There are many of us who dream about selling all our stuff, quitting our jobs, and running away to Paradise. This is a story about one couple who made that dream come true. The author shares what it feels like to experience ultimate freedom, and outlines the steps they took to get there. The story includes tales from their travels, social commentary on the state of today's American society, and a simple financial plan that will benefit anyone, regardless of their future goals. Throughout the narrative the reader is treated to dolphins and manatees, pelicans and osprey, blue skies, blue water and white sand beaches. Tropical music plays a role as well. Read how music inspired them to execute their plan. Follow along as they transform from everyday working drones to carefree boat bums and beachcombers. This book will make you rethink how you look at life, and money.

On January 13, 2016, at the close of a taping of Family Feud, Steve Harvey spontaneously began to speak. Not knowing that the cameras were still rolling, the \$100 million-dollar host offered his studio audience insights into his own happiness and success. His staff, also moved by Steve's passionate words, shared the six-minute video on social media. The clip immediately went viral, with more than 58 million views worldwide! Harvey now elaborates on those spontaneous remarks. His message is simple: You need to JUMP like your life depends on it -- because it does -- if you truly want a life of peace and abundance. Jump explores seven vulnerable "seasons" in the Emmy Award-winner's life: being homeless and living out of his car, flunking out of college, enduring the emotional turmoil of a second failed marriage, risking stability to pursue his dream of television stardom, overcoming the

Miss Universe mishap, blending his family, and owing the Internal Revenue Service \$20 million.

Steve uses these uncomfortable moments to explain his core principles and teach you what it means to jump. At the heart of this read is faith -- the confidence in knowing that leaping will elevate our lives, and that we will be caught when we fall. Don't stand on the cliff of life and watch others soar by, Steve tells us. If you take a leap of faith, God will open your parachute and "Give you life more abundantly."

The dramatic and inspiring story of one woman's incredible journey into the heart of a man and his nation. Born into a distinguished Arab-American family, Lisa Halaby was a strongly independent young woman. After studying architecture at Princeton, her work on projects in the Middle East gave her a profound understanding both of the links between the environment and social problems, and also of the tumultuous history of the Arab nations. Then, in 1974, her life took a very different turn, when her father introduced her to the world's most eligible bachelor, King Hussein of Jordan. After a whirlwind romance, she became Noor Al Hussein, Queen of Jordan. With eloquence and honesty, Queen Noor speaks of the obstacles she faced as a young bride and of her successful struggle to create a role for herself as a humanitarian activist. She tells of her heartbreaking miscarriage and the births of her four children, along with her continuing support for King Hussein's campaign to bring peace to the Arab nations. But most of all this is a love story - an honest and engaging portrait of a truly remarkable woman and the man she married.

The book is another master piece by the dynamic writer. It compels the reader to sit back and think about the phenomenon called 'life'. It stirs the readers mind with great deal of positivity. It is subtle yet stimulating. The chapters outlay complete process of life and actions. The reader would get an alleviation in complex process of thinking. It would generate an un-diminishing impact on the minds of readers. It requires a great deal of intelligence to interpret stimuli into words. The art is to perceive signals / hints in a right way; act to amplify your efforts; and; live life with passion. The author has a great way of saying that life is swift; realise it's potential. We live in a world where time is the biggest constraint. So we need to substantiate our lives by taking right decisions. And such decisions should be quick and correct. Never lose faith in ourselves and live it with a purpose. That is the true meaning of life.

So many of us feel lost. We don't know where to turn. We don't trust ourselves or those around us. We're destabilized by uncertainty. We feel disappointed, disoriented, and disillusioned. We're overwhelmed. We lean too easily on fear instead of faith. There's a reason for that. It's because we don't know how to cope with Change. But Change is the very definition of what it means to live because life is experienced only through Change. So what happens when we resist, defy, or avoid Change? We interrupt the natural order and create disorder in our lives. The very fabric of our reality is imbued with Change. When we defy it, we defy ourselves. We lose our way. This process unfolds simply and predictably over time: Change appears in the form of something unforeseen. We feel uncertain, anxious, frustrated, worried, and fearful at this unexpected turn of events. We resist Change by creating stories of how we think things should've turned out. Our stories cause us to suffer because they are incongruent with reality. Suffering is disorienting and makes us give up our power of free will. When we feel powerless to choose, we abandon ourselves and feel lost. Change can be scary to experience, difficult to process, and harder yet to accept. But it's also the law of life. Whether it's a brutal breakup, a devastating death, a jarring job loss, a debilitating diagnosis, or a perilous pandemic; Change has a way of breaking open our hearts for something bigger, better, and more beautiful to enter our lives. But only if we know how to converse with it. In this thought-provoking self-help debut, Rackliffe shows you how to not just embrace Change, but completely transform your relationship with it--diving deep into the four steps of his RACE Model for Change: 1. Resist one thing only: Your resistance to Change. 2. Accept what you cannot Change so you may let go. 3. Choose to Change what you can by reclaiming your power to choose. 4. Embrace Change by remaining open to it in the future. This is how you find your way back to your true self when you feel lost. First, you stop identifying with the pain of your past. You quit telling yourself stories about how horrific or painful it was. You refuse to be a victim any longer. Next, you embrace your path of highest good in the present. This means using the light of your awareness to make more conscious choices that will support and nourish you, that will help you accept your opportunities to grow. The final step is to stop resisting Change in the future. When something unexpected happens that triggers you, do not react. Learn to lean on your faith. Trust that what happens is for your ultimate benefit even if you can't fathom how. Accept every unforeseen plot twist and embrace every perceived obstacle as an impetus to evolve. This is what it means to heal. This is what it means to

find peace. This is what it means to truly live. As Rackliffe writes in the opening pages: "You've been guided to this book for a reason. If you've been looking for a sign, wishing for clarity, or hoping for direction, this is it. Your life is speaking to you through the words on these pages. Should you choose to listen, you will rediscover the truth of who you are. Should you accept this assignment, you will awaken the parts of you that you thought were lost forever. A homecoming of the soul awaits those who are brave enough to choose this path. All you have to do is give yourself permission to embrace it." From the pain of resistance to the peace of acceptance, and from the power of choosing to the bliss of being open to life, this is a voyage of resilience and redemption, fear and forgiveness, judgment and joy. Follow the RACE model for Change and you will always find your way back home to you. Choose to embark on this journey and you will learn to befriend Change. Choose the path of highest good laid out for you and you will finally be able to say, "It's Good to See Me Again."
