The Great War Handbook Pen and Sword
The Somme is the epicentre for most people in the study of the First World War from a UK and Commonwealth perspective. Today the landscape and terrain are dedicated to the soldiers that fought

and died there and Major and Mrs Holt's Pocket Guide to the Somme has been put together to take you around the area. This book, part of a new series of guides, is designed conveniently in a small size, for those who have only limited time to visit, or who are simply interested in as an introduction to the historic

battlefields, whether on the ground or from an armchair. They contain selections from the Holts' more detailed guides of the most popular and accessible sites plus handy tourist information, capturing the essential features of the Battles. The book contains many full colour maps and photographs

and detailed instructions on what to see and where to visit.

Pen and Sword

The 100th Anniversary of the most publically aware battle of WW1 - the battle of the Somme, will be on 1 July

2016 and every media form will be covering it from January onwards. The book has taken 20 years to mature from its first edition to this new 'Definitive' edition, the Seventh, each time being updated and expanded. It is a legacy that should be on every bookshelf. The book is based upon over 30 years of traveling and writing about battlefields by two people - Major and Mrs Holt - who are credited with

having started the modern era of battlefield tours - and were awarded the Somme Centenary Medal for their work in 'opening the doors to the battlefields' with their books. This Guide Book is MORE than a guide book - Sir Martin Gilbert said, 'the Holts have raised the Guide Book to a new high level,' and 'the golden thread that runs through it (the previous Somme Guide) - is the

focus that the Holts give to the stories of individuals'. It will therefore appeal both to General and to Specialist readers whether they travel to the battlefields or not. This is not merely a guide book, nor a history book, but it is brimming with human interest stories of veterans' experiences, tales of bravery, comradeship, natural terror, literary illusions to poets who experienced the battles

(such a Owen & Sassoon, Seeger and Sorley) ...If you buy just one book about the Battle of the Somme, this is the one that you should have, written by those who know the area and the battlefield better even than the French themselves, and who tell its story from both humanistic and military standpoints
Major & Mrs. Holt S Concise Illustrated Battlefield Guide - The

Western Front - North 100th Anniversary Edition Bradt Travel Guides
Like the other books in the Holts' acclaimed Battlefield Guide Series (see inside front cover for details) this is much more than just a guidebook. It charts in fascinating detail what happened at each recommended stop and brings alive, with cameos and personal recollections, the dramatic events of September

1944.??It is the very first detailed guide to chart the entire MARKET-GARDEN Corridor - from Leopoldsburg in Belgium and over the important bridges at the Scheldt-Maas Canal, the Wilhelmina Canal, the Zuid Willemsvaart Canal, the Maas and the Waal to the Bridge at Arnhem over the Lower Rhine - the 'Bridge Too Far'.??There are stories of gallantry, despair, humour, fear and dogged persistence??- here was a hidden execution ground and cemetery in Belgium?- here Pfc Joe Mann threw himself onto a grenade to save his buddies?- here the 504th PIR made the daring crossing over the Waal?- here was Diogenes, the Germans' menacing secret bunker?- here twin brothers of the British Airborne were killed together?- here Colonel Johnny Frost clung on for 4 desperate days??This third edition includes:??[] An UPDATE Section with GPS locations, new/changed Memorials, Museums and Tourist Information?[] An Approach Route and five recommended timed Itineraries?[] Sketch maps in all the Itineraries?[] Memorials to the liberating Allies and the suffering Civilians?[] Museums, sites of DZs and LZs?[] Allied and German Cemeteries

The Search for Kipling's Only Son Pen and Sword
 On 21 February 1916 the German Fifth Army launched a devastating offensive against French forces at Verdun and set in motion one of the most harrowing and prolonged battles of the Great War. By the time the struggle finished ten months later, over 650,000

men had been killed or wounded or were missing, and the terrible memory of the battle had been etched into the histories of France and Germany. This epic trial of military and national strength cannot be properly understood without visiting, and walking, the battlefield, and this is the purpose of Christina Holstein's invaluable guide. In a series of walks she takes the

reader to all the key points on the battlefield, many of which have attained almost legendary status - the spot where Colonel Driant was killed, the forts of Douaumont, Vaux and Souville, the Mort Homme ridge, and Verdun itself. REVIEWS

Over the next 37 years she was seldom far from the actions in which British forces were engaged worldwide, be they in Aden, Malaysia and Borneo, Northern Ireland, the Cold War (Norway), South Rhodesia, Falklands, the Gulf, Afghanistan and so on. Thousands of sailors, Royal Marines and

soldiers served on board over her 19 commissions. Now paid off, Fearless has a great story to tell and the Author, a former senior Royal Marine who knows her well, is superbly qualified to tell it.
