultures or artistic breakings of taboo. *Eastern European Youth Cultures in a Global Context* takes this situation as a starting point for an examination of generational change, cultural belongings, political activism and everyday practices of young people in different Eastern European countries from an interdisciplinary perspective. It argues that the conditions of global change not only call for a differentiated evaluation of youth cultures, but also for a revision of our understanding of 'youth' itself – in Eastern Europe and beyond.

A Political and Constitutional History : with Documents Oxford University Press

The Handbook of Polish, Czech, and Slovak Holocaust Fiction aims to increase the visibility and show the versatility of works from East-Central European countries. It is the first encyclopedic work to bridge the gap between the literary production of countries that are considered to be main sites of the Holocaust and their recognition in international academic and public discourse. It contains over 100 entries offering not only facts about the content and motifs but also pointing out the characteristic fictional features of each work and its meaning for academic discourse and wider reception in the country of origin and abroad. The publication will appeal to the academic and broader public interested in the representation of the Holocaust, anti-Semitism, and World War II in literature and the arts. Besides prose, it also considers poetry and theatrical plays from 1943 through 2018. An introduction to the historical events and cultural developments in Poland, Czechoslovakia, Czech, and Slovak Republic, and their impact on the artistic output helps to contextualise the motif changes and fictional strategies that authors have been applying for decades. The publication is the result of long-term scholarly cooperation of specialists from four countries and several dozen academic centres.

European Dictatorships Carried Publication

The 2022 edition of this annual bestseller has been completely revised and updated, with new features including the origins and destinations of migrants, the prevalence of paramilitary forces, levels of slum populations and a range of indicators tracking the effects of covid-19, among many others. It provides rankings on more than 200 topics covering 188 countries, together with detailed statistical profiles of 64 of the world's major economies, plus the euro area and the world itself, and challenges readers to test their knowledge with a quiz. If you want to know » which country imports the most arms » the countries with the highest life expectancy » where most mammal species are under threat » which country normally hosts most tourists » where to get the highest broadband speed » who has the highest percentage of covid-19 vaccinations this edition of *Pocket World in Figures* has the answers.

The defense policies of new NATO and EU member states Walter de Gruyter GmbH & Co KG

A chilling, lavishly illustrated who's who of the most despicable people ever to walk the earth, featuring stories from the Lore podcast—now a streaming television series—including “Black Stockings,” “Half-Hanged,” and “The Castle,” as well as rare material. Some monsters are figments of our imagination. Others are as real as flesh and blood: humans who may look like us, who may walk among us, often unnoticed, occasionally even admired—but whose evil deeds and secret lives, once revealed, mark them as something utterly wicked. In this illustrated volume from the host of the hit podcast Lore, you'll find tales of infamous

characters whose veins ran with ice water and whose crimes remind us that truth can be more terrifying than fiction. Aaron Mahnke introduces us to William Brodie, a renowned Scottish cabinetmaker who used his professional expertise to prey on the citizens of Edinburgh and whose rampant criminality behind a veneer of social respectability inspired Robert Louis Stevenson's classic novella *Strange Case of Dr. Jekyll and Mr. Hyde*. Then there's H. H. Holmes, a relentless and elusive con artist who became best known as the terror of Chicago's 1893 World's Fair when unwitting guests were welcomed into his “hotel” of horrors . . . never to be seen again. And no rogues' gallery could leave out Bela Kiss, the Hungarian tinsmith with a taste for the occult and a collection of gasoline drums with women's bodies inside. Brimming with accounts of history's most heinous real-life fiends, this riveting best-of-the-worst roundup will haunt your thoughts, chill your bones, and leave you wondering if there are mortal monsters lurking even closer than you think. The World of Lore series includes: **MONSTROUS CREATURES • WICKED MORTALS • DREADFUL PLACES**

Part I & Edward Elgar Publishing

Smuggled into Hamburg, Issa, a young Russian man, forms an alliance with Annabel, a civil rights lawyer, and Tommy Brue, scion of a failing British bank, as they become victims of rival intelligence operations in the War on Terror.

Most Holy Trinity Church, Yonkers, and the Slovak Catholics of the Archdiocese of New York, 1894-2000 Springer

An “innovative” (*The New Yorker*) retelling of the story of Dracula. Told with the flourish and poise of a talented storyteller, Kostova turns the age-old tale into a compelling “late night page-turner” (*San Francisco Chronicle*) When a young woman discovers a cache of ancient letters, she is thrown into the turbulent history of her parents' dark pasts. Uncovering a labyrinthine trail of clues, she begins to reconstruct a staggering history of deceit and violence. Debut novelist Elizabeth Kostova creates an adventure of monumental proportions, a relentless tale that blends fact and fantasy, history and the present, with an assurance that is almost unbearably suspenseful and utterly unforgettable.

The Legacy of World War II in European Arthouse Cinema McFarland

What's the Book about? - Primarily, it is about the developing conflict between Russia, on one hand, and America and entire West on other hand. - The war in Eastern Ukraine is described, in this Book, in a detailed way, particularly, the summer of 2014 and January-February of 2015. More than one chapter of the Book is devoted to the essence of Putin regime and the explanation of its antagonism with America. - One chapter of the Book is devoted to the murder of Boris Nemtsov and major criminals behind the scene. - Stagnation and decline of the Russian social-economic system and suffering of its people, especially in 2014-2015, is addressed as well. (The conclusions are based on multiple facts and figures). - This is accompanied by rapid rise of Russia's military expenditures and the upgrading of its military capabilities. Between 2013 and 2015 Russian real military budget may increase 2.5 times! - The role of China (generally, a neutral one) in this Conflict is described as well. The author is literate in Mandarin, expert in China's Real economic potential, China-Russia ties and China's economic expansion in Central Asia. One of the chapters is devoted to swift rise of China-Israel relations in all areas. Israel may well become an ideal mediator between America and China!

Realizing Roma Rights SAGE

The Olympic Movement began with the Ancient Olympic Games, which were held in Greece on the Peloponnesus peninsula at Olympia, Greece. It is not clear why the Greeks instituted this

quadrennial celebration in the form of an athletic festival. The recorded history of the Ancient Olympic Games begins in 776 B.C., although it is suspected that the Games had been held for several centuries by that time. The Games were conducted as religious celebrations in honor of the god Zeus, and it is known that Olympia was a shrine to Zeus from about 1000 B.C. In modern time The Olympic Movement attempts to bring all the nations of the world together in a series of multisport festivals, the Olympic Games, seeking to use sport as a means to promote internationalism and peace. This fifth edition of *Historical Dictionary of The Olympic Movement* covers its history through a chronology, an introductory essay, appendixes, and an extensive bibliography. The dictionary section has over 1000 cross-referenced entries on the history, philosophy, and politics of the Olympics, major organizations, the various sports, the participating countries, and especially the athletes. This book is an excellent access point for students, researchers, and anyone wanting to know more about The Olympic Movement.

The World Factbook Nordic, Central, and Southeastern Europe 2014

This book identifies a paradigm shift in international investment law and enquires into how states reassert control over investment treaties.

Eastern European Youth Cultures in a Global Context Central Intelligence Agency

Instructors - Electronic inspection copies are available or contact your local sales representative for an inspection copy of the print version. Winner of the Austrian Book Prize for the 2016 German translation, in the category of Humanities and Social Sciences. Populist right-wing politics is moving centre-stage, with some parties reaching the very top of the electoral ladder: but do we know why, and why now? In this book Ruth Wodak traces the trajectories of such parties from the margins of the political landscape to its centre, to understand and explain how they are transforming from fringe voices to persuasive political actors who set the agenda and frame media debates. Laying bare the normalization of nationalistic, xenophobic, racist and antisemitic rhetoric, she builds a new framework for this 'politics of fear' that is entrenching new social divides of nation, gender and body. The result reveals the micro-politics of right-wing populism: how discourses, genres, images and texts are performed and manipulated in both formal and also everyday contexts with

profound consequences. This book is a must-read for scholars and students of linguistics, media and politics wishing to understand these dynamics that are re-shaping our political space.

Czechoslovakia Profile Books

Following the passage of the fifteenth and twentieth anniversaries of the entry of many former communist states into both NATO and the EU in 2019, this book takes a comprehensive look at the changed security conditions of these new member states. How has NATO and EU membership improved their overall defense protection, and what elements are still missing for them on an individual state basis? Utilizing alliance politics theory, convergence/divergence theory, and defense policy theory, Lubbecki and Peterson provide an invaluable assessment of defense policies, from the stable East Central European states to the most jeopardized Baltic states in the north of Europe. With chapters on the Cold War defense conditions during the last two decades of Soviet domination, the post 1989-91 transformations in the direction of democracy, and the impact of the 2014 Ukraine-Russia-Crimea crisis, this book is essential reading for those seeking to understand the changed landscape of European politics in the twenty-first century.

Its Law and Policies Simon and Schuster

This War Report provides detailed information on every armed conflict which took place during 2014, offering an unprecedented overview of the nature, range, and impact of these conflicts and the legal issues they created. In Part I the Report describes its criteria for the identification and classification of armed conflicts under international law, and the legal consequences that flow from this classification. It sets out a list of armed conflicts in 2014, categorising each as international, non-international, or a military occupation, with estimates of civilian and military casualties. In Part II, each of these conflicts are examined in more detail, with an overview of the belligerents, means and methods of warfare, the applicable treaties and rules, and any prosecutions for, investigations into, or robust allegations of war crimes. Part III of the Report provides detailed thematic analysis of key legal developments which arose in the context of these conflicts, allowing for a more in-depth reflection on cross-cutting questions and controversies. The Report gives a full and accessible overview of armed conflicts in 2014. It should be the first port of call for everyone working in the field.
