And It's Easier Than You Think, Books 1 through 5, The Greatest Secret Edition FaithWords
"If freedom and joy are what you seek, I couldn't recommend this book more." —Rhonda Byrne, New York Times best-selling author of *The*

Secret and The Greatest Secret Happiness Is Free is filled with profound insights and practical tools that will guide you to let go of painful feelings, unwanted thoughts, and negative stories and naturally open up to the happiness and unlimited potential that is within you right now. And it's easier than you think. Simple but powerful questions for self-inquiry

and effective techniques will empower you to gently let go of what, just a moment ago, seemed like an unsolvable issue or overwhelming emotion—anything from anger and frustration to fear, anxiety, and stress. You'll learn how to apply easy-to-use practices for letting go—including *Holistic Releasing, Triple Welcoming*, and others—to find more joy

and peace of mind in every area of your life. In each chapter, renowned teachers Lester Levenson and Hale Dwoskin (New York Times best-selling author of The Sedona Method) offer life-changing opportunities to break free from self-imposed blocks and rediscover the real, unlimited you—and the ultimate happiness that is your birthright. Their combination of liberating insights, inspiration, and deep releasing explorations make this book a treasured

companion for anyone who is seeking to navigate everyday life with greater ease, clarity, and sense of true purpose. "One of my most treasured books that changed my life is Lester's Keys to the Ultimate Freedom. It features Lester's words and insights drawn from decades of his teachings, and it is the only book that sits on my bedside table. Unfortunately the book has been out of print for a long time, but Hale Dwoskin has taken all of Lester's teachings from

Keys to the Ultimate Freedom and put them in this new book, along with many of the releasing methods from the Sedona Method. You have the best of Lester's teachings and his methods in this one book, and if freedom and joy are what you seek, I couldn't recommend this book more. I used the Sedona Method occasionally over a ten-year period and found enormous benefit from it. Then, when I met my teacher -- who was a student of Lester Levenson's -- four years

ago, Lester's releasing methods became a crucial part of my everyday life and my awakening." -- From the forward by Rhonda Byrne, New York Times best-selling author of *The Secret* and *The Greatest Secret* "Happiness is about remembering who you really are, and if you have forgotten, this book is an excellent reminder." —Deepak Chopra, author of *The Seven Spiritual Laws of Success* "If the roots of all suffering are attachments to the external, the roots of true

joy are found only within. This book maps the ways to a profound state of peace." —James Redfield, author of *The Celestine Prophecy* "Be set free with the brilliance and insights in this book." —Mark Victor Hansen, co-creator of the #1 New York Times best-selling series *Chicken Soup for the Soul®* "Once in a human while, an individual comes along who has unlocked the secrets of happiness and opens the door for others to follow. Lester Levenson was such a one....

Happiness Is Free offers rare and penetrating insight into the freedom we all long for. This book can take you home." —Alan Cohen, author of *The Dragon Doesn't Live Here Anymore* *Exposing the Truth About the Law of Attraction* New World Library Explores a new phase of human evolution that reflects a growing understanding about authentic, spiritual power based on cooperative beliefs and a reverence for life.

The New York Times:

Right at Home Simon and Schuster
Upbeat, humorous, and iconoclastic, Lynn Grabhorn introduced readers to the Law of Attraction in 2000 with *Excuse Me, Your Life is Waiting*. The hardcover edition was an immediate hit, sold more than 151,000 copies, and appeared on the New York Times bestseller list. Grabhorn was the first to reveal that the power of feelings is what unconsciously shapes and molds every moment of every day. In this

groundbreaking book, she reveals how paying attention to feelings--rather than positive thinking, or sweat and strain, or good or bad luck, or even smarts--is the way to change your life, make dreams come true, and create the kind of life you really want to live. *Excuse me, Your Life is Waiting* is filled with logical explanations, simple steps, and true-life examples that empower readers to access their feelings and turn their lives around.
The Hidden Pool

HarperCollins
New York Times Bestseller
From Rhonda Byrne, the author of the worldwide phenomenon *The Secret*, comes *The Greatest Secret*—a long-awaited major new work that offers revelations and practices to end suffering and discover lasting happiness. Ancient traditions knew that to hide a secret it should be put in plain sight, where no-one will think to look for it. Billions of people on our planet have searched—but few have discovered the truth.

Those few are completely free from negativity and live in permanent peace and happiness. For the rest of us, whether we realize it or not, we've been in search of this truth unceasingly every single day of our lives. What secret can possibly be so lifechanging? What single discovery offers a direct path to end suffering and to live a life of deep joy? The Greatest Secret is a quantum leap that will take the reader beyond the material world and into the spiritual realm, where all

possibilities exist. Inside The Greatest Secret, you'll find: · Profound wisdom from spiritual teachers from around the world, past and present, who have discovered the greatest secret. · Healing practices that can be put to use immediately to dissolve fears, uncertainty, anxiety, and pain. · The ultimate key to end suffering and discover lasting happiness. "The Secret showed you how to create anything you want to be, do, or have. Nothing has changed - it is as true today as it ever

was. This book reveals the greatest discovery a human being can ever make, and shows you the way out of negativity, problems, and what you don't want, to a life of permanent happiness and bliss."—From The Greatest Secret
The Power of Henry's Imagination (The Secret)
Sedona Press
With the guidance of this bestselling classic, you can learn to grow through joy rather than through struggle and pain.

Change Your Storychange Your Life

Simon and Schuster
Shares real-life stories from people who have used "The Secret"'s philosophies to transform their lives for the better, demonstrating through inspirational examples how what they learned improved their finances, health, relationships, family lives, and careers. The Vortex Simon and Schuster
From New York Times bestselling author Naomi Wolf, *Outrages* explores the history of state-

sponsored censorship and violations of personal freedoms through the inspiring, forgotten history of one writer's refusal to stay silenced. Newly updated, first North American edition--a paperback original In 1857, Britain codified a new civil divorce law and passed a severe new obscenity law. An 1861 Act of Parliament streamlined the harsh criminalization of sodomy. These and other laws enshrined modern notions of state censorship and validated state intrusion

into people's private lives. In 1861, John Addington Symonds, a twenty-one-year-old student at Oxford who already knew he loved and was attracted to men, hastily wrote out a seeming renunciation of the long love poem he'd written to another young man. *Outrages* chronicles the struggle and eventual triumph of Symonds—who would become a poet, biographer, and critic—at a time in British history when even private letters that could be interpreted as homoerotic could be used as evidence in trials

leading to harsh sentences under British law. Drawing on the work of a range of scholars of censorship and of LGBTQ+ legal history, Wolf depicts how state censorship, and state prosecution of same-sex sexuality, played out—decades before the infamous trial of Oscar Wilde—shadowing the lives of people who risked in new ways scrutiny by the criminal justice system. She shows how legal persecutions of writers, and of men who loved men affected

Symonds and his contemporaries, including Christina and Dante Gabriel Rossetti, Algernon Charles Swinburne, Walter Pater, and the painter Simeon Solomon. All the while, Walt Whitman's *Leaves of Grass* was illicitly crossing the Atlantic and finding its way into the hands of readers who reveled in the American poet's celebration of freedom, democracy, and unfettered love. Inspired by Whitman, and despite terrible dangers he faced in doing so, Symonds kept

trying, stubbornly, to find a way to express his message—that love and sex between men were not “morbid” and deviant, but natural and even ennobling. He persisted in various genres his entire life. He wrote a strikingly honest secret memoir—which he embargoed for a generation after his death—enclosing keys to a code that the author had used to embed hidden messages in his published work. He wrote the essay *A Problem in Modern Ethics* that was

secretly shared in his lifetime and would become foundational to our modern understanding of human sexual orientation and of LGBTQ+ legal rights. This essay is now rightfully understood as one of the first gay rights manifestos in the English language. Naomi Wolf's *Outrages* is a critically important book, not just for its role in helping to bring to new audiences the story of an oft-forgotten pioneer of LGBTQ+ rights who could not legally fully tell his own story in his lifetime. It

is also critically important for what the book has to say about the vital and often courageous roles of publishers, booksellers, and freedom of speech in an era of growing calls for censorship and ever-escalating state violations of privacy. With *Outrages*, Wolf brings us the inspiring story of one man's refusal to be silenced, and his belief in a future in which everyone would have the freedom to love and to speak without fear.

**Author's Edition:
Yahweh's Warrior**

Simon and Schuster
The University of Florida, the state's oldest and largest university, is recognized today as one of the country's most academically diverse public institutions. Though able to trace its history to 1853, the school did not begin its popular football program until the first few years of the 20th century. The program has had its share of scandals and embarrassments over time, but it has also produced two Heisman Trophy winners, a national champion, numerous

players drafted into the professional ranks, and a visibility that consistently ranks the team in the top five in the country. Now attracting 85,000 fans to each of its home games, the Gators' football program has become a vital part of the University of Florida. When the team won the national championship in 1996, no one could have predicted such success just 90 years earlier. Fortunately, that fascinating journey through the last century has been captured in great photographs that

include formal portraits of teams; action shots on the field; views of "The Swamp"; and snapshots of fans from every decade. These images tell the story of the birth and growth of a football team, a team that has brought enjoyment to millions and national recognition to the University of Florida. Wisdom of Florence Scovel Shinn Houghton Mifflin Here in one volume are the four collected works of one of America's most beloved and best-selling inspirational authors. In

her classic best-seller The Game of Life, Florence Scovel Shinn reveals the timeless message that has helped thousands to solve their problems. You can create anything you want simply by aligning your thoughts and words with the perfect good that resides divinely within you. Combined with the powerful affirmation found in Your Word Is Your Wand and the stirring examples of real-life successes in the other two volumes, The Wisdom of Florence Scovel Shinn provides a complete guide for

learning how to turn defeat into victory, lack into prosperity, fear into faith, and resentment into love.

The Astonishing Power of Feelings

Penguin UK
Jim Garlow, the bestselling author of *Cracking DaVinci's Code*, along with Rick Marschall take on the New York Times bestseller *The Secret* to expose its distortion of truth from a biblical perspective.

Hampton Roads Publishing

The PowerSimon and Schuster
Simon and Schuster
When Henry's beloved stuffed rabbit, Raspberry, goes missing, he enlists his whole family to help him search for the missing toy. But Raspberry can't be found. Then Henry's grandfather suggests that Henry use his imagination to find his rabbit. Will the power of Henry's imagination bring Raspberry back? Or is Raspberry gone for good? Depicting the love of a boy for his toy and the power of friendship, The

Power of Henry's Imagination is sure to become an instant classic. [Pathologies of Power](#)
Simon and Schuster
Once known only by an elite who were unwilling to share their knowledge of the power, 'the secret' of obtaining anything you desire is now revealed by prominent physicists, authors and philosophers as being based in the universal Law of Attraction. And the good news is that anyone can access its power to bring themselves health, wealth and happiness. Fragments

of The Secret have been found in oral traditions, literature, religions and philosophies throughout the centuries. A number of the exceptional people who discovered its power went on to become regarded as the greatest human beings who ever lived. Among them: Plato, Leonardo, Galileo and Einstein. Now 'the secret' is being shared with the world. Beautiful in its simplicity, and mind-dazzling in its ability to really work, The Secret reveals the mystery of the hidden potential within us

all. By unifying leading-edge scientific thought with ancient wisdom and spirituality, the riveting, practical knowledge will lead readers to a greater understanding of how they can be the masters of their own lives.

Publishing
 "Pathologies of Power" uses harrowing stories of life and death to argue that the promotion of social and economic rights of the poor is the most important human rights struggle of our times.
25th Anniversary Edition with a Study Guide Hay House, Inc ...sure to please both the armchair skeptic looking for clear rebuttals to paranormal nonsense and the scientist interested in understanding the cognitive mechanisms

involved in supernatural beliefs.- Skeptical InquirerI found [it] an eye-opener in everything said....Hines writes with great insight and plain speaking without belittling the reader with anything but common-sense....this book has my unreserved recommendation to be read and thoroughly digested and deeply thought about.- SFCrownsnest.co.ukTelevision, the movies, and computer games fill the minds of their viewers with a daily staple of fantasy, from tales of UFO

landings, haunted houses, and communication with the dead to claims of miraculous cures by gifted healers or breakthrough treatments by means of fringe medicine. The paranormal is so ubiquitous in one form of entertainment or another that many people easily lose sight of the distinction between the real and the imaginary, or they never learn to make the distinction in the first place. In this thorough review of pseudoscience and the paranormal in contemporary life,

psychologist Terence Hines teaches readers how to carefully evaluate all such claims in terms of scientific evidence.Hines devotes separate chapters to psychics; life after death; parapsychology; astrology; UFOs; ancient astronauts, cosmic collisions, and the Bermuda Triangle; faith healing; and more. New to this second edition are extended sections on psychoanalysis and pseudopsychologies, especially recovered memory therapy, satanic

ritual abuse, facilitated communication, and other questionable psychotherapies. There are also new chapters on alternative medicine, which is now marketed in our drug stores, and on environmental pseudoscience, with special emphasis on the evidence that certain technologies like cell phones or environmental agents like asbestos cause cancer. Finally, Hines discusses the psychological causes for belief in the paranormal despite overwhelming

evidence to the contrary. This valuable, highly interesting, and completely accessible analysis critiques the whole range of current paranormal claims. Terence M. Hines (Pleasantville, NY) is professor of psychology at Pace University, and the author of the first edition of *Pseudoscience and the Paranormal*. [A Practical Guide to the Art of Relationship](#) Simon and Schuster "From the earliest days of thinking man, people the world over have pondered

the nature of the Universe, our planet, and of ourselves. What does it all mean? Why am I here? What is the real purpose of my life? What will happen to me after I die? Will I return once again for another life on Earth?" So starts the first paragraph of this book, summarising and encapsulating very succinctly both the reason I was inspired to write *Our Ultimate Reality* and a concise summary of the contents contained therein. As we approach the end of a great age for humanity, increasingly

more people from all walks of what we know as "life" are asking what it all means for them, for their families and for their future existence on this planet we call "Earth." Our Ultimate Reality, Life, the Universe and Destiny of Mankind is your complete reference and guide for realising the Divine heritage of each and every one of us as equal aspects of our Creator, a life of perfect happiness, health, abundance, fulfilment and Spiritual evolution. This book has been written in a modern,

understandable, non-mystical way, setting out in a concise, logical, easy to follow format, all you need to know in order to understand, pursue and realise your own true potential during this pivotally important era. I wish you every possible success as you follow your own true destiny on the path of return to our Divine Creator from Whom we came in the beginning, and wish that this book will prove to be your valuable guide and companion. Dear Universe Simon and

Schuster
This book presents the powerful basics of the original Teachings of Abraham. Within these pages, you'll learn how all things, wanted and unwanted, are brought to you by this most powerful law of the universe, the Law of Attraction (that which is like unto itself is drawn). You've most likely heard the saying "Like attracts like," "Birds of a feather flock together," or "It is done unto you as you believe" (a belief is only a thought you keep thinking); and although

the Law of Attraction has been alluded to by some of the greatest teachers in history, it has never before been explained in as clear and practical terms as in this latest book by New York Times best-selling authors, Esther and Jerry Hicks. Learn here about the omnipresent Laws that govern this Universe and how to make them work to your advantage. The understanding that you'll achieve by reading this book will take all the guesswork out of daily living. You'll finally

understand just about everything that's happening in your own life as well as in the lives of those you're interacting with. This book will help you to joyously be, do, or have anything that you desire!

The Seat of the Soul

Simon and Schuster
In order to attract our inner most desires, we must learn to change the stories of our lives. These stories-which are often a result of messages that were planted within our subconscious minds when we were very young, have

become ingrained within us-creating fear, worry and anxiety-which often act as obstacles in our lives. L.O.V.E: Live a Life Of Vibrant Energy is a compilation of reflections, theories and practical applications that help people to understand their ingrained programming and ultimately equip them with the power to re-program their thoughts, words, actions and change the way in which they approach their world at large. If you want to be free of your limiting

beliefs and begin to live
the life you've imagined,
open this book and delve
into the wisdom and

secrets of your own
subconscious mind and
become no longer a slave
to your thoughts, but their

master! Thereby,
attracting more love,
prosperity and success to
your everyday life.
