 Finalist for the National Book Award for
 Nonfiction * New York Times Bestseller *
 Starred Booklist and Library Journal
 Editors' Spring Pick * A Huffington Post
 Notable Nonfiction Book of the Year * One
 of the Best Books of the Month on
 Goodreads * Library Journal Best Sci-Tech

Book of the Year * An American Library
 Association Notable Book of the Year "Sy
 Montgomery's *The Soul of an Octopus*
 does for the creature what Helen
 Macdonald's *H Is for Hawk* did for raptors."
 —New Statesman, UK "One of the best
 science books of the year." —Science
 Friday, NPR Another New York Times
 bestseller from the author of *The Good
 Good Pig*, this
 "fascinating...touching...informative...ente
 rtaining" (*The Daily Beast*) book explores
 the emotional and physical world of the
 octopus—a surprisingly complex,
 intelligent, and spirited creature—and the
 remarkable connections it makes with
 humans. In pursuit of the wild, solitary,
 predatory octopus, popular naturalist Sy

Montgomery has practiced true immersion
 journalism. From New England aquarium
 tanks to the reefs of French Polynesia and
 the Gulf of Mexico, she has befriended
 octopuses with strikingly different
 personalities—gentle Athena, assertive
 Octavia, curious Kali, and joyful Karma.
 Each creature shows her cleverness in
 myriad ways: escaping enclosures like an
 orangutan; jetting water to bounce balls;
 and endlessly tricking companions with
 multiple "sleights of hand" to get food.
 Scientists have only recently accepted the
 intelligence of dogs, birds, and
 chimpanzees but now are watching
 octopuses solve problems and are trying
 to decipher the meaning of the animal's
 color-changing techniques. With her

“joyful passion for these intelligent and fascinating creatures” (Library Journal Editors’ Spring Pick), Montgomery chronicles the growing appreciation of this mollusk as she tells a unique love story. By turns funny, entertaining, touching, and profound, *The Soul of an Octopus* reveals what octopuses can teach us about the meeting of two very different minds.

Reach for Reading Grade 5 Practice Book

National Geographic Learning Preschoolers are full of “Where?” questions, and this next book in the best-selling Little Kids First Big Book series is full of fascinating and often surprising answers for them. This charming reference book zeroes in on location, location, location. More than 200 colorful photos are paired with age-appropriate text featuring answers to questions like, “Where does the sky end?” “Where is the highest mountain?” and, “Where was ice cream invented?” Containing several kid-friendly maps designed to expand the learning experience, this book inspires kids to be curious, ask questions, and explore the world around them.

Teacher’s Guide Gray Duck Creative Works

In this exciting adventure mixed with amazing scientific study, a young, exuberant explorer and geoscientist journeys deep into the Amazon—where rivers boil and legends come to life. When Andrés Ruzo was just a small boy in Peru, his grandfather told him the story of a mysterious legend: There is a river, deep in the Amazon, which boils as if a fire burns below it. Twelve years later, Ruzo—now a geoscientist—hears his aunt mention that she herself had visited this strange river. Determined to discover if the boiling river is real, Ruzo sets out on a journey deep into the Amazon. What he finds astounds him: In this long, wide, and winding river, the waters run so hot that locals brew tea in them; small animals that fall in are instantly cooked. As he studies the river, Ruzo faces challenges more complex than he had ever imaged. *The Boiling River* follows this young explorer as he navigates a tangle of competing interests—local shamans, illegal cattle farmers and loggers, and oil companies. This true account reads like a modern-day adventure, complete with extraordinary characters, captivating plot twists, and jaw-dropping details—including stunning photographs and a never-before-published account about this incredible natural

wonder. Ultimately, though, *The Boiling River* is about a man trying to understand the moral obligation that comes with scientific discovery—to protect a sacred site from misuse, neglect, and even from his own discovery.

California National Geographic Reach for Reading National Geographic Learning Provides information about the Earth’s water, including rivers, lakes, oceans, the water cycle, climate, water pollution, and conservation.

Water National Geographic Learning It’s race time for the Ford Bronco Badlands and the Jeep Wrangler Rubicon! Which sport utility vehicle will reach the finish line first?

Pie for Chuck In the Hands of a Child Big Chuck is a woodchuck with a taste for pie. He daydreams about warm, flaky pastries and their fruity filling. When he spots a freshly baked blueberry pie cooling on the windowsill, he must have it. Chuck can’t reach high enough, so he recruits his

friends to help. Maybe Raccoon or Rabbit can get the pie? It takes some impressive - - and athletic -- teamwork for Chuck and his friends to reach the ledge, but their reward is so sweet! An I Like to Read® book for emerging readers. Guided Reading Level C.

In Her Hands (hc) National Geographic Learning

From the founders of the acclaimed Summit event series and community comes the story of their unconventional journey to business success and the hard lessons they learned along the way. “If you want to succeed as an entrepreneur, *Make No Small Plans* shows how the Summit team did it.”—Ray Dalio, #1 New York Times bestselling author of *Principles for Dealing with the Changing World Order* In 2008, with no event production experience and two college degrees between the four of them, Elliott Bisnow, Brett Leve, Jeff Rosenthal, and Jeremy Schwartz became business partners and set out to build a global events company. With passion and tenacity, they began cold calling as many inspiring company founders as they could and tried to convince them to attend their first event. In the beginning, only nineteen people said yes. Since then, they have grown Summit into a global community with events all over the world, hosting luminaries including Jeff Bezos, Richard Branson, Shonda Rhimes, Brené Brown, Kendrick Lamar, and Al Gore. In 2013, the Summit founders acquired Powder Mountain, the largest ski resort in the United States, with a dream of building a mountaintop town of the future. In *Make No Small Plans*, they reveal the triumphs, mistakes, and cornerstone lessons from their journey, which began during the Great Recession and continues today. Alongside teachings from some of the most inspiring entrepreneurs of our time, the authors offer takeaways such as: • No idea should go unspoken. • Reputations are earned by the drop and lost by the bucket. • The road to success is always under construction. • Become a favor economy millionaire. Entertaining and empowering, *Make No Small Plans* shows that anyone can think big and—with a thirst for knowledge, a talented team, and a little humility—accomplish the impossible.

A Tree for All Seasons Currency

Open up a fresh and stylish story about growing up and keeping hold of your favorite memories. As the year passes, the narrator’s favorite dress goes through a series of creative changes, from dress to shirt to tank top to scarf and so on, until all that’s left of it is a good memory.

Assisted by her patient and crafty mama, the narrator finds that when disaster strikes her favorite things, she doesn't need to make mountains out of molehills—she “makes molehills out of mountains” instead! Structured around the days of the week, the story is also illustrated to show the passing of the seasons, a perfect complement to the themes of growing older and keeping hold (and letting go) of special mementos. Praise for *I Had a Favorite Dress* “A spunky story about adjusting to change with creativity and style. Tailor-made, so to speak, for the Etsy generation of DIY enthusiasts.” -Publishers Weekly “Everyone is smiling in the buoyant confections created by illustrator Julia Denos—including, it’s fair to say, young readers looking at them. Endearing picture book.” -Wall Street Journal “What could have been yet another example of kindergarten consumerism instead becomes one of resourcefulness and resilience.” -New York Times “Denos’s multimedia illustrations reinforce the narrator’s vibrant personality and the amazing transformations of the dress while capturing the action and emotion of the story. This book is sure to capture the imaginations of would-be seamstresses; children who can’t bear to part with a favorite item; and those who want to

reduce, reuse, recycle.” -School Library Journal “Breezy in style, they smartly stitch each scene of alteration as the not-so-little girl sashays through the days of the week and the seasons. A charming interpretation of an old story that will speak to young fashionistas.” -Kirkus Reviews

Make No Small Plans Why Should I Turn Off the Tap?

Examines the changes that occur in a sugar maple tree as the seasons progress. *Practice Book* Simon and Schuster Chronicles the Nazi's rise to power, conquest of Europe, and dramatic defeat at the hands of the Allies.

Reach for Reading Simon and Schuster Provides five thousand facts about everything from water parks and hair to manners and fossils.

Reach Into Phonics National Geographic Learning

Bestselling author Dan Buettner reveals how to transform your health using smart nutrition, lifestyle, and fitness habits gleaned from longevity research on the diets, eating habits, and lifestyle practices of the communities he's identified as "Blue Zones"—those places with the world's longest-lived, and thus healthiest, people, including locations such as Okinawa, Japan; Sardinia, Italy; Costa Rica's Nicoya Peninsula; Ikaria, Greece; and Loma Linda,

California. With the audacious belief that the lifestyles of the world's Blue Zones could be adapted and replicated in towns across North America, Buettner launched the largest preventive health care project in the United States, The Blue Zones City Makeovers, which has impacted the health of millions of Americans since 2009. In *The Blue Zones Solution*, readers can be inspired by the specific stories of the people, foods, and routines of our healthy elders; understand the role community, family, and naturally healthy habits can play in improving our diet and health; and learn the exact foods—including the 50 superfoods of longevity and dozens of recipes adapted for Western tastes and markets—that offer delicious ways to eat your way to optimum health. Throughout the book are lifestyle recommendations, checklists, and stories to help you create your own personal Blue Zones solution. Readers will learn and apply the 80/20 rule, the plant slant diet, social aspects of eating that lead to weight loss and great health naturally, cultivating your "tribe" of friends and family, and your greater purpose as part of your daily routine. Filled with moving personal stories, delicious recipes, checklists, and useful tips that will transform any home into a miniature blue zone, *The Blue Zones Solution* is the ultimate blueprint for a healthy, happy life.
