Thomas Schreiner, a respected scholar and a trusted voice for many students and pastors, offers a substantial and accessibly written overview of the whole Bible. He traces the storyline of the scriptures from the standpoint of biblical theology, examining the overarching message that is conveyed throughout. Schreiner emphasizes three interrelated and unified themes that stand out in the biblical narrative: God as Lord, human beings as those who are made in God's image, and the land or place in which God's rule is exercised. The goal of God's kingdom is to see the king in his beauty and to be enraptured in his glory.

A Theology of the Hebrew Bible InterVarsity Press

The saving mission of Jesus constitutes the foundation for Christian mission, and the Christian gospel is its message. This second edition of a classic NSBT volume emphasizes how the Bible

presents a continuing narrative of God's mission, providing a robust historical and chronological backbone to the unfolding of the early Christian mission.

Understanding Biblical Theology clarifies the catch-all term "biblical theology," a movement that tries to remove the often-held dichotomy between biblical studies for the Church and as an academic pursuit. This book examines the five major schools of thought regarding biblical theology and handles each in turn, defining and giving a brief developmental history for each one, and exploring each method through the lens of one contemporary scholar who champions it. Using a spectrum between history and theology, each of five "types" of biblical theology are identified as either "more theological" or "more historical" in concern and practice: Biblical Theology as Historical Description (James Barr) Biblical Theology as History of Redemption (D. A. Carson) Biblical Theology as Worldview-Story (N. T. Wright) Biblical Theology as Canonical Approach (Brevard Childs) Biblical Theology as Theological Construction (Francis Watson). A conclusion suggests how any student of the Bible can learn from these approaches.

The Book of Daniel in Biblical Theology Baker Academic

This book by C. Marvin Pate, J. Scott Duvall, J. Daniel Hays, E. Randolph Richards, W. Dennis Tucker Jr. and Preben Vang explores the unitive theme of the story of Israel from Genesis to Revelation-- offering both close-up examinations of key texts and panoramic shots of the biblical terrain to unfold an intriguing and compelling perspective on biblical theology.

In this, the first overview of biblical theology in nearly thirty years, James K. Mead addresses the core issues of biblical theology essential to both Old Testament and New Testament study. Can we draw theological principles from Scripture? What methods will give useful results for theological exploration of biblical texts? Aptly synthesizing classic and recent scholarship while asserting his own theological findings, Mead provides an excellent overview of the history of biblical theology and a thorough examination of its basic issues, methods, and themes.

In this comprehensive exposition, a leading New Testament scholar explores the unfolding

theological unity of the entire Bible from the vantage point of the New Testament. G. K. Beale, coeditor of the award-winning Commentary on the New Testament Use of the Old Testament, examines how the New Testament storyline relates to and develops the Old Testament storyline. Beale argues that every major concept of the New Testament is a development of a concept from the Old and is to be understood as a facet of the inauguration of the latter-day new creation and kingdom. Offering extensive interaction between the two testaments, this volume helps readers see the unifying conceptual threads of the Old Testament and how those threads are woven together in Christ. This major work will be valued by students of the New Testament and pastors alike.

--A comprehensive account of the role and work of the Spirit, covering the entire Bible. --Written by a team of leading evangelical scholars, including world authorities such as Craig Bartholomew, David deSilva, James D. G. Dunn, Walter Kaiser and Max Turner. --Informed by the latest scholarship. --Will become the standard introductory survey on the subject. Written by an international team of leading scholars, this is the first comprehensive exploration of the role and work of the Holy Spirit, as witnessed in both the Old and New Testaments. With contributions by Craig Bartholomew, Gary Burge, David deSilva, James D. G. Dunn, David Firth, Walter Kaiser, Wonsuk Ma, John Christopher Thomas, Max Turner, and Matthias Wenk, among others, this authoritative survey will rapidly establish itself as a standard reference point for scholars and students of all theological persuasions. Any attempt at a "biblical theology" must begin with a careful exegesis of the biblical text. To this end, each contributor addresses the text through a rigorous exegesis of pertinent passages, keeping in mind the genre, canonical contexts, and sweep of redemptive history.

John Goldingay takes the New Testament as a portal into the complete canon of Scripture. Without searching out an overarching unity, he allows Scripture's diversity and tensions to remain, letting

Scripture speak to us in its own voice. This landmark biblical theology is hermeneutically dexterous, biblically expansive, and nourishing to mind, soul and proclamation.

[A Biblical Theology of Race](#) InterVarsity Press

With this careful, nuanced exegetical volume in the New Studies in Biblical Theology, J. Daniel Hays provides a clear theological foundation for life in contemporary multiracial cultures and challenges churches to pursue racial unity in Christ.

From Genesis to Revelation, the Bible reveals a God whose creative power and loving care embrace all that exists, from earth and sky and sea to every creeping, crawling, swimming, and flying creature. Yet the significance of the Bible's extensive teaching about the natural world is easily overlooked by Christians accustomed to focusing only on what the Bible says about God's interaction with human beings. In Creation Care, part of the Biblical Theology for Life series, father and son team Douglas and Jonathan Moo invite readers to open their Bibles afresh to explore the place of the natural world within God's purposes and to celebrate God's love as displayed in creation and new creation. Following the contours of the biblical storyline, they uncover answers to questions such as: What is the purpose of the non-human creation? Can a world with things like predators, parasites, and natural disasters still be the 'good' world described in Genesis 1? What difference does the narrative of the 'Fall' make for humankind's responsibility to rule over other creatures? Does Israel's experience on the land have anything to teach Christians about their relationship with the earth? What difference does Jesus make for our understanding of the natural world? How does our call to care for creation fit within the hope for a new heaven and a new earth? What is unique about Christian creation care compared with other approaches to 'environmental' issues? How does creation care fit within the charge to proclaim the gospel and care for the poor? In addition to providing a comprehensive biblical theology of creation care, they probe behind the headlines and politicized rhetoric about an 'environmental crisis' and climate change to provide a careful and judicious analysis of the most up-to-date scientific data about the state of our world. They conclude by setting forth a bold framework and practical suggestions for an effective and faithful Christian response to the scriptural teaching about the created world. But rather than merely offering a response to environmental concerns, Creation Care invites readers into a joyful vision of the world as God's creation in which they can rediscover who they truly are as creatures called to love and serve the Creator and to delight in all he has made.

Capitol Hill Baptist Church associate pastor Michael Lawrence contributes to the IXMarks series as he centers on the practical importance of biblical theology to ministry. He begins with an examination of a pastor's tools of the trade: exegesis and biblical and systematic theology. The book distinguishes between the power of narrative in biblical theology and the power of application in systematic theology, but also emphasizes the importance of their collaboration in ministry. Having laid the foundation for pastoral ministry, Lawrence uses the three tools to build a biblical theology, telling the entire story of the Bible from five different angles. He puts biblical theology to work in four areas: counseling, missions, caring for the poor, and church/state relations. Rich in application and practical insight, this book will equip pastors and church leaders to think, preach, and do ministry through the framework of biblical theology.

[Between Pain and Grace](#) Baker Academic

In the last hundred and fifty years the kingdom of God has emerged as one of the most important topics in theology, New Testament studies, and the life of the church. But what exactly is the kingdom of God? What does it mean for the people of God and what does it mean for how they live in the world? In The Kingdom of God, part of the Biblical Theology for Life series, Nicholas Perrin explores this dominant biblical metaphor, one that is paradoxically the meta-center and the mystery in Jesus' proclamation. After surveying interpretations by figures from Ritschl to N. T. Wright, Perrin examines the "what, who, and how" questions of the kingdom. In his sweepingly comprehensive study, Perrin contends that the kingdom is inaugurated in Jesus' earthly ministry, but its final development awaits later events in history. In between the times, however, the people of God are called to participate in the reign of God by living out the distinctly kingdom-ethic through hope, forgiveness, love, and prayer. X

The Old Testament is not just a collection of disparate stories, each with its own meaning and moral lessons. Rather, it's one cohesive story, tied together by the good news about Israel's coming Messiah, promised from the beginning. Covering each book in the Old Testament, this volume invites readers to teach the Bible from a Reformed, covenantal, and redemptive-historical perspective. Featuring contributions from twelve respected evangelical scholars, this gospel-centered introduction to the Old Testament will help anyone who teaches or studies Scripture to better see the initial outworking of God's plan to redeem the world through Jesus Christ.

[Servants and Fools](#) Crossway

Perceiving a hole in evangelical biblical theology that should be filled with a robust treatment of the book of Daniel, James Hamilton delves into the book's rich contribution to the Bible's unfolding redemptive-historical storyline. This New Studies in Biblical Theology volume addresses key questions and examines the literary structure, visions, heavenly beings and typological patterns.
