KARSYN EMERSON

The Poisonwood Bible Random House
 "May be the best book ever written about jazz."—David Thomson, Los Angeles Times In eight poetically charged vignettes, Geoff Dyer skillfully evokes the music and the men who shaped modern jazz. Drawing on photos, anecdotes, and, most important, the way he hears the music, Dyer imaginatively reconstructs scenes from the embattled lives of some of the greats: Lester Young fading away in a hotel room; Charles Mingus storming down the streets of New York on a too-small bicycle; Thelonious Monk creating his own private language on the piano. However, music is the driving force of *But Beautiful*, and wildly metaphoric prose that mirrors the quirks, eccentricity, and brilliance of each musician's style.
Their Eyes Were Watching God Colchis Books
 In this madcap journey, a bestselling journalist investigates psychopaths and the industry of doctors, scientists, and everyone else who studies them. *The Psychopath Test* is a fascinating journey through the minds of madness. Jon Ronson's exploration

of a potential hoax being played on the world's top neurologists takes him, unexpectedly, into the heart of the madness industry. An influential psychologist who is convinced that many important CEOs and politicians are, in fact, psychopaths teaches Ronson how to spot these high-flying individuals by looking out for little telltale verbal and nonverbal clues. And so Ronson, armed with his new psychopath-spotting abilities, enters the corridors of power. He spends time with a death-squad leader institutionalized for mortgage fraud in Coxsackie, New York; a legendary CEO whose psychopathy has been speculated about in the press; and a patient in an asylum for the criminally insane who insists he's sane and certainly not a psychopath. Ronson not only solves the mystery of the hoax but also discovers, disturbingly, that sometimes the personalities at the helm of the madness industry are, with their drives and obsessions, as mad in their own way as those they study. And that relatively ordinary people are, more and more, defined by their maddest edges.
Staring at God Simon and Schuster
 This blistering novel—from the bestselling, Pulitzer Prize-winning author of *The Road*—returns to the Texas-Mexico border, setting of the famed *Border Trilogy*. The time is our own, when rustlers have given way to drug-runners and small towns have become

free-fire zones. One day, a good old boy named Llewellyn Moss finds a pickup truck surrounded by a bodyguard of dead men. A load of heroin and two million dollars in cash are still in the back. When Moss takes the money, he sets off a chain reaction of catastrophic violence that not even the law—in the person of aging, disillusioned Sheriff Bell—can contain. As Moss tries to evade his pursuers—in particular a mysterious mastermind who flips coins for human lives—McCarthy simultaneously strips down the American crime novel and broadens its concerns to encompass themes as ancient as the Bible and as bloodily contemporary as this morning's headlines. *No Country for Old Men* is a triumph.

The Negro Motorist Green Book Penguin

Their Eyes Were Watching God is a 1937 novel by African-American writer Zora Neale Hurston. It is considered a classic of the Harlem Renaissance of the 1920s, and it is likely Hurston's best known work.

Self-Made Man Simon and Schuster

At the same time Adolf Hitler was attempting to take over the western world, his armies were methodically seeking and hoarding the finest art treasures in Europe. The Fuehrer had begun cataloguing the art he planned to collect as well as the art he would destroy: "degenerate" works he despised. In a race against time, behind enemy lines, often unarmed, a special force of American and British museum directors, curators, art historians, and others, called the Monuments Men, risked their lives scouring Europe to prevent the destruction of thousands of years of culture. Focusing on the eleven-month period between D-Day and V-E Day, this fascinating account follows six Monuments Men and their impossible mission to save the world's great art from the Nazis.

Entitled Trafalgar Square Publishing

The award-winning New York Times bestseller about the American women who secretly served as codebreakers during World War II—a "prodigiously researched and engrossing" (New York Times) book that "shines a light on a hidden chapter of American history" (Denver Post). Recruited by the U.S. Army and Navy from small towns and elite colleges, more than ten thousand women served as codebreakers during World War II. While their brothers and boyfriends took up arms, these women moved to Washington and learned the meticulous work of code-breaking. Their efforts shortened the war, saved countless lives, and gave them access to careers previously denied to them. A strict vow of secrecy nearly erased their efforts from history; now, through dazzling research and interviews with surviving code girls, bestselling author Liza Mundy brings to life this riveting and vital story of American courage, service, and scientific accomplishment.

The Monuments Men Hachette Books

Tells a story about the strange relationship of two migrant workers who are able to realize their dreams of an easy life until one of them succumbs to his weakness for soft, helpless creatures and strangles a farmer's wife.

Was She Pretty? Macmillan

The search for Mr. Right starts here. This simple set of dating dos and don'ts—combining *The Rules* and *The Rules II*—will teach you how to find (and keep!) a man who treats you with the respect and dignity you deserve. You are a creature unlike any other (Rule #1)—that's why you need... *The Rules*. Refreshingly blunt, astonishingly effective, and at times hilarious, *All the Rules* will lead you to where you want to be: in a healthy, committed relationship. These commonsense guidelines will help you: Lead a full, satisfying, busy life outside of romance. Accept occasional defeat and move on. Bring out the best in you and in the men you date. Whether you're eighteen or eighty, these time-tested

techniques will help you find the man of your dreams.

MEN WHO STARE AT GOATS. Tor Books

New York Times–bestselling author of *The Psychopath Test* Jon Ronson writes about the dark, uncanny sides of humanity with clarity and humor. *Lost at Sea*—now with new material—reveals how deep our collective craziness lies, even in the most mundane circumstances. Ronson investigates the strange things we're willing to believe in, from robots programmed with our loved ones' personalities to indigo children to the Insane Clown Posse's juggalo fans. He looks at ordinary lives that take on extraordinary perspectives. Among them: a pop singer whose greatest passion is the coming alien invasion, assisted-suicide practitioners, and an Alaskan town's Christmas-induced high school mass-murder plot. He explores all these tales with a sense of higher purpose and universality, yet they are stories not about the fringe of society. They are about all of us. Incisive and hilarious, poignant and maddening, revealing and disturbing—Ronson writes about our modern world, and reveals how deep our collective craziness lies, and the chaos stirring at the edge of our daily lives.

Gods Without Men Crown

Now a New York Times bestseller and from the author of *The Psychopath Test*, a captivating and brilliant exploration of one of our world's most underappreciated forces: shame. 'It's about the terror, isn't it?' 'The terror of what?' I said. 'The terror of being found out.' For the past three years, Jon Ronson has travelled the world meeting recipients of high-profile public shamings. The shamed are people like us - people who, say, made a joke on social media that came out badly, or made a mistake at work. Once their transgression is revealed, collective outrage circles with the force of a hurricane and the next thing they know they're being torn apart by an angry mob, jeered at, demonized, sometimes even fired from their job. A great renaissance of public shaming is sweeping our land. Justice has been democratized. The silent majority are getting a voice. But what are we doing with our voice? We are mercilessly finding people's faults. We are defining the boundaries of normality by ruining the lives of those outside it. We are using shame as a form of social control. Simultaneously powerful and hilarious in the way only Jon Ronson can be, *So You've Been Publicly Shamed* is a deeply honest book about modern life, full of eye-opening truths about the escalating war on human flaws - and the very scary part we all play in it.

Oxford University Press

'Breathtaking.' Sunday Times 'Exquisite.' The Times 'Beautiful.' Independent 'Powerful.' New York Times An international bestseller and a modern classic, this suspenseful epic of one family's tragic undoing and their remarkable reconstruction has been read, adored and shared by millions around the world. This story is told by the wife and four daughters of Nathan Price, a fierce, evangelical Baptist who takes his family and mission to the Belgian Congo in 1959. They carry with them everything they believe they will need from home, but soon find that all of it - from garden seeds to Scripture - is calamitously transformed on African soil. What readers are saying 'This remains one of the most fascinating books I have ever read.' 'I felt every emotion under the sky with this book.' 'Riveting.' 'This novel left a lasting - YEARS LASTING - impression.' 'This is one of those books that stands the test of time and is worth rereading.' 'Five epic, no-wonder-this-book-is-so-well-loved stars!'

No Country for Old Men Wings Press

From the acclaimed author of "Them" comes a truly disturbing, often hilarious look at the U.S. military's long flirtation with the paranormal—and the psy-op soldiers who are still fighting the battle.

But Beautiful Simon and Schuster

The Wheel of Time is now an original series on Prime Video, starring Rosamund Pike as Moiraine! In Lord of Chaos, the sixth novel in Robert Jordan's #1 New York Times bestselling epic fantasy series, The Wheel of Time®, Rand al'Thor, the Dragon Reborn, builds his army of Light even as sworn enemies--and supposed allies--move against him. Now ruling Tear, Andor, and Caemlyn, among other nations, Rand is recruiting all men capable of channeling to be trained as his Asha'man soldiers. The warrior Aiel clans have pledged loyalty to Rand, acknowledging him as their chief of chiefs, even though the Shaido Aiel remain a threat. Split into two factions, the Aes Sedai of the White Tower and their rebel counterparts both seek to ally themselves with the Dragon Reborn. Rand knows all too well the manipulative nature of the Aes Sedai, no matter which side of their internal war they stand upon. But even he cannot predict just how desperate, cruel, and treacherous they can be. And in the shadows, the Forsaken and the Dark One are conjuring even more chaos... Since its debut in 1990, The Wheel of Time® by Robert Jordan has captivated millions of readers around the globe with its scope, originality, and compelling characters. The last six books in series were all instant #1 New York Times bestsellers, and The Eye of the World was named one of America's best-loved novels by PBS's The Great American Read. The Wheel of Time® New Spring: The Novel #1 The Eye of the World #2 The Great Hunt #3 The Dragon Reborn #4 The Shadow Rising #5 The Fires of Heaven #6 Lord of Chaos #7 A Crown of Swords #8 The Path of Daggers #9 Winter's Heart #10 Crossroads of Twilight #11 Knife of Dreams By Robert Jordan and Brandon Sanderson #12 The Gathering Storm #13 Towers of Midnight #14 A Memory of Light By Robert Jordan and Teresa Patterson The World of Robert Jordan's The Wheel of Time By Robert Jordan, Harriet McDougal, Alan Romanczuk, and Maria Simons The Wheel of Time Companion By Robert Jordan and Amy Romanczuk Patterns of the Wheel: Coloring Art Based on Robert Jordan's The Wheel of Time At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Poet X North Point Press

An urgent exploration of men's entitlement and how it serves to police and punish women, from the acclaimed author of Down Girl "Kate Manne is a thrilling and provocative feminist thinker. Her work is indispensable."—Rebecca Traister NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE ATLANTIC In this bold and stylish critique, Cornell philosopher Kate Manne offers a radical new framework for understanding misogyny. Ranging widely across the culture, from Harvey Weinstein and the Brett Kavanaugh hearings to "Cat Person" and the political misfortunes of Elizabeth Warren, Manne's book shows how privileged men's sense of entitlement—to sex, yes, but more insidiously to admiration, care, bodily autonomy, knowledge, and power—is a pervasive social problem with often devastating consequences. In clear, lucid prose, Manne argues that male entitlement can explain a wide array of phenomena, from mansplaining and the undertreatment of women's pain to mass shootings by incels and the seemingly intractable notion that women are "unelectable." Moreover, Manne implicates each of us in toxic masculinity: It's not just a product of a few bad actors; it's something we all perpetuate, conditioned as we are by the social and cultural mores of our time. The only way to combat it, she says, is to

expose the flaws in our default modes of thought while enabling women to take up space, say their piece, and muster resistance to the entitled attitudes of the men around them. With wit and intellectual fierceness, Manne sheds new light on gender and power and offers a vision of a world in which women are just as entitled as men to our collective care and concern.

The Queen's Men Houghton Mifflin Harcourt

This American classic has been corrected from the original manuscripts and indexed, featuring historic photographs and an extensive biographical afterword.

Of Mice and Men Penguin

Willie Stark's obsession with political power leads to the ultimate corruption of his gubernatorial administration.

Them Simon and Schuster

A humorous and cautionary account of the U.S. military's use of psychic tactics in the War on Terror and other political agendas discusses the methods employed by the First Earth Battalion, questioning its soldiers' abilities to perform such feats as invisibility, walking through walls, and killing goats with their minds.

Lost at Sea Grand Central Publishing

The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

All the King's Men Windmill Books

A wide variety of extremist groups -- Islamic fundamentalists, neo-Nazis -- share the oddly similar belief that a tiny shadowy elite rule the world from a secret room. In Them, journalist Jon Ronson has joined the extremists to track down the fabled secret room. As a journalist and a Jew, Ronson was often considered one of "Them" but he had no idea if their meetings actually took place. Was he just not invited? Them takes us across three continents and into the secret room. Along the way he meets Omar Bakri Mohammed, considered one of the most dangerous men in Great Britain, PR-savvy Ku Klux Klan Grand Wizard Thom Robb, and the survivors of Ruby Ridge. He is chased by men in dark glasses and unmasked as a Jew in the middle of a Jihad training camp. In the forests of northern California he even witnesses CEOs and leading politicians -- like Dick Cheney and George Bush -- undertake a bizarre owl ritual. Ronson's investigations, by turns creepy and comical, reveal some alarming things about the looking-glass world of "us" and "them." Them is a deep and fascinating look at the lives and minds of extremists. Are the extremists onto something? Or is Jon Ronson becoming one of them?

The Stranger Vintage

A totalitarian regime has ordered all books to be destroyed, but one of the book burners suddenly realizes their merit.
