## NELSON HEATH

**BACtalk Product Line - Alerton** Alerton Bactalk Microset II InstallationThe Microset II is an intelligent zone sensor and tenant service device used in conjunction with Alerton's VisualLogic® controllers. The Microset has a backlit LCD display for easy viewing in any lighting condition. The tenant can view the current room and outdoor air temperature as well as view and change the current room setpoint.Microset II - AlertonThe MS/TP Microset II utilizes the BACnet MS/TP network layer. This new sensor is perfect for split zone VAVs, multi-zone rooftop units, or any VLX, VLCA-1688, or VLC-16160 application where more than one room sensor with display is needed to meet the application, but the MS/TP Microset II can control multiple zones.MS/TP Microset II - AlertonThe Microset II connects to Alerton's BACtalk VisualLogic® controllers (VLCs) and serves as a tenant control center and field service tool. Sleek styling, a backlit liquid crystal display (LCD) and simple push-button controls make operation intuitive.BACtalk MICROSET II TM Wall Unit - alerton.comMicroset™ II Installation & Operating Instructions Figure 4. Wiring connections for the Microset II and VAV-4040. Operating the Microset II The liquid crystal display (LCD) (Figure 5) and two sets of up/down buttons (Figure 6) are located on the front of the Microset II.Microset™ II Installation & Operating InstructionsMicroSet II Installation & Operators Manual LTBT-TM-MSET2. of 32 ...MicroSet II Installation & Operators Manual LTBT-TM-MSET2 ...So what I'm actually looking for is part 5b of LT-MAN-TECH, "VAV TUX Installation and Operations Guide". From being with my company for a while and working on controls in quite a few of our buildings I've built up a collection of Alerton BACtalk, Reliable Controls, American Auto-Matrix, and Delta PDFs if anyone is interested in return. Thanks!Alerton Microset Manual - HVAC-Talk: Heating, Air ...Designed specifically for larger, more complex point applications, Alerton's intelligent BACnet programmable controllers perform global control strategies on a peer-to-peer basis for an entire facility or multiple sites. These devices integrate seamlessly with third-party building systems such as fire alarm, access management and lighting.BACtalk Product Line - AlertonThe Microset II is an intelligent zone sensor and tenant service device used in conjunction with Alerton's VisualLogic® controllers. The Microset has a backlit LCD display for easy viewing in any lighting condition. The tenant can view the current room and outdoor air temperature as well as view and change the current room setpoint.Sensor - AlertonA configurable LED Status Light indicator displays heating or cooling status at a glance. The Microset 4 is fully backward compatible with Alerton's BACtalk™ system, enabling users to leverage their existing Alerton devices.Microset 4 - AlertonPart of Alerton's Ascent product line, the newly designed Microset 4 is like no other wall sensor on the market. It senses and simultaneously displays room and outside air temperatures, relative humidity, fans and CO2—all in a single, state-of-the-art sensor.Alerton Ascent Microset 4 Wall SensorProgrammer's Guide and Reference. ...
