The Temporal Void Macmillan Publishers Aus.

The ancient menace has finally escaped from Lalonde, shattering the Confederation's peaceful existence. Those who succumbed to it have acquired godlike powers, but now follow a far from divine gospel as they advance inexorably from world to world. On planets and asteroids, individuals battle for survival against the strange and brutal forces unleashed upon the universe. Governments teeter on the brink of anarchy, the Confederation Navy is dangerously overstretched, and a dark messiah prepares to invoke his own version of the final Night. In such desperate times the last thing the galaxy needs is a new and terrifyingly powerful weapon. Yet Dr. Alkad Mzu is determined to retrieve the Alchemist -- so she can complete her thirty-year-old vendetta to slay a star. Which means Joshua Calvert has to find Dr Mzu and bring her back before the Alchemist can be reactivated. But he's not alone in the chase, and there are people on both

sides who have their own ideas about how to use the ultimate doomsday device. THE NEUTRONIUM ALCHEMIST is the second novel in the Night's Dawn Trilogy, an extraordinary feat of storytelling on a truly epic scale.

*The Freeze-Frame Revolution* Del Rey

The third book in the The Night's Dawn trilogy, The Naked God by Peter F. Hamilton is an epic conclusion to dramatic and compelling series. The Confederation is verging on collapse, unable to prevent the enemy from sweeping through the galaxy. And Earth's defences have finally been penetrated, its giant domed cities destroyed one by one. As time runs out for civilisation, those who fight on must join forces and form new alliances - but an enemy's enemy isn't always a friend. The war is desperate on all fronts, with battles fought on a scale unseen by humankind for six centuries. There are rumours that an ancient space-faring race faced this same threat to its existence - surviving with the help of the Sleeping God. If this mysterious and powerful entity truly exists, we may be able to find it. And if it really can avert the ultimate catastrophe, we may at last find hope. Joshua Clavert and Syrinx now fly their starships on a mission to find the Sleeping God -

which an alien race believes holds the key to finally overthrowing the possessed.

*Pandora's Star* Pan

A major collection of short fiction from Peter F. Hamilton, New York Times bestselling author of Pandora's Star, The Dreaming Void, and many other epic science fiction novels—including a brand-new novella starring detective Paula Myo. Fans of the Commonwealth Saga will enjoy the return of Paula Myo, the genetically engineered police investigator whose single-minded pursuit of justice runs up against a postwar citizenry eager to forget old crimes. In the all-new novella “Manhattan in Reverse,” Paula is dispatched to the backwoods planet of Menard after a docile, supposedly nonintelligent alien species attacks peaceful human settlers. Menard may have to be evacuated—something the planet's corporate owners and human populace are prepared to resist . . . perhaps with targeted aggression. Violence hits closer to home in “The Demon Trap” in which Paula's investigation of a gruesome act of terrorism leads into unexpected political, technological, and philosophical waters, threatening the course of human evolution. Time travel has never been so tricky—or so deadly—as it is in “If at First . . .,” in which Metropolitan Police detective David

Lanson finds himself matching wits with a sociopath who might very well be from the future . . . or, at least, a future. “Blessed by an Angel” is set in the Commonwealth Universe of the Void trilogy and features an alien visitor who offers the local human population a chance at paradise. But one species’ paradise may be another’s hell. Three other thrilling pieces round out the collection—and showcase Peter F. Hamilton’s ability to weave scientific speculation into very human storytelling. *Salvation Lost* Macmillan

“This—THIS—is the cutting edge of science fiction.” —Richard K. Morgan, author of *Altered Carbon* How do you stage a mutiny when you’re only awake one day in a million? How do you conspire when your tiny handful of potential allies changes with each job shift? How do you engage an enemy that never sleeps, that sees through your eyes and hears through your ears, and relentlessly, honestly, only wants what’s best for you? Trapped aboard the starship Eriophora, Sunday Ahzmundin is about to discover the components of any successful revolution: conspiracy, code—and unavoidable casualties. Note from the publisher: The red letters in the print edition (highlighted letters in the e-book) indicate special bonus content.

**Mindstar Rising** Del Rey

Peter F. Hamilton returns to the future world of Mindstar Rising with an engrossing new adventure of Greg Mandel, a freelance operative whose telepathic abilities give him a crucial edge in the high-tech world of the twenty-first century. Professor Edward Kitchener, a double Nobel laureate researching quantum cosmology for the powerful Event Horizon conglomerate, has been savagely murdered. But was he the victim of industrial espionage, personal revenge, or a crime of passion by one of his handpicked team of live-wire students? Event Horizon needs to know, and fast, so Greg Mandel, PSI-boosted veteran of the infamous Mindstar Battalion, must embark on an urgent investigation that ultimately leads him to an astounding confrontation with a past, which, according to the dead man’s theories, might never have happened.

**The Nano Flower** Aspect

Taggie and Jemima are summer holidaying on their dad’s farm, when they see a white squirrel wearing glasses . . . and soon after their father is captured and trapped in a faerie world that’s fallen to Darkness. But why would anybody want to kidnap boring old Dad, especially the dreaded King of Night? Could it be that their family isn’t quite as ordinary as they believed?

*A Second Chance at Eden* Del Rey

WALL STREET JOURNAL BESTSELLER • “An interstellar suspense thriller . . . sweeping in scope and emotional range.”—San Antonio Express-News In the star-spanning civilization known as the Intersolar Commonwealth, twenty-three planets have fallen victim to the Prime, a technologically advanced alien species genetically hardwired to exterminate all other forms of life. But the Prime is not the only threat. The Starflyer, an alien with mind-control abilities impossible to detect or resist, has secretly infiltrated the Commonwealth and is sabotaging the war effort. Is the Starflyer an ally of the Prime, or has it orchestrated a fight to the death between the two species for its own advantage? Caught between two deadly enemies, the fractious Commonwealth must unite as never before. This will be humanity’s finest hour—or its last gasp. Praise for Judas Unchained, the sequel to Pandora’s Star “Bristles with the energy of golden age SF, but the style and characterizations are polished and modern.”—SF Site “You’re in for quite a ride.”—The Santa Fe New Mexican “The reader is left breathless in amazement.”—SFRevu

Teenager Julian has perfect recall, which means he has trouble finding his place in the world. But he really does know his own mind. So when he starts experiencing someone else’s memories, which are also tantalizing glimpses of the future, Julian realizes he must find out why. And as he comes to know this unmet friend, it becomes clear that this man is in danger. Julian resolves to do everything in his power to track him down - a journey which takes him to the heart of London’s commercial district, home to the city’s financial elite. He can’t give up, as he might just prevent a murder.

**Fallen Dragon** Macmillan

Long ago, the astrophysicist Inigo began dreaming scenes from the life of the remarkable Edeard, who lived within the Void, a self-contained microuniverse at the heart of the galaxy. Inigo’s inspirational dreams, shared by hundreds of millions throughout the galaxy, gave birth to a religion: Living Dream. But when the appearance of a Second Dreamer seems to trigger the expansion of the Void—which is devouring everything in its path—the Intersolar Commonwealth is thrown into turmoil. With time running out, the fate of humanity hinges on a handful of people: Araminta, now awakening to the unwelcome fact that she is the mysterious Second Dreamer;

Inigo, whose private dreams hint at a darker truth; and Justine, whose desperate gamble places her within the Void, where the godlike Skylords hold the power to save the universe . . . or destroy it.

**Judas Unchained** Penguin

In Karl Schroeder’s sci-fi thriller, Hayden Griffin has come to the city of Rush with one thing in mind: to take murderous revenge for his parents’ deaths. It is the distant future. The world known as Virga is a fullerene balloon three thousand kilometers in diameter, filled with air, water, and aimlessly floating chunks of rock. The humans who live in this vast environment must build their own fusion suns and “towns” that are in the shape of enormous wood and rope wheels that are spun for gravity. Young, fit, bitter, and friendless, Hayden Griffin is a very dangerous man. He’s come to the city of Rush in the nation of Slipstream with one thing in mind: to take murderous revenge for the deaths of his parents six years ago. His target is Admiral Chaison Fanning, head of the fleet of Slipstream, which conquered Hayden’s nation of Aerie years ago. And the fact that Hayden’s spent his adolescence living with pirates doesn’t bode well for Fanning’s chances . . . **Blindsight** Macmillan

The Naked God is the brilliant climax to Peter F. Hamilton’s awe-inspiring Night’s Dawn Trilogy, a space opera that is “big, boisterous, and has something for everyone” (Science Fiction Weekly). As the Confederation begins to collapse politically and economically, the “possessed” insidiously infiltrate more and more worlds. Meanwhile, Quinn Dexter is loose on Earth, destroying the giant arcologies one at a time. As Louise Kavanagh tries to track him down, she manages to acquire some strange and powerful allies whose goals don’t quite match her own. The campaign to liberate Mortonridge from the possessed degenerates into a horrendous land battle, the kind which hasn’t been seen by humankind for six hundred years. And finally, Joshua Calvert and Syrinx race to fly their starships on a mission to find the Sleeping God — which an alien race believes holds the key to overthrowing the possessed. “Elements of space opera, Straubesque horror and adrenaline-laced action make this a demanding, rewarding read.” —Publishers Weekly on *The Reality Dysfunction* The Night’s Dawn Trilogy The Reality Dysfunction The Neutronium Alchemist The Naked God

A discounted ebundle of author Robert Charles Wilson’s Hugo Award-winning and critically-acclaimed Spin Saga Trilogy, which includes: Spin, Axis, and Vortex “Robert Charles Wilson is a hell of a storyteller.” —Stephen King on Spin “Wilson does so many fine things, it’s hard to know where to begin to praise him.” —The Washington Post on Spin One night in October when he was ten years old, Tyler Dupree stood in his back yard and watched the stars go out. They all flared into brilliance at once, then disappeared, replaced by a flat, empty black barrier. He and his best friends, Jason and Diane Lawton, had seen what became known as the Big Blackout. It would shape their lives. The effect is worldwide. The sun is now a featureless disk—a heat source, rather than an astronomical object. The moon is gone, but tides remain. As Tyler, Jason, and Diane grow up, a space probe reveals a bizarre truth: the barrier is artificial, generated by huge alien artifacts. Time is passing faster outside the barrier than inside—more than a hundred million years per year on Earth. At this rate, the death throes of the sun are only about forty years in our future. **The Temporal Void: the Void Trilogy 2** Orbit

Night Without Stars is the epic sequel to *The Abyss Beyond Dreams*, set in the Commonwealth Universe. The planet Bienvenido is in crisis. It has finally escaped the Void, emerging into regular space. But it’s millions of light-years from Commonwealth assistance, and humans are battling the Fallers for control of their world. This rapacious adversary, evolved to destroy all sentient life, has infiltrated every level of human society - hijacking unwilling bodies so its citizens fear their leaders, friends and family. A mysterious figure known as the Warrior Angel leads a desperate resistance. She’s helped by forbidden Commonwealth technology, which gives her a crucial edge. But the government obstructs the Angel’s efforts at every turn, blinded by prejudice and technophobia. As Fallers also prepare to attack from the skies, she might need to incite rebellion to fight this invasion. But the odds seem impossible. Then astronaut Ry Evine uncovers one last hope. On a

mission against the enemy, his spacecraft damages an unidentified vessel. This crash-lands on the planet carrying unexpected cargo: a baby. This extraordinary Commonwealth child possesses knowledge that could save them all. But if the Fallers catch her, the people of Bienvenido will not survive. PRAISE FOR THE ABYSS BEYOND DREAMS “Incredibly robust and exciting and rousing, sharing flavors of Jack Vance, John Wright, China Mieville, Orson Scott Card, and A. E. van Vogt . . . Hamilton’s deployment of lots of grand super-science is utterly deft and convincing.” Locus “Engrossing . . . The characters, always Hamilton’s strength, remain as distinctive as ever. Kirkus Reviews “Everything one wants in sf great characters, mind bending stuff, adventure, politics, romance, revolution . . . just superb.” Fantasy Book Critic “The work of an author at the top of his game.” Science Fiction and Fantasy World

*Night Without Stars: Chronicle of the Fallers 2* Pan Macmillan

Hugo and Shirley Jackson award-winning Peter Watts stands on the cutting edge of hard SF with his acclaimed novel, *Blindsight* Two months since the stars fell... Two months of silence, while a world held its breath. Now some half-derelict space probe, sparking fitfully past Neptune’s orbit, hears a whisper from the edge of the solar system: a faint signal sweeping the cosmos like a lighthouse beam. Whatever’s out there isn’t talking to us. It’s talking to some distant star, perhaps. Or perhaps to something closer, something en route. So who do you send to force introductions with unknown and unknowable alien intellect that doesn’t wish to be met? You send a linguist with multiple personalities, her brain surgically partitioned into separate, sentient processing cores. You send a biologist so radically interfaced with machinery that he sees x-rays and tastes ultrasound. You send a pacifist warrior in the faint hope she won’t be needed. You send a monster to command them all, an extinct hominid predator once called vampire, recalled from the grave with the voodoo of recombinant genetics and the blood of sociopaths. And you send a synthesist—an informational topologist with half his mind gone—as an interface between here and there. Pray they can be trusted with the fate of a world. They may be more alien than the thing they’ve been sent to find. At the Publisher’s request, this title is being sold without Digital Rights Management Software (DRM) applied.

*Sun of Suns* Pan Macmillan

Peter F. Hamilton’s extraordinary far-future epics recall the golden age of science fiction, as practiced by Isaac Asimov and Robert Heinlein. Nowhere is that legacy more in evidence than in *The Void Trilogy*. Taking place twelve hundred years after the events of Hamilton’s Commonwealth novels, *The Dreaming Void*, *The Temporal Void*, and *The Evolutionary Void* are Hamilton at his most ambitious and daringly imaginative—and now all three are together for the first time in this addictive eBook bundle. Contains an exhilarating preview of Peter F. Hamilton’s highly anticipated novel, *The Abyss Beyond Dreams*, set in the same universe as *The Void Trilogy*. THE DREAMING VOID THE TEMPORAL VOID THE EVOLUTIONARY VOID The year is 3589. At the very heart of the galaxy is the Void, a self-contained microuniverse that cannot be stopped as it expands in all directions, consuming everything in its path. Even the oldest and most technologically advanced of the galaxy’s sentient races, the Raiel, do not know its origin or its purpose. Then Inigo, an astrophysicist, begins having vivid dreams. Inside the Void, Inigo sees paradise. Thanks to the gaiafield, a neural entanglement wired into most humans, those dreams are shared by hundreds of millions—and a religion, the Living Dream, is born, with Inigo as its prophet. But then he vanishes. A new wave of dreams broadcast by an unknown Second Dreamer serves as the impetus for a massive Pilgrimage into the Void, which could trigger an accelerated devourment phase that will swallow up thousands of worlds. Thus begins a desperate race to find Inigo and avert catastrophe. Praise for *The Void Trilogy* *The Dreaming Void* “Peter F. Hamilton is the owner of the most powerful imagination in science fiction, author of immense, complex far-future sagas. *The Dreaming Void* is his best yet.”—Ken Follett “A real spellbinder from a master storyteller . . . dozens of scenarios, a surprisingly well-delineated cast of thousands, plotting enough to delight the most Machiavellian of readers.”—Kirkus Reviews (starred review) “Amazing storytelling . . . Hamilton is the clear heir to Heinlein in my view.”—Marc Andreessen, founder, Netscape *The Temporal Void* “Fusing elements of hard SF with adventure fantasy tropes, Hamilton has singlehandedly raised the bar for grand-scale speculative storytelling.”—Publishers Weekly “A great, sprawling, ripping yarn reminiscent of Golden Age Science Fiction.”—SF Crowsnest “A gripping story, with the fates of two universes at stake.”—SF Site *The Evolutionary Void* “Satisfying and powerful . . . Space Opera doesn’t get much more epic than Peter F. Hamilton, something proven in spades in *The Evolutionary Void*.”—SFFWorld “Spiced with plenty of action and intrigue.”—San Jose Mercury News “The author’s mastery of the art of the ‘big story’ earns him a place among the leading authors of

dynastic SF.”—Library Journal

**A Quantum Murder** Macmillan

Six short stories and a novella from a master of science fiction, Peter F. Hamilton. This collection includes *Sonnie's Edge*, as seen in the award-winning Netflix anthology series *Love, Death & Robots*. Set in the same universe as the *Night's Dawn* trilogy, Peter F. Hamilton presents a compelling mix of human dilemmas, imagined technologies and extraordinary new cultures. Among others, this collection includes *Sonnie's Edge*, a story of contests to the death between constructed monsters. But one has a special advantage . . . We also visit an abandoned alien spacecraft in *Escape Route*. Abandoned, but is it really as empty as it seems? In the title novella, *A Second Chance at Eden*, the co-creator of a genetically-engineered habitat is found murdered. But nobody can identify the perpetrator - or the motive. Featuring a diverse selection of stories set far in the future and beyond the stars, *A Second Chance at Eden* is a must-have collection from a writer at the top of his game.

**A Night Without Stars** Del Rey

At first no one noticed when the flower was delivered to Julia Evans, owner of Event Horizon, but

this flower has genes millions of years in advance of terrestrial DNA. Where did the plant come from? Greg Mandel, telepathic investigator, must find out--before the Nano Flower blooms.

*The Reality Dysfunction* Del Rey

They could find a bright future . . . or the end of everything. From Peter F. Hamilton, *The Evolutionary Void* is the startling conclusion to the *Void* trilogy, set in the world of the *Commonwealth Saga*. Millions of *Leaving Dream* pilgrims have boarded ships, and are speeding towards the *Void* at the centre of the galaxy. They are chasing their dream - and expect to find paradise. Yet breaching the *Void* will trigger its expansion, destroying everything in its path. Paula Myo is desperate to find *Void's* latest prophet - *Second Dreamer* *Araminta*. As without her, the ships can't enter the *Void*. But when *Araminta* finally chooses her path, it will change things in ways no one could have imagined. And within the *Void*, *Edeard* realizes the price of peace may be too high. However, what will this mean for the pilgrims - and the galaxy beyond? 'A huge achievement in science fiction' - *SciFiNow*

**The Vital Question** Crossway

In the distant future, corporations have become sustainable communities with their own militaries, and corporate goals have essentially replaced political ideology. On a youthful, rebellious impulse, *Lawrence* joined the military of a corporation that he now recognizes to be ruthless and exploitative. His only hope for escape is to earn enough money to buy his place in a better corporation. When his platoon is sent to a distant colony to quell a local resistance effort, it seems like a stroke of amazing fortune, and *Lawrence* plans to rob the colony of their fabled gemstone, the *Fallen Dragon*, to get the money he needs. However, he soon discovers that the *Fallen Dragon* is not a gemstone at all, but an alien life form that the local colonists have been protecting since it crashed in their area. Now, *Lawrence* has to decide if he will steal the alien to exploit the use of its inherent biotechnical processes -- which far exceed anything humans are capable of -- or if he will help the *Resistance* get the alien home.

*A Window Into Time: A Novella* Tor Books

The *Commonwealth* is in turmoil, as a band of pilgrims set off on their pilgrimage to the *Void* - while an invasion fleet prepares to take advantage of the chaos. *The Temporal Void* is the second thrilling novel in the *Void* trilogy, set in the *Commonwealth* universe.
