Train Like a Superhero “I recommend this book to all personal trainers, training geeks, and people who just want to learn about different training methods and philosophies.” —JC Santana, author of Functional Training #1 New Release in Weight Training Body and Brain Training Designed to Unlock Your Amazing Hidden Potential Inactive and stressful lifestyles.

Many of us have forgotten how to move correctly. We live with muscular imbalances, constant pain, and low energy. Adam Sinicki is on a mission to change this. He is best known for his YouTube channel “The Bioneer”, where he provides expertise on functional training, brain training, productivity, flow states, and more. Become better than just

functional. Currently popular functional training is exercise as rehabilitation. It aims to restore normal, healthy strength and mobility using compound and multi-faceted movements. In *Functional Training and Beyond*, Adam reveals how we can become “better than just functional.” We can improve not only our physical performance but also our mental state. We can train so that we move better, think more clearly, feel energetic, and even live more efficiently. An entirely new way to train. Up until now working out has been defined as having one of two goals—get bigger or get leaner. But why are those the only goals? What if there was a third, practical, healthy and exciting way to train our body as well as our mind? *Functional Training and Beyond* shows us how we can train our brains just like our bodies, and how to incorporate this into a comprehensive, well-rounded program. In *Functional Training and Beyond*:

- Enjoy the unique benefits of new ways to train your body and your mind
- Learn how to train for greater mobility, less pain, improved mood, and increased energy
- Explore the fun of training with kettlebells, calisthenics, clubbells, street workouts,

animal moves, handstands, rope climbs, isometrics, and more Fans of books such as *Overcoming Gravity*, *You Are Your Own Gym*, *The World’s Fittest Book*, *New Functional Training for Sports*, or *Calisthenics for Beginners* will discover a new and better way to train both their bodies and minds in *Functional Training and Beyond*.

Man 2.0 Engineering the Alpha Harper Collins

This program has helped thousands of women build their best bodies ever. Will YOU be next? What if you could build that hot “Hollywood body” without having your life revolve around it? What if you didn't have to starve yourself, put in long hours at the gym, or do grueling cardio sessions that turn your stomach? What if you could eat all of the foods you actually like and do muscle-building workouts that you actually enjoy? Imagine waking up every morning, looking in the mirror, and feeling downright excited by your reflection. Imagine being able to proudly wear the clothes you really want to wear and take them off with confidence. Well, you can have all of these things, and it’s not nearly as difficult or complicated as you probably

think. *The Year One Challenge for Women* is a workout journal companion to the bestselling women’s fitness book *Thinner Leaner Stronger*, and it contains a full year's worth of workouts neatly organized so you can record, track, and review your progress toward the body you've always wanted. With this program, you can melt away up to 35 pounds of fat—including stubborn hip, belly, and thigh fat—add lean muscle to all the right places on your body, and double or even triple your whole-body strength. And that's just year one! So, if you're ready to build muscle definition and lose stubborn fat faster than you ever thought possible, scroll up, buy this journal today and start your journey to a thinner, leaner, and stronger you! *Leaner, Fitter, Stronger* Human Kinetics

Based on the wildly successful *Women's Health Big Book of Exercises*, this portable handbook offers readers step-by-step instructions (and color photos) on how to perfectly execute the best fat-torching, muscle-toning exercises ever choreographed. This essential workout guide is for any woman—from beginner to expert—who wants to lose weight fast, build strength, and tone those terrible

trouble spots, namely the belly, butt, and thighs. Complete with fast, effective workouts for home use or to take to the gym, this easy-to-tote package gives readers access to their favorite routines wherever they go. The guidebook details "main moves" for targeting each major muscle group and then shows readers variations that make the moves more challenging and effective. Other highlights: • The best new exercise to firm flabby arms • The ultimate circuit for a swimsuit ready body • The fastest cardio workout of all time • Plus, 10 new workouts and an exercise log to track progress from start to finish This shape-up manual bulges with hundreds of useful tips, breakthrough science, and cutting-edge workouts from the world's top trainers. Best of all, it'll help readers shape a body that will ensure a longer, healthier, happier lifetime.

The Wild Diet Workman Publishing
A state-of-the-art weight-lifting and nutritional blueprint for "skinny" guys who want to pack on muscle Let's face it, naturally skinny guys are at a distinct genetic disadvantage when it comes to building muscle mass. But with the proper

advice, these "hardgainers" definitely can realize their fitness goals. In *Scrawny to Brawny*, the authors draw on their years of practical experience as private strength and nutrition coaches to provide hardgainers with: • A progressive, state-of-the-art program that optimizes results with shorter, less frequent workouts that maximize compound exercises • A unique, action-based perspective on nutrition that shows how to prepare quick muscle-building meals and snacks-and how to take advantage of several critical times in the day when muscle growth can be stimulated by food intake • Vital information on how to identify and fix any weak links in their physiques that may be precursors to injury Designed not only for frustrated adult hardgainers but also--with its strong anti-steroid message--a terrific book for the large teen market, *Scrawny to Brawny* fills a significant gap in the weight-lifting arsenal.

The Year One Challenge for Women Simon and Schuster

This program has helped thousands of men build their best bodies ever. Will YOU be next? What if you could build that hot "Hollywood body" without having your life

revolve around it? What if you didn't have to starve yourself, put in long hours at the gym, or do grueling cardio sessions that turn your stomach? What if you could eat all of the foods you actually like and do muscle-building workouts that you actually enjoy? Imagine waking up every morning, looking in the mirror, and feeling downright excited by your reflection. Imagine being able to proudly wear the clothes you really want to wear and take them off with confidence. Well, you can have all of these things, and it's not nearly as difficult or complicated as you probably think. *The Year One Challenge for Men* is a workout journal companion to the bestselling men's fitness book *Bigger Leaner Stronger*, and it contains a full year's worth of workouts neatly organized so you can record, track, and review your progress toward the body you've always wanted. With this program, you can add 15 to 25 pounds of lean muscle to your frame while also shedding handfuls of unwanted body fat and doubling or even tripling your whole-body strength. And that's just year one! So, if you're ready to build lean muscle and lose stubborn fat faster than you ever thought possible,

scroll up, buy this journal today and start your journey to a bigger, leaner, and stronger you!

Provides an overview of fundamental nutrition concepts and the science underlying them.

Bigger Leaner Stronger Oculus Publishers

From steep inclines to slick terrains, *Cycling Anatomy, Second Edition*, will ensure you are prepared for every challenge that comes your way. Using the same methods that elite cyclists use, you can employ this well-rounded collection of 89 strength and conditioning exercises to maximize cycling power, speed, and endurance to improve your cycling performance. Each exercise includes clear step-by-step descriptions and full-color anatomical illustrations that highlight the primary muscle being used. You'll find dozens of variations that use a wide range of training equipment so you can modify exercises to target specific areas, and minimize common cycling injuries. The *Cycling Focus* section of each exercise includes illustrations of the active muscles involved in cornering, climbing,

descending, and sprinting to show you how the exercises are fundamentally linked to delivering maximum power to the pedals. Using tried-and-true strength training principles for all parts of the body, *Cycling Anatomy* will help you develop a training plan based on your individual needs and goals. Whether you're training for an upcoming century ride or just want to top that killer hill with strength to spare, *Cycling Anatomy* will help you reach top performance, avoid injury, and ensure you get the most out of every ride. CE exam available! For certified professionals, a companion continuing education exam can be completed after reading this book. *Cycling Anatomy, Second Edition Online CE Exam*, may be purchased separately or as part of the *Cycling Anatomy, Second Edition With CE Exam*, package that includes both the book and the exam.

125 Recipes for Building Muscle, Getting Lean, and Staying Healthy Oculus Publishers

Four secrets to looking and feeling younger than ever. *Becoming Ageless* presents a three-month, detailed diet and exercise plan to create a leaner, more muscular and happier you. Developed by

business mogul and fitness buff Strauss Zelnick--founder of the private equity firm Zelnick Media Capital and president and CEO of Take-Two Interactive, the company behind blockbuster video games such as *Grand Theft Auto* and *NBA2K*-- the strategies contained in *Becoming Ageless* are the same tactics that allowed Zelnick to evolve from a skinny, out-of-shape business executive (a workaholic wunderkind who headed the film studio 20th Century Fox in his early 30s) to one of the world's fittest and most physically active executives who reached his best-ever shape in his late 50s! "If you believe my fitness buddies," Zelnick writes, "I have a body that's aging in reverse...And *Becoming Ageless* is filled with the amazing tips and unique principles you'd find if you trained with me."

The Men's Health Big Book: Getting Abs Waterbury Publishers

Abel James, the ABC star and creator of the #1 Fat-Burning Man Show, shares his revolutionary weight-loss program in *The Wild Diet* - now a New York Times Bestseller! Can you really lose 20 pounds in 40 days while enjoying real butter, juicy burgers, chicken parmesan, chocolate,

and even cheesecake? The answer might surprise you. By focusing on simple, fresh ingredients and nutrient-dense meals, The Wild Diet programs your body to burn fat as its main fuel source. Eating Wild, thousands of people across the world have dropped 20, 60, or even more than 100+ pounds without hunger... and often with minimal exercise. In The Wild Diet, you'll find that we are not meant to starve ourselves, count calories, or avoid delicious food. We're wired to eat luxuriously and live well without getting fat. If you think that you're stuck with the genes you inherited and there's nothing you can do about it, read closely. The Wild Diet paints a different picture, one in which we have the power to influence our genetic expression by taking control of the quality of food we eat, the way we move, and the environment around us. We once had access to an immense variety of fresh seasonal foods from small, local sources. Now we have access to few varieties of processed foods from a massive industrial system often thousands of miles from where we live. The secret to great health simply getting back to our wild roots and enjoying real, Wild foods grown on a farm

and not in a factory. By prioritizing foods found in the natural world, rich in fiber and nutrients, your body will burn fat instead of sugar for energy. When you reduce your consumption of processed grains, sugars and other simple carbohydrates in favor of healthy plants and animals, you will be shocked by how quickly you can reverse the damage of decades of poor eating. The Wild Diet proves that it's possible to get in best shape of your life while eating delicious foods like chicken parmesan, bacon cheeseburgers, and even chocolate pudding. If you want to know how to burn more fat by indulging in incredible meals and exercising less, it's time to treat yourself to The Wild Diet.

Simon and Schuster

Every man has the potential for a great body, insane sex, and an unreal life. (Seriously) Want to lose body fat? That's easy—you can drop 20 pounds in 6 weeks. Want bigger muscles? Done. A 50-pound increase to your bench press, coming right up. Want to be smarter? Not a problem—the strategies in this book have been proven to increase brain function. Want an awesome sex life? Yeah, there's a fix for that, too—increased libido and

improved performance are just weeks away. You were born to achieve greatness, to be a man. But somewhere along the way you started to live an ordinary life. Fitness experts John Romaniello and Adam Bornstein developed a system that targets hormone optimization; their approach is specifically designed to transform you into the Alpha you were always meant to be. Strong. Confident. Powerful. Based on cutting-edge, scientifically validated methods known only to the fitness elite, Man 2.0 provides a step-by-step road map to regaining your health, looking your best, supercharging your sex life—even reversing the aging process. The systems in this book have changed the lives of countless men who've worked with Romaniello and Bornstein. In this book, you will discover: Answers to all the questions you have about training and nutrition—and even ones you haven't thought of yet. An easy-to-understand plan designed to work with your body, not against it, to burn fat, and build dense, rock-hard muscle. A comprehensive nutrition program, fully customized for Alphas, complete with meal plans. *Go Beyond Paleo to Burn Fat, Beat*

Bigger Leaner Stronger The Simple Science
of Building the Ultimate Male Body
Oculus Publishers

**The Complete Contest Preparation
Handbook** HarperCollins UK

If you want to be muscular, lean, and strong as quickly as possible without steroids, good genetics, or wasting ridiculous amounts of time in the gym and money on supplements...then you want to read this book. Here's the deal: Getting into awesome shape isn't nearly as complicated as the fitness industry wants you to believe. You don't need to spend hundreds of dollars per month on the worthless supplements that steroid freaks sell in advertisements. You don't need to constantly change up your exercise routines to "confuse" your muscles. I'm pretty sure muscles lack cognitive abilities, but this approach is a good way to just confuse you instead. You don't need to burn through buckets of protein powder every month, stuffing down enough protein each day to feed a third world village. You don't need to toil away in the gym for a couple of hours per day,

doing tons of sets, supersets, drop sets, giant sets, etc. (As a matter of fact, this is a great way to stunt gains and get nowhere.) You don't need to grind out hours and hours of boring cardio to shed ugly belly fat and love handles and get a shredded six-pack. (How many flabby treadmills have you come across over the years?) You don't need to completely abstain from "cheat" foods while getting down to single-digit body fat percentages. If you plan cheat meals correctly, you can actually speed your metabolism up and accelerate fat loss. In this book you're going to learn something most guys will never know: The exact formula of exercise and eating that makes putting on 10 to 15 pounds of quality lean mass a breeze...and it only takes 8-12 weeks. This book reveals secrets like... The 6 biggest myths and mistakes of building muscle that stunt 99% of guys' muscle gains. (These BS lies are pushed by all the big magazines and even by many trainers.) How to get a lean, cut physique that you love (and that girls drool over) by spending no more than 5 percent of your time each day. The 4 laws of muscle growth that, when applied, turn your body into an anabolic, muscle-

building machine. You'll be shocked at how easy it really is to get big once you know what you're doing... How to develop a lightning-fast metabolism that burns up fat quickly and leaves you feeling full of energy all day long. The carefully-selected exercises that deliver MAXIMUM results for your efforts, helping you build a big, full chest, a wide, tapered back, and bulging biceps. A no-BS guide to supplements that will save you hundreds if not THOUSANDS of dollars each year that you would've wasted on products that are nothing more than bunk science and marketing hype. How to get shredded while still indulging in the "cheat" foods that you love every week like pasta, pizza, and ice cream. And a whole lot more! The bottom line is you CAN achieve that "Hollywood hunk" body without having your life revolve around it-- no long hours in the gym, no starving yourself, no grueling cardio that turns your stomach. Imagine, just 12 weeks from now, being constantly complimented on how you look and asked what the heck you're doing to make such startling gains. Imagine enjoying the added benefits of high energy levels, no aches and pains, better spirits, and knowing that you're

getting healthier every day. **SPECIAL BONUS FOR READERS!** With this book you'll also get a free 75-page bonus report from the author called "The Year One Challenge." In this bonus report, you'll learn exactly how to train, eat, and supplement to make maximum gains in your first year of training. By applying what you learn in the book and in this report, you can make more progress in one year than most guys make in three, four, or even five (seriously!). Scroll up, click the "Buy" button now, and begin your journey to a bigger, leaner, and stronger you!

The Ultimate Guide to Bodyweight Exercise Second Edition Oculus Publishers

Burn fat, build lean, sexy muscles, lose inches, and feel healthier, more energetic, and youthful than you ever have in your life...with a revolutionary new approach to resistance training. Tired of spending hours on the treadmill? Dealing with the joint pain of high impact exercise? And seeing very few results in terms of fat-burning and weight loss? If so, it's time to join the revolution. Brought to you by Sal Di Stefano, the founder of the mega

popular Mind Pump podcast, The Resistance Training Revolution reveals how resistance training is the best form of exercise to burn fat, boost metabolism, and achieve health benefits you cannot obtain from other forms of exercise. Di Stefano breaks down fitness misconceptions, shares his decades of industry knowledge, and brings you a comprehensive, accessible guidebook that will give you the body you've always wanted—in as little as 60 minutes a week. This book features: Over 60 fat-burning, metabolism-boosting workouts you can do at home to sculpt your body and maximize your health and longevity Raw fitness truths that will show you what works and what doesn't. You'll be shocked at how easy it is to build lean muscle and lose fat once you understand these truths, and once you train your body the right way The newly discovered health benefits of resistance training in terms of heart health, bone strength, joint protection, and especially antiaging The exact formula for nutrition that makes losing fat, while sculpting your body a breeze and for the long term. Dozens of self-assessments to track your progress, and much more The

Resistance Training Revolution also reveals how to optimize your workout time following Mind Pump's Muscular Adaptation Programming System (MAPS)—a system that ensures that you keep making progress without the frustrating plateaus. Isn't it time you joined the revolution?

Functional Training and Beyond Instaread Summaries

The popularity of bodybuilding is at an all-time high, and the sport is continuing to grow. But seasoned competitors and beginners often have questions about how to look their best on show day. Written by expert bodybuilding coaches Peter Fitschen and Cliff Wilson, *Bodybuilding: The Complete Contest Preparation Handbook* will guide you through every step of the process to select a competition, prepare for the contest, and make the transition to the off-season. With no other book like it on the market, *Bodybuilding* offers you scientifically supported and experience-based guidelines to help you have your best show ever. *Bodybuilding* takes the guesswork out of preparing for a contest and answers common questions such as

these: How do I choose the competition and division that are right for me? What mandatory poses do I need to learn for my competition? What is the best workout to do during contest prep? What should I do if I start to spill over during peak week? How long is too long to maintain stage-lean levels of body fat? The authors have created an easily accessible handbook that guides you step by step. The chapters begin with a background of the sport, followed by a discussion of the competitive division options for both men and women. The next chapters will help you through the process of obtaining a stage-ready physique with an evidence-based approach that combines scientific literature with practical experience. These chapters discuss important topics such as nutrition, training, and preparation timing. The next chapters address posing, peak week, tanning, and a number of other topics that will help you bring your most polished physique to the stage. More than 60 full-color photos show body types for each division and each mandatory pose, offering a visual guide to the proper positions for each pose. You will also find information on how to handle the

transition to the off-season. With unparalleled detail, *Bodybuilding* is your go-to guide for bodybuilding success! CE exam available! For certified professionals, a companion continuing education exam can be completed after reading this book. The *Bodybuilding Online CE Exam* may be purchased separately or as part of the *Bodybuilding With CE Exam* package that includes both the book and the exam.

Scrawny to Brawny Penguin

The 12-week plan for men to get into the best shape of their life. Burn fat, build muscle and get that ideal body.

[A Practical Guide to Using Science to Optimize Your Health, Fitness, and Lifestyle](#) Oculus Publishers

Imagine watching pounds of fat melt away without ever feeling like you're on a diet. Imagine adding lean muscle to all the right places by doing just a few workouts per week that make you strong. And imagine realizing that your health and fitness goals—even the ones you've all but given up on—are finally within your reach. *Muscle for Life* will show you how. From the bestselling fitness author of *Bigger*

Leaner Stronger and The Shredded Chef, Muscle for Life reveals a science-based blueprint for eating and exercising that anyone can follow at any age and fitness level. Based on time-proven principles produced by decades of hands-on experience and thousands of hours of scientific research, Muscle for Life will give you a plan for transforming your body faster than you ever thought possible, including: -Conquering the “mental game” of fitness. Learn to hack your habits, willpower, and mindset so your fitness regimen feels like it’s on autopilot. - Harnessing the science of “flexible dieting.” A whole new paradigm for eating that empowers you to forever break free of fad dieting, crash dieting, and yo-yo dieting. -Unlocking the power of strength training. The “secret” to optimizing your body composition, which is far more important for your health and image than your body weight. Whether you’re a beginner looking for a lifestyle change, a lifelong athlete looking to reach the next level, or somewhere in between, Muscle for Life will show you how to look, feel, and perform your best. And frankly, it may be the last fitness book you’ll ever need to

read.

The Advanced Guide to Shattering Plateaus, Hitting PRs, and Getting Shredded Human Kinetics

Bigger Leaner Stronger by Michael Matthews | Summary & Analysis Preview: Bigger Leaner Stronger outlines a complete plan for any man looking to lose fat, build muscle, and create an overall healthier lifestyle through better diet and exercise. Often, the fad diets, workout regimens, and endless supplements touted by many fitness magazines and ripped gurus on TV have failed men looking to build their ideal body. These fitness strategies are often not based on hard science and don’t deliver on their promises. The Bigger Leaner Stronger plan, on the other hand, is a regimen based on scientific studies and methods that have proven to be effective for men and women across age groups. The secret to the plan is its simplicity... PLEASE NOTE: This is key takeaways and analysis of the book and NOT the original book. Inside this Instaread Summary of Bigger Leaner Stronger · Overview of the book · Important People · Key Takeaways · Analysis of Key Takeaways About the

Author With Instaread, you can get the key takeaways, summary and analysis of a book in 15 minutes. We read every chapter, identify the key takeaways and analyze them for your convenience.

Bigger Leaner Stronger Rodale

With each stride; each repetition, With each run into the wind and rain, Each set to fatigue that seems unwinnable, with each strange look from comfortable passengers in a car, I continue to fight. Each rep, each stretch, each gate means one step closer. Each stride and pull makes my enemies shrink in fear and my allies feel more secure. This isn't lifting, working out, or jogging. This is a battle. No, this is war. And I forgot to bring my white flag. Bodybuilding motivation is a collection of inspiring stories, tips and tricks to help you maximize performance in the gym, and the best way to manage your most important asset: Your mind. Huge improvements and unbelievable performance are unlocked by best managing your mindset before, during, and after your workout. Because in the gym everything else goes out the window...it doesn't matter how much money you have, your history, what waits

outside those gym doors...in these hallowed halls if only for a few hours we get to be gods. There are no more barriers, restriction, no limitations...our objectives are as close as our will to achieve them. Because men and women are separated in the "real world" by class, income, and reputation...but once your underneath the iron all that goes out the window and the real person comes out. Bodybuilding motivation topics include diet and nutrition, workout strategies, and goal setting. This is not a how to book, but instead an instruction manual for best utilizing mental preparation strategies in order to succeed both in and out of the gym. Readers new to the work out lifestyle will benefit from this book, as well as seasoned veterans looking for a competitive edge. Readers can choose to use this as a guide just for vastly improving their workouts, or use it as a guide for success in other areas of life. Topics such as meditation and positive self talk are explored, but the work is far from flighty or new age. They are real world tools for best maximizing your performance whether you are a weekend warrior or a competitive athlete.

120 Recipes for Building Muscle, Getting Lean, and Staying Healthy Random House If you want to know how to build muscle and burn fat by eating healthy, delicious meals that are easy to cook and easy on your wallet, then you want to read this book. Do you lack confidence in the kitchen and think that you just can't cook great food? Are you not sure of how to prepare food that is not only delicious and healthy but also effective in helping you build muscle and lose fat? Are you afraid that cooking nutritious, restaurant-quality meals is too time-consuming and expensive? If you answered "yes" to any of those questions, don't worry--you're not alone. And this book is the answer: With it, you can cook fast, healthy, and tasty meals every day (and on a reasonable budget) that will help you build muscle or lose weight, regardless of your current skills. The Shredded Chef is more than just a bunch of recipes, though. It's going to teach you the true scientific basics of gaining muscle and losing fat, because bad diet advice is an epidemic these days. In this book, you're going to learn how to eat right without having to obsess over every calorie. These 9 scientifically

proven rules for eating are the foundation of every great physique, and they have nothing to do with following weird diets or depriving yourself of everything that tastes good. And the recipes themselves? In this book you'll find 114 healthy, flavorful recipes specifically designed for athletes that want to build muscle or lose fat. Regardless of your fitness goals, this book has got you covered. Here's a "sneak peek" of the recipes you'll find inside: 18 fast, delicious breakfast recipes like Peanut Butter Power Oatmeal, French Muscle Toast, High-Protein Banana Oatcakes, Lean and Mean Zucchini Hash Brown, Macho Mexican Scramble and more. Whether you're trying to burn fat or build muscle, you'll find recipes that will help you get there. 18 mouthwatering chicken dishes like Chicken Stroganoff, Tasty Thai Chicken, Jerk Chicken Stir Fry, Honey-Garlic Chicken, and more. Forget boring chicken dishes, even when cutting! 14 tasty beef recipes like Low-Fat Russian Beef Stroganoff, Lean Bison Burgers, Vietnamese Beef Noodles, Meathead Meatballs, and more. Enjoy beef like never before with these creative recipes and you'll even find low-calorie

beef dishes designed for losing weight!10 savory fish and seafood recipes like Turkey Bacon Wrapped Scallops, Provencal Baked Halibut, Salmon Burgers, Tasty Tuna Melt, and more. Never again settle for flavorless, unappetizing fish and seafood--these recipes will have you singing praises for the sea!7 hearty, healthy pasta recipes like Chicken Pesto Pasta, Asparagus & Goat Cheese Pasta, Classic Pasta Bolognese, Beef Lasagna, Chicken Fettuccine with Mushrooms, and more. Each of the pasta dishes are high in protein, making them great muscle-

building treats. 14 awesome side dishes like Wasabi Mashed Potatoes, Sweet Potato Fries, Hot 'n Healthy Brown Rice, Zucchini Risotto, Couscous Salad, and more. You're going to love mixing and matching these side dishes with the entrees and discovering your favorite combinations! 5 delectable desserts like Key Lime Pie, Peach Cobbler, Chocolate Protein Mousse, Banana Cream Pie, and more. These sugar-free desserts will satisfy your sweet tooth without the calorie overload!And more! (I haven't even mentioned the recipes for pork, salads, protein shakes, protein bars, and

snacks...)SPECIAL BONUS FOR READERS!With this book you'll also get a free 31-page bonus report from the author called "Muscle Meals: How to Use Nutrition to Maximize Your Muscle and Torch Your Fat." In this bonus report, you'll learn the truth about "good" and "bad" carbs and exactly which you should eat and which you should avoid, and 5 snacks that are delicious, easy to make, and that can help you build muscle and lose fat.Scroll up and click the "Buy" button now to learn how to cook nutritious, delicious meals that make building muscle and burning fat easy!
