GRAHAM GROSS

Heat McFarland

The contributors to this volume explore the themes of fear, cultural

anxiety, and transformation as expressed in remade horror, science fiction, and fantasy films. While opening on a note that emphasizes the compulsion of filmmakers to revisit issues concerning fear and anxiety, this collection ends with a suggestion that repeated confrontation with these issues allows the opportunity for creative and positive transformation.

Torka the Sky Snatcher
McFarland

The #1 Bestseller!

Michael Arroyo has a pitching arm that throws serious heat along with aspirations of leading his team all the way to the Little League World Series. But his firepower is nothing compared to the heat Michael faces in his day-to-day life. Newly orphaned after his father led the family's escape from Cuba, Michael's only family is his seventeen-year-old brother Carlos. If Social Services hears of their situation, they will be separated in the foster-care system—or worse, sent back to Cuba. Together, the boys carry on alone, dodging bills and anyone who asks too many questions. But then someone wonders how a

twelve-year-old boy could possibly throw with as much power as Michael Arroyo throws. With no way to prove his age, no birth certificate, and no parent to fight for his cause, Michael's secret world is blown wide open, and he discovers that family can come from the most unexpected sources. Perfect for any Little Leaguer with dreams of making it big—as well as for fans of Mike Lupica's other New York Times bestsellers *Travel Team*, *The Big Field*, *The Underdogs*, *Million-Dollar Throw*, and *The Game Changers* series, this cheer-worthy baseball story shows that when the game knocks you down, champions stand tall. [Body Snatcher](#) Other PressLLc

Through a detailed and fascinating exploration of changing medical knowledge and practice, this book provides a timeline of humankind's understanding of physiological death. Anchored in Early Modern Britain, it explains how evolving medical theories challenged the ambiguous definition of death, instigating anxieties over the newly realized potential for officials to mistake a person's time of death. Fears of premature

burials were materialized as newspapers across Europe printed hundreds of articles about people who had been misdiagnosed as dead and were then buried—or nearly buried—alive.

These stories, tallied in this text, present the first contemporary statistic of how frequently misdiagnosed death led to premature burial during the eighteenth century.

The public consciousness of premature burial manifested itself in many ways, including the necessity of having a wake before a funeral and the creation of safety coffins. This book also explores the folkloric phenomenon of the rising dead and the stories that inspired a number of authors including Coleridge, Byron and Stoker, who blended medical understanding with fiction to create vampire literature.

Interviews with B Science Fiction and Horror Movie Makers Fordham Univ Press

From Roman burial rites to the horrors of the plague, from the founding of the great Victorian cemeteries to the development of cremation and the current approach of metropolitan society towards death and

bereavement -- including more recent trends to displays of collective grief and the cult of mourning, such as that surrounding the death of Diana, Princess of Wales --

NECROPOLIS: LONDON AND ITS DEAD offers a vivid historical narrative of this great city's attitude to going the way of all flesh. As layer upon layer of London soil reveals burials from pre-historic and medieval times, the city is revealed as one giant grave, filled with the remains of previous eras - - pagan, Roman, medieval, Victorian. This fascinating blend of archaeology, architecture and anecdote includes such phenomena as the rise of the undertaking trade and the pageantry of state funerals; public executions and bodysnatching. Ghoulishly entertaining and full of fascinating nuggets of information, *Necropolis* leaves no headstone unturned in its exploration of our changing attitudes to the deceased among us. Both anecdotal history and cultural commentary, *Necropolis* will take its place alongside classics of the city such as Peter Ackroyd's *LONDON. From Time to Time*

Simon and Schuster

In a gripping feat of storytelling, Anne Rice continues the extraordinary *Vampire Chronicles* that began with the now-classic *Interview with the Vampire*. For centuries, Lestat—vampire-hero, enchanter, seducer of mortals—has been a courted prince in the dark and flourishing universe of

the living dead. Now he is alone. And in his overwhelming need to destroy his doubts and his loneliness, Lestat embarks on the most dangerous enterprise he has undertaken in all the years of his haunted existence. Look for a special preview of Anne Rice's Prince Lestat in the back of the book. The *Vampire Chronicles* continue in *Prince Lestat and the Realms of Atlantis*, available for pre-order now. Praise for *The Tale of the Body Thief* "Tinged with mystery, full of drama . . . The story is involving, the twists surprising."—People "Rice is our modern messenger of the occult, whose nicely updated dark-side passion plays twist and turn in true Gothic form."—San Francisco Chronicle "Fast-paced . . . mesmerizing . . . silkenly sensuous . . . No one writing today matches her deftness with the erotic."—The Atlanta Journal-Constitution "Hypnotic . . . masterful."—Cosmopolitan

Billboard Simon and Schuster
Dracula and *Frankenstein's Monster* are horror cinema icons, and the actors most deeply associated with the two roles also shared

a unique friendship. Bela Lugosi and Boris Karloff starred in dozens of black-and-white horror films, and over the years managed to collaborate on and co-star in eight movies. Through dozens of interviews and extensive archival research, this greatly expanded new edition examines the Golden Age of Hollywood, the era in which both stars worked, recreates the shooting of Lugosi and Karloff's mutual films, examines their odd and moving personal relationship and analyzes their ongoing legacies. Features include a fully detailed filmography of the eight Karloff and Lugosi films, full summaries of both men's careers and more than 250 photographs, some in color.

The Tommyknockers The Salariya Book Company A terrifying thriller that will crawl beneath your skin . . . and leave fresh blood on every page. "Fraught with tension . . . Invasion of the Body Snatchers meets The Hot Zone."—Rocky Mountain News Across America a mysterious disease is turning ordinary people into raving, paranoid murderers who inflict brutal horrors on strangers, themselves,

and even their own families. Working under the government's shroud of secrecy, CIA operative Dew Phillips crisscrosses the country trying in vain to capture a live victim. With only decomposing corpses for clues, CDC epidemiologist Margaret Montoya races to analyze the science behind this deadly contagion. She discovers that these killers all have one thing in common—they've been contaminated by a bioengineered parasite, shaped by a complexity far beyond the limits of known science. Meanwhile Perry Dawsey—a hulking former football star now resigned to life as a cubicle-bound desk jockey—awakens one morning to find several mysterious welts growing on his body. Soon Perry finds himself acting and thinking strangely, hearing voices . . . he is infected. The fate of the human race may well depend on the bloody war Perry must wage with his own body, because the parasites want something from him, something that goes beyond mere murder.

masters, Cephas Catchpole resolves to uncover the secrets surrounding his dead parents, the evil Dr Mortdecai Brimstone and his fraudulent smallpox potions, an enigmatic Indian doctor called Taggi and the infamous hangman Titus the Rope. Along the way, Cephas enlists the help of Mortdecai's bold and adventurous daughter Edith, who is keen to see her father get his deserved comeuppance. This is a gripping and atmospheric Dickensian tale for young readers, filled with suspense, humour and more twists than a hangman's noose.

Liveright Publishing Looks at the effectiveness of the prostatectomy and surveys the latest research in prostate cancer management.

Body Snatchers in the Desert McFarland

Frank Thompson, a recent widower and aging Vietnam veteran is down from Maine visiting his nephew, Bill, and his family in New Jersey.

While at a trap range, he and his nephew have a chance encounter with a strange man who claims to remember Frank from the war. That night, the windows in Bill's home are shattered along with the quiet peaceful lives the two men had been living. Three veterans from a special combat unit directed by the CIA during the Vietnam War have gathered to discuss what they are going to do about a man they claim killed one of their own over forty years ago. Jasper, Birdie and Pogo were part of a team that called themselves the National League All Stars. They were a squad of psychopathic killers trained by Special Forces to cause death and mayhem during the war. Now, they have banded together to hunt down and kill the professional soldier who led them all those years ago. Drawing on his military training and a resurgent bloodlust from his tortured past, Frank prepares for a final, violent reckoning that will bring him full circle with the war that never left him. Praise for THE DEAD DON'T SLEEP: "The Dead Don't Sleep is a skillfully plotted, fast-moving thriller brimming with a believable cast of

characters, especially the indelible Frank Thompson, an old-school hero who I hope to see more of." —David Swinson, author of *Trigger* and *The Second Girl* "Russo's *The Dead Don't Sleep* is a pulse racing, chest thumper of a novel." —Reed Farrel Coleman, New York Times bestselling author of *What You Break* "Imagine if Rambo had lived a quiet, undisturbed life in Maine until, many decades later, the ghosts of the Vietnam War came after him. That's roughly the premise of *The Dead Don't Sleep*, a gripping, highly readable contemporary thriller with a strong emotional undercurrent. Steven Max Russo has done a magnificent job rendering the unique hold Vietnam continues to claim on thousands of its veterans." —Brad Parks, international bestselling author "The Dead Don't Sleep is a well-crafted, tense, suspenseful thriller in which hatred that's lasted a lifetime explodes into violence with uncontrollable consequences." —Thomas Perry, Edgar Award-winning author of *The Butcher's Boy* "A dark tale of vengeance and redemption, complete with mystery, secrets, and

a longing for new adventure. A delectable and poignant read." —Steve Berry, New York Times bestselling author of *The Malta Exchange* "The Dead Don't Sleep is white-knuckle, nonstop action, a story of hard men at their limits and grudges that never die." —Joseph Finder, New York Times bestselling author of *House on Fire* *The Dead Don't Cry* Rutgers Films in Print The story concerns two medical students in Edinburgh who manage dissection for their teacher, a thinly disguised anatomist Dr. Robert Knox, who purchased cadavers from the infamous murderers William Burke and William Hare. The characters Fettes and Macfarlane serve as a prototype for both Jekyll and Hyde, in Stevenson's novel published two years later in 1886. *We Don't Know Ourselves: A Personal History of Modern Ireland* Doubleday Books Where better to dispose of a body than in a graveyard? The problem was planning a murder whole thing and getting away without suspicion. A murder is planned, all the pieces planned ahead and all undertaken whilst the

husband is 3,000 miles away in America. Fifteen years later, a skeleton is found and identified and now the police need to find a murder. They look, first thing, at the e-husband, but his alibi seems unshakeable even through a murder trial.

Better Off Dead

Author: House

Every year almost a quarter of a million confused and frightened American men are tossed into a prostate cancer cauldron stirred by salespeople representing a multibillion-dollar industry. In this flourishing business, the radical prostatectomy is still the most widely recommended treatment option. Yet a recent and definitive study in the *New England Journal of Medicine* concluded that out of the fifty thousand prostate operations performed annually, more than forty thousand are unjustified. But this is no surprise given that 99 percent of all doctors treating this disease are surgeons or radiation therapists. The appalling fact is that men are still being rushed into a major operation that rarely prolongs life and more than half the time leaves them impotent. *Invasion of the Prostate Snatchers*

is a report on the latest thinking in prostate cancer therapy: close monitoring-active surveillance rather than surgery or radiation-should be the initial treatment approach for many men. There are three stages of prostate cancer and this book will provide accurate information about how to distinguish between them: Low-Risk, which requires no immediate treatment; Intermediate-Risk, which will benefit from surgery, radiation, and/or hormonal therapy; and High-Risk, a type that does require immediate treatment with a combination of therapies. In a unique collaboration, doctor and patient provide a wholly new perspective on managing this disease. Ralph Blum's account of his personal struggle, together with Dr. Mark Scholz's presentation of new scientific advances, provides convincing evidence that this noninvasive approach can be crucial in preventing tens of thousands of men from being overtreated every year. *Invasion of the Prostate Snatchers* serves as an indispensable map through the medical minefield of prostate

cancer.

Body Snatchers, Stiffs and Other Ghoulish Delights

Invasion of the Bodysnatchers The Bodysnatcher The story concerns two medical students in Edinburgh who manage dissection for their teacher, a thinly disguised anatomist Dr. Robert Knox, who purchased cadavers from the infamous murderers William Burke and William Hare. The characters Fettes and Macfarlane serve as a prototype for both Jekyll and Hyde, in Stevenson's novel published two years later in 1886. *Invasion of the Prostate Snatchers* Her work began at the age of fourteen and has been chronologically documented by date keeping up with current events both personally and globally. This autobiographical collection was compiled into a self-published book covering the years of 1977-2003 entitled: *A Part of Me For that Part of You*. Now comes the following eight years during which swift changes have occurred for Ms. Louise personally and politically. This new title, *Poetically Correct: Banned by The Free Press*, was assumed, due to an encounter with a newspaper, after many

years of publishing her work with them, in which they claimed that 'freedom of the press' had only to do with... the freedom of publishers to pick and choose what they would and wouldn't print. This author felt perplexed because her words are not of slander or threat. Her poem, "Sunday Hypocrite" was the first to be rejected as not fit for the public in "their" opinion.

Bela Lugosi and Boris Karloff Other Press, LLC
The Baby-Snatcher is the sixth and final mystery novel in the Inspector Ramsay series by Ann Cleeves, author of the Shetland and Vera Stanhope crime series. Marilyn Howe's and her mother Kathleen are an inseparable duo, until one night Kathleen doesn't come home . . . Fifteen year old Marilyn turns up alone and frightened on Inspector Ramsay's doorstep so he takes the young girl home to the isolated coastal community known as the Headland. And in the Howes' dark and cluttered

kitchen they find Kathleen safe and apparently well, though acting rather mysteriously. Six months later, Ramsay has more or less forgotten the strange incident, busy as he is on the trail of a local child abductor. Until he receives news that Mrs Howe has disappeared once more. And for the second time he is drawn into the strange relationships of the families living on the lonely Headland. Then a woman's body is washed up on the beach . . .

The Baby-Snatcher Pocket Books

When Matt Ryan took the Raintree case, it seemed routine. He changed his mind when people he questioned were found dead with the word "hangman" written in their blood. Then the killer came after Matt. In this "film noir" flavored novel, a world weary detective races against time to solve a dark and bloody twenty year old mystery before he becomes one of the dead.

The Dead Don't Sleep

Fawcett Books

A totalitarian regime has ordered all books to be destroyed, but one of the book burners suddenly realizes their merit.

Children's Books of the Year Columbia University Press

Richmond in the late 19th and early 20th centuries was home to a lively underworld of tricksters, swindlers, confidence men and thieves. The former Confederate capital's under-staffed police force and dense population—large numbers of immigrants and the very poor—accommodated the enterprising criminal. Newspaper reports of the day offer a glimpse of a wide variety of crimes and misdemeanors, often with a bit of humor or pathos. Based on reports from the proceedings of the Police Court, this book provides a portrait of Richmond—then the most congested city in the U.S.—during the "Golden Age of the Con," when gamblers, hustlers and frauds plied their trades across the country.
