## WESTON EUGENE

### **Ecce Romani: Pastimes and ceremonies**

Alpha Edition  
 Trebia. Trasimene. Cannae. With three stunning victories, Hannibal humbled Rome and nearly shattered its empire. Even today Hannibal's brilliant, if ultimately unsuccessful, campaign against Rome during the Second Punic War (218-202 BC) make him one of history's most celebrated military leaders. This biography by Cornelius Nepos (c. 100-27 BC) sketches Hannibal's life from the time he began traveling with his father's army as a young boy, through his sixteen-year invasion of Italy and his tumultuous political career in Carthage, to his perilous exile and eventual suicide in the East. As Rome completed its bloody transition from

dysfunctional republic to stable monarchy, Nepos labored to complete an innovative and influential collection of concise biographies. Putting aside the detailed, chronological accounts of military campaigns and political machinations that characterized most writing about history, Nepos surveyed Roman and Greek history for distinguished men who excelled in a range of prestigious occupations. In the exploits and achievements of these illustrious men, Nepos hoped that his readers would find models for the honorable conduct of their own lives. Although most of Nepos' works have been lost, we are fortunate to have his biography of Hannibal. Nepos offers a surprisingly balanced portrayal of a man that most Roman authors vilified as the most monstrous foe that Rome had ever faced. Nepos' straightforward style and his preference for common vocabulary make

Life of Hannibal accessible for those who are just beginning to read continuous Latin prose, while the historical interest of the subject make it compelling for readers of every ability.

and Latin University of Oklahoma Press  
O Tempora! O Mores! is designed to fit a variety of pedagogical approaches. Shapiro's historical essays bring a new dimension to Latin study, explaining the history and politics behind the texts. The volume is further amplified by a vocabulary, maps, a bibliography, and appendices.

**The Rhetoric of Unity and Division in Ancient Literature** JHU Press

Learn Latin from the Romans is the only introductory Latin textbook to feature texts written by ancient Romans for Latin learners. These texts, the 'colloquia', consist of dialogues and narratives about daily life similar to those found in modern-language textbooks today, introducing learners to Roman culture as well as to Latin in an engaging, accessible, and enjoyable way. Students and instructors will find everything they need in one complete volume, including clear explanations of grammatical concepts and how Latin works, both British and American orders for all noun and adjective paradigms, 5,000 easy practice sentences, and over 150 longer passages (from the colloquia and a diverse range of other sources including inscriptions, graffiti, and Christian texts as well as Catullus, Cicero, and Virgil). Written by a leading Latin linguist with decades of language teaching experience, this textbook is suitable for introductory Latin courses worldwide.

On the Palatine Oxford University Press  
Cicero composed his incendiary Philippics only a few months after Rome was rocked by the brutal assassination of Julius Caesar. In the tumultuous aftermath of Caesar's death, Cicero and Mark Antony found themselves on opposing sides of an increasingly bitter and dangerous battle for control. Philippic 2 was a weapon in that war. Conceived as Cicero's response to a verbal attack from Antony in the Senate, Philippic 2 is a rhetorical firework that ranges from abusive references to Antony's supposedly sordid sex life to a sustained critique of what Cicero saw as Antony's tyrannical ambitions. Vituperatively brilliant and politically committed, it is both a carefully crafted literary artefact and an explosive example of crisis rhetoric. It ultimately led to Cicero's own gruesome death. This course book offers a portion of the original Latin text, vocabulary aids, study questions, and an extensive commentary. Designed to stretch and stimulate readers, Ingo Gildenhard's volume will be of particular interest to students of Latin studying for A-Level or on undergraduate courses. It extends beyond detailed linguistic analysis to encourage critical engagement with

Cicero, his oratory, the politics of late-republican Rome, and the transhistorical import of Cicero's politics of verbal (and physical) violence.

Conversational Latin for Oral Proficiency Cambridge University Press

Examining a wide array of ancient writings, Brent Nongbri dispels the commonly held idea that there is such a thing as ancient religion. Nongbri shows how misleading it is to speak as though religion was a concept native to pre-modern cultures.

*The Amores; Or, Amours (Book-II)* Yale University Press

This book focuses on the continuity between the documented stages in the history of Latin and its development into Romance.

Oxford Latin Course Simon and Schuster  
Praised by teachers for many years, this format is now easier to manage. Passages are carefully controlled to use only vocabulary and syntax already taught and tested. Reading-skills instruction and translation help prepare students for second-year Latin. Twenty lessons formerly in Level I are now at the beginning of Level II, thereby providing better overall pacing.

**The Rights of War and Peace** Harper Collins

The play *Pseudolus* provides an introduction to the world of Roman comedy from one of its best practitioners, Plautus. As with all Focus translations, the emphasis is on an inexpensive, readable edition that is close to the original, with an extensive introduction, notes and appendices.

Ecce Romani Scott Foresman & Company  
Beneath the sewer grates and manholes of the city lies a strange and secret world called the Downside. Every Downsider knows that it's forbidden to go Topside, and most fear a collision of the two worlds. But fourteen-year-old Talon is curious about what goes on above ground, and one day he ventures out in search of medicine for his ailing sister. There he meets Lindsay, who is as curious about Talon's world as he is about hers. When Lindsay visits the Downside for the first time, she marvels at the spirit of the Downside, and the way they create works of art from topside "trash," like old subway tokens and forgotten earrings. As awed as she is by the Downside, however, she also questions its origins, and when she finds out that this fantastic world is not all it appears to be, she is determined to tell Talon the truth. Then a construction accident threatens to crush Talon's world, and his loyalty is put to the test. Can the truth save the Downside, or will it destroy

an entire civilization? Neal Shusterman takes readers on an amazing journey into a place that's only a few steps away, yet beyond their wildest dreams.

*Ars Amatoria* Walter de Gruyter GmbH & Co KG

Originally published in 1905, this book argues that the educational outlook was rather misty and depressing both at home and abroad. That science should be a staple of education, that the teaching of Latin, of modern languages, of mathematics, must be reformed, that nature and handicrafts should be pressed into service for the training of the eye and hand, that boys and girls must learn to write English and therefore must know something of history and literature; and, on the other hand, that education must be made more technical and utilitarian - these, and such as these, are the cries of expedience with which we take the field. But we have no unifying principle, no definite aim; in fact, no philosophy of education.

The classic, single-volume introductory Latin textbook, introduced in 1956 and still the bestselling and most highly regarded textbook of its kind. Wheelock's Latin, sixth edition, revised, has all the features that have made it the best-selling single-volume beginning Latin textbook, many of them revised and expanded: o 40 chapters with grammatical explanations and readings based on ancient Roman authors o Self-tutorial exercises with an answer key for independent study o An extensive English-Latin/ Latin-English vocabulary section o A rich selection of original Latin readings -- unlike other textbooks which contain primarily made-up Latin texts o Etymological aids Also includes maps of the Mediterranean, Italy and the Aegean area, as well as numerous photographs illustrating aspects of classical culture, mythology, and historical and literary figures presented in the chapter readings. o The leading self-tutorial Latin program. Also great for college and accelerated high school courses. o Wheelock's Latin is the top-selling Latin reference in the US. o Interest and enrolments in Latin have

been steadily rising in the U.S. for the past 20 years. One-half million people are currently enrolled in Latin classes, and at least 10,000 teachers, professors and graduate assistants are teaching the language in America.

*Latin for the New Millennium: Level 2: student text* Routledge

"Presents ancient and neo-Latin language phrases and conversations on a variety of topics. Includes pronunciation guide, bibliography, and English to Latin vocabulary. Expanded and enlarged from the 3rd edition (2003)"--Provided by publisher.

*Latin Alive!* RTI Press

Ovid's *Ars Amatoria* has met with astonishingly varied fortunes down the centuries. Ten years after publication the book became a reason, or more probably a pretext, for the author's banishment from Rome. It was removed from public libraries, and more recently the poem suffered a virtual embargo in schools and universities. This is the first detailed English commentary on any part of the poem. Examined afresh, it emerges as the wittiest of Ovid's love poems, turning upside down the attitudes and conventions of orthodox love elegy. The work is full of psychological insight and is richly embroidered with details of contemporary Roman social and political life. This new paperback edition intends to bring out the spirit of provocative frivolity which was undeniably meant to irritate Roman traditionalists. The text of Kenney's Oxford Classical Text is reproduced and supplemented with a full introduction to the style and historical background the poem, as well as with a full commentary and appendices.

**O Tempora! O Mores!** Bolchazy-Carducci Publishers

The *Latin Alive!* Book One: Teacher's Edition includes a complete copy of the student text, as well as answer keys, extra teacher's notes and explanations, unit tests, and bonus projects and activities.

*Ecce Romani, Set, Bks. 3-4* Bolchazy-Carducci Publishers

What is Latin? If you will look at the map of Italy on the opposite page, you will find near the middle of the peninsula and facing the west coast a district called Latium,<sup>1</sup> and Rome its capital. The Latin language, meaning the language of Latium, was spoken by the ancient Romans and other inhabitants of Latium, and Latin was the name applied to it after the armies of Rome had carried the knowledge of her language far beyond its original boundaries. As the English of to-day is not quite the same as that spoken two or three hundred years ago, so

Latin was not always the same at all times, but changed more or less in the course of centuries. The sort of Latin you are going to learn was in use about two thousand years ago. And that period has been selected because the language was then at its best and the greatest works of Roman literature were being produced. This period, because of its supreme excellence, is called the Golden Age of Roman letters. This is a high quality book of the original classic edition. It was previously published by other bona fide publishers, and is now, finally, back in print. This is a freshly published edition of this culturally important work, which is now, at last, again available to you. Enjoy this classic work. These few paragraphs distill the contents and give you a quick look inside: Part II carries the work through the first sixty lessons, and is devoted to the study of forms and vocabulary, together with some elementary constructions, a knowledge of which is necessary for the translation of the exercises and reading matter. ...The Latin language, meaning the language of Latium, was spoken by the ancient Romans and other inhabitants of Latium, and Latin was the name applied to it after the armies of Rome had carried the knowledge of her language far beyond its original boundaries. As the English of to-day is not quite the same as that spoken two or three hundred years ago, so Latin was not always the same at all times, but changed more or less in the course of centuries. ...The Normans spoke French-which, you remember, is descended from Latin-and spread their language to a considerable extent over England, and so Norman-French played an important part in the formation of English and forms a large proportion of our vocabulary. ...In English we have three cases, -nominative, possessive, and objective; but, in nouns, the nominative and objective have the same form, and only the possessive case shows a change of ending, by adding 's or the apostrophe.

*Cicero, Philippic 2, 44-50, 78-92, 100-119* Hackett Publishing

The *Amores*; or, *Amours* (Book-II), is many of the old classic books which have been considered important throughout the human history. They are now extremely scarce and very expensive antique. So that this work is never forgotten we republish these books in high quality, using the original text and artwork so that they can be preserved for the present and future generations. This whole book has been reformatted, retyped and designed. These books are not made of scanned copies of their original work and hence the

text is clear and readable.

*Ecce Romani* Yale University Press  
Designed for North American students, this special version of the Oxford Latin Course combines the best features of both modern and traditional methods of Latin teaching, providing an exciting, stimulating introduction and approach to Latin based on the reading of original texts. In this four-volume North American edition, the order of declensions corresponds to customary U.S. usage, and the spelling has been Americanized. In addition, it offers full-color illustrations and photographs throughout Parts I and II and an expanded Teacher's Book with translations for each part. Parts I-III (now available in hardcover editions) are built around a narrative detailing the life of Horace, now based more closely on historical sources, which helps students to get to know real Romans--with their daily activities, concerns, and habits--and to develop an understanding of Roman civilization during the time of Cicero and Augustus. Part IV (paperback) is a reader consisting of extracts from Caesar, Cicero, Catullus, Virgil, Livy, and Ovid. The second edition of the Oxford Latin Course has been carefully designed to maximize student interest, understanding, and competence. It features a clearer presentation of grammar, revised narrative passages, new background sections, more emphasis on daily life and on the role of women, a greater number and variety of exercises, and review chapters and tests. Each chapter opens with a set of cartoons with Latin captions that illustrate new grammar points. A Latin reading follows, with new vocabulary highlighted in the margins and follow-up exercises that focus on reading comprehension and grammatical analysis. A background essay in English concludes each chapter. Covering a variety of topics--from history to food, from slavery to travel, these engaging essays present a well-rounded picture of Augustan Rome. The Oxford Latin Course, Second Edition offers today's students and teachers an exceptionally engaging and attractive introduction to the language, literature, and culture of Rome--one that builds skills effectively and is exciting to use.

**Before Religion** Prentice Hall

*Learn to Read Latin* helps students acquire an ability to read and appreciate the great works of Latin literature as quickly as possible. It not only presents basic Latin morphology and syntax with clear explanations and examples but also offers direct access to unabridged passages drawn from a wide variety of Latin texts. As beginning students learn basic forms

and grammar, they also gain familiarity with patterns of Latin word order and other features of style. Learn to Read Latin is designed to be comprehensive and requires no supplementary material; it explains English grammar points and provides drills especially for today's students; it offers sections on Latin

metrics; it includes numerous unaltered examples of ancient Latin prose and poetry; it incorporates selections by authors such as Caesar, Cicero, Sallust, Catullus, Vergil, and Ovid, presented chronologically with introductions to each author and workbook offers a comprehensive workbook

that provides drills and homework assignments. This enlarged second edition improves upon an already strong foundation by streamlining grammatical explanations, increasing the number of syntax and morphology drills, and offering additional short and longer readings in Latin prose and poetry.
