ATKINSON MCNEIL

A Ruin of Roses Lake Union Publishing

Part graphic novel travelogue, part tongue-in-cheek travel guide, this is the adventures of caustic cartoonist Rall in the wild and woolly central Asian countries, a powder keg sitting on tomorrow's oil. Rall combines articles with comics chapters relating his experiences retracing the old legendary Silk Road, starting with the sublime history of China and ending in the absurdity of the petty dictatorships of the 'The 'Stans'. It's exotic adventure, satire and a fun way to find out more about a part of the world that looms in importance.

The Shocking History of Social Reform St. Martin's Paperbacks

A Wall Street Journal bestseller Financial expert, investment advisor and New York Times bestselling author James Rickards shows why and how global financial markets are being artificially inflated--and what smart investors can do to protect their assets What goes up, must come down. As any student of financial history knows, the dizzying heights of the stock market can't continue indefinitely--especially since asset prices have been artificially inflated by investor optimism around the Trump administration, ruinously low interest rates, and the infiltration of behavioral economics into our financial lives. The elites are prepared, but what's the average investor to do? James Rickards, the author of the prescient books *Currency Wars*, *The Death of Money*, and *The Road to Ruin*, lays out the true risks to our financial system, and offers invaluable advice on how best to weather the storm. You'll learn, for instance: * How behavioral economists prop up the market: Funds that administer 401(k)s use all kinds of tricks to make you invest more, inflating asset prices to unsustainable levels. * Why digital currencies like Bitcoin and Ethereum are best avoided. * Why passive investing has been overhyped: The average investor has been scolded into passively managed index funds. But active investors will soon have a big advantage. * What the financial landscape will look like after the next crisis: it will not be an apocalypse, but it will be radically different. Those who foresee this landscape can prepare now to preserve wealth. Provocative, stirring, and full of counterintuitive advice, *Aftermath* is the book every smart investor will want to get their hands on--as soon as possible.

Beasts of Ruin Penguin UK

This book analyses the teen film as the rare medium able to represent the otherwise chaotic and conflicting experience of youth. The author focuses on six major issues: alienation, deviance and delinquency, sex and gender, the politics of consumption, the apolitics of youth(ful) rebellion, and regression into nostalgia. Despite the many differences within the genre, this book sees all teen films as focused on a single social concern: the breakdown of traditional forms of authority - school, church, family. Working with the theories of such diverse scholars as Kenneth Keniston, Bruno Bettelheim, Erik Erikson, Theodor Adorno, Simon Frith, and Dick Hebdige, the author draws an innovative and flexible model of a cultural history of youth. Originally published in 1992.

The Road to Romance and Ruin Penguin

From William Dalrymple—award-winning historian, journalist and travel writer—a masterly retelling of what was perhaps the West's greatest imperial disaster in the East, and an important parable of neocolonial ambition, folly and hubris that has striking relevance to our own time. With access to newly discovered primary sources from archives in Afghanistan, Pakistan, Russia and India—including a series of previously untranslated Afghan epic poems and biographies—the author gives us the most immediate and comprehensive account yet of the spectacular first battle for Afghanistan: the British invasion of the remote kingdom in 1839. Led by lancers in scarlet cloaks and plumed helmets, and facing little resistance, nearly 20,000 British and East India Company troops

poured through the mountain passes from India into Afghanistan in order to reestablish Shah Shuja ul-Mulk on the throne, and as their puppet. But after little more than two years, the Afghans rose in answer to the call for jihad and the country exploded into rebellion. This First Anglo-Afghan War ended with an entire army of what was then the most powerful military nation in the world ambushed and destroyed in snowbound mountain passes by simply equipped Afghan tribesmen. Only one British man made it through. But Dalrymple takes us beyond the bare outline of this infamous battle, and with penetrating, balanced insight illuminates the uncanny similarities between the West's first disastrous entanglement with Afghanistan and the situation today. He delineates the straightforward facts: Shah Shuja and President Hamid Karzai share the same tribal heritage; the Shah's principal opponents were the Ghilzai tribe, who today make up the bulk of the Taliban's foot soldiers; the same cities garrisoned by the British are today garrisoned by foreign troops, attacked from the same rings of hills and high passes from which the British faced attack. Dalrymple also makes clear the byzantine complexity of Afghanistan's age-old tribal rivalries, the stranglehold they have on the politics of the nation and the ways in which they ensnared both the British in the nineteenth century and NATO forces in the twenty-first. Informed by the author's decades-long firsthand knowledge of Afghanistan, and superbly shaped by his hallmark gifts as a narrative historian and his singular eye for the evocation of place and culture, *The Return of a King* is both the definitive analysis of the First Anglo-Afghan War and a work of stunning topicality.

The Eternal Decline and Fall of Rome Grand Central Publishing

With the U.S. invasion of Iraq, Iraqis abroad, hoping to return one day to a better Iraq, became uncertain exiles. *Return to Ruin* tells the human story of this exile in the context of decades of U.S. imperial interests in Iraq—from the U.S. backing of the 1963 Ba'th coup and support of Saddam Hussein's regime in the 1980s, to the 1991 Gulf War and 2003 invasion and occupation. Zainab Saleh shares the experiences of Iraqis she met over fourteen years of fieldwork in Iraqi London—offering stories from an aging communist nostalgic for the streets she marched since childhood, a devout Shi'i dreaming of holy cities and family graves, and newly uprooted immigrants with fresh memories of loss, as well as her own. Focusing on debates among Iraqi exiles about what it means to be an Iraqi after years of displacement, Saleh weaves a narrative that draws attention to a once-dominant, vibrant Iraqi cultural landscape and social and political shifts among the diaspora after decades of authoritarianism, war, and occupation in Iraq. Through it all, this book illuminates how Iraqis continue to fashion a sense of belonging and imagine a future, built on the shards of these shattered memories.

The Road to Ruin Hachette UK

USA Today bestseller and Wall Street Journal business bestseller They say John Maynard Keynes called gold a "barbarous relic." They say there isn't enough gold to support finance and commerce. They say the gold supply can't increase fast enough to support world growth. They're wrong. In this bold manifesto, bestselling author and economic commentator James Rickards steps forward to defend gold—as both an irreplaceable store of wealth and a standard for currency. Global political instability and market volatility are on the rise. Gold, always a prudent asset to own, has become the single most important wealth preservation tool for banks and individuals alike. Rickards draws on historical case studies, monetary theory, and personal experience as an investor to argue that: • The next financial collapse will be exponentially bigger than the panic of 2008. • The time will come, sooner rather than later, when there will be panic buying and only central banks, hedge funds, and other big players will be able to buy any gold at all. • It's not too late to prepare ourselves as a nation: there's always enough gold for a gold standard if we specify a stable, nondeflationary price.

Providing clear instructions on how much gold to buy and where to store it, the short, provocative argument in this book will change the way you look at this “barbarous relic” forever.

The Bones of Ruin Createspace Independent Publishing Platform

What a girl wants... Miss Viola Darling always gets what she wants. Always. And what she wants more than anything is to marry James Kilbrenner, the Earl of Tannenbrook. She's fallen hard for the giant, taciturn, surly brute, and she positively will have no other. The problem? He's not interested. Not even a little. But Viola cannot afford to lose. And she has her heart set on James. If only he will bend to a bit of persuasion. Is an earl like no other... James Kilbrenner knows how determined the entirely-too-beautiful Miss Darling can be—the daft woman cornered him at a perfectly respectable dinner and mangled his cravat before he could escape. He has no desire to marry, less desire to be pursued, and will certainly not kiss her kissable lips until they are both breathless, no matter how tempted he may be. And only the right one will do... Thrown in her path by a meddling marchioness, James finds himself under sensual siege from a tiny, flirtatious sprite who puts both his heart and his vow to remain unwed at risk. And when scandal looms, he learns the hard way that a man can resist only so long before the indomitable Miss Darling gets her way.

Marie Antoinette and the Diamond Necklace Affair Nbn Publishing Company

Within a generation dominated by liberalism, one man sticks out- Alex Johnson. The conservative college student observes his fellow millennials and doesn't like what he sees. Rampant political correctness and victimization are running amok in the United States along with the rapidly growing liberal climate. He notes that liberal policies are corrupting our great nation and that the progressive takeover of culture threatens to shake America down to its core. In this book, Johnson highlights the damages of political correctness and the progressive policies that seek nothing but to destroy and change our way of life as we know it.

Philosophical Perspectives on Ruins, Monuments, and Memorials Stanford University Press

"Mr. Hamid reaffirms his place as one of his generation's most inventive and gifted writers." -Michiko Kakutani, The New York Times "A globalized version of The Great Gatsby . . . [Hamid's] book is nearly that good." -Alan Cheuse, NPR "Marvelous and moving." -TIME Magazine From the internationally bestselling author of *The Reluctant Fundamentalist* and *Exit West*, the boldly imagined tale of a poor boy's quest for wealth and love His first two novels established Mohsin Hamid as a radically inventive storyteller with his finger on the world's pulse. How to Get Filthy Rich in Rising Asia meets that reputation—and exceeds it. The astonishing and riveting tale of a man's journey from impoverished rural boy to corporate tycoon, it steals its shape from the business self-help books devoured by ambitious youths all over “rising Asia.” It follows its nameless hero to the sprawling metropolis where he begins to amass an empire built on that most fluid, and increasingly scarce, of goods: water. Yet his heart remains set on something else, on the pretty girl whose star rises along with his, their paths crossing and recrossing, a lifelong affair sparked and snuffed and sparked again by the forces that careen their fates along. How to Get Filthy Rich in Rising Asia is a striking slice of contemporary life at a time of crushing upheaval. Romantic without being sentimental, political without being didactic, and spiritual without being religious, it brings an unflinching gaze to the violence and hope it depicts. And it creates two unforgettable characters who find moments of transcendent intimacy in the midst of shattering change.

The Road to Ruin Penguin

For some people in post-World War II Germany, the battle is not over. August 1945. As Stefano, an Italian POW, heads toward home across war-ravaged Germany, he encounters a young child beside his dead mother. Unable to leave him to an unknown fate, Stefano takes the boy with him, finding refuge in a seemingly abandoned house in a secluded woodland. But the house is far from vacant. Stefano wakes at the arrival of its owner, Erich, a former German soldier, who invites the travelers to stay until they can find safe passage home. Stefano cautiously agrees, intrigued by the disarming German, his reclusive neighbor Rosalind, and her traumatized husband, Georg. Stefano is also drawn to Monique, the girl in a photograph on Rosalind's wall, who went missing during the war. But when he discovers letters written by Monique, a darker truth emerges. This place of refuge could be one of reckoning, and the secrets of the past might prevent the travelers from ever getting home.

The Global Elites' Secret Plan for the Next Financial Crisis Tule Publishing

In this much anticipated follow up to New York Times bestselling *Beasts of Prey*, Koffi's powers grow stronger and Ekon's secrets turn darker as they face the god of death. Koffi has saved her city and the boy she loves, but at a terrible price. Now a servant to the cunning god of death, she must use her newfound power to further his continental conquest, or risk the safety of her home and loved ones. As she reluctantly learns to survive amidst unexpected friends and foes, she will also have to choose between the life—and love—she once had, or the one she could have, if she truly embraces her dangerous gifts. Cast out from the only home he's ever known, Ekon is forced to strike new and unconventional alliances to find and rescue Koffi before it's too late. But as he gets closer to the realm of death each day, so too does he draw nearer to a terrible truth—one that could cost everything. Koffi and Ekon—separated by land, sea, and gods—will have to risk everything to reunite again. But the longer they're kept apart, the more each of their loyalties are tested. Soon, both may have to reckon with changing hearts—and maybe, changing destinies.

How to Get Filthy Rich in Rising Asia Booksurge Publishing

In this "furiouly funny" new novel from Donald Westlake, career thief John Dortmund is back to steal a fleet of vintage cars from a corrupt CEO (New York Times). The con is on. The mark is Monroe Hall, a CEO who lavished more of his company's money on himself than the boys at Enron and WorldCom combined. The loot? A fleet of vintage automobiles that would leave the Sultan of Brunei blushing. The catch? Trying to outsmart a collection of angry union men who've been taken for a ride and blue-blooded suckers who've been taken for their family fortunes. But if Dortmund and his merry band of crooks are to drive off with the loot, they'll have to act fast -- before they get caught in a deadly crossfire.

How to Revive Capitalism and Put America Back on Top Riverhead Books

You can blow up your life. To bring strong and tall buildings to the ground, demolition experts strategically place tiny explosives throughout the structure of a building so that the building will topple on itself. Instead of destroying the building from the outside, they destroy it from within. In the same way many great men and women have imploded, and others are well on their way. Author Eric Geiger offers a sobering reminder that many great and godly people have imploded, and none of us are above the risk. Looking at the story of David's infamous implosion, readers will learn how to ruin our lives (so we won't), and also how to find hope if we do--as all of us need His grace.

Road to Ruin Penguin

This collection of newly published essays examines our relationship to physical objects that invoke, commemorate, and honor the past. The recent destruction of cultural heritage in war and controversies over Civil War monuments in the US have foregrounded the importance of artifacts that embody history. The book invites us to ask: How do memorials convey their meanings? What is our responsibility for the preservation or reconstruction of historically significant structures? How should we respond when the public display of a monument divides a community? This anthology includes coverage of the destruction of Palmyra and the Bamiyan Buddhas, the loss of cultural heritage through war and natural disasters, the explosive controversies surrounding Confederate-era

monuments, and the decay of industry in the U.S. Rust Belt. The authors consider issues of preservation and reconstruction, the nature of ruins, the aesthetic and ethical values of memorials, and the relationship of cultural memory to material artifacts that remain from the past. Written by a leading group of philosophers, art historians, and archeologists, the 23 chapters cover monuments and memorials from Dubai to Detroit, from the instant destruction of Hiroshima to the gradual sinking of Venice.

Why Central Asia Is the Next Middle East Penguin

'There will be no wrecking, no undermining, and no sniping.' -Tony Abbott, 15 September 2015 Abbott's performances in the party-room debates on education and climate change had ranged between woeful and pathetic. He sounded desperate, he was inconsistent, and -?his colleagues thought?-?slightly ridiculous. They knew he would never stop going after cheap headlines during soft interviews where he sucked up the oxygen, with revision and division as his calling cards. All they could hope was that people would soon grow tired of listening to him. Normal people might have, but the media grew more and more hysterical, as if a challenge were imminent. In the original edition of *The Road to Ruin*, prominent political commentator, author, and columnist for The Australian Niki Savva revealed the ruinous behaviour of former prime minister Tony Abbott and his chief of staff, Peta Credlin. Based on her unrivalled access to their colleagues, and devastating first-person accounts of what went on behind the scenes, Savva painted an unforgettable picture of a unique duo who wielded power ruthlessly but not well. That edition became a major bestseller, and went on to win an Australian book industry award for the best general non-fiction book of the year. Now Savva continues where she left off. This updated edition contains a new, 13,500-word final chapter, in which Savva reveals the inner state of the Turnbull government - and the behind-the-scenes jockeying of friends and foes alike. From the mayhem of an own goal scored by Christopher Pyne, to the ramifications of Tony Abbott's ramped-up destabilisation campaign, it is, as usual, an unputdownable and impeccably sourced account.

Beautiful Ruins Routledge

In the aftermath of The Joker War, Bruce Wayne has lost his fortune, has lost his home, and has begun losing the battle for the hearts and minds of Gotham City's citizens. A groundswell of anti-vigilante protests pops up throughout Gotham, stoked by the mayoral candidacy of Christopher Nakano, a former police officer wounded in The Joker's war zone. Plus, mysterious new villain the Mirror rallies others to the anti-vigilante cause, taking to the streets and leading to violent encounters that show no true victor. This final volume of writer Peter J. Tomasi's run culminates in a battle with Robin, a hostage crisis with Hush, and the dawn of a new era for Gotham City. *Batman: Detective Comics Vol. 6: Road to Ruin* collects *Detective Comics #1028-1033*.

An Ice Cream Shop Mystery Simon and Schuster

FROM INTERNATIONAL #1 BEST SELLING AUTHOR OF UPCOMING NOVEL, THE MURDER RULE

"Compelling, unexpected twists and a hold-your breath standoff . . . Hand this one to readers of Tana French and to police-procedural fans." —Booklist It's been twenty years since Detective Cormac Reilly discovered the body of Hilaria Blake in her crumbling home. But he's never forgotten the two children she left behind... When Aisling Conroy's boyfriend Jack is found in the freezing black waters of the river Corrib in Ireland, the police tell her it was suicide. She throws herself into work, trying to forget—but Jack's sister Maude reappears in Ireland after years abroad, determined to prove Jack was murdered. Meanwhile, Detective Cormac Reilly, who was recently transferred to Galway from his squad in Dublin, is assigned to dig into a cold case from twenty years ago—the seeming overdose of Jack and Maude's drug and alcohol addled mother. Other detectives are connecting Jack's death to his mother's, and pushing Reilly to arrest Maude, and fast. But instinct tells him something isn't quite what it seems... This unsettling small-town noir draws us deep into the dark heart of Ireland, where corruption, desperation, and crime run rife. A gritty look at trust and betrayal where the written law isn't the only one, *The Ruin* asks who will protect you when the authorities can't—or won't.

Dishonest Money Penguin

In 1971, President Nixon imposed national price controls and took the United States off the gold standard, an extreme measure intended to end an ongoing currency war that had destroyed faith in the U.S. dollar. Today we are engaged in a new currency war, and this time the consequences will be far worse than those that confronted Nixon. Currency wars are one of the most destructive and feared outcomes in international economics. At best, they offer the sorry spectacle of countries' stealing growth from their trading partners. At worst, they degenerate into sequential bouts of inflation, recession, retaliation, and sometimes actual violence. Left unchecked, the next currency war could lead to a crisis worse than the panic of 2008. Currency wars have happened before—twice in the last century alone—and they always end badly. Time and again, paper currencies have collapsed, assets have been frozen, gold has been confiscated, and capital controls have been imposed. And the next crash is overdue. Recent headlines about the debasement of the dollar, bailouts in Greece and Ireland, and Chinese currency manipulation are all indicators of the growing conflict. As James Rickards argues in *Currency Wars*, this is more than just a concern for economists and investors. The United States is facing serious threats to its national security, from clandestine gold purchases by China to the hidden agendas of sovereign wealth funds. Greater than any single threat is the very real danger of the collapse of the dollar itself. Baffling to many observers is the rank failure of economists to foresee or prevent the economic catastrophes of recent years. Not only have their theories failed to prevent calamity, they are making the currency wars worse. The U. S. Federal Reserve has engaged in the greatest gamble in the history of finance, a sustained effort to stimulate the economy by printing money on a trillion-dollar scale. Its solutions present hidden new dangers while resolving none of the current dilemmas. While the outcome of the new currency war is not yet certain, some version of the worst-case scenario is almost inevitable if U.S. and world economic leaders fail to learn from the mistakes of their predecessors. Rickards untangles the web of failed paradigms, wishful thinking, and arrogance driving current public policy and points the way toward a more informed and effective course of action.

Financing the Road to Ruin Currency

Justice will be swirled by amateur sleuth Riley Rhodes in the first in Meri Allen's brand-new mystery series, *The Rocky Road to Ruin!* Riley Rhodes, travel food blogger and librarian at the CIA, makes a bittersweet return to her childhood home of Penniman, Connecticut - land of dairy farms and covered bridges - for a funeral. Despite the circumstances, Riley's trip home is sprinkled with reunions with old friends, visits to her father's cozy bookshop on the town green, and joyful hours behind the counter at the beloved Udderly Delicious Ice Cream Shop. It feels like a time to help her friend Caroline rebuild after her mother's death, and for Riley to do a bit of her own reflecting after a botched undercover mission in Italy. After all, it's always good to be home. But Caroline and her brother Mike have to decide what to do with the assets they've inherited - the ice cream shop as well as the farm they grew up on - and they've never seen eye to eye. Trouble begins to swirl as Riley is spooked by reports of a stranger camping behind the farm and by the odd behavior of the shop's mascot, Caroline's snooty Persian, Sprinkles. When Mike turns up dead in the barn the morning after the funeral, the peace and quiet of Penniman seems upended for good. Can Riley find the killer before another body gets scooped?
