In the winter of 1804-1805, Edward
Scofield and a small group entered the
township in search of a creek suitable for a
mill and good land for settlement. Within a

few years, Walnut Run, a tributary of
Mosquito Creek, was providing waterpower
to a gristmill and a sawmill, and other
settlers began to arrive. The area around
the mill was called by various names: first,
Leroy, as named by Scofield, or East
Bazetta, referring to its location east of
Mosquito Creek that divided the township
nearly in half; then Baconsburgh because
of the many settlers from the Bacon
family; and finally Cortland following
incorporation. Over the years, the area
around Walnut Run flourished, churches
were built, businesses and industries were

established, and a lake was built during
World War II. Then, as now, people worked
very hard to make Bazetta Township and
its only city a great place in which to live.
