## SILAS DARION

A Memoir Thorsons Pub

In the last three years a covert archaeological search has taken place at Giza to locate the Hall of Records under the Sphinx and also find a reputed secret room inside the Great Pyramid.

**Secrets of the Stone of Destiny** Simon and Schuster  
 An Exploration of Imhotep—Architect of the Step Pyramid at Saqqara, High Priest of Ra, and Royal Astronomer—as Well as His Influence as the True Father of African Civilization. In this groundbreaking book, Egyptologist Robert Bauval and astrophysicist Thomas Brophy uncover the mystery of Imhotep, an ancient Egyptian superstar, pharaonic Da Vinci, Michelangelo, Galileo, and Newton all rolled into one. Based on their research at the Step Pyramid Complex at Saqqara, Bauval and Brophy delve into observational astronomy to "decode" the alignments and other design features of the Step Pyramid Complex, to uncover the true origins and genius of Imhotep. Like a whodunit detective story they follow the clues that take them on an exhilarating magical mystery tour starting at Saqqara, leading them to temples in Upper Egypt and to the stones of Nabta Playa and the black African stargazers who placed them there. Imhotep the African describes how Imhotep was the ancient link to the birth of modern civilization, restoring him to his proper place at the center of the birthing of Egyptian, and world, civilization.

**New Discoveries on the Solar-Induced Dark Age** Simon and Schuster  
 Presents proof that an advanced black African civilization inhabited the Sahara long before Pharaonic Egypt • Reveals black Africa to be at the genesis of ancient civilization and the human story • Examines extensive studies into the lost civilization of the "Star People" by renowned anthropologists, archaeologists, genetic scientists, and cultural historians as well as the authors' archaeoastronomy and hieroglyphics research • Deciphers the history behind the mysterious Nabta Playa ceremonial area and its stone calendar circle and megaliths Relegated to the realm of archaeological heresy, despite a wealth of hard scientific evidence, the theory that an advanced civilization of black Africans settled in the Sahara long before Pharaonic Egypt existed has been dismissed and even condemned by conventional Egyptologists, archaeologists, and the Egyptian government. Uncovering compelling new evidence, Egyptologist Robert Bauval and astrophysicist Thomas Brophy present the anthropological, climatological, archaeological, geological, and genetic research supporting this hugely debated theory of the black African origin of Egyptian civilization. Building upon extensive studies from the

past four decades and their own archaeoastronomical and hieroglyphic research, the authors show how the early black culture known as the Cattle People not only domesticated cattle but also had a sophisticated grasp of astronomy; created plentiful rock art at Gilf Kebir and Gebel Uwainat; had trade routes to the Mediterranean coast, central Africa, and the Sinai; held spiritual and occult ceremonies; and constructed a stone calendar circle and megaliths at the ceremonial site of Nabta Playa reminiscent of Stonehenge, yet much older. Revealing these "Star People" as the true founders of ancient Egyptian civilization, this book completely rewrites the history of world civilization, placing black Africa back in its rightful place at the center of mankind's origins.

*Mark of Orion Pantheon*  
 NATIONAL BESTSELLER • Two Egypt experts posit a revolutionary theory: The Sphinx and other great Egyptian monuments are older than common history books tell us and are arranged in such a way as to send us a message from the silent past. Guardian of the ancient mysteries, the keeper of secrets . . . For thousands of years the Great Sphinx of Egypt has gazed toward the east, its eyes focused on eternity, reading a message in the stars that mankind has long forgotten. And today as our civilization stands poised at the end of a great cycle, it is a message that beckons insistently to be understood. All the clues are in place. Geology and archeoastronomy have already indicated that the lion-bodied Sphinx may be vastly older than Egyptologists currently believe, dating not from 2500 B.C., but from 10,500 B.C.—the beginning of the astrological Age of Leo. And we now know that the three pyramids of Giza, standing on high ground half a mile to the west of the Sphinx, are in fact a precise map of the three stars of Orion's belt, formed in fifteen million tons of solid stone. Are these monuments trying to tell us something? And, if so, what? In *The Message of the Sphinx*, Robert Bauval and Graham Hancock present a tour de force of historical and scientific detective work that unravels the millennial code embodied in these structures. Using sophisticated computer simulations of ancient skies, they unravel the riddle of the Sphinx, and they present a startling new theory concerning the enigmatic Pyramid Texts and other archaic Egyptian scriptures. Their discoveries lead the authors to this question: Does mankind have a rendezvous with destiny—a rendezvous not in the future, but in the distant past, at a precise place and time? The secrets can be kept no longer. *The Message of the Sphinx* brings them to light.

**The Mayan Prophecies** Red Wheel Weiser  
 Presents conclusive evidence that ancient Egypt was originally the remnant of an earlier, highly sophisticated civilization • Supports earlier speculations based on myth and esoteric sources with scientific proof from the fields of genetics, engineering, and geology • Provides further proof of the connection between the

Mayans and ancient Egyptians • Links the mystery of Cro-Magnon man to the rise and fall of this ancient civilization In the late nineteenth century, French explorer Augustus Le Plongeon, after years of research in Mexico's Yucatán Peninsula, concluded that the Mayan and Egyptian civilizations were related—as remnants of a once greater and highly sophisticated culture. The discoveries of modern researchers over the last two decades now support this once derided speculation with evidence revealing that the Sphinx is thousands of years older than Egyptologists have claimed, that the pyramids were not tombs but geomechanical power plants, and that the megaliths of the Nabta Playa reveal complex astronomical star maps that existed 4,000 years before conventional historians deemed such knowledge possible. Much of the past support for prehistoric civilization has relied on esoteric traditions and mythic narrative. Using hard scientific evidence from the fields of archaeology, genetics, engineering, and geology, as well as sacred and religious texts, Malkowski shows that these mythic narratives are based on actual events and that a highly sophisticated civilization did once exist prior to those of Egypt and Sumer. Tying its cataclysmic fall to the mysterious disappearance of Cro-Magnon culture, *Before the Pharaohs* offers a compelling new view of humanity's past.

**Hamlet's Mill** Simon and Schuster  
 When the first emperor of unified China, Ch'in Shi Huangdi, felt his death approaching, he decreed that he be entombed within a pyramid and that his tomb be protected by an army of terracotta figures. Cotterell decodes the emperor's farewell message concealed in the terracotta warriors—a message that reveals the secrets of heaven and hell.

**Legend, History and Prophecy** Simon and Schuster  
 Did a highly advanced civilization exist in prehistory? Is the Giza Pyramid a remnant of their technology? Then, what was the power source that fueled such a civilization? The technology of harmonic resonance, claims renowned master craftsman and engineer Christopher Dunn. In a brilliant piece of reverse engineering based on twenty years of research, Dunn reveals that the Great Pyramid of Giza was actually a large acoustical device! By its size and dimensions, this crystal edifice created a harmonic resonance with the Earth and converted Earth's vibrational energies to microwave radiation. The author shows how the pyramid's numerous chambers and passageways were positioned with the deliberate precision to maximize its acoustical qualities. This may be the same technology discovered by Nikola Tesla and the solution to our own clean energy needs.

[The Egypt Code](#) Crown

Unlocking the secrets of the pyramids. For thousands of years the pyramids have stood, imposing and enigmatic, refusing to give up their secrets. Why did the Egyptians really build pyramids? What lies inside the Great Pyramid's hidden chamber and what a [The Quest for the Real King Arthur](#) Inner Traditions / Bear & Co Reveals how the largest Sun Temple in the world, built according to Hermetic principles, is located at one of Christianity's holiest sites: the Vatican • Shows how famous Renaissance philosophers and scientists called for a Hermetic reformation of Christianity by building a magical Temple of the Sun in Rome • Explains how the Vatican architect Bernini designed St. Peter's Square to reflect heliocentric and Hermetic principles • Reveals how the design was masterminded by Bernini, Jesuit scholars, the mystical Queen Christine of Sweden, and several popes In 16th century Italy, in the midst of the Renaissance, two powerful movements took hold. The first, the Hermetic Movement, was inspired by an ancient set of books housed in the library of Cosimo de' Medici and written by the Egyptian sage Hermes Trismegistus. The movement expounded the return of the "true religion of the world" based on a form of natural magic that could draw down the powers of the heavens and incorporate them into statues and physical structures. The other movement, the Heliocentric Movement launched by Copernicus, was a direct challenge to the Vatican's biblical interpretation of a geocentric world system. Declared a heresy by the Pope, those who promoted it risked the full force of the Inquisition. Exploring the meeting point of these two movements, authors Robert Bauval and Chiara Hohenzollern reveal how the most outspoken and famous philosophers, alchemists, and scientists of the Renaissance, such as Giordano Bruno and Marsilio Ficino, called for a Hermetic reformation of the Christian religion by building a magical utopic city, an architectural version of the heliocentric system. Using contemporary documents and the latest cutting-edge theses, the authors show that this Temple of the Sun was built in Rome, directly in front of the Vatican's Basilica of St. Peter. They explain how the Vatican architect Bernini designed St. Peter's Square to reflect the esoteric principles of the Hermetica and how the square is a detailed representation of the heliocentric system. Revealing the magical architectural plan masterminded by the Renaissance's greatest minds, including Bernini, Jesuit scholars, Queen Christine of Sweden, and several popes, the authors expose the ultimate heresy of all time blessed by the Vatican itself.

**Cracking Archaeology's Greatest Mystery** Watkins Media Limited

Drawing on more than a decade of research, this eye-opening account of one of the great mysteries of the ancient world links the construction of the pyramids and Egyptian religion to precise astronomical study. TV tie-in. 20,000 first printing.

**The Holy Kingdom** Random House

New research and evidence that the Sphinx is thousands of years older than previously thought • Contrasts what Egyptologists claim about the Sphinx with historical accounts and new research including reanalysis of seismic studies and updates to Schoch's water weathering research and Bauval's Orion Correlation Theory • Examines how the Sphinx is contemporaneous with Göbekli Tepe, aligned with the constellation Leo, and was recarved during the Old Kingdom era of Egypt • Reveals that the Sphinx was built during the actual historical Golden Age of ancient Egypt, the period known in legend as Zep Tepi No other monument in the world evokes mystery like the Great Sphinx of Giza. It has survived the harsh climate of Egypt for thousands of years and will remain long after our own civilization is gone. According to orthodox Egyptology, the Sphinx was built around 2500 BCE as a memorial to the pharaoh Khafre. Yet this "fact" has scant to no supportive evidence. When was the Sphinx really built and, most importantly, why? In this provocative collaboration from two Egyptology outsiders, Robert M. Schoch, Ph.D., and Robert Bauval combine their decades of research to show how the Sphinx is thousands of years older than the conventional Egyptological timeline and was built by a long forgotten pre-Pharaonic civilization. They examine the known history of the Sphinx, contrasting what Egyptologists claim with prominent historical accounts and new research, including updates to Schoch's geological water weathering research and reanalysis of seismic studies. Building on Bauval's Orion Correlation Theory, they investigate the archaeoastronomical alignments of the monuments of the Giza Plateau and reveal how the pyramids and Sphinx were built to align with the constellations of Orion and Leo. Analyzing the evidence for a significantly older construction phase at Giza and the restoration and recarving of the Sphinx during the Old Kingdom era, they assert that the Sphinx was first built by an advanced pre-Pharaonic civilization that existed circa 12,000 years ago on the Giza Plateau, contemporaneous with the sophisticated Göbekli Tepe complex. The authors examine how the monuments at Giza memorialize Zep Tepi, the Golden Age of legend shown here to be an actual historical time period from roughly 10,500 BCE through 9700 BCE. Moving us closer to an understanding of the true age and purpose of the Great Sphinx, Schoch and Bauval provide evidence of an early high civilization witnessed by the Great Sphinx before the end of the last ice age. *The Giza Power Plant* Crown

Talisman is a roller-coaster intellectual journey through the back streets and rat runs of history to uncover the traces in architecture and monuments of a secret religion that has shaped the world. The story takes us from Heliopolis to Luxor, Alexandria, Toulouse, Florence, Rome, Paris, London, Washington DC, New York, and finally to the global pandemonium following 9/11/2001. It is a tale filled with romance and intrigue, heroism and faith, peopled by ancient Egyptian astronomer priests, Christian Gnostics, Hermetic sages, learned Jews, Arab savants, Occitan Counts, Cathar 'perfecti', Knights Templar, Renaissance magi, Rosicrucian 'invisibles', Bavarian Illuminati and Freemasons. An amazing new quest.

**Pyramid Quest** Delta

Why did the ancients align their monuments so precisely with the stars? What were the practical and symbolic reasons behind these mysterious configurations? From the author of *The Orion Mystery*, the best-selling book that introduced the revolutionary star-correlation theory about the Giza pyramids, *The Egypt Code* reveals an amazing Grand Unified Plan behind the legendary temples of upper Egypt. Robert Bauval, one of the world's most prominent and controversial Egyptologists, completes his groundbreaking investigation of astronomy as related to Egyptian monuments and related religious texts. *The Egypt Code* revisits the Pyramid Age and the Old Kingdom, proposing a vast sky-ground correlation for the Memphite-Heliopolis region, and presenting the possibility of a grand plan spanning three thousand years of Pharaonic civilization and involving pyramids and major temple sites along the Nile. The central idea of the book is that the cosmic order, which the ancients referred to as "Maat," was comprised of the observable cycles of the sun and stars, in particular the star Sirius, and that the changes that took place due to the precession of the equinoxes and the so-called Sothic Cycle are reflected in the orientation and location of religious sites.

**Unlocking the Ancient Mysteries of a Long-Lost Civilization** Penguin Classics

The phrase "As above, so below" is attributed to the Egyptian god of wisdom named Thoth. This echoes the biblical expression "on earth as it is in heaven." Many diverse ancient cultures have erected sacred cities, pyramids, standing stones, or temples in order to mirror the stars. In particular the constellation Orion has been repeatedly projected as a talismanic pattern on numerous landscapes around the world. This book describes the sky-ground templates of Egypt, the American Southwest, Mexico, Nazca, the UK, Europe, Syria, Zimbabwe, Nigeria, and other regions. It also discusses the celestial rituals of the Mithras cult, the Age of Taurus, the Sirius cosmology of the Dogon, and South African rock art. This essential archaeo-astronomy primer expands the star correlation theory to encompass the entire globe. Packed with nearly 225 photos, drawings, diagrams, maps, and star charts. "As above, so below. The parallels Gary David has found between the ancient Egyptian sky-ground system involving the pyramids of Giza and the constellation of Orion, and a similar project to build heaven on earth by the Hopi of Arizona, are eerie, compelling and deeply thought-provoking." -Graham Hancock, author of *Fingerprints of the Gods* "Gary David's work is a treasure of enormous importance." -William Henry, author of *Lost Secrets of the Watchers* "The correlation Mr. David makes between the Hopi and Egyptian 'sky-view' is most interesting." -Robert Bauval, author of *The Orion Mystery* "...a must-read for pre-Columbian aficionados and aspiring anthropologists alike." -Ross Hamilton, author of *Star Mounds* From the INTRODUCTION: This book is a survey of the archaeo-astronomy of various cultures around the globe. How did ancient people conceptualize the heavens? What was their notion of the cosmos? How did their sacred ceremonies or ritual enactments bring them closer to the omnipotent or at least very powerful celestial beings? What structures, temples, or standing stones did they erect to create models of the sky realm? By its very nature this book is extensive rather than intensive, allowing the reader to pursue further areas of special cultural interest. In essence, it is a primer for the concept of sky-ground mirrors—the terra firmament, so to speak. Well-known constellation correlations, such as the Orion-Giza schema, join newly discovered sidereal correspondences, such as those in Syria and Nigeria. Ancient people comprehended the language of the stars much better than we do today, despite our Hubble Space Telescope and Very Large Array. If we can translate the encoded messages from the celestial dimension to understand what these time-traveling pinpoints of light are endeavoring to tell us, then we will realize the complexity and depths of our past knowledge of a truly living cosmos. We will ultimately find that spirit and matter are a single continuum extending far into our future—mirror reflecting mirror down the sacred portal that leads to Orion.

**Mirrors of Orion** Simon and Schuster

• Updated throughout with recent developments and additional illustrations • Reveals how solar outbursts caused the end of the last ice age, unleashed catastrophe upon ancient advanced civilizations, and led to six millennia of a Solar-Induced Dark Age • Includes evidence from solar science, geology, oceanic circulation patterns, the Sphinx, the underground cities of Cappadocia, the Easter Island rongorongo glyphs, and the Göbekli Tepe complex in

Turkey In this newly revised and expanded edition, updated throughout with recent developments, geologist Robert Schoch builds upon his revolutionary theory that the origins of the Sphinx date back much further than 2500 BCE and examines scientific evidence of the catastrophe that destroyed early high culture nearly 12,000 years ago. Combining evidence from multiple scientific disciplines, Schoch makes the case that the abrupt end of the last ice age, circa 9700 BCE, was due to an agitated Sun. Solar outbursts unleashed electrical/plasma discharges upon Earth, triggering dramatic climate change as well as increased earthquake and volcanic activity, fires, high radiation levels, and massive floods. Schoch explains how these events impacted the civilizations of the time, set humanity back thousands of years, and led to six millennia of a Solar-Induced Dark Age (SIDA). Applying the SIDA framework to ancient history, he explores how many megalithic monuments, petroglyphs, indigenous traditions, and legends fall logically into place, including the underground cities of Cappadocia, the Easter Island rongorongo glyphs, and the Göbekli Tepe complex in Turkey. He also reveals that our Sun is a much more unstable star than previously believed, suggesting that history could repeat itself with a solar outburst powerful enough to devastate modern society. Weaving together a new view of the origins and antiquity of civilization and the dynamics of the planet we live on, Schoch maintains we must heed the megalithic warning of the past and collectively prepare for future events.

**Egypt's Mysterious Prehistory** Red Wheel Weiser

The suggestion that the Giza pyramids were laid out to represent the stars of Orion's belt, with the position of the River Nile reflecting the Milky Way, was first put forward by the renowned author Robert Bauval in his bestselling book *The Orion Mystery*. In *Before the Pyramids*, Knight and Butler reveal that the British henges were arranged in the same formation—but much earlier. They also present irrefutable evidence that the astronomical calculations determining the layout of the pyramids could only have been made from the site of the henges in North Yorkshire. From this they can conclude that the pyramids of the pharaohs were conceived and planned in Britain! Their next stunning discovery takes us to modern times. They have found evidence that the whole Megalithic measuring system has survived into the 20th century. There are examples in Washington, DC—even in the positioning and construction of the Pentagon, which was only commenced in 1942 and is an exact copy of the dimensions of Stonehenge, dating to 3,000 BC.

**An Italian Reader** Watkins Media Limited

An asteroid transformed Mars from a lush planet with rivers and oceans into a bleak and icy hell. Is Earth condemned to the same fate, or can we protect ourselves and our planet from extinction? In his most riveting and revealing book yet, Graham Hancock examines the evidence that the barren Red Planet was once home to a lush environment of flowing rivers, lakes, and oceans. Could Mars have sustained life and civilization? Megaliths found on the parched shores of Cydonia, a former Martian ocean, mirror the geometrical conventions of the pyramids at Egypt's Giza necropolis. Especially startling is a Sphinx-like structure depicting a face with distinguishable diadem, teeth, mouth and an Egyptian-style headdress. Might there be a connection between the structures of Egypt and those of Mars? Why does NASA continue to dismiss these remarkable anomalies as "a trick of light"? Hancock points to the intriguing possibility that ancient Martian civilization is communicating with us through the remarkable structures it left behind. In exploring the possible traces left by the Martian civilization and the cosmic cataclysm that may have ended it, *The Mars Mystery* is both an illumination of our ancient past and a warning—that we still have time to heed—about our ultimate fate.

**The Master Game** Simon and Schuster

A detailed study of the proportions of the Giza pyramids and how they reveal shifts in the Earth's axis in the remote past—and near future • Debunks the "pyramids as tombs" theory and shows how they are "recovery vaults" to ensure the rebirth of civilization after a global disaster • Explains in detail how the angles and geometry of the Great Pyramid record a shift of the world's axis in 3980 BCE and predict more to come • Uncovers the location of an additional as-yet-undiscovered "recovery vault" on the Giza plateau, as revealed in the myth of Osiris Offering a radical new perspective on the Great Pyramid of Giza and all the structures surrounding it, including the Sphinx, Scott Creighton and Gary Osborn show how the designers of Giza intentionally arranged these massive structures to create an astronomical timeline recording catastrophic events in the past as well as warning later generations of the precise times of future catastrophes. They reveal how the Old Kingdom pyramids of Giza were created, not as tombs for the pharaohs and their queens, but as "recovery vaults" to ensure the rebirth of the Kingdom of Egypt after a global disaster by acting as storehouses for ancient Egyptian culture—its tools, seeds, art, and sacred texts. Through the use of photos, maps, and diagrams of the Giza plateau, the authors explain in detail how the angles and geometry of the Great Pyramid align with the stars of Orion's Belt to encode an important message: that changes in the tilt of the world's axis have occurred in the remote past, most recently in 3980 BCE, and

will occur again in the near future. Highlighting the ubiquitous appearance of 23.5-degree angles--the most important of the precessional angles encoded in the Giza pyramids--in classic works of art, including the work of Leonardo da Vinci and portraits of John the Baptist and George Washington, the authors reveal how this angle, the Great Pyramid, and its fateful message are tied to Freemasonry and other secret societies. Concluding with the remarkable revelation triggered by the myth of Osiris that there may be an as-yet-undiscovered 14th "recovery vault" on

the Giza plateau, Creighton and Osborn show that the prophecy of Giza is a message of first importance to our own civilization.

**The Orion Mystery** Element Books Limited  
Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children's imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn't stand the

responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep affection in this tale of unconditional love in a family that, despite its profound flaws, gave her the fiery determination to carve out a successful life. --
