### The Mediterranean Caper Sphere

A potential breakthrough discovery to reverse global warming . . . a series of unexplained sudden deaths in British Colombia . . . a rash of international incidents between the United States and one of its

closest allies that threatens to erupt into open conflict . . . NUMA® director Dirk Pitt and his children, Dirk. Jr. and Summer, have reason to believe there's a connection here somewhere, but they also know they have very little time to find it before events escalate out of control. Their only real clue might just be a mysterious silvery mineral traced to a long-ago

expedition to find the fabled Northwest Passage. But no one survived from that doomed mission; captain and crew perished to a man - and if Pitt and his colleague Al Giordino aren't careful, the very same fate may await them. Filled with the breathtaking suspense and audacious imagination that have become his hallmarks, this is a tour de force, further proof that when it

comes to adventure writing, nobody beats Clive Cussler. Visit [www.clivecussler.com.au](http://www.clivecussler.com.au) for more Sign up to the Cussler Down Under e-newsletter

 A Dirk Pitt adventure. *Atlantis Found (A Dirk Pitt Novel)* Pocket Books  
 NUMA operative Kurt Austin takes on a madman fronting as an environmentalist in this #1 New York Times-bestselling series. Sixty years ago, an eccentric Hungarian genius

discovered how to artificially trigger such a shift in the polar ice caps, which could cause massive eruptions, earthquakes, and even climate changes. But then his work disappeared, or so it was thought. Now, the charismatic leader of an antiglobalization group plans to use it to give the world's industrialized nations a small jolt, before reversing the shift back again. The only problem is, it cannot be reversed. Once it starts, there is nothing anyone can do. Austin, Zavala, and the

rest of the NUMA Special Assignments Team must make strange alliances to protect this technology from being exploited by their new and power-hungry nemesis before the entire planet is made to pay. Rich with all the hair-raising action and endless imagination that have become Cussler's hallmarks, *Polar Shift* is a wonderful thriller—indeed, “vintage Cussler.”  
*The Sea Hunters* Grosset & Dunlap  
 Collects accounts of the underwater discoveries made by the author and

his team of volunteers dedicated to the exploration of historic wrecks, including the Lexington and the Arkansas.

#### Flood Tide Sphere

In the midst of an international crisis, Heidi Milligan, a beautiful, brilliant American naval commander, accidentally discovers an obscure reference to the long-buried North American Treaty, a precedent-shattering secret pact between the United States and Great Britain. The President believes

that the treaty offers the single shot at salvation for an energy-starved, economically devastated nation, but the only two copies plummeted into the watery depths of the Atlantic in twin disasters long ago. The original document must be found—and the one American who can do the job is Dirk Pitt. But in London, a daring counterplot is being orchestrated to see that the treaty is never implemented. Brian Shaw, a master spy who has often worked hand in

hand with American agents, now confronts his most challenging command. Pitt's mission: Raise the North American Treaty. Shaw's mission: Stop Pitt. Praise for Night Probe! and the Dirk Pitt® novels "A rich tale . . . an absorbing, carefully told mystery with plenty of surprises."—Los Angeles Times "Dirk Pitt is a combination James Bond and Jacques Cousteau."—New York Daily News *Treasure of Khan* Bantam Cabrillo and his crew aboard the clandestine

spy ship Oregon have made a comfortable but dangerous living working for high-powered Western interests. Their newest clients are a consortium of Japanese shipping magnates whose fortunes are being threatened by brutal pirates trolling the waters of Southeast Asia.

The second thrilling account of #1 New York Times bestselling author Clive Cussler's real-life search for lost ships, planes, and other marvels that changed history. For decades, Clive Cussler's real-life NUMA®, the National Underwater and Marine Agency, has scoured rivers and seas in search of lost ships of historic significance. His teams have been inundated by tidal waves and beset by obstacles—both human and natural—but the

results, and the stories behind them, have been dramatic. In this follow-up to their bestselling first account, *The Sea Hunters*, Cussler and colleague Craig Dirgo provide another extraordinary narrative of their true seagoing—and land—adventures, including their searches for the famous ghost ship *Mary Celeste*, found floating off the Azores in 1874 with no one on board; the *Carpathia*, the ship that rescued the *Titanic* survivors and was itself lost to U-boats six

years later; and *L'Oiseau Blanc*, the airplane that almost beat *The Spirit of St. Louis* across the Atlantic before disappearing in the Maine woods. All these, plus steamboats, ironclads, a seventeenth century flagship, a certain famous PT boat, and even a dirigible, are tantalizing targets as Cussler proves again that truth can be “at least as fun, and sometimes stranger, than fiction” (*Men’s Journal*). *Pacific Vortex!* Penguin A Luftwaffe ace, a Nazi war criminal, a beautiful

and untrustworthy brunette, and a deadly billion-dollar cargo become the objects of a desperate search as Dirk Pitt matches wits with the elusive leader of an international smuggling ring.
