 Are you looking for an incredibly good manuscript for learning french? Are you frustrated because you want to leave for a trip to french, but you can't due to your lack of french language knowledge? Do you know what is the hardest thing to find in a language learning manuscript? If you want to know the answer, then keep reading... Attention: to start on your path to learning, you do not have to purchase the whole series, instead, you can buy this book only. However, the purchase of the complete series of four books is recommended for a richer and more detailed study of the language in question. Probably you have already tried to learn french by watching your favorite movies and series, and maybe you could not see them until the end, giving up right away because they were talking too fast and you could not understand that much. If this happened to you, you probably thought that learning french is too difficult, if not impossible for you... Science helps you here. Did you know that we memorize and learn information more easily through stories? Because our brain likes it, it has been so used from an early age, with the stories they told us, cartoons etc. In this way it is more inclined to learn. As a result, it is easier to learn and memorize a new language by reading stories. There are several manuscripts similar to this one for learning french but they are not really optimal or suitable for beginners for different reasons:

complicated terms are used, the stories are too long, lack of vocabulary, excessive amount of grammatical errors, lack of techniques and suggestions to help the reader to memorize effortless and other carelessness that you will not find in this manuscript. In this bundle of series 3 and 4 you'll find: - Tips and techniques about learning languages in general, and Key insights into learning French - The fundamentals of the French language - Some of the most complex issues of the French language - Verb conjugations in the present and in the present continuous tense - 28 dual-language lessons in parallel text broken down into verb tenses - Core vocabulary which can be used in multiple situations - The present simple tense with the verb "être" - The various ways in which verbs can be conjugated - The present simple tense with regular and irregular verbs - 3 empowering lessons with all the tenses together and much more! In fact, even if you have never spoken or written in french, no need to worry because this book was designed specifically for people like you... At the end of each story, there are 10 questions and suggested answers that will guide you in each of your answers. In addition to get the most out of this manuscript you'll find a parallel translation of the stories in English and at the beginning of each lesson, there is a glossary that contains the words of the story that will follow. This will help you to memorize the most important words of each story. In conclusion with all these advantages it will be scientifically impossible not to learn french. If you are ready to learn quickly and effortlessly french, just buy a copy now of this manuscript to start speaking french fluently.

 Benny Lewis, who speaks over ten languages—all self-taught—runs the largest language-learning blog in the world, Fluent In 3 Months. Lewis is a full-time "language hacker," someone who devotes all of his time to finding better, faster, and more efficient ways to learn languages. Fluent in 3 Months: How Anyone at Any Age Can Learn to Speak Any Language from Anywhere in the World is a new blueprint for fast language

learning. Lewis argues that you don't need a great memory or "the language gene" to learn a language quickly, and debunks a number of long-held beliefs, such as adults not being as good of language learners as children.

 The Way of The Linguist, A language learning odyssey. It is now a cliché that the world is a smaller place. We think nothing of jumping on a plane to travel to another country or continent. The most exotic locations are now destinations for mass tourism. Small business people are dealing across frontiers and language barriers like never before. The Internet brings different languages and cultures to our finger-tips. English, the hybrid language of an island at the western extremity of Europe seems to have an unrivalled position as an international medium of communication. But historically periods of cultural and economic domination have never lasted forever. Do we not lose something by relying on the wide spread use of English rather than discovering other languages and cultures? As citizens of this shrunken world, would we not be better off if we were able to speak a few languages other than our own? The answer is obviously yes. Certainly Steve Kaufmann thinks so, and in his busy life as a diplomat and businessman he managed to learn to speak nine languages fluently and observe first hand some of the dominant cultures of Europe and Asia. Why do not more people do the same? In his book The Way of The Linguist, A language learning odyssey, Steve offers some answers. Steve feels anyone can learn a language if they want to. He points out some of the obstacles that hold people back. Drawing on his adventures in Europe and Asia, as a student and businessman, he describes the rewards that come from knowing languages. He relates his evolution as a language learner, abroad and back in his native Canada and explains the kind of attitude that will enable others to achieve second language fluency. Many people have taken on the challenge of language learning but have been frustrated by their lack of success. This book offers detailed advice on the kind of study practices that will achieve language breakthroughs. Steve has developed a language learning system available online at: www.thelinguist.com.

There's no worse feeling than being dependent on a translator app to communicate in French. We get it, learning French can be tough... especially with its distinct pronunciation - like the infamous letter "R", irregular common verbs, and even the basic counting of numbers. Unfortunately, after reading most French learning books out there, we became better at understanding French on paper, but we were still unable to speak a lick of it. No ability to make new connections, expand business opportunities, or find new love... and that's unacceptable because French is the language of love! That's why we created *Learn French For Beginners In 30 Days: Fun Short Stories For Everyday Conversation* - your personal playbook to easily master the basics of French and start speaking like a natural--fast! Inside this easy to comprehend French accelerator guide, you'll discover: Multiple fun-to-read French short stories that teach you the fundamentals of the language so you can easily understand and speak everything French after reading these. French to English translations of the most powerful words and phrases so you could make any conversation go in your favor - you'll be able to subtly seduce anyone after learning these. Engaging genres (romance, sci-fi, adventure, and more) so you can learn French in multiple contexts--you'll easily be able to understand the baker through the hotel concierge and never be confused again. When learning French it's common to sound like a master of the language in your head (or even in the shower) but the difficult part is translating that into everyday conversation. *Learn French For Beginners In 30 Days: Fun Short Stories For Everyday Conversation* is your bridge to summation that master of French that lives in your head into reality--permanently. It's true that some people spend years studying French before they finally get around to speaking the language. But here's a better idea. Skip the years of study and jump right to the speaking part. Sound crazy? No, it's language hacking. Unlike most traditional language courses that try to teach you the rules of French, #LanguageHacking shows you how to learn and speak French through proven memory techniques, unconventional shortcuts and conversation strategies perfected by one of the world's greatest language learners, Benny Lewis, aka the Irish Polyglot. Using the language hacks -shortcuts that make learning simple - that Benny mastered while learning his 11 languages and his 'speak from the start' method, you will crack the language code and exponentially increase your language abilities so that you can get fluent faster. It's not magic. It's not a language gene. It's not something only "other people" can do. It's about being smart with how you learn, learning what's indispensable, skipping what's not, and using what you've learned to have real conversations in French from day one. The Method #LanguageHacking takes a modern approach to language learning, blending the power of online social collaboration with traditional methods. It focuses on the conversations that learners need to master right away, rather than presenting language in order of difficulty like most courses. This means that you can have conversations immediately, not after years of study. Each of the 10 units culminates with a speaking 'mission' that prepares you to use the language you've learned to talk about yourself. Through the language hacker online learner community, you can share your personalized speaking 'missions' with other learners - getting

and giving feedback and extending your learning beyond the pages of the book . You don't need to go abroad to learn a language any more.
