The story of Noah is one of the most captivating in all the Bible. Yet most people remember it mainly as a children's story found in picture books and heard in Sunday school classes. But this tragedy really took place—and widely overlooked is Jesus' stunning prophecy that the final days of planet Earth would be just as it was in the days of Noah. His point? That there would be striking parallels between

Noah’s day and the end times—with warnings of God’s imminent judgment upon the world. Is Jesus’ prophecy now being fulfilled? And if yes, how then should we respond? *As It Was in the Days of Noah* explores the similarities between the two periods, such as the rapid rise in evil and increasingly flagrant disregard for God. A powerful resource that examines the signs that we’re nearing the end times affirms the urgency of reaching the lost with God’s compassion and truth equips you to live wisely and “redeem the time” so it counts for eternity.

“joyful, warm, touching” (Jasmine Guillory, New York Times bestselling author) *The Unhoneymooners* comes a delightfully charming love story about what happens when two assistants tasked with keeping a rocky relationship from explosion start to feel sparks of their own. Carey Duncan has worked for home remodeling and design gurus Melissa and Rusty Tripp for nearly a decade. A country girl at heart, Carey started in their first store at sixteen, and—more than anyone would suspect—has helped them build an empire. favorite couple can't stand each other. James McCann, MIT graduate and engineering genius, was originally hired as a structural engineer, but the job isn't all he thought it'd be. The last straw? Both he and Carey must go on book tour with the Tripps and keep the wheels from falling off the proverbial bus. Unfortunately, neither of them is in any position to quit. Carey needs health insurance, and James has been promised the role of a lifetime if he can just keep the couple on track for a few more weeks. secure. But if they stop playing along—and start playing for keeps—they may have the chance to build something beautiful together... From the "hilariously zany and heartfelt" (Booklist) Christina Lauren comes a romantic comedy that proves if it's broke, you might as well fix it.

 A Book of the Year Selection for Inc. and Library Journal "This book picks up where *The Tipping Point* left off." -- Adam Grant, Wharton professor and New York Times bestselling author of *ORIGINALS* and *GIVE AND TAKE* Nothing "goes viral." If you think a popular movie, song, or app came out of nowhere to become a word-of-mouth success in today's crowded media environment, you're missing the real story. Each blockbuster has a secret history—of power, influence, dark broadcasters, and passionate cults that turn some new

products into cultural phenomena. Even the most brilliant ideas wither in obscurity if they fail to connect with the right network, and the consumers that matter most aren't the early adopters, but rather their friends, followers, and imitators -- the audience of your audience. In his groundbreaking investigation, Atlantic senior editor Derek Thompson uncovers the hidden psychology of why we like what we like and reveals the economics of cultural markets that invisibly shape our lives. Shattering the sentimental myths of hit-making that dominate pop culture and business, Thompson shows quality is insufficient for success, nobody has "good taste," and

some of the most popular products in history were one bad break away from utter failure. It may be a new world, but there are some enduring truths to what audiences and consumers want. People love a familiar surprise: a product that is bold, yet sneakily recognizable. Every business, every artist, every person looking to promote themselves and their work wants to know what makes some works so successful while others disappear. Hit Makers is a magical mystery tour through the last century of pop culture blockbusters and the most valuable currency of the twenty-first century—people's attention. From the dawn of impressionist art to the future of Facebook, from small

Etsy designers to the origin of Star Wars, Derek Thompson leaves no pet rock unturned to tell the fascinating story of how culture happens and why things become popular. In Hit Makers, Derek Thompson investigates: · The secret link between ESPN's sticky programming and the The Weeknd's catchy choruses · Why Facebook is today's most important newspaper · How advertising critics predicted Donald Trump · The 5th grader who accidentally launched "Rock Around the Clock," the biggest hit in rock and roll history · How Barack Obama and his speechwriters think of themselves as songwriters · How

Disney conquered the world—but the future of hits belongs to savvy amateurs and individuals · The French collector who accidentally created the Impressionist canon · Quantitative evidence that the biggest music hits aren't always the best · Why almost all Hollywood blockbusters are sequels, reboots, and adaptations · Why one year--1991--is responsible for the way pop music sounds today · Why another year --1932--created the business model of film · How data scientists proved that "going viral" is a myth · How 19th century immigration patterns explain the most heard song in the Western Hemisphere

Fifty Shades of Chicken Arrow

A Pulitzer Prize-winning history of the mistreatment of black Americans. In this 'precise and eloquent work' - as described in its Pulitzer Prize citation - Douglas A. Blackmon brings to light one of the most shameful chapters in American history - an 'Age of Neoslavery' that thrived in the aftermath of the Civil War through the dawn of World War II. Using a vast record of original documents and personal narratives, Blackmon unearths the lost stories of slaves and their descendants who journeyed into freedom after the Emancipation Proclamation and then back into the shadow

of involuntary servitude thereafter. By turns moving, sobering and shocking, this unprecedented account reveals these stories, the companies that profited the most from neoslavery, and the insidious legacy of racism that reverberates today.
