JAYLIN ELLISON

American Antique Guns and Their Current Prices

Stackpole Books

This book is filled with pictures of rare, strange and unusual guns, firearms and other weapons. Lewis Winant was a major dealer and collector of firearms. He assembled here more than 300 pieces. The many strange and freakish gun

fabrications that are shown in this book are a tribute to man's inventive energy as applied to the development of arms. From days just past and from days long gone, Lewis Winant has selected over 300 pieces as representative of the oddities that have been constructed to utilize the propelling force of gunpowder. There are pistols in knives and canes; pistols in flashlights,

purses, plows, whips, bicycle handlebars, stirrups, keys, pipes, belts, sundials, and other contrivances. In addition there are other types classified as oddities, such as squeezers, knuckle-dusters, alarm and trap. There are combination weapons, turret, chain and harmonica pistols, guns using superposed loads and other variations from the norm. These remarkable

firearms come from more than fifty collections.

Johnston, at the Great Western Gun Works, 179 Smithfield Street, Pittsburgh, Pa Ishi Press
Written by one of the foremost firearms experts of the twentieth century,

Charles Edward Chapel's *Guns of the Old West* is an exhaustively researched document that not only boasts a significant collection of antique Western guns, but also categorizes the firearms into easy-to-reference sections. Starting with an introductory chapter on the origins of guns and their earliest uses on the frontier, Chapel covers everything from muskets

to rifles, pistols to revolvers, and shotguns to martial arms. Three whole chapters are dedicated to the rise and fall of the famous Deringer pistol. And as much as *Guns of the Old West* is an encyclopedic reference manual, it's also fascinating historical literature that frames the world in which these guns were used. Buffalo guns and hunters are covered, along with martial arms

of the post-Civil War era. The gun collection of famous collector and hunter President Theodore Roosevelt is given its own chapter. Illustrated with nearly 500 illustrations, as well as important artwork from the Western period from artists such as Frederic Remington, *Guns of the Old West* is an essential work for gun collectors and American history enthusiasts.

Standard Catalog of Military Firearms Simon and Schuster For military historians and firearm enthusiasts this inclusive reference is a key resource to nearly all the military firearms available to U.S. collectors. It features listings for firearms manufactured in 1870 through the present. **The Official Gun Digest Book of Guns and Prices** Gun Digest Books

Sporting Guns is an illustrated guide to the world's best modern sporting rifles and shotguns, from all-time favorites such as the Weatherby Mark V to the latest Beretta competition shotguns. Ranging from bolt-action rifles to turkey guns, the book examines some of the most exciting available types of long gun for hunting and target sports. *Sporting Guns* is divided into four chapters

that cover the main types of recreational gun: breech-loading (break-open) shotguns and rifles, semi-automatic and pump shotguns, bolt- and manual-action rifles, and semi-automatic rifles. Within each chapter the guns are arranged alphabetically for ease of reference. Each entry takes an individual gun and explores its key features, including its operating system,

construction, hunting/target use, sighting options, price range and important variants. The book also offers essential advice on using sporting guns safely, whether on a shooting range or out in the wild. If you are interested in clay shooting, target practice, or outdoor hunting, *Sporting Guns* will help you find the right gun and keep informed of the best on the gun market.

Packed with color photographs, detailed descriptions, and full specifications for each weapon, *Sporting Guns* is the ideal handbook for both novice shooters and expert riflemen alike. *The Colt M1911 .45 Automatic Pistol*
Chartwell Books

 Manhattan's
 activities

spanned the years 1855 to 1873--an exciting period in American firearms that witnessed the high development of the percussion revolver, its rapid decline in the post-Civil War years, and the emergence of metallic cartridge arms. Substantiated by original records, the author discusses Manhattan's four patents, the connection of the Manhattan .22 caliber

revolvers with the early usage of the .22 long cartridges, a lawsuit between Smith & Wesson and Herman Boker & Company, as well as many other aspects of Manhattan's history. A serious work on an American maker, this book constitutes a significant contribution to firearms history and merits a place on the bookshelf of every arms collector and enthusiast.

The Official Price Guide to Antique and Modern Firearms

Krause Publications DIVThoroughly documented reference identifies guns used in America during eastern settlement and westward expansion. The highly readable survey describes those who used and sold weapons as well as those who made them. 58 rare illustrations. /div
Smith & Wesson Hand Guns Gun

Digest Books
If you love old .22 rifles (and who doesn't?), and would like to know more about them, this book is a must-have. It is the only book of its kind, covering 20 classic and vintage rifles from five different manufacturers. The rifles covered are among the most-used and best-loved rifles of all time. In these pages you will find a wealth of information about each rifle and each manufacturer including:

history and development, physical measurements and handling characteristics, accuracy testing, and current value. Plus, there are chapters on finding your own classic rifle, hunting with the .22, improving accuracy, and proper care and maintenance, and much more. So, if you'd like to know more about that old .22 that you've inherited or you need some good information to help you find your own, this

is the book for you.

AuthorHouse
This indispensable sourcebook covers weapons manufactured in the United States and foreign countries between the 1600s and the mid-1980s -- from historic flintlocks and mustkets to modern-day handguns, rifles, and shotguns. Fully illustrated!
Guns Paladin Press

Everything you need to know to buy, sell, and collect shotguns. Gun Trader's Guide is the bestselling collectible firearms reference, having sold over two million copies in thirty-six editions. The guide includes prices for all types of firearms, but what if you are only interested in buying, selling, and collecting shotguns? Then Gun Trader's Guide to Shotguns is the book for

you! Featuring all your favorite shotguns from the original Gun Trader's Guide, plus hundreds more, this is the only reference you'll ever need. Veteran editor and firearms enthusiast Robert A. Sadowski has compiled and cataloged discontinued and collectible shotguns from your favorite manufacturers. Complete with specs and price gradients based on the condition of the shotgun,

collecting and selling your firearms will be easier than ever. Sadowski also provides valuable tips on how to use the guide, as well as articles on various collectible shotguns and the art of shotgun trading. Also step behind the scenes to learn what dealers are looking for, what they want in your shotgun, and what's required to become a dealer, which should help you when buying,

trading, or selling your shotguns. Whether you are a first-time shotgun owner or a longtime shotgun enthusiast, Gun Trader's Guide to Shotguns is an invaluable tool to read before stepping foot in the dealer's store or attending a gun show. Skyhorse Publishing is proud to publish a broad range of books for hunters and firearms enthusiasts. We publish books about shotguns,

rifles, handguns, target shooting, gun collecting, self-defense, archery, ammunition, knives, gunsmithing, gun repair, and wilderness survival. We publish books on deer hunting, big game hunting, small game hunting, wing shooting, turkey hunting, deer stands, duck blinds, bowhunting, wing shooting, hunting dogs, and more. While not every title we publish

becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home.
