Esperanza Rising joins the Scholastic Gold line, which features award-winning and beloved novels. Includes exclusive bonus content! Esperanza thought she'd always live a privileged life on her family's ranch in Mexico. She'd always have fancy dresses, a beautiful home filled with servants, and Mama, Papa, and Abuelita to care for her. But a sudden tragedy forces Esperanza and Mama to flee to California and settle in a Mexican farm labor camp. Esperanza

isn't ready for the hard work, financial struggles brought on by the Great Depression, or lack of acceptance she now faces. When Mama gets sick and a strike for better working conditions threatens to uproot their new life, Esperanza must find a way to rise above her difficult circumstances-because Mama's life, and her own, depend on it. In addition to being an essential component of program evaluation, student evaluation of a systematic nature is considered to be an integral part of language teaching methodology. The purpose of this document is to provide a brief review of some

options in student evaluation, and to consider their relevance for monitoring student learning and perceptions in the context of a multidimensional curriculum for core French programs. It examines some important basic concepts in evaluation and considers evaluation methods in three general categories: language tests, observation and record-keeping, and self-report evaluation techniques.

Ernesto Laclau is best known for co-authoring *Hegemony and Socialist Strategy*, with Chantal Mouffe. Politically active in the social and student movements of the 1960s, and a member of PSIN (Socialist Party of the National Left), Laclau's oeuvre links the working class and new social movements. Rejecting Marxist economic determinism and the notion of class struggle, Laclau instead urged for a radical democracy where antagonisms could be

expressed. Frequently described as post-Marxist, Laclau's writings have focused on political movements. Politics and Ideology in Marxist Theory was Laclau's first published work, where readers can trace the early formation of ideas that shaped the twentieth century.

Madame et Alice is written by a high school teacher of French along with one of her students who studied five years of French. Dr. Soper, the

teacher-author, opens the book by describing her responsibilities along with different teaching techniques for promoting and enhancing student learning. At the end of each chapter Alice, the student co-author, adds a student's perspective to Dr. Soper's teaching techniques. The book concludes with two chapters that depict Dr. Soper's educational and personal philosophies. As a 32-year educator, Dr. Soper incorporates change into her teaching by being the same

person.
