BRANSON CONRAD

The British Catalogue of Music Warner Bros Publications
 Paul Paradise has selected eight of Arcangelo Corelli's twelve Concerti Grossi and combined the concertino parts with the concerto grosso parts, edited the bowings, and added fingerings. Now these masterful works are playable by string orchestra or string quartet. The Concerto Grossi included are: No. 4 in D Major * No. 7 in D Major * No. 10 in C Major * No. 11 in B-flat Major * No. 12 in F Major * No. 3 in C Minor * No. 8 in G Minor (Christmas) * No. 2 in F Major.
The Decline of the West Oxford University Press, USA
 Also Available: *Orchestral Music Online* This fourth edition of the highly acclaimed, classic sourcebook for planning orchestral programs and organizing rehearsals has been expanded and revised to feature 42% more compositions over the third edition, with clearer entries and a more useful system of appendixes. Compositions cover the standard repertoire for American orchestra. Features from the previous edition that have changed and new additions include: · Larger physical format (8.5 x 11 vs. 5.5 x 8.5) · Expanded to 6400 entries and almost 900 composers (only 4200 in 3rd Ed.) · Merged with the American Symphony Orchestra League's OLIS (Orchestra Library Information Service) · Enhanced specific information on woodwind & brass doublings · Lists of required percussion equipment for many works · New, more intuitive format for instrumentation · More contents notes and durations of individual movements · Composers' citizenship, birth and death dates and places, integrated into the listings · Listings of useful websites for orchestra professionals
The Gramophone Classical Catalogue Academic Press
 Originally scored for symphony orchestra, Shostakovich's Jazz Suite No. 2 is notable for the addition of saxophones, accordion and guitar. The appealing second waltz is in a light classical style and is wonderfully adapted for young concert bands i
Baroque Music Today Alfred Music
Architectural Acoustics, Second Edition presents a thorough technical overview of the discipline, from basic concepts to specific design advice. Beginning with a brief history, it reviews the fundamentals of acoustics, human perception and reaction to sound, acoustic noise measurements, noise metrics, and environmental noise characterization. In-depth treatment is given to the theoretical principles and practical applications of wave acoustics, sound transmission, vibration and vibration isolation, and noise transmission in floors and mechanical systems. Chapters on specific design problems demonstrate how to apply the theory, including treatment of multifamily dwellings, office buildings, rooms for speech, rooms for music, multipurpose rooms, auditoriums, sanctuaries, studios, listening rooms, and the design of sound reinforcement systems. Detailed figures illustrate the practical applications of acoustic principles, showing how to implement design ideas in actual structures. This compendium of theoretical and practical design information brings the relevant concepts, equations, techniques, and specific design problems together in one place, including both fundamentals and more advanced material. Practicing engineers will find it an invaluable reference for their daily work, while advanced students will appreciate its rigorous treatment of the basic building blocks of acoustical theory. Considered the most complete resource in the field - includes basic fundamental relations, derived from first principles, and examples needed to solve real engineering problems. Provides a well-organized text for students first approaching the subject as well as a reliable reference for experienced practitioners looking to refresh their technical knowledge base. New content for developing professionals includes case studies and coverage of specific focus areas such as audio visual design, theaters, and concert halls.
Mors Et Vita: a Sacred Trilogy Alfred Music

This beautiful collection for orchestra or string quartet is ideal for students, amateurs, and professionals. Useful in school, church, at the mall, and in the concert hall. Titles are: Opus 6, No. 9 in F Major * Opus 6, No. 7 in B-flat Major * Opus 6, No. 1 in G Major * Opus 6, No. 2 in F Major * Opus 6, No. 3 in E Minor * Opus 6, No. 10 in D Minor * Opus 6, No. 6 in B-flat Major.
BBC Music Magazine Oxford University Press
 In this second edition of *Orchestral "Pops" Music: A Handbook*, Lucy Manning brings forward to the present her remarkable compendium of information about this form of orchestral music. Since the appearance of the first edition in 2008, this work has proven critical to successful "pops" concert programming. With changes in publishers and agents, the discontinuation of the publication of certain original material or, worst of all, presses going out of business, music directors, orchestra conductors, and professional instrumentalists face formidable challenges in tracking down accurate information about this vast repertoire. This revised handbook alleviates the time-consuming task of researching these changes by offering a list of works for orchestral "pops" concerts that is comprehensive, informative, and current. Manning's emphasis on clarity and accuracy gives users an indispensable tool for gathering vital information on the style, instrumentation, and availability of the repertoire listed, as well as notes on its performance. The user-friendly appendices include expanded instrumentation choices, easy-to-find durations, and handy title cross-references. In addition to corrections and updates, this new edition of *Orchestral "Pops" Music* includes at least 1,000 new title listings. *Orchestral "Pops" Music: A Handbook* is the ideal tool for working conductors and orchestral librarians, as well as music program directors at colleges, conservatories, and orchestras.

 What is it that makes people want to live their lives to the sound of music, and why do so many of our most private experiences and most public spectacles incorporate - or even depend on - music? 'Music and Mind in Everyday Life' uses psychology to understand musical behaviour and experience.
Pieces of Tradition Indiana University Press
 Suitable for all admirers of the piano, this work brings together more than 3,000 works for piano and orchestra. It comes with a supplement containing over 200 new entries.
Orchestral Music G Schirmer, Incorporated
 for string orchestra Vaughan Williams composed many major orchestral works as well as pieces for amateur orchestras and small ensembles throughout his long creative life. Concerto Grosso is suitable for professionals and amateurs alike. The concertino parts are for the skilled players, tutti sections are for those who can play in the 3rd position and the ad lib. parts are for less experienced players. This full score includes all these sections and more information.
Concerto grosso II. Serenissima Music, Inc.
 Tonality continued to be a viable compositional technique well after it was claimed to have been

made obsolete by novel developments around the turn of the twentieth century. The attention of music theorists understandably shifted to explaining these new approaches, and the continuation of tonal practices was not studied in general, but only in relation to individual composers. This work picks up theories of tonality where they were abandoned and develops them in light of tonal practices of the last century, focusing on common principles underlying the music of composers of both art and popular music, including Brian Wilson, Dmitri Shostakovich, Frank Martin, Leonard Bernstein, Maurice Duruflé, Neil Diamond, Olivier Messiaen, Paul Hindemith, Sergei Prokofiev, and Xiaoyong Chen.

18 Nocturnes Scarecrow Press

This 35-minute work is sometimes thought of as Elgar's answer to his contemporary Richard Strauss' tone poem "Ein Heldenleben." It was given its premiere at the Birmingham Music Festival on Oct. 1, 1912 with the composer at the podium. Elgar quotes extensively from his own previous works

throughout. This new vocal score is an unabridged digitally-enhanced reprint of the one issued by Novello & Co., Ltd. in 1912, enlarged to a more readable A4 size. A welcome addition for Elgar enthusiasts, alto soloists, choruses, and pianists. Matching full score and orchestra parts also available from Serenissima Music.

Music and Mind in Everyday Life Warner (CA)

Spengler's work describes how we have entered into a centuries-long "world-historical" phase comparable to late antiquity, and his controversial ideas spark debate over the meaning of historiography.
