Causey Enterprises, LLC From beloved chef and author Joanne Chang, the first cookbook from her acclaimed Boston restaurant, Myers+Chang Award-winning and beloved chef Joanne Chang of Boston's Flour bakery may be best known for her sticky buns, but that's far from the limit of her talents. When Chang married acclaimed restaurateur Christopher Myers, she would make

him Taiwanese food for dinner at home every night. The couple soon realized no one was serving food like this in Boston, in a cool but comfortable restaurant environment. Myers+Chang was born and has turned into one of Boston's most popular restaurants, and will be celebrating its tenth anniversary in 2017, just in time for publication of this long-awaited cookbook.

These recipes, all bursting with flavor, are meant to be shared, and anyone can make them at home—try Dan Dan Noodle Salad, Triple Pork Mushu Stir-fry, or Grilled Corn with Spicy Sriracha Butter. This is food people crave and will want to make again and again. Paired with the couple's favorite recipes, the photography perfectly captures the spirit of the restaurant, making this

book a keepsake for devoted fans. *The Complete Coast-to-Coast Guide to America* iUniverse

Sasquatch Books This book presents new standards for multimodal interaction published by the W3C and

other standards bodies in straightforward and accessible language, while also illustrating the standards in operation through case studies and chapters on innovative implementations. The book illustrates how, as smart technology becomes ubiquitous, and appears in more and more different shapes and sizes, vendor-specific approaches to multimodal interaction become

impractical, motivating the need for standards. This book covers standards for voice, emotion, natural language understanding, dialog, and multimodal architectures. The book describes the standards in a practical manner, making them accessible to developers, students, and researchers. Comprehensive resource that explains the W3C standards for multimodal interaction

clear and straightforward way; Includes case studies of the use of the standards on a wide variety of devices, including mobile devices, tablets, wearables and robots, in applications such as assisted living, language learning, and health care; Features illustrative examples of implementations that use the standards, to help spark innovative ideas for future applications.

In this tongue-in-cheek celebration of the funny foibles of the Frozen Chosen, the 300-year-old Percy T. Presby declares: "Presbyteriansm is a series of meetings occasionally interrupted by a worship service." "The national drink of Presbyterian women is decaf coffee." "Some Presbyterians believe that a jazz band is the Boston Pops." This

Presby 101 handbook uses an advice format to describe Presbyterians by ostensibly addressing new members of the church. But it is also a humorous primer and survival manual for ALL people in the denomination. Gently skewering the history, worship habits, and endless committee meetings, it covers clothing, potluck dinners, and yes-sex, all from the

Presbyterian perspective. "Insightful Witticisms"- Tampa Tribune	"Keeps the Humor Flowing"- Cleveland Plain Dealer	"A Gentle, Affectionate Poke"- Spokane Spokesman Review
