It has long remained a tacit assumption in hermeneutics and literary theory that works of imaginative literature have the potential to change the reader's self. Literature and Transformation develops a method called Intimate Reading to investigate how ordinary readers are deeply moved by what they read and the transformative impact such experiences have on their sense of self. The book presents unique narratives of such experiences and suggests a theory of transformative affective patterns that may form the basis of an affective literary theory.

From the mind of a psychologist comes a chilling domestic thriller that gets under your skin. What happens when a psychologist begins to question her own sanity? Sara runs a private psychology practice for troubled youth in the newly inherited house she is refurbishing with her husband, Sigurd. One morning, a voicemail from Sigurd tells Sara he's arrived at a holiday cabin for a weekend away with the guys. A couple of hours later, Sigurd's friends call from the cabin asking where he is — according to them, Sigurd never arrived. Sara is irritated by what she thinks is a practical joke. But as the hours stretch out, her anger turns to fear, and the large empty house begins to feel increasingly threatening. To get to the root of Sigurd's disappearance, Sara must question everything she knows about their relationship. But can she trust her own thoughts? And where is she safe?

 'We must learn to love, learn to be kind, and this from our earliest youth ... Likewise, hatred must be learned and nurtured, if one wishes to become a proficient hater' This volume contains a selection of Nietzsche's brilliant and challenging aphorisms, examining the pleasures of revenge, the falsity of pity, and the incompatibility of marriage with the philosophical life.  Jacques Rancière: Education, Truth, Emancipation demonstrates the importance of Rancière's work for educational theory, and in turn, it shows just how central Rancière's educational thought is to his work in political theory and aesthetics. Charles Bingham and Gert Biesta illustrate brilliantly how philosophy can benefit from Rancière's particular way of thinking about education, and go on to offer their own provocative account of the relationship between education, truth, and emancipation. Including a new essay by Rancière himself, this book is a must-read for scholars of social theory and all who profess to educate.

 An evocative murder mystery set in the Norwegian countryside, this story, like all good murder mysteries, is a stew of passion, buried past crimes, revelations, and sharply defined characters who remain ambiguous to the very end. Norwegian author Stein Riverton's 1908 novel The Iron Wagon has never been translated into English. Now, using a striking two-color drawing style and recasting the story with his iconic animal characters from his previous graphic novel Sshhhh!, the acclaimed cartoonist Jason has adapted The Iron Wagon into an original graphic novel that will appeal not only to fans of his work but also to mystery fans who will finally have a chance to experience Riverton's clever story.

From the author of SOPHIE'S WORLD, 'A masterful mixture of fantasy and reality...a simply wonderful read' SHE. Panina Manina, a trapeze artist, falls and breaks her neck. As the ringmaster bends over her, he notices an amulet of amber around her neck, the same trinket he had given his own lost child, who was swept away in a torrent some sixteen years earlier. This tale is narrated by Petter, a precocious child and fantasist, and perhaps Jostein Gaarder's most intriguing character since Sophie. As an adult, Petter makes his living selling stories and ideas to professionals suffering from writer's block. But as Petter sits spinning his tales, he finds himself in a trap of his own making.

On a miserable January morning Sarah is sitting on a plane to Tenerife - dickheads' destination of choice - for a week-long getaway. She's just realised that she's very angry and becoming a bitter bitch, despite being just thirty years old. With her on the

plane she has a copy of Erica Jong's Fear of Flying and wishes it were 1975 instead of 2005. Sarah never intended for things to turn out the way they have: she just dreamed of love like everyone else. But now she's sitting here, thinking about all the injustices she's suffered. Thinking about how thoroughly fooled she was by the promise of love - the one that makes us want to start a family. Thinking about all the women she knows who, like her, were drained of all their energy by family hell - an inheritance passed down directly from generation to generation, from her restless mother's eczema-covered dishpan hands to her own nervous over-achiever complex. Angry and candid, Bitter Bitch is an uncompromising novel, at the heart of which is one of the most important women's issues: how can we ever have an egalitarian society when we can't even live in equality with those we love?
