The Model
Rules of
Professional
Conduct
provides an
up-to-date

resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide

suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts. *Manual of Model Criminal Jury Instructions for the District Courts of the*

Eighth Circuit American Bar Association "Fifth Circuit Pattern Jury Instructions - Criminal" simplifies and clearly states, in words of common usage and understanding, uniform jury instructions for criminal cases. Designed to be used with Federal Jury Practice and Instructions, 6th, the instructions fully and accurately state the law without needless repetition. -- from publisher.

American Bar Association
Includes jury instructions from several West publications.

Civil and Criminal, Third Edition. interim index and tables

"This addition to the Model Jury Instructions series, published by the ABA Section of Litigation, provides clear and balanced instructions for presentation to juries in

copyright, trademark and trade dress litigation. These models accurately and impartially present the elements and critical definitions of copyright, trademark and trade dress law in language that is understandable and familiar to the average juror. The book includes a CD-ROM of the jury instructions that allows for easy adaptation to particular cases or points. Chapter

introductions give overviews of the current state of the law, including the major recent cases in most jurisdictions, with discussions of the practical issues you might have to consider. Individual instructions are followed by commentary that includes discussion of the cases from which the instruction was derived, as well as how and when to adapt the instruction to particular
