Examining the degree to which Kenyan children are still communally raised, this book presents findings from a national collaborative study considering the impacts of rapid social, economic, and cultural change on child-rearing and early education in Kenya. The narratives of over 460 parents, grandparents, preschool teachers, children, and community leaders provide unique insights on the impacts of neo-colonial policies, "development" practices, and national austerity measures on everyday lives of families. A unique aspect of this book is that it "decolonizes" research through sustained collaboration on all aspects of the study, from design and interview protocol development, to data collection and analysis, through dissemination. This book becomes, then, an invaluable model, for how to do thoughtful, collaborative, comparative research.

This book presents cutting edge research on the basic neurobiology of parental behavior as it relates to behavioral disorders, including postpartum depression, anxiety, and inadequate parental bonding to infants. Internationally recognized basic and clinical researchers present new research findings in humans and animals that elucidate the roles of the brain, physiological state, genes and environment in maternal and paternal care. By bridging the gap between basic and clinical research, new understandings of how the biology of the brain and the reproductive state of the parent impact their mental health and the successful rearing of young emerge. * Presents the neural network of motherhood based on fundamental and functional MRI studies of parental care - from rodents to humans * Discusses the

role of gene-environment interactions in parenting * Offers parenting strategies and priorities in raising young * Discusses maternal defense - the neurobiology of maternal protection * Examines the significance and underlying causes of postpartum depression * Discusses parenting and anxiety - neurobiological basis for reductions during the postpartum period * Also includes the neurobiology of fatherhood - a fresh evolutionary and biological perspective on paternal behavior * Presents information on maternal neuroplasticity - how reproductive history changes the maternal brain * Translates research - internationally renowned researchers' insights into common factors that regulate mammalian parenting

Things I Have to Tell You CreateSpace

In the fall of 1897, over 250 baseball fans from Roxbury, Massachusetts, traveled to Baltimore with saloon keeper Nuf-Ced McGreevy and Pres. John F. Kennedy's future grandfather Honey-Fitz Fitzgerald to cheer their Beaneaters to the pennant. They became known famously as the Royal Rooters. Singing their fight song, "Tessie," they cheered on five world champion teams in the early 1900s. When Babe Ruth was sold to the Yankees after 1919, "Tessie" all but disappeared from Fenway. A new generation of Fenway Faithful suffered through decades of heartbreak until "Tessie" returned in 2004 to deliver another world title. In the course of a century, the original group of rooters has grown into a legion of fans known as Red Sox Nation. Boston's Royal Rooters chronicles the rich tradition of Boston's pioneering fans like Nuf-Ced, Honey-Fitz, and Lib Dooley, "the Queen of Fenway Park," and examines through rare images their influence on modern-day fans.

From insidious murder weapons to blaze-igniting crinolines, clothing has been the cause of death, disease and madness throughout history, by accident and design. Clothing is designed to protect, shield and comfort us, yet lurking amongst seemingly innocuous garments we find hats laced with mercury, frocks laden with arsenic and literally 'drop-dead gorgeous' gowns. Fabulously gory and gruesome, Fashion Victims takes the reader on a fascinating journey through the lethal history of women's, men's and children's dress, in myth and reality. Drawing upon surviving fashion objects and numerous visual and textual sources, encompassing louse-ridden military uniforms, accounts of the fiery deaths of Oscar Wilde's half-sisters and dancer Isadora Duncan's accidental strangulation by entangled scarf; the book explores how garments have tormented those who made and wore them, and harmed animals and the environment in the process. Vividly chronicling evidence from Greek mythology to the present day, Matthews David puts everyday apparel under the microscope and unpicks the dark side of fashion. Fashion Victims

is lavishly illustrated with over 125 images and is a remarkable resource for everyone from scholars and students to fashion enthusiasts.

The treatise De mundo offers a cosmology in the Peripatetic tradition which subordinates what happens in the cosmos to the might of an omnipotent god. Thus the work is paradigmatic for the philosophical and religious concepts of the early imperial age, which offer points of contact with nascent Christianity.

Dr Masters here answers the arguments used by healers in support of their methods. He explains Bible teaching on what demons can and cannot do, and how James 5 should be implemented in churches today. He also proves that the conscious mind should always be switched on for spiritual activities. Included is a brilliant assessment of miraculous healing by a leading British medical professor.

The Book of Rock Lists Faber & Faber

A powerful story of struggle, survival, and hope for the future is told by one of Denmark's most successful artists. The violent, compelling debut, co-written with journalist Dart Adams, provides a complex portrait of one man and the various ways in which every social system that was supposed to help him failed him, while also delving into the psychology of immigrant gangs and the young men who fall into them. But ultimately, it's a narrative about tenacity, survival, and optimism for the future. Sleiman was born in Lebanon during the 1982 bombardment and is a Palestinian. His family eventually moved to Denmark, but their new life there was far from perfect. Sleiman was subjected to domestic violence as well as social rejection as a Muslim immigrant. Angry and powerless, he found himself drawn to gang

life. Sleiman had dropped out of school and was one of his gang's most feared and revered members as a teenager. He was involved in hundreds of crimes during his peak, but after surviving an attempted assassination, he addressed his demons and permanently abandoned the gang life. Sleiman is now narrating his story in his own words in the hopes of discouraging others from following in his footsteps.

Over the years, The Fall have given me more pleasure than any other band and, when people ask me why I always say, 'they are always different, they are always the same' John Peel. The first ever authorised biography of this most inscrutable of bands! Together music writer Mick Middles and Fall leader Mark E. Smith have written an exhaustive biography of The Fall. Spanning their years on the fringe of the Manchester punk scene, three dozen albums, numerous tours, two successful stage plays and various spoken word events, this book is as strangely compelling as the band itself. Laced with Smith's distinctive brand of working class intellectualism and trenchant broadsides this is a meticulously researched story to thrill the famously disparate fans of The Fall who revel in a string of classic albums that fly in the face of all fashion, fads and musical trends. Mark E Smith remains famously true to his roots. Uncomfortable in art circles in London or, say, New York, he continues to live a full life in his native Salford, perfectly at home amongst the artisans in the string of local pubs. Just one more reason why Mark E Smith is a truly unique phenomenon with assured longevity. The book is the only authorised account of the enigma that is Mark E Smith. Author Mick Middles has been a close friend of Smith for over 25 years, and the book, written with Smith's complete approval and assistance, delves deep into the heart of that enigma.

The internal conflict leads the central female character in a roller-coaster ride into her past when she came in contact with Aditya through a wrong phone call. Being a middle-class girl, she couldn't fly in the teeth of moral scruples imposed by society, of course. The reminiscences take her to the various ordeals underwent by her as a girl from the typical Punjabi background who aspired to marry a Baniya guy. Moreover, she was Papa's good girl. How could she say she loves a guy other than the one chosen by him? Find out the role played by destiny to bind the sweethearts into wedlock. Wait . . . Does it really work for long? Does the lovers actually live happy ever after? The story tells about Mansi who, amidst the untold joys of her wedded life, feels forlorn. She has a loving husband she yearned and fought for. What then causes her many sleepless nights? The bubble of life may vanish any day. Why not leave a footprint on the intellectual world? She is torn between her liabilities as a mother and wife on one hand and her thirst for self-realization on the other. Should she sacrifice her quest for self-identity at the altar of nuptial happiness? Will the soul mates be reevaluating their special relationship or drift apart due to their separate sets of egos? A question faced by

innumerable couples in the turbulent urban life . . .
