A Lesson Plan Book for Freedom Train: the Story of Harriet Tubman by Dorothy Sterling Simon and Schuster

As a successful businessman, Ernst Leitz helped hundreds of Jews escape death

by creating an escape path out of Nazi Germany. His business manufactured cameras and photography equipment under the Leica brand. He sent Jewish employees abroad to safer places. Besides the employees themselves, Leitz helped their families and some of his Jewish neighbors and business associates flee by moving overseas. Jewish employees received training and permits that allowed them to travel abroad as sales agents for Leica products. Leitz organized and paid for their transit England, USA, Brazil, and Hong Kong. He gave them a Leica camera, which could easily be sold. Leitz paid their expenses until they could find employment in their new home.

Many found work in the photo industry. Leitz did not speak of this but his son, Gunther, tried to write an article about the refugees. Leitz did not want to share his story. Perhaps he felt it would be boasting. He believed he had done what any decent person would do in his position. Gunther later said, "No one can ever know what other Germans had done for the persecuted within the limits of their ability to act." Like Oskar Schindler, Leitz was a member of the Nazi party. Many prominent people joined the party not because they agreed with Nazi policies, but because doing so allowed them to be left alone. They could continue running their businesses "under the

a fun and motivational way to teach the sensitive and important subject of slavery and the fight for freedom, Patsy set about the task of writing a musical for children that would accomplish this goal. She did it with flare, using Harriet Tubman as the key figure for this musical. Easy, memorable, and historically accurate, this is a must for every older elementary and middle school group. The breathtaking memoir by a member of "Nicky's family," a group of 669 Czechoslovakian children who escaped the Holocaust through Sir Nicholas Winton's

Kindertransport project, My Train to Freedom relates the trials and achievements of award-winning humanitarian and former Episcopal priest, Ivan Backer. As Backer recounts in his memoir, in May of 1939 as a ten-year-old Jewish boy, he fled Nazi-occupied Czechoslovakia for the United Kingdom aboard one of the Kindertransport trains organized by Nicholas Winton, a young London stockbroker. The final train was canceled September 1 when Hitler invaded Poland. The 250 children scheduled for that train were left on the platform and later transported to concentration camps and presumably perished. Detailed in

this page-turning true story is Backer's dangerous escape, his boyhood in England, his perilous 1944 voyage to America, and his mantra today. Now he is an eighty-six-year-old who remains an activist for peace and justice. He has been influenced by his Jewish heritage, his Christian boarding school education in England, and the always present question, "For what purpose was I spared the Holocaust?" My Train to Freedom was thoroughly researched and shaped by Backer's own memories. It includes interviews he conducted in 1980 in Czech with his mother and her sister, later translated into English; a collection of conversations he had

with his older brother and cousin; insights gained from the Czech film, Nicky's Family, about the Kindertransport; and concludes with never-before-published death march accounts by two family members. An outcast even among her fellow Africans, she is on the cusp of womanhood-- where greater pain awaits. And so when Caesar, a slave who has recently arrived from Virginia, urges her to join him on the Underground Railroad,

she seizes the opportunity and escapes with him. In Colson Whitehead's ingenious conception, the Underground Railroad is no mere metaphor: engineers and conductors operate a secret network of actual tracks and tunnels beneath the Southern soil. Cora embarks on a harrowing flight from one state to the next, encountering, like Gulliver, strange yet familiar iterations of her own world at each stop. As Whitehead brilliantly re-creates the terrors of the antebellum era, he weaves in the saga of our nation, from the brutal abduction of Africans to the unfulfilled promises of the present day. The Underground Railroad is both the gripping

tale of one woman's will to escape the horrors of bondage-- and a powerful meditation on the history we all share.

The TAZARA (Tanzania Zambia Railway Authority), or Freedom Railway, from Dar es Salaam on the Tanzanian coast to the Copperbelt region of Zambia, was instrumental in fostering one of the most sweeping development transitions in

postcolonial Africa. Built during the height of the Cold War, the railway was intended to redirect the mineral wealth of the interior away from routes through South Africa and Rhodesia. Rebuffed by Western aid agencies, newly independent Tanzania and Zambia accepted help from China to construct what would become one of Africa's most vital transportation corridors. The book follows the railroad from design and construction to its daily use as a vital means for moving villagers and goods. It tells a story of how transnational interests contributed to environmental change, population movements, and the rise of local and regional

enterprise.

While doing genealogy research, a college professor runs across a true example of that most wayward of American existences—the hobo—in a story of a pair of runaways who hopped the rails, departing for times and places unknown, with only their adventurous spirits to guide them. Near his life's end, Percy B. Gates was a distinguished family man. He'd settled down and leveled out, but his past was full of adventure. At age thirteen, Percy and his best friend, Bill, ran off, whisked away from their homes on railroad tracks. They met a wide cast of characters while traveling the fifty states, from Wyatt

Earp in the Old West to Teddy Roosevelt down in San Antonio. Bill fought a war, and Percy barely missed joining Roosevelt's Rough Riders.

Eventually, they became boilermakers on that same railroad and found themselves in the middle of more than one outburst of union violence. Their rowdy journey through life ended up as more than those young runaways could have imagined. This expansive adventure portrays a classic American story, based on the author's grandfather's own tales and letters. Leaving a disastrous past behind, the hobo sets off on his own American dream. *A Guide to Personal Libeartion* Warner Bros. Publications

People running from slavery made many hard journeys to find freedom—on steamboats and in carriages, across rivers and in hay-covered wagons. Some were shot at. Many were chased by slave catchers. Others hid in tunnels and secret rooms. But these troubles were worth it for the men, women, and children who eventually reached freedom. *Freedom Train North* tells the stories of fugitive slaves who found help in Wisconsin. Young readers (ages 7 to 12) will meet people like Joshua Glover, who was broken out of jail by a mob of freedom workers in Milwaukee, and Jacob Green, who

escaped five times before he finally made it to freedom. This compelling book also introduces stories of the strangers who hid fugitive slaves and helped them on their way, brave men and women who broke the law to do what was right. As both a historian and a storyteller, author Julia Pferdehirt shares these exciting and important stories of a dangerous time in Wisconsin's past. Using manuscripts, letters, and artifacts from the period, as well as stories passed down from one generation to another, Pferdehirt takes us deep into our state's past, challenging and inspiring us with accounts of courage and survival.
