The Academic Sermons (The Fathers of the Church, Mediaeval Continuation, Volume 11)

Strong Lane Publishing

This volume sheds a new light on Philosophical Investigations, Ludwig Wittgenstein's master opus, by taking a new approach to its first stretch (sections §§1-88), with special emphasis on its atypical opening. The methodological conviction that subtends the volume is that the highly unconventional form assumed by the book is internal to its content and crucial to its reconception of the relation between logic and language. This

disconcerting form is dictated by the new modes of criticism deployed by Wittgenstein as he engages the philosophical tradition in the new terms afforded by the revolutionary "method of language-games". In the essays collected here, seven authors, including some of the most influential figures in the field, offer close and often unorthodox readings of pivotal passages from the beginning of the book. These readings are also shaped by the conviction that the Philosophical Investigations are hardly intelligible apart from an appreciation of the concerns that they inherit from Wittgenstein's early work, the *Tractatus Logico-Philosophicus*.

The authors contend that we need to consider the continuities between the early and the later works if we are to disclose the true discontinuities between them.

NEHGS Nexus

Routledge

This first volume examines how sexual mores and behavior, religious dogma and practice, and artistic creativity and authenticity have influenced, and been influenced by, the existentialist thought of Kierkegaard, Heidegger, Sartre, Nietzsche, Husserl and Buber, and the writings of Camus, Dostoevsky, Beckett, Kafka and Shestov. It compares the author's personality theory with those of Freud, Jung, Fairbairn, Karl

Abraham and Melanie Klein, and Buddhist, Gnostic, Christian and Muslim mysticism with Jewish Kabbalah. It explains society's harsh treatment of Carlo Gesualdo, Vincent van Gogh and Antonin Artaud, and analyzes the existentialist approach to existence, absurdity, human dialogue, and suicide. It will appeal to students and professionals in fields as diverse as philosophy, psychology, sociology, anthropology, religion, law, music, art, drama, literature and biology.

Providing another key contribution to the immensely popular field of law and economics, this book, written by the doyen of

the history of economic thought in the US, explores the dynamic relationship between economics, law and polity. Combining a selection of old and new essays by Warren J. Samuels that chart a number of key themes, it provides an i

Killtopia Penguin

Belief is power. Choice is illusion. Justice is imminent. Meet Enael, a guardian angel who excels at attracting humans who don't listen, scrutiny from the highest levels of Heaven, and, of course, demons plotting to upset the entire balance of power in the Earthly realm. This boxed set contains the three primary books of the Fallen Redemption trilogy: Guarding Angel, Reaping Angel, and Warring Angel.

Fans of Fallen, Black Wings, and Hush, Hush will love this fantastic series by science fiction and fantasy author Samantha L. Strong. Reviews "Kept me turning the pages until early in the morning..." "Seriously, don't put it down. It gets better with every page you turn..." "The author took me on a journey I did not expect..."

"Heartbreaking, thought-provoking, and multi-faceted..."

"Disturbing, entertaining, emotional, and for me, philosophical..."

"Rather than thinking, 'Could I believe this world exists?' I'm actually trying to persuade myself it doesn't..." "An original and refreshing take on angels..." "I loved Enael so much..." "I

love this book..." "This is a must-read series!"

Guarding Angel, Book #1 She's an exasperated guardian angel. He's a stubborn human. Can she protect him from a demon's wrath, or will she lose her wings forever? **Guarding Angel** is the first book in the **Fallen Redemption** trilogy, featuring an angel determined to prove herself, a demonic plot to wrestle power from Heaven, and secrets that will reverberate throughout Earth's history. **Reaping Angel, Book #2** She's a resolute fallen angel. He's a demonic ex-lover. Can she earn back her wings despite his attacks, or will she be condemned to Hell forever? **Reaping Angel** is the second book in the **Fallen Redemption**

trilogy, featuring a fed-up former angel, buried secrets from the past, and a cold, hard look at the ugliness of life—and death.

Warring Angel, Book #3 An elite fighter. An ancient evil secretly gathering power for millennia. Can she stop it before Heaven itself is destroyed? **Warring Angel** is the final book in the **Fallen Redemption** trilogy, featuring an angel coming into her power, an evil older than the Earth itself, and a war that will change the face of Heaven and Hell forever.

Case Against Excluding
Relevant Evidence at
Trial Cambridge

University Press

In the tradition of *Kitchen Confidential* and *Waiter Rant*, a rollicking, eye-opening, fantastically indiscreet memoir of a life spent (and misspent) in the hotel industry. "Highly amusing."—*New York Times* Jacob Tomsky never intended to go into the hotel business. As a new college graduate, armed only with a philosophy degree and a singular lack of career direction, he became a valet parker for a large luxury hotel in New Orleans. Yet, rising fast through the ranks, he ended up working in "hospitality" for more than a decade, doing everything from supervising the housekeeping

department to manning the front desk at an upscale Manhattan hotel. He's checked you in, checked you out, separated your white panties from the white bed sheets, parked your car, tasted your room-service meals, cleaned your toilet, denied you a late checkout, given you a wake-up call, eaten M&Ms out of your minibar, laughed at your jokes, and taken your money. In *Heads in Beds* he pulls back the curtain to expose the crazy and compelling reality of a multi-billion-dollar industry we think we know. *Heads in Beds* is a funny, authentic, and irreverent chronicle of the highs and lows of hotel life, told by a keenly observant insider who's seen it

all. Prepare to be amused, shocked, and amazed as he spills the unwritten code of the bellhops, the antics that go on in the valet parking garage, the housekeeping department's dirty little secrets—not to mention the shameless activities of the guests, who are rarely on their best behavior. Prepare to be moved, too, by his candor about what it's like to toil in a highly demanding service industry at the luxury level, where people expect to get what they pay for (and often a whole lot more). Employees are poorly paid and frequently abused by coworkers and guests alike, and maintaining a semblance of sanity is a daily challenge. Along his journey Tomsky also reveals

the secrets of the industry, offering easy ways to get what you need from your hotel without any hassle. This book (and a timely proffered twenty-dollar bill) will help you score late checkouts and upgrades, get free stuff galore, and make that pay-per-view charge magically disappear. Thanks to him you'll know how to get the very best service from any business that makes its money from putting heads in beds. Or, at the very least, you will keep the bellmen from taking your luggage into the camera-free back office and bashing it against the wall repeatedly. *Crux* Princeton University Press

Confessions of an

Intergalactic Anthropologist Penn State Press
Michael Walker's Laurel Canyon presents the inside story of the once hottest rock and roll neighborhood in LA. In the late sixties and early seventies, an impromptu collection of musicians colonized a eucalyptus-scented canyon deep in the Hollywood Hills of Los Angeles and melded folk, rock, and savvy American pop into a sound that conquered the world as thoroughly as the songs of the Beatles and the Rolling Stones had before them. Thirty years later, the music made in Laurel Canyon continues to pour from radios, iPods, and concert stages around the world. During the canyon's golden era,

the musicians who lived and worked there scored dozens of landmark hits, from "California Dreamin'" to "Suite: Judy Blue Eyes" to "It's Too Late," selling tens of millions of records and resetting the thermostat of pop culture. In Laurel Canyon, veteran journalist Michael Walker tells the inside story of this unprecedented gathering of some of the baby boomer's leading musical lights—including Joni Mitchell; Jim Morrison; Crosby, Stills, and Nash; John Mayall; the Mamas and the Papas; Carole King; the Eagles; and Frank Zappa, to name just a few—who turned Los Angeles into the music capital of the world and forever changed the

way popular music is recorded, marketed, and consumed.

Nexus Springer

This 1901 book traces the development of the Sacrament of Confession from the earliest days of Christianity to 1215.

Feasting on the Word: Year B, Volume 3

Cambridge Scholars Publishing

This fascinating book is the first volume in a projected cultural history of the United States, from the earliest English settlements to our own time. It is a history of American folkways as they have changed through time, and it argues a thesis about the importance for the United States of having been British in its cultural origins. While most people in the United States today

have no British ancestors, they have assimilated regional cultures which were created by British colonists, even while preserving ethnic identities at the same time. In this sense, nearly all Americans are "Albion's Seed," no matter what their ethnicity may be. The concluding section of this remarkable book explores the ways that regional cultures have continued to dominate national politics from 1789 to 1988, and still help to shape attitudes toward education, government, gender, and violence, on which differences between American regions are greater than between European nations.

Religious Vitality in Christian Intentional Communities Anchor
Thomas De Quincey

(1785-1859) is considered one of the most important English prose writers of the early-19th century. This is the first part of a 21-volume set presenting De Quincey's work, also including previously unpublished material. *The Land* Psychology Press

With this new lectionary commentary series, Westminster John Knox offers the most extensive resource for preaching on the market today. When complete, the twelve volumes of the series will cover all the Sundays in the three-year lectionary cycle, along with movable occasions, such as Christmas Day, Epiphany, Holy Week, and All Saints' Day. For each lectionary text, preachers will find four

brief essays--one each on the theological, pastoral, exegetical, and homiletical challenges of the text. This gives preachers sixteen different approaches to the proclamation of the Word on any given occasion. The editors and contributors to this series are world-class scholars, pastors, and writers representing a variety of denominations and traditions. And while the twelve volumes of the series will follow the pattern of the Revised Common Lectionary, each volume will contain an index of biblical passages so that nonlectionary preachers, as well as teachers and students, may make use of its contents.

Eyewitness**Psychology: Volume**

I Policy Press

Volume 1 of 4.

Encompassing the whole milieu of early Islamic civilization, this major work of Western orientalism explores the meaning of the life and teaching of the tenth-century mystic and martyr, al-Hallaj. With profound spiritual insight and transcultural sympathy, Massignon, an Islamicist and scholar of religion, penetrates Islamic mysticism in a way that was previously unknown. Massignon traveled throughout the Middle East and western India to gather and authenticate al-Hallaj's surviving writings and the recorded facts. After assembling the extant verses and prose works

of al-Hallaj and the accounts of his life and death, Massignon published *La Passion d'al-Hallaj* in 1922. At his death in 1962, he left behind a greatly expanded version, published as the second French edition (1975). It is edited and translated here from the French and the Arabic sources by Massignon's friend and pupil, Herbert Mason. Volume 1 gives an account of al-Hallaj's life and describes the world in which he lives; volume 2 traces his influence in Islam over the centuries; volume 3 studies Hallajian thought; volume 4 contains a full biography and index. Each volume contains Massignon's copious notes and new translations of original Islamic documents.

Herbert Mason is University Professor of Religion and Islamic History at Boston University. He is also a poet and novelist; his version of the Gigamesh epic was a nominee for the National Book Award in 1971. *Bollingen Series XCVIII*. Originally published in 1986. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access

to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905. *Principles of Catholic Theology, Book 1: On the Nature of Theology* CUA Press "Time travel, UFOs, mysterious planets, stigmata, rock-throwing poltergeists, huge footprints, bizarre rains of fish and frogs—nearly a century after Charles Fort's *Book of the Damned* was originally published, the strange phenomenon presented in this book remains largely unexplained by modern science. Through painstaking research and a witty, sarcastic style, Fort captures the imagination while exposing the flaws of

popular scientific explanations. Virtually all of his material was compiled and documented from reports published in reputable journals, newspapers and periodicals because he was an avid collector. Charles Fort was somewhat of a recluse who spent most of his spare time researching these strange events and collected these reports from publications sent to him from around the globe. This was the first of a series of books he created on unusual and unexplained events and to this day it remains the most popular. If you agree that truth is often stranger than fiction, then this book is for you"--Taken from Good Reads website.

 Lacking health insurance when he was diagnosed with cancer, Shawn Speakman asked friends in the science fiction and fantasy writing community to donate short stories he could use to counter mounting medical debt. The result was *Unfettered*, an anthology offering tales from some of the best authors working today. Now, in *Unfettered III*, Speakman continues to pay forward the aid he received, raising money to combat medical debt for SF&F artists and authors. He has gathered together a great mix of new and favorite writers_free to write what they like_the result a powerful new

anthology perfect for all readers. *Unfettered III* is sure to astound with the magic bound within its pages. All the while raising money for a charitable cause. Because protecting our artists and authors is as important as the stories they tell.

Comics in Translation

Westminster John Knox Press

Through ethnographic research, Killian examines vitality in Philadelphia and Berea, two Christian Intentional Communities whose participants live in close proximity with one another to achieve religious values. Pulling from Anthony Giddens' theory of structuration, Killian argues that the vitality of both communities cannot be reduced to

deterministic structural, individual, or organizational causes. Rather, vitality in these communities is affected by all of these causes in relationship to one another. In other words, it's not that each explanation "matters" (e.g., social structures matter, organizational behaviors matter, individual religious choices matter), but that these explanations matter to each other (e.g., social structures matter to individual choices, individual choices matter to organizational behaviors, and social structures matter to organizational choices, etc.). To make this argument, Killian develops the idea of the vitality nexus—the interconnected

relationship between the various explanations of religious vitality.

The Encyclopedia of Christianity, Vol. 5

Farrar, Straus and Giroux

Comics are a pervasive art form and an intrinsic part of the cultural fabric of most countries. And yet, relatively little has been written on the translation of comics. Comics in Translation attempts to address this gap in the literature and to offer the first and most comprehensive account of various aspects of a diverse range of social practices subsumed under the label 'comics'. Focusing on the role played by translation in shaping graphic narratives that appear in various

formats, different contributors examine various aspects of this popular phenomenon. Topics covered include the impact of globalization and localization processes on the ways in which translated comics are embedded in cultures; the import of editorial and publishing practices; textual strategies adopted in translating comics, including the translation of culture- and language-specific features; and the interplay between visual and verbal messages. Comics in translation examines comics that originate in different cultures, belong to quite different genres, and are aimed at readers of different age groups and cultural backgrounds, from

Disney comics to Art Spiegelman's *Maus*, from Katsuhiro Ōtomo's *Akira* to Goscinny and Uderzo's *Astérix*. The contributions are based on first-hand research and exemplify a wide range of approaches. Languages covered include English, Italian, Spanish, Arabic, French, German, Japanese and Inuit. The volume features illustrations from the works discussed and an extensive annotated bibliography. Contributors include: Raffaella Baccolini, Nadine Celotti, Adele D'Arcangelo, Catherine Delesse, Elena Di Giovanni, Heike Elisabeth Jüngst, Valerio Rota, Carmen Valero-Garcés, Federico Zanettin and Jehan Zitawi.

Rousseau Among

the Moderns

Routledge
The Handbook of Eyewitness Psychology presents a survey of research and legal opinions from international experts on the rapidly expanding scientific literature addressing the accuracy and limitations of eyewitnesses as a source of evidence for the courts. For the first time, extensive reviews of factors influencing witnesses of all ages-children, adults, and the elderly-are compiled in a single pair of volumes. The disparate research currently being conducted in eyewitness memory in psychology, criminal justice, and legal studies is coherently presented in this work. Controversial topics

such as the use of hypnosis, false and recovered memories, the impact of stress, and the accuracy of psychologically impaired witnesses are expertly examined. Leading eyewitness researchers also discuss the subjects of conversational memory, alibi evidence, witness credibility, facial memory, earwitness testimony, lineup theory, and expert testimony. The impact of witness testimony in court is considered, and each volume concludes with a legal commentary chapter. The Handbook of Eyewitness Psychology is an invaluable aid to researchers, legal scholars, and practicing lawyers who need access to the most recent research

in the field, accompanied by the interpretations and commentary of many of the world's leading authorities on these topics.

Mass Effect -

Andromeda: Nexus Uprising Routledge

A riveting, beautifully written, fugue-like novel of Als, memory, violence, and mortality. Not far in the future the seas have risen and the central latitudes are emptying, but it's still a good time to be rich in San Francisco, where weapons drones patrol the skies to keep out the multitudinous poor. Irina isn't rich, not quite, but she does have an artificial memory that gives her perfect recall and lets her act as a medium between her various employers and their

Als, which are complex to the point of opacity. It's a good gig, paying enough for the annual visits to the Mayo Clinic that keep her from aging. Kern has no such access; he's one of the many refugees in the sprawling drone-built favelas on the city's periphery, where he lives like a monk, training relentlessly in martial arts, scraping by as a thief and an enforcer. Thales is from a different world entirely—the mathematically inclined scion of a Brazilian political clan, he's fled to L.A. after the attack that left him crippled and his father dead. A ragged stranger accosts Thales and demands to know how much he can remember. Kern flees for his life after robbing

the wrong mark. Irina finds a secret in the reflection of a laptop's screen in her employer's eyeglasses. None are safe as they're pushed together by subtle forces that stay just

out of sight. Vivid, tumultuous, and propulsive, Void Star is Zachary Mason's mind-bending follow-up to his bestselling debut, The Lost Books of the Odyssey.
