Robbins and Cotran Atlas of Pathology E-Book Elsevier Health Sciences

The newest addition to the highly regarded Robbins family of pathology references, Robbins Essential Pathology is a concise resource that covers the core knowledge needed for coursework and exams in an integrated, multimedia format designed for today's students. Ideal for use with an integrated medical curriculum, this easy-to-study multimedia package provides reliable Robbins content in a concentrated, highly efficient format, now fully integrated with interactive digital resources (cases, MCQs, images). Efficient, effective, and up to date, this new Robbins learning resource delivers the essential information you need to obtain a strong scientific foundation in pathology. The most concise Robbins text available, providing high-quality content and a case-based approach in a focused, multimedia learning package for coursework and exam preparation. Focuses on the core knowledge of disease mechanisms and essential clinical aspects that medical students need to know. Features more than 500 images and tables that illustrate key disorders and concepts.

Robbins and Cotran Pathologic Basis of Disease, Professional Edition E-Book Elsevier Health Sciences TW

This easy-to-use new edition of Robbins and Cotran Review of Pathology helps you effectively master the most important principles and facts in pathology. More than 1,100 questions—many new to this edition—reinforce the fundamentals of gross and microscopic pathology as well as the latest findings in molecular biology and genetics. Based on two of the best-selling, most authoritative pathology textbooks—Robbins and Cotran Pathologic Basis of Disease, 8th Edition and Basic

Pathology, 8th Edition—Robbins and Cotran Review of Pathology, 3rd Edition is an ideal aid for coursework, self-assessment, and examinations, including the USMLE Step 1 examination in pathology. Offers questions in the clinical vignette style, emphasizing problem solving over rote memorization. Presented in both single-best-answer and extended-matching formats, they reflect levels of difficulty that prepare you for examinations. Provides an answer and a detailed explanation for every question at the end of each chapter. Includes page references and a parallel organization to both Robbins and Cotran Pathologic Basis of Disease and Robbins Basic Pathology, making additional information easy to locate. Presents correlative laboratory, radiologic, and physical diagnostic data to enhance your understanding of pathophysiology and integrate pathology with other medical disciplines. Uses numerous full-color illustrations to test your diagnostic skills. Delivers a final comprehensive exam of 50 questions on random exam topics that mimic the USMLE Step 1. Features new questions that reflect today's hot topics in pathology, keeping you up to date. Includes many new illustrations to enhance visual guidance. Uses a new chapter arrangement to conform to the new Table of Contents in Robbins and Cotran Pathologic Basis of Disease, 8th Edition, for easier cross referencing.

Robbins and Cotran Pathologic Basis of Disease - General Pathology, Vol 1 W B Saunders Company

This pocket-sized resource offers rapid, portable access to the most important facts and concepts from Robbins and Cotran Pathologic Basis of Disease, 7th Edition. It is a superb source for quick answers to clinical questions, as well as an efficient review tool on any area of the field. Assembles all of the key data and principles of pathology. Presents information in a concise, at-a-glance format. Fits into a reader's pocket, for convenient reference any time. Offers abundant page references to the parent text, making additional information easy to find.

Robbins & Cotran Pathologic Basis of Disease Elsevier

Health Sciences

Here's the perfect synopsis of Robbins Pathological Basis of Disease, 6th Edition by the same authors. This pocket-size manual presents the essentials of the material found in the parent book in an easy-to-access format that is perfect for the clinical setting. Its simplified overview of general and specific pathology is ideal for review and understanding difficult subject matter. Facilitates the reading and comprehension of the more extended discussions found in the parent text. Aids the user in identifying core material requiring their primary attention. Facilitates quick reference through its portable size, outline presentation, and numerous algorithms and charts. Offers parallel chapter organization and hundreds of page references to Pathological Basis of Disease, 6th Edition to simplify cross-referencing. Provides a review of pathology helpful for preparation for exams and clinical experiences. Includes a new chapter on The Eye.

Robbins and Cotran Atlas of Pathology, 3e Elsevier Health Sciences
