**Scribbles and Ink Camp in the Woods** Carson Delloso Education

From PBS KIDS, the number 1 educational media brand for children, this picture-packed concept board book empowers toddlers to identify and describe the things they see in the world around them. Extensive research has proven that little ones learn best when they are engaging with an adult. This fun, colorful book is designed to be read by a grownup to a toddler, to help 2-3 year-olds string words together for their very first phrases. Interesting photos and illustrations will encourage children to think about colors, textures, shapes, and size. (The ice cream is cold and sweet! The frog is green and bumpy...) Actions, everyday routines, and common expressions such as "more, please" and "thank you" are also covered. The Toddler 100 is a great tool for fostering learning—and together time.

**PBS KIDS Once Upon A Time.** . . Little, Brown Books for Young Readers

Provides step-by-step instructions for crafts, science projects, and recipes, from balloon cars to cheesecake, made on the television show, and offers personal information on past and present cast members.

**Bunheads** Disney Electronic Content

In this follow-up to the New York Times bestselling Pinkalicious, a young girl remains true to herself and discovers that pink isn't only a pretty color, but also a powerful one. While everyone knows Pinkalicious's favorite color is pink, the bullies at her new school don't agree. All the girls are wearing black, painting in black, and making fun of Pinkalicious for loving pink. "Pink is for babies and stinks!" they tell her. Pinkalicious feels left out until she learns that pink can be a powerful color, and that the most important thing is to be yourself. Pinkalicious stars in five more picture books—Pinkalicious, Goldilicious, Silverlicious, Emeraldalicious, and Aqualicious—as well as I Can Reads, doodle

books, and more.

**Peg + Cat: The Race Car Problem** Downtown Bookworks

A program for parents and professionals on how to raise kids who love to read, featuring interviews with childhood development experts, advice from librarians, tips from authors and children's book publishers, and reading recommendations for kids from birth up to age five. Every parent wants to give his or her child a competitive advantage. In Born Reading, publishing insider (and new dad) Jason Boog explains how that can be as simple as opening a book. Studies have shown that interactive reading—a method that creates dialogue as you read together—can raise a child's IQ by more than six points. In fact, interactive reading can have just as much of a determining factor on a child's IQ as vitamins and a healthy diet. But there's no book that takes the cutting-edge research on interactive reading and shows parents, teachers, and librarians how to apply it to their day-to-day lives with kids, until now. Born Reading provides step-by-step instructions on interactive reading and advice for developing your child's interest in books from the time they are born. Boog has done the research, talked with the leading experts in child development, and worked with them to compile the "Born Reading Essential Books" lists, offering specific titles tailored to the interests and passions of kids from birth to age five. But reading can take many forms—print books as well as ebooks and apps—and Born Reading also includes tips on how to use technology the right way to help (not hinder) your child's intellectual development. Parents will find advice on which educational apps best supplement their child's development, when to start introducing digital reading to their child, and how to use tech to help create the readers of tomorrow. Born Reading will show anyone who loves kids how to make sure the children they care about are building a powerful foundation in literacy from the beginning of life.

Groundbreaking American pilot Amelia Earhart is the 2nd hero in the New York Times bestselling picture book biography series for ages 5 to 8. (Cover may vary) Amelia Earhart refused to accept no for an answer; she dared to do what no one had ever done before, and became the first woman to fly a plane all the way across the Atlantic Ocean. This biography follows her from childhood to her first flying lessons and onward to her multi-record-breaking career as a pilot. This friendly, fun biography series inspired the PBS Kids TV show Xavier Riddle and the Secret Museum. One great role model at a time, these books encourage kids to dream big. Included in each book are: • A timeline of key events in the hero's history • Photos that bring the story more fully to life • Comic-book-style illustrations that are irresistibly

adorable • Childhood moments that influenced the hero • Facts that make great conversation-starters • A character trait that made the person heroic and that readers can aspire to You'll want to collect each book in this dynamic, informative series!

Instant New York Times bestselling series opener inspired by prima ballerina and author Misty Copeland's own early experiences in ballet. From prima ballerina and New York Times bestselling author Misty Copeland comes the story of a young Misty, who discovers her love of dance through the ballet Coppélia—a story about a toymaker who devises a villainous plan to bring a doll to life. Misty is so captivated by the tale and its heroine, Swanilda, she decides to audition for the role. But she's never danced ballet before; in fact, this is the very first day of her very first dance class! Though Misty is excited, she's also nervous. But as she learns from her fellow bunheads, she makes wonderful friends who encourage her to do her very best. Misty's nerves quickly fall away, and with a little teamwork, the bunheads put on a show to remember. Featuring the stunning artwork of newcomer Setor Fiadzigbey, Bunheads is an inspiring tale for anyone looking for the courage to try something new.

Help children draw and think more creatively by inspiring them with interesting and challenging art prompts and questions. Invitation to Draw offers 99 open-ended drawing prompts, each one proposing a question to investigate that encourages children to free associate and problem solve. The perforated pages make it easy to tear out prompts for on-the-go activities or allowing multiple kids to draw at the same time. A blank cake provides the chance to decorate a dream confection, an empty house inspires stories about who lives there, and a grid of triangles supplies the chance to explore abstract art. What might be hiding in that tree? What sort of robot can you design? The possibilities are endless! Drawing prompts inspire and encourage kids to think and draw differently, and sometimes more creatively, than they might when faced with a blank page. By offering constraints such as a pair of eyes or an empty car and asking a question, children begin thinking about the possibilities and answering the question in their heads even before they put pen (or marker or crayon!) to paper. And through the act of drawing and observing the drawing unfold, the brain continues to think and problem solve, opening up all kinds of creative possibilities around that specific idea.
