Market Leader David Crystal's classic English as a Global Language considers the history, present status and future of the English language, focusing on its role as the leading international language. English has been deemed the most 'successful' language ever, with 1500 million speakers internationally, presenting a difficult task to those who wish to investigate it in its entirety.

However, Crystal explores the subject in a measured but engaging way, always backing up observations with facts and figures. Written in a detailed and fascinating manner, this is a book written by an expert both for specialists in the subject and for general readers interested in the English language. *Business English Course Book : Intermediate* Pearson ELT The major

business English course for tomorrow's business leaders. Incorporating material from the Financial Times(c), it bring business right into the classroom. **Pre-intermediate Business English. Teacher's resource book** Longman Entrepreneurial Life tells the fascinating history of CaptiveAire, the largest commercial kitchen ventilation company in North America. From

the beginning, CaptiveAire's story is not a typical one. Forged by Bob Luddy during a growing recession, with little capital, and as a newcomer to the region- his startup should not have survived, much less taken the trajectory it has had. In these pages, Luddy shares some of the values he learned as one of eight children in a "hard-scrabble, can-do" family and details his take on the type of

leadership, innovation, financial management, and marketing strategy that has spurred his manufacturing company to grow at a remarkable pace over the course of forty-plus years at the helm. *Entrepreneurial Life* reveals Luddy's philosophy on all things entrepreneurs hip, character, and the skills necessary for achieving your fullest potential, no matter what your calling. *Business*

English Course Book Allyn & Bacon
 Why is it that Casio can sell a calculator more cheaply than Kellogg's can sell a box of corn flakes? Why can FedEx "absolutely, positively" deliver your package overnight but airlines have trouble keeping track of your bags? What does your company do better than anyone else? What unique value do you provide to your customers? How will you increase that

value next year? As customers' demands for the highest quality products, best services, and lowest prices increase daily, the rules for market leadership are changing. Once powerful companies that haven't gotten the message are faltering, while others, new and old, are thriving. In disarmingly simple and provocative terms, Treacy and Wiersema show what it takes to become a leader in your

market, and stay there, in an ever more sophisticated and demanding world.
