HARRISON JACOB

BMW Motorcycle Buyer's Guide Trail Blazer Publications
 " ... Join the adventure as 33-year-old Rene Cormier politely removes himself from the working world that surrounds him and cashes in what few possessions he has to finance a three-year-long motorcycle journey around the world. Never one to let excessive planning get in the way of a good ride, Rene runs out of money half way through the tour and ultimately takes five years to cover his 154,000-kilometre (95,000 mile) route. ..."--Book flap.
Adventure Motorcycling Handbook Motorbooks International
 Have you ever thought of quitting your job, selling your earthly belongings, and chucking the rest to travel the world? Allan Karl did just that. One day after waking up to the realization that his career and home life were not fulfilling. It was time to make a change, but what? Allan looked forks in the road of his life as an opportunity to both follow a life-long dream and pursue his passions. He hopped on his motorcycle and traveled around the world. After three years and 62,000 miles of riding, through 35 countries on five continents, he returned home only to set out on another journey--to share the truths he'd uncovered and the lessons learned during his adventure around the world. Between these pages, Allan shares the discoveries, cultures, and connections he made on this global adventure. Through stories, color photos, and the flavors of real, local food, FORKS brings his experience to life and the world to your table: the kindness of strangers, the beauty of humanity, the colors of culture, and the powerful gift of human connection. FORKS brings the world to your table: An around-the-world adventure story. A colorful photo book with more than 700 color photographs. A global cookbook with 40 signature recipes. "Even though I set out on his journey alone, I was never alone. If I were ever lost, lonely, or hungry, I would turn around and always find someone there." The real truth is that it's easy to connect with people--humanity--even in the most challenging situations: like when armed guerillas ordered him into the Colombian jungle at gunpoint, or when he crushed his leg in the middle of nowhere in Bolivia, or how he had to beg the governments of Syria and Sudan to let him across their borders. Every photograph, story, and recipe in this book presents readers with an opportunity to witness new cultures, taste exotic flavors, or journey into dangerous and unknown territories. Every experience is an opportunity to connect with others.
Clymer BMW R1200 Twins, 2004-2009 Motorbooks International
 85 years of classic BMW motorcycles, in brilliant color photographs, with detailed descriptions and a concise history of the legendary company's history.

BMW F800 (F650, F700) Twins Legare Street Press
 Intrepid journalist Patrick Symmes sets off on his BMW R80 G/S in search of the people and places in Ernesto "Che" Guevara's classic Motorcycle Diaries, seeking out his own adventure as well as the legacy of the icon Che would become, Symmes retraces the future revolutionary's path. And on the way he runs out of gas in an Argentine desert, talks a Peruvian guerrilla out of taking him hostage, wipes out in the Andes, and, in Cuba, drinks himself blind with Che's travel partner, Alberto Granado. Here is the unforgettable story of a wanderer's quest for food, shelter, and wisdom. Here, too, is the portrait of a continent whose dreams of utopia give birth not only to freedom fighters, but also to tyrants whose methods include torture and mass killing. Masterfully detailed, insightful, unforgettable, Chasing Che transfixes us with the glory of the open road, where man and machine traverse the unknown in search of the spirit's keenest desires.
A Route and Planning Guide to Asia, Africa and Latin America Haynes Manuals N. America, Incorporated
 Reports from the gonzo frontier of motorcycle travel--from Dakar to Ghana to South Africa, then on to North and South America--from the pre-eminent biker-rebel writer of our generation.
Race Tech's Motorcycle Suspension Bible Bentley Publishers
 Suspension is probably the most misunderstood aspect of motorcycle performance. This book, by America's premier suspension specialist, makes the art and science of suspension tuning accessible to professional and backyard motorcycle mechanics alike. Based on Paul Thede's wildly popular Race Tech Suspension Seminars, this step-by-step guide shows anyone how to make their bike, or their kid's, handle like a pro's. Thede gives a clear account of the three forces of suspension that you must understand to make accurate assessments of your suspension's condition. He outlines testing procedures that will help you gauge how well you're improving your suspension, along with your riding. And, if you're inclined to perfect your bike's handling, he even explains the black art of chassis geometry. Finally, step-by-step photos of suspension disassembly and assembly help you rebuild your forks and shocks for optimum performance. The book even provides detailed troubleshooting guides for dirt, street, and supermoto--promising a solution to virtually any handling problem.
Living & Riding Free! Fox Chapel Publishing
 "This book, a polished, winding meditation on the theory and fractiousness of motorcycles, celebrates both their eccentric history and the wary pleasures of touring."--The New Yorker In a book that is "a must for anyone who has loved a motorcycle" (Oliver Sacks), Melissa Pierson captures in vivid, writerly prose the mysterious attractions of motorcycling. She sifts through myth and hyperbole: misrepresentations about danger, about the type

of people who ride and why they do so. The Perfect Vehicle is not a mere recitation of facts, nor is it a polemic or apologia. Its vivid historical accounts--the beginnings of the machine, the often hidden tradition of women who ride, the tale of the defiant ones who taunt death on the racetrack--are intertwined with Pierson's own story, which, in itself, shows that although you may think you know what kind of person rides a motorcycle, you probably don't.
Route Guide from the Atlas to the Sahara : 4WD, Motorcycle, Van, Mountain Bike Motorbooks
 Adventures in Yellow is a heart-warming, humorous and poignant account of an epic 35,500-mile journey through the Americas. The South American leg of Adventures in Yellow is recounted in Leprechauns in Latin America
Global Lessons from a Four-Year Motorcycle Adventure Haynes Manuals N. America, Incorporated
 This book includes stories of seven trips to Alaska. two into Mexico, Two long tours inside the USA and one each to Newfoundland and Labrador. He traveled alone on most trips. Abridge versions of several stories in this book appeared in the American motorcyclist magazine since 1986.
A Motorcycle Guide for New and Returning Riders Trail Blazer Publications
 Avoid legal pitfalls for your business from day one A common characteristic of entrepreneurs is the attitude: "I'm not going to do that until I absolutely have to." And it's understandable why: with limited time and resources it seems logical to focus on tasks like product development, production, marketing, and delivery--the ones that get your product or service out into the marketplace. The last thing you want to do is spend money and effort on legal issues, which is why they often drop to the bottom of the pile. But this can be a costly mistake--and Go Legal Yourself is here to make sure it's one you avoid. Attorney, inventor, and businesswoman--named Top Woman Entrepreneur by LA Dreams Magazine in 2017--Kelly Bagla knows about doing business from both the entrepreneurial and legal sides of the fence. And in Go Legal Yourself, she guides you through the four key legal lifecycle phases every business experiences--and sets you up for worry-free success from day one. Establish yourself as the correct legal entity Gather and complete the relevant documentation Protect your brand Identify and avoid common (and expensive) pitfalls Plan and manage growth, enter new markets, and keep a sharp competitive edge Wherever you are with your business, this book is your guarantee you have all your legal ducks in a row--and that no nasty legal surprises stand between you and your target: success.
American Motorcyclist Random House
 Rev up the engines with this book about the powerful, sexy, and fearless women who love the open road, and the motorcycles

they ride. Color photos.

10 Years on 2 Wheels Motorbooks

The Complete Book of BMW Motorcycles offers a thorough year-by-year guide to every production machine ever built by Germany's leading motorcycle manufacturer. From the first model, the 1923 R32 that launched BMW's motorcycle dynasty, to the latest (and fastest) superbike, the S1000RR, this book captures nearly a century of motorcycling excellence in a combination of historic and contemporary photos. Technical specs are provided for each model. This comprehensive review covers all of BMW's bike families: The side-valve machines from the early years The early overhead-valve performance bikes The modern Airheads and Oilheads The four-cylinder and six-cylinder touring bikes The early pushrod singles The modern overhead-cam singles The latest parallel twins, and inline-four cylinder sport bikes Among them, you'll find all the classic bikes—pre-World War II BMWs like the R5 that defined performance in that era; the

military R12 that carried the Wehrmacht as it blitzkrieged its way across Europe; the Earles-forked R69S that offered the perfect platform for mounting a Steib sidecar; the R90S café racer; the K1 “flying brick”; and the GS (Gelände Sport) series that launched a dual-sport revolution right up to today's world-class S100RR and retro-inspired R nine T. Like the other titles in Motorbooks' Complete Book series, this guide to BMW's motorcycle output offers the most complete reference to the subject available.

Go Legal Yourself! Greystone Books Ltd

This latest addition to the successful Buyer's Guide series capitalizes on the ever-increasing popularity of BMW motorcycles.
