The product of five years' investigative reporting, the subject of intense national controversy, and the source of death threats that forced the National Human Rights Commission to assign two full-time bodyguards to its author, Anabel Hernández, *Narcoland* has been a publishing and political sensation in Mexico. The definitive history of the drug cartels, *Narcoland* takes readers to the

front lines of the "war on drugs," which has so far cost more than 60,000 lives in just six years. Hernández explains in riveting detail how Mexico became a base for the mega-cartels of Latin America and one of the most violent places on the planet. At every turn, Hernández names names – not just the narcos, but also the politicians, functionaries, judges and entrepreneurs who have collaborated with them. In doing so, she reveals the mind-boggling depth of corruption in Mexico's government and business elite. Hernández became a journalist after her father was kidnapped and killed and the police refused to investigate without a bribe. She gained national prominence in 2001 with her exposure of excess and misconduct at the presidential palace, and previous books have focused on criminality at the summit of power, under presidents Vicente Fox and Felipe Calderón. In awarding Hernández the 2012 Golden Pen of Freedom, the World Association of Newspapers and News Publishers noted, "Mexico has become one of the most dangerous countries in the world for journalists, with violence and impunity remaining major challenges in terms of

press freedom. In making this award, we recognize the strong stance Ms. Hernández has taken, at great personal risk, against drug cartels."

This rich and unforgettable story of sexual intrigue and political scheming, written by the Spanish feminist and intellectual Emilia Pardo Bazan, deserves recognition as one of the great nineteenth-century novels. The House of Ulloa follows pure and pious Father Julián Alvarez, who is sent to a remote country estate to put the affairs of the marquis, an irresponsible libertine, in order. When he discovers moral decadence, cruelty and corruption at his new home, Julián's well-meaning but ineffectual attempts to prevent the fall of the House of Ulloa end in tragedy. The House of Ulloa is the finest achievement of Emilia Pardo Bazán, a prolific writer, feminist, traveller and intellectual, and one of the most dynamic figures of her time. Fans of Zola or Hardy will enjoy the novel's rich naturalism, which combines gothic elements with evocative descriptions of Spanish customs and the countryside. At the same time, the novel evokes the social comedy of a Dickens or Thackeray with its

biting social satire, frank exposure of sexual mores, and gentle mockery of its innocent hero-priest.

From one of Colombia's leading novelists, a tragicomic story of unrequited love and a view of New York through the wide eyes of an illegal immigrant Paradise Travel recounts the adventures of Marlon Cruz, a naïve young man from Medellín, Colombia, who agrees to accompany the beautiful, ambitious woman he loves to New York. On their first night in Queens, Marlon and Reina lose each other, thus initiating Marlon's descent into the underbelly of our country. A leader of the gritty-realist movement known as McOndo, Jorge Franco evokes the follies and pains of unrequited love at the same time that he explores deeper inequalities between North and South America. Moving between lower-middle-class Colombia and immigrant New York (specifically, the Jackson Heights neighborhood seen recently in the movie *Maria Full of Grace*), Paradise Travel is an exciting work from a rising star, celebrated by Gabriel García Márquez as "one of those to whom I

should like to pass the torch" of Colombian fiction. Praise for Rosario Tijeras: "Latin America's McOndo literary movement drags the butterflies of magical realism into Burger King. With Jorge Franco's narco-saga Rosario Tijeras, it may have found its first masterpiece." —Rachel Aviv, Salon

One of the 20th century's enduring works, *One Hundred Years of Solitude* is a widely beloved and acclaimed novel known throughout the world, and the ultimate achievement in a Nobel Prize-winning career. The novel tells the story of the rise and fall of the mythical town of Macondo through the history of the Buendía family. It is a rich and brilliant chronicle of life and death, and the tragicomedy of humankind. In the noble, ridiculous, beautiful, and tawdry story of the Buendía family, one sees all of humanity, just as in the history, myths, growth, and decay of Macondo, one sees all of Latin America. Love and lust, war and revolution, riches and poverty, youth and senility -- the variety of life, the endlessness of death, the search for peace and truth -- these universal

themes dominate the novel. Whether he is describing an affair of passion or the voracity of capitalism and the corruption of government, Gabriel García Márquez always writes with the simplicity, ease, and purity that are the mark of a master. Alternately reverential and comical, *One Hundred Years of Solitude* weaves the political, personal, and spiritual to bring a new consciousness to storytelling. Translated into dozens of languages, this stunning work is no less than an accounting of the history of the human race.

*In the Time of the Butterflies* Dark Horse Comics

Imagine a land where all the animals are free . . . To the creatures of the woodland, the land of Animalia sounds like a dream - a tropical island where all the animals live in harmony. They are over-shadowed by a much more evil community; the polluted Megatropolis, whose dirty skyscrapers block the horizon. And then one day, Wirral the Squirrel's woodland is destroyed by developers and he is thrown into the nightmare world of Megatropolis. But Wirral believes in Animalia and he joins with Froggo, a world-class amphibian

balloonist, and Wilhamina, a girl squirrel, to lead the enslaved animals of the city to a new life. So begins an exciting adventure through the mean streets of Megatropolis, over the sea and through the sky.

Developed out of an exceptional fusion of creative talents, this story explodes onto every page. The plot is fast, furious and funny; the illustrations are full of rich depth and colour; and the characters live on long after you have turned the final page. It will delight children of all ages and is sure to become an enduring classic.

'Young audiences will delight in the clever wordplay and smartly-drawn comic characters.' Independent

Fiction. In English translation. Jos Mara Arguedas is one of the few Latin American authors who loved and described his natural surroundings, and he ranks among the greatest writers of any time and place. He saw the beauty of the Peruvian landscape, as well as the grimness of social conditions in the Andes, through the eyes of the Indians who are a part of it. Ernesto, the narrator of *Deep Rivers*, is a child with origins in two worlds. The son of a wandering country lawyer, he is brought

up by Indian servants until he enters a Catholic boarding school at age 14. In this urban Spanish environment he is a misfit and a loner. The conflict of the Indian and the Spanish cultures is acted out within him as it was in the life of Arguedas. For the boy Ernesto, salvation is his world of dreams and memories. While Arguedas' poetry was published in Quechua, he invented a language for his novels in which he used native syntax with Spanish vocabulary. This makes translation into other languages extremely difficult, and Frances Horning Barraclough has done a masterful job, winning the 1978 Translation Center Award from Columbia University.

A bestselling modern classic—both poignant and funny—narrated by a fifteen year old autistic savant obsessed with Sherlock Holmes, this dazzling novel weaves together an old-fashioned mystery, a contemporary coming-of-age story, and a fascinating excursion into a mind incapable of processing emotions. Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to

7,057. Although gifted with a superbly logical brain, Christopher is autistic. Everyday interactions and admonishments have little meaning for him. At fifteen, Christopher's carefully constructed world falls apart when he finds his neighbour's dog Wellington impaled on a garden fork, and he is initially blamed for the killing. Christopher decides that he will track down the real killer, and turns to his favourite fictional character, the impeccably logical Sherlock Holmes, for inspiration. But the investigation leads him down some unexpected paths and ultimately brings him face to face with the dissolution of his parents' marriage. As Christopher tries to deal with the crisis within his own family, the narrative draws readers into the workings of Christopher's mind. And herein lies the key to the brilliance of Mark Haddon's choice of narrator: The most wrenching of emotional moments are chronicled by a boy who cannot fathom emotions. The effect is dazzling, making for one of the freshest debut in years: a comedy, a tearjerker, a mystery story, a novel of exceptional literary merit that is great fun to read.

Married to the retired magistrate of Vetusta, Ana Ozores cares deeply for her much older husband but feels stifled by the monotony of her life in the shabby and conservative provincial town. And when she embarks on a quest for fulfillment through religion and even adultery, a bitter struggle begins between a powerful priest and a would-be Don Juan for the passionate young woman's body and soul. Scandalizing contemporary Spain when it was first published in 1885, with its searing critique of the Church and its frank treatment of sex, *La Regenta* is a compelling and witty depiction of the complacent and frivolous world of upper-class society.

Murder mystery, family saga, love story, and financial intrigue combine into one satisfyingly complex and entertainingly atmospheric novel, the first in Stieg Larsson's thrilling Millenium series featuring Lisbeth Salander. "Combine the chilly Swedish backdrop and moody psychodrama of a Bergman movie with the grisly pyrotechnics of a serial-killer thriller, then add an angry punk heroine and a down-on-his-luck investigative journalist, and you have the ingredients of Stieg Larsson's first novel." —The New York Times Harriet Vanger, a scion of one of Sweden's wealthiest families disappeared
