 Rowman & Littlefield
 The popular image of
 Scotland is dominated
 by widely recognized
 elements of Celtic
 culture. But a
 significant non-Celtic
 influence on Scotland's
 history has been
 largely ignored for
 centuries? This book
 argues that much of
 Scotland's history and
 culture from 1100

forward is Jewish. The
 authors provide
 evidence that many of
 the national heroes,
 villains, rulers, nobles,
 traders, merchants,
 bishops, guild
 members, burgesses,
 and ministers of
 Scotland were of Jewish
 descent, their
 ancestors originating in
 France and Spain.
 Much of the traditional
 historical account of
 Scotland, it is
 proposed, rests on
 fundamental
 interpretive errors,
 perpetuated in order to
 affirm Scotland's
 identity as a Celtic,
 Christian society. A
 more accurate and
 profound
 understanding of
 Scottish history has
 thus been buried. The
 authors' wide-ranging
 research includes
 examination of census
 records, archaeological

artifacts, castle carvings, cemetery inscriptions, religious seals, coinage, burgess and guild member rolls, noble genealogies, family crests, portraiture, and geographic place names.

The Families of MacDonald, McDonald and McDonnell Brockville, Ont. : MacDonald Research Centre
Trieste Publishing has a massive catalogue of classic book titles. Our aim is to provide readers with the highest quality reproductions of fiction and non-fiction literature that has stood the test of time. The many thousands of books in our collection have been sourced from libraries and private collections around the world. The

titles that Trieste Publishing has chosen to be part of the collection have been scanned to simulate the original. Our readers see the books the same way that their first readers did decades or a hundred or more years ago. Books from that period are often spoiled by imperfections that did not exist in the original. Imperfections could be in the form of blurred text, photographs, or missing pages. It is highly unlikely that this would occur with one of our books. Our extensive quality control ensures that the readers of Trieste Publishing's books will be delighted with their purchase. Our staff has thoroughly reviewed every page of all the books in the collection,

repairing, or if necessary, rejecting titles that are not of the highest quality. This process ensures that the reader of one of Trieste Publishing's titles receives a volume that faithfully reproduces the original, and to the maximum degree possible, gives them the experience of owning the original work. We pride ourselves on not only creating a pathway to an extensive reservoir of books of the finest quality, but also providing value to every one of our readers. Generally, Trieste books are purchased singly - on demand, however they may also be purchased in bulk. Readers interested in bulk purchases are invited to contact us directly

to enquire about our tailored bulk rates. *The Genealogy of Clan Donald : Addendum-supplement No. 2* emswritecraft William Buchanan's groundbreaking book was one of the first of the great histories of the Highland clans. Originally published in 1723, it predated James Logan's *The Scottish Gael* by more than a century and Frank Adam's *The clans, septs, and regiments of the Scottish Highlands* by nearly two. Buchanan's primary purpose in writing the book was to present the history of his own family of Buchanan; his Historical and genealogical essay upon the family and surname of Buchanan comprises over half the book. But he did as

well provide histories of the following clans: MacDonald, MacDougal, MacNeil, MacLean, MacLeod, MacIntosh, MacPherson, Robertson, MacFarlane, Cameron, MacNaughtan, MacGregor, Colquhoun, Lamont, and MacAulay. He also included a transcription of the Genealogies of the chieff clans of the Iles: collected by Me, Sir Donanld Munro, Heigh Dean of the Iles, which in turn gave early information about: Clan Donald, the Earls of Ross and Abbots of Ferne, and Clan Gunn, Clan Leod, and Clan Leandris (now surnamed Ross). The Buchanan section provides detailed information about the main branch of the family, as well as the

collateral branches of Auchmar, Spittel, Arnpryor, Drumikill, Carbeth, Lenny, Auchneiven, Miltoun, Cashill, Arduill, Sallochie, and the septs of MacAuslan, MacMillan, MacColman, MacMaurice, MacAndeoir, MacChruiter, and MacGreusich"-- Container.

The Highland Clans

McFarland

An anonymous letter, found at the bottom of a box of black-and-white pictures, reveals the first clues about the author's grandmother's family story, and soon those clues lead him to a country graveyard and a long-lost cousin. As one hint leads to the next, from the 19th century back into the 18th, he discovers his family's place in a people's tragic struggle.

Pelican Publishing

The Genealogy Annual is a comprehensive bibliography of the year's genealogies, handbooks, and source materials. It is divided into three main sections. FAMILY HISTORIES-cites American and

international single and multifamily

genealogies, listed alphabetically by major surnames included in each book. GUIDES AND HANDBOOKS- includes reference and how-to books for doing research on specific record groups or areas of the U.S. or the world. GENEALOGICAL SOURCES BY STATE- consists of entries for genealogical data, organized alphabetically by state and then by city or county. The Genealogy Annual, the core reference book of published local histories and genealogies, makes finding the latest information easy. Because the information is compiled annually, it is always up to date. No other book offers as many

citations as The Genealogy Annual; all works are included. You can be assured that fees were not required to be listed. *Consisting of Original Papers and Documents Relating to the History of the Highlands and Islands of Scotland* Irish Academic Press This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the

preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book.

DNA USA: A Genetic

Portrait of America

Nabu Press
History and genealogy of the Maclean family in Scotland and the nearby islands between 1263 and 1838. The history includes the longlived feud between the Campbells and the Macleans, and the shorter feud between the Macdonalds and the Macleans. From the 1680s forward, many of the Macleans served in the British army. The Maclean family were part of the Scottish nobility, known as the House of Duart.

Finding one's forebears in Scotland can be a daunting task; therefore, researchers whose Scots ancestors came to colonial America must sometimes fall back on whatever clues are at hand. For example, knowledge of Scottish surnames can sometimes lead the genealogist to the clan from which his/her North American ancestor is descended. In his latest book, genealogist David Dobson has compiled a list of Scottish surnames of the estimated 150,000 Scots who settled in the America colonies. Many of the same

surnames, of course, apply to the even greater number of Scots-Irish colonists whose forebears had originated in Scotland before re-settling in the province of Ulster. The Scottish Surnames of Colonial America attempts to identify Scottish names, provide explanations of their meaning and significance, give examples, and where applicable, name the clan to which the family is linked. Consider the following illustrations. Adam Dryden immigrated to Georgia in 1774; the name "Dryden" is derived from two places in southeast Scotland, and it has been in use since the late 13th century. Similarly, Charles MacLatchie settled in East Florida by 1774,

and Robert McLatchie was working as a schoolmaster in Savannah before 1766. Since the name McLatchie, which means "son of the servant of Eidich," was found mostly in Ayrshire after the 15th century, McLatchie descendants may wish to comb through parish registers for Ayrshire (just as Dryden descendants could do the same for southeast Scotland) in the absence of other links from their colonial forebear in Scotland. In all, Mr. Dobson identifies about 1,000 Scottish surnames and their derivatives and also mentions one or more actual Scottish North Americans who bore that name before 1776.

Celtic Scotland Ryan Littrell

Ireland was one of the earliest countries to evolve a system of hereditary surnames. More than 4,000 Gaelic, Norman and Anglo-Irish surnames are listed in this book, giving a wealth of information on the background and location of Irish families. Edward MacLysaght was a leading authority on Irish names and family history. He served as Chief Herald and Genealogical Officer of the Irish Office of Arms. He was also Keeper of Manuscripts of the National Library of Ireland and was Chairman of the Manuscripts Commission. This book, which was first published in 1957 and now is in its sixth edition, is being reprinted for the fourth

time and remains the definitive record of Irish surnames, their genealogy and their origins.

Clan Donald

Forgotten Books

The most comprehensive history of Clan Donald, originally published in three volumes between 1896 and 1904.

Somerled founded Clan Donald over 800 years ago. This largest of clans consolidated its power in the north of Scotland and its western isles until the

fall of the Lordship in 1493, still retaining power through several divisions until the clan system was smashed in 1745. After the Battle of Culloden in 1746, many members of Clan Donald were driven from their homelands and scattered all over the world, becoming influential in all areas of society. This book describes the lives and times of the Lords of the Isles and tells the stories of the branches that rose to prominence after 1745.
