The book examines the major issues in perinatal clinical psychology with the presence of theoretical information and operational indications, through a biopsychosocial approach. The multiplicity of scientific information reported makes this book both a comprehensive overview on the major perinatal mental health disorders and illnesses, and a clinical guide. It covers perinatal clinical psychology through a journey of 15 chapters, putting the arguments on a solid theoretical basis and reporting multiple operational indications of great utility for daily clinical practice. It has well documented new evidence bases in the field of clinical psychology that have underpinned the conspicuous current global and national developments in perinatal mental health. As such, it is an excellent resource for researchers, policy makers, and practitioners - in fact, anyone and everyone who wishes to understand and rediscover, in a single opera, the current scientific and application scenario related to psychological health during pregnancy and after childbirth.

Handbook for Prison Police and Security Routledge

From international bestselling author Cristina Caboni comes an exquisite and engrossing novel of two women, centuries apart, bound by a love of books and a longing for self-discovery. With her delicate touch, Sofia Bauer restores books to their original splendor. In this art she finds refuge from her crumbling marriage and the feeling that her once-vibrant life is slipping away. Then an antique German edition takes her breath away. Slipped covertly into the endpapers is an intriguing missive, the first part of a secret...from one bookbinder to another. Two hundred years ago, Clarice von Harmel defied the constraints of family and society to engage in a profession forbidden to women. Within three separate volumes, Clarice bound her own hidden story filled with pain, longing, and love beyond all reason. A confession that now crosses centuries to touch the heart of a stranger. With the help of book collector Tomaso Leoni, Sofia connects the threads of Clarice's past, page by page, line by line, town by town. She's determined to make Clarice's voice heard. With each new revelation, Clarice is giving Sofia the courage to find her own voice and hope for the future she thought was lost.

Books, Banks, Buttons, and Other Inventions from the Middle Ages Routledge

This three-volume Encyclopedia of Law Enforcement provides a comprehensive, critical, and descriptive examination of all facets of law enforcement on the state and local, federal and national, and international stages. This work is a unique reference source that provides readers with informed discussions on the practice and theory of policing in an historical and contemporary framework. The volumes treat subjects that are particular to the area of state and local, federal and national, and international policing. Many of the themes and issues of policing cut across disciplinary borders, however, and several entries provide comparative information that places the subject in context.

Giustizia civile Brepols Pub

A review and discussion of critical reception of Vergil in the Middle Ages.

Never Coming Back Youcanprint

Three Finnish siblings head for the logging fields of nineteenth-century America in the New York Times–bestselling author's "commanding historical epic" (Washington Post). Born into a farm family, the three Koski siblings—Ilmari, Matti, and Aino—are raised to maintain their grit and resiliency in the face of hardship. This lesson in *sisu* takes on special meaning when their father is arrested by imperial Russian authorities, never to be seen again. Lured by the prospects of the Homestead Act, Ilmari and Matti set sail for America, while young Aino, feeling betrayed and adrift after her Marxist cell is exposed, follows soon after. The brothers establish themselves among a logging community in southern Washington, not far from the Columbia River. In this New World, they each find themselves—Ilmari as the family's spiritual rock; Matti as a fearless logger and entrepreneur; and Aino as a fiercely independent woman and union activist who is willing to make any sacrifice for the cause that sustains her. Layered with fascinating historical detail, this novel bears witness to the stump-ridden fields that the loggers—and the first waves of modernity—leave behind. At its heart, *Deep River* explores the place of the individual, and of the immigrant, in an America still in the process of defining its own identity.

Education for a Democratic Society International Monetary Fund

"Newly illustrated edition of the classic Christmas morality tale by Robert Ingpen, one of Australia's greatest children's book illustrators. The first story, *A Christmas Carol*, is a morality tale about Ebenezer Scrooge, a contemptuous, penny-pinching man who undergoes a journey of redemption one Christmas Eve. The second story, *A Christmas Tree*, is about an old man whose memories are stirred as he reminisces about the toys and gifts

that have decorated his Christmas tree over the years."--Provided by publisher.

Processing the Past explores the dramatic changes taking place in historical understanding and archival management, and hence the relations between historians and archivists. Written by an archivist and a historian, it shows how these changes have been brought on by new historical thinking, new conceptions of archives, changing notions of historical authority, modifications in archival practices, and new information technologies. The book takes an "archival turn" by situating archives as subjects rather than places of study, and examining the increasingly problematic relationships between historical and archival work. By showing how nineteenth- and early twentieth-century historians and archivists in Europe and North America came to occupy the same conceptual and methodological space, the book sets the background to these changes. In the past, authoritative history was based on authoritative archives and mutual understandings of scientific research. These connections changed as historians began to ask questions not easily answered by traditional documentation, and archivists began to confront an unmanageable increase in the amount of material they processed and the challenges of new electronic technologies. The authors contend that historians and archivists have divided into two entirely separate professions with distinct conceptual frameworks, training, and purposes, as well as different understandings of the authorities that govern their work. *Processing the Past* moves toward bridging this divide by speaking in one voice to these very different audiences. Blouin and Rosenberg conclude by raising the worrisome question of what future historical archives might be like if historical scholars and archivists no longer understand each other, and indeed, whether their now different notions of what is archival and historical will ever again be joined.

Concorso allievi agenti polizia di Stato. Manuale per la preparazione alle selezioni Rodopi

Introducing readers to the study of law, media and popular culture, this text, using three original case studies, re-examines the assumptions underpinning existing research and suggests alternatives. Arguing that the study of law, media and popular culture should be embedded in the sociology of everyday life, the author focuses on four specific topics, in which there is scope for further development. These are the facts that: the current literature in this field predominantly focuses on crime, neglecting the way the media portrays less spectacular, more run-of-the-mill legal topics fiction, primarily, has captured scholars' attention, with remarkably less being paid to representations of law, other than crime, in factual media textual analysis continues to be the preferred method in the study of law and the media the literature is dominated by a fear of corrosive media effects, while the

potential of the media and popular culture to improve public legal knowledge, facilitate access to justice and promote legal change remains largely undocumented. Exploring the often uneasy relationship between law and popular culture from specific socio-legal perspectives, including systems theory, semiotics of law and legal pluralism, this book is an essential read for those studying and researching in this area.

A bullet misses its target in Sarajevo, a would-be Austrian painter gets into the Viennese academy, Lord Halifax becomes British prime minister in 1940 instead of Churchill: seemingly minor twists of fate on which world-shaking events might have hinged. Alternative history has long been the stuff of parlor games, war-gaming, and science fiction, but over the past few decades it has become a popular stomping ground for serious historians. The historian Richard J. Evans now turns a critical, slightly jaundiced eye on a subject typically the purview of armchair historians. The book's main concern is examining the intellectual fallout from historical counterfactuals, which the author defines as "alternative versions of the past in which one alteration in the timeline leads to a different outcome from the one we know actually occurred." What if Britain had stood at the sidelines during the First World War? What if the Wehrmacht had taken Moscow? The author offers an engaging and insightful introduction to the genre, while discussing the reasons for its revival in popularity, the role of historical determinism, and the often hidden agendas of the counterfactual historian. Most important, Evans takes counterfactual history seriously, looking at the insights, pitfalls, and intellectual implications of changing one thread in the weave of history. A wonderful critical introduction to an often-overlooked genre for scholars and casual readers of history alike.

The Binder of Lost Stories SAGE

The following conversations took place in the Palazzo di Venezia at Rome, being held almost daily for an hour at a time between March 23 and April 4, 1932, both dates inclusive. We talked Italian and each conversation was recorded by me in German as soon as it was finished. Only a few sentences from earlier conversations have been introduced into this book. The German manuscript was submitted to Mussolini, who checked the passages in which his own utterances were recorded. No material other than the before-mentioned has been incorporated, but I have to acknowledge my indebtedness to Margherita Sarfatti for a good many hints conveyed to me in her biography. I have made use of the numberless anecdotes current in Rome; and I have ignored the reports of Mussolini's collaborators, informative though these are. In a word, the talks consist of what actually passed in conversation between Mussolini and myself.

Le ketubbot di Monte San Savino Casa Editrice Giuntina

It is the summer of 1958 in Dewmont, Texas, a town the great

American postwar boom passed by. The kids listen idly to rockabilly on the radio and waste their weekends at the Dairy Queen. And an undetected menace simmers under the heat that clings to the skin like molasses... For thirteen-year-old Stanley Mitchell, the end of innocence comes with his discovery of the mysterious long-ago demise of two very different young women. In his quest to unravel the truth about their tragic fates, Stanley finds a protector in Buster Lighthorse Smith, a black, retired Indian-reservation cop and a sage on the finer points of Sherlock Holmes, the blues, and life's faded dreams. But not every buried thing stays dead. And on one terrifying night of rushing creek water and thundering rain, an arcane, murderous force will rise from the past to threaten the boy in a harrowing rite of passage... Vintage Lansdale, A Fine Dark Line brims with exquisite suspense, powerful characterizations, and the vibrant evocation of a lost time.

Il Governo Pontificio E Lo Stato Romano Brandeis University Press

In a series of essays based on surviving documents of actual court practices from Perugia and Bologna, as well as laws, statutes, and theoretical works from the 12th and 13th centuries, Massimo Vallerani offers important historical insights into the establishment of a trial-based public justice system.

A Christmas Carol Mysterious Press

Il volume ha lo scopo di orientare e preparare coloro che vogliono partecipare al concorso o al reclutamento per Allievi Agenti del Corpo della Polizia di Stato. La parte I del testo orienta il giovane nel mondo della Polizia di Stato, su come intraprendere la carriera, gli sviluppi della stessa ed i requisiti che occorre possedere. La parte II del volume rappresenta un'assoluta novità nel suo genere riportando una serie di "pillole di cultura" per ciascuna materia oggetto della prova scritta d'esame con lo scopo di mirare, sintetizzare e facilitare lo studio del candidato, senza addentrarsi in inutili e complesse argomentazioni. La "composizione delle pillole" scaturisce da un attento esame delle domande contenute nelle banche dati pubblicate dalle Amministrazioni di Polizia nei precedenti concorsi. Presenta, inoltre, numerosi quesiti e delle simulazioni d'esame. La parte III fornisce parametri di valutazione per le prove dell'efficienza fisica, la descrizione degli accertamenti psico-attitudinali unitamente a consigli su come affrontare il colloquio psicologico. Comprende la trattazione dei test di personalità (MMPI, Rorschach, Z-Test, Taleia 400, biografico, questionario informativo, ecc.) e test attitudinali, che consentono di esercitarsi per il raggiungimento di un livello di preparazione ottimale. Inoltre, si occupa degli accertamenti psicofisici attraverso la descrizione delle visite mediche e del regolamento concernente i requisiti di idoneità.

This paper examines some of the factors that have been influential in keeping inflation low in the United States during 1995-98, despite strong growth and high levels of employment. Our results identify three important variables: declines in import prices, a slowdown in the growth of nonwage labor compensation, and a decline in labor costs. We also reassess the role of labor costs and import prices in determining price inflation.

Medieval Public Justice Atlantic Monthly Press

Music is rooted in the heart of Western culture. The absence of music from the usual publications of medieval history and history of art of the Middle Ages is understandable, considering the rarity of sources. And yet, throughout the last decades, an intense activity of historico-musicological research has been carried out internationally by a select group of specialized scholars. The ambitious goal of this work is to set medieval music within its historical and cultural context and to provide readers interested in different disciplines with an overall picture of music in the Middle Ages; multi-faceted, enjoyable, yet scientifically rigorous. To achieve this goal, the most prominent scholars of medieval musicology were invited to participate, along with archaeologists, experts of acoustics and architecture, historians and philosophers of medieval thought. The volume offers exceptional iconography and several maps, to accompany the reader in a fascinating journey through a network of places, cultural influences, rituals and themes.

Vergil in the Middle Ages Northwestern University Press

A harrowing and unforgettable thriller that has taken Sweden and Britain by storm—a twisted plot of revenge and tragedy by a writer whose edgy and gritty style evokes Henning Mankell and Hakan Nesser. Mike Zetterberg lives with his wife Ylva and their daughter in a house just outside Helsingborg in Sweden. One evening, Ylva don't come home as expected. Mike passes it off as a drink with a work friend, but when she's still missing the next day, he starts to worry. As Mike battles suspicion from the police and his own despair, he is unaware that Ylva is still alive, just a stone's throw from his own home. Ylva has been drawn into a twisted plot of revenge and tragedy that leads back into her and her abductors' shared past. Given the sudden and mysterious circumstances of her disappearance, Mike becomes the chief suspect. But what no one knows is that she's being held hostage in the cellar of the house across the street. A secret camera has been set up in her own home and Ylva can only watch her family on the screen. They cannot see her – and they most certainly cannot hear her scream... Hans Koppel's tale of horrific tragedy and brutal revenge has obsessed readers across Scandinavia for the past year, now in English for the first time.

Repertorio generale annuale di legislazione, bibliografia, giurisprudenza CUA Press

Identifies the technological innovations of the middle ages, noting how such ubiquitous items as eyeglasses, books, arabic numbers, underwear, banks, the game of chess, clocks, and domesticated cats came into being during the period.
