American Red Cross Lifeguarding Manual

This book is the first to apply the tools of game theory and information economics to advance our understanding of how laws work. Organized around the major solution concepts of game theory, it shows how such well known games as the prisoner's dilemma, the battle of the sexes, beer-
quiche, and the Rubinstein bargaining

game can illuminate many different kinds of legal problems. Game Theory and the Law highlights the basic mechanisms at work and lays out a natural progression in the sophistication of the game concepts and legal problems considered.

Shifter Connor Keene, the only son of North American Central Pack Apex Gabriel Keene, is the only one she trusts with it. But she's a vampire and the daughter of a Master and a Sentinel, and he's prince of the Pack and its future king. Mike Auburn dangles above the city of Chicago from the beams of a half-built skyscraper. He is seconds from plummeting towards the circuit board of buildings and streetlights below, but oblivion is not what he seeks—it's the dead. Obsessed with discovering evidence of the afterlife, Mike's death-defying stunts have brought him closer than ever to lifting the veil of reality, always just out of reach. However, his ventures to the edge have not gone unnoticed, and a mysterious organization by the name "O'Neill" seeks to recruit him to their own cause: preparing the city for impending Ragnarok, the end of the world as they know it. Before long, a world ruled by scientific method and rational thinking is challenged by the supernatural—luring the dead, the damned, and the demons that have long awaited the return of magic, and they will stop at nothing to bring it back for good. Suddenly, Mike is at the center of a battle between the forces of reason, of good, of evil...and everything in between.

Through archaeological and archival research from sites associated with the 1893 World's Columbian Exposition in Chicago, *Disposing of Modernity* explores the changing world of urban America at the turn of the twentieth century. Featuring excavations of trash deposited during the fair, Rebecca Graff's first-of-its-kind study reveals changing consumer patterns, notions of domesticity and progress, and anxieties about the

modernization of society. Graff examines artifacts, architecture, and written records from the 1893 fair's Ohio Building, which was used as a clubhouse for fairgoers in Jackson Park, and the Charnley-Persky House, an aesthetically modern city residence designed by Louis Sullivan and Frank Lloyd Wright. Many of the items she uncovers were products that first debuted at world's fairs, and materials such as mineral water bottles, cheese containers, dentures, and dinnerware illustrate how fairs created markets for new goods and influenced consumer practices. Graff discusses how the fair's ephemeral nature gave it transformative power in Chicago society, and she connects its accompanying "conspicuous disposal" habits to today's waste disposal regimes. Reflecting on the planning of the Obama Presidential Center at the site of the Chicago World's Fair, she draws attention to the ways the historical trends documented here continue in the present. Contributors, including Lewis Hyde, Ernesto Pujol, Crispin Sartwell, and Wolfgang Zumtack, address essential questions about what is art and who is the artist, and also explore how artists can lead meaningful lives.

 Violence was a way of life for the girls of Mott Middle School in the South Bronx. Some woke up to it at home, and others dodged it on the way to school. Vicious physical fights broke out in classrooms, hallways, and bathrooms. These girls filed their fingernails into sharp points because they had to be ready to go at any time. Then a new coach joined the ranks at Mott Middle, and a new program began: girl's softball. Astacio offers the girls the time and attention they need to take their first steps to success. As they learned to throw, hit and field, they also dealt with the foul balls life threw at them: unwanted pregnancies, abusive boyfriends, and unsupportive families. But the biggest challenge they faced was learning to think and act like a team, not just a bunch of fierce girls against each other—and the world. *Lady Tigers* is a story of coming together with faith, courage, and new-

found values to overcome fear, violence, and doubt. These girls have ushered in a new confidence and pride not only in themselves, but in their school, the faculty, and their friends. And while not all of them have continued down this new path, many are now the first in their families to go to college and are beginning to see how being a Lady Tiger will always be a part of their lives.

“In this hilarious, candid, and thought-provoking memoir, [Groskopf] explains how she used lessons from Russian classics to understand herself better.” —Gretchen Rubin, #1 New York Times–bestselling author *As Viv* Groskopf knows from personal experience, everything that has ever happened to a person has already happened in the Russian classics: from not being sure what to do with your life (Anna Karenina), to being hopelessly in love with someone who doesn't love you back (Turgenev's *A Month in the Country*), or being socially anxious about your appearance (all of Chekhov's work). In *The Anna Karenina Fix*, a sort of literary self-help memoir, Groskopf mines these and other works, as well as the lives of their celebrated creators, and her own experiences as a student of Russian, to answer the question “How should you live your life?” This is a charming and fiercely intelligent book, a love letter to Russian literature and an exploration of the answers these writers found to life's questions. “[Groskopf is] a delight, a reader's reader whose professional and personal experiences have allowed her to

write the kind of book that not only is complete unto itself, but makes you want to head to the library and revisit or discover the great works she loves.” —The Washington Post “Learn how to hack life nineteenth-century Russian style! You'll totally be like Anna Karenina without getting (spoiler alert) run over by a train!” —Gary Shteyngart, New York Times–bestselling author “For anyone intimidated by Russia's daunting literary heritage, this humorous yet thoughtful introduction will serve as the perfect entrée.” —Publishers Weekly

Hashimoto's—an autoimmune disease that affects the thyroid gland and causes the body to attack its own cells. The New York Times Bestseller With inside access and reporting, Sports Illustrated senior baseball writer and FOX Sports analyst Tom Verducci reveals how Theo

Epstein and Joe Maddon built, led, and inspired the Chicago Cubs team that broke the longest championship drought in sports, chronicling their epic journey to become World Series champions. It took 108 years, but it really happened. The Chicago Cubs are once again World Series champions. How did a team composed of unknown, young players and supposedly washed-up veterans come together to break the Curse of the Billy Goat? Tom Verducci, twice named National Sportswriter of the Year and co-writer of The Yankee Years with Joe Torre, will have full access to team president Theo Epstein, manager Joe Maddon, and the players to tell the story of the Cubs' transformation from perennial underachievers to the best team in baseball. Beginning with Epstein's first year with the team in 2011, Verducci will show how Epstein went beyond "Moneyball" thinking to turn around the franchise. Leading the organization with a manual called "The Cubs Way," he focused on the mental side of the game as much as the physical, emphasizing chemistry as well as statistics. To accomplish his goal, Epstein needed manager Joe Maddon, an

eccentric innovator, as his counterweight on the Cubs' bench. A man who encourages themed road trips and late-arrival game days to loosen up his team, Maddon mixed New Age thinking with Old School leadership to help his players find their edge. The Cubs Way takes readers behind the scenes, chronicling how key players like Rizzo, Russell, Lester, and Arrieta were deftly brought into the organization by Epstein and coached by Maddon to outperform expectations. Together, Epstein and Maddon proved that clubhouse culture is as important as on-base-percentage, and that intangible components like personality, vibe, and positive energy are necessary for a team to perform to their fullest potential. Verducci chronicles the playoff run that culminated in an instant classic Game Seven. He takes a broader look at the history of baseball in Chicago and the almost supernatural element to the team's repeated losses that kept fans suffering, but also served to strengthen their loyalty. The Cubs Way is a celebration of an iconic team and its journey to a World Championship that fans and readers will cherish for years to come.
